F. P. Freshley has purchased the farm occupied by the Long Bros. on Temple hill until their house burned

[illegible] Latter Day Saints home of the Arch here on Temple hill is to be transferred to Halden, Missouri soon. There a large tract of land with a beautiful building where four of the fives homes now under the management of the Latter Day Saints will be centered. The inmates having been here many years all feel the change deeply, as one old gentleman said, he had hoped to spend his last days on Temple hill and be buried there, and those knowing every one are sorry to se them go but realize it is for the best. The matron, Mrs. Pace, is gaining slowly, since her operation and it is not known just where they will locate.

KIRTLAND ROAD

HOUSE BURNS ON EVERETT FARM

(Kirtland Road Correspondent)

The old house was a scene of attraction on Tuesday noon. Smoke was seen to come from under the roof. The children playing outside ran in to ask their mother why it was cming out there. Their mother opened the stair door to find the upstairs all in a blaze. One girl and a neighbor tried to force their way thru the empty part with buckets of water to the roof. Choking and strangling with smoke they had to turn back. Soon men arrived and all the things were saved from down stairs. But nearly all their clothing and things which were upstairs burned.

The house burned quickly, as the fire was noticed at 11 o'clock and at 12 it was most all burned to the ground.

A collection was taken up by the boys on the farm to help the unfortunate ones. Not a great sum was received, but it helped out a great deal.

NEWS FROM KIRTLAND

GOSSIP IS CONGESTED

The cold has been so intense the past few days that most of the neighborhood gossip was congested on the way.

The blizzard is responsible for a number of things—telephone wires were down or broken and some crossed, giving much trouble to all. The mail carriers were unable to make their entire circuit Friday and Saturday. The street cars not running, a number of our teachers were unable to return to their schools Monday and pupils attending school in Painesville and in Willoughby were prevented from leaving town. The deep drifts kept other pupils at home. There was no school at Riverside, the Cox district, Peck's corners, or in the high school or the grades. Miss Mildred Markell had three pupils—boys, but sent them home at noon.

shall. In addition to the elected officers, as announced last week, the appointed officers included L. W. Po Penfield, chaplain; W. A. Bates, tyler; and Stewards, J. Ray Dickey and Burt Cole.

Mr. Penfield and Frank Shankland alternated as installing officers, in order to allow Mr. Penfield to be installed as chaplain.

Delightful solos by Miss Wasson and Mrs. McCollister were rendered during the evening. Mrs. Crowther presided at the piano. Rev. Hull delivered the prayer and the benediction.

A service flag carrying eight stars, was presented by S. D. Shankland in an interesting spech covering ten points of present day duties. He spoke of the particularly appropriate time of presenting the flag, owing to the fact that Harold Neumann, son of the newly installed worshipful master, has been in service for some time, and he felt, he stated, that Harold ought to be represented by a star upon the flag.

The names of the eight soldiers had also been inscribed upon a sheet and framed; and this Mr. Shankland also presented to the lodge.

The eight names of the local Masons in service include: Minot H. Allen, Harry Carrel, Lieut. F. M. Gray, James E. Kitchen, Harry Ohm, George D. Talbot, Carl Haberect and Dr. H. H. Ball.

The refreshments were most enjoyable and everyone was served promptly and well. The Masons certainly keep a watchful eye upon the comfort of their guests and everyone felt it a privilege and a pleasure to have attended the public installation.

Hippodrome

An unusual amount of variety entertainment is included in the vaudeville program which will be offered at Keith's Hippodrome during the week starting Monday matinee, December 17th. Enumerated among the long list of entertainers is about every style of act known to vaudeville. Holding the headline position will be that queen of syncopation, Blossom Seeley, the girl who really made rag time popular and whose particular style in this class of singing made her a big favorite in the largest musical reviews produced. Supporting Miss Seeley in her latest syncopated offering will be jazz band of five artists who will furnish the syn while Miss Seeley copationites. In private life Miss Seeley is Mrs. Rube Marquard.

Another feature of the program will be the annual appearance of Miss Beatrice Herford, entertainer to society and one of the best known of female monologists and character delineators in the entire country.

Other features of the big program will include Mme. Cronin's Electrical Novelty; Joyce, West and Moran, tunes vocal and otherwise; Janes Connolley and her company of players in "Bett's Courtship;" Mullens and Coogan in odd nonsense; Six Kirksmith Sisters in a big musical offering; Kerslake Troupe of Trained Pigs and other novelties.

Standard Theater

Week of December 16th, The Standard Theatre presents 'The Fringe of Society," with Ruth Roland and Milton Sills. This picture which possesses not only distinction but so many elements of entertaining appeal that it is certain to strike an exceptionally popular note. The story is a very strong society drama and will appeal to everyone. The settings provided for interiors are typical of those found in the homes of people of means having the best taste. This production was personally selected by Manager Grossman, and is guaranteed to keep up the reputation of the Standard Theatre.

Prospect Theater

The presentation of "The Millionaire's Son and the Shop Girl," at the Prospect, for one week, commencing Monday evening, Dec. 17, will do much to bring the old style melodrama back into popular favor.

Here is a play with a clean story filled to the brim with delighted comedy, staged by George Klimt, a veteran producer of melodrama, who has brought his many years of experience to bear in giving the play the proper scenic equipment and the right players to tell the author's story.

The play tells the story of a young girl, Katie Hogan, who works in the store of a millionaire merchant prince. Her efforts to make good and her patience and kindliness of heart win for her the love of the store owner's son. The pair are engaged to be married. The father objects to the marriage, and how his opposition is overcome is told in a way that is intensely interesting.

Miles Theater

Coming to the Miles, starting the week of Monday, Dec. 17, is another of C. H. Miles' big all star vaudeville shows. The feature for the week will be Taylor's Lions, one of the greatest vaudeville attractions that has ever played in any theatre in Cleveland. Next comes Waltham, Kenyon and Murray in just a little bit of nonsense. Bedell and Stanford, singers and dancers, who present the story of the dance. Then comes another big feature in the big musical comedy called "A Trip to Paris." Sampson, the great man of strength, who comes as the strongest man in the world with a new line of tricks. Lee and McMan in a little bit of comedy, Barlow and Bennet, sharp shooters and Hoop rollers, who come with one of the finest novelty acts of their kind. And to close another great variety show is Doris Kenyon in "The Great White Trail," a great photo play full of heart interest.

Opera House

Cleveland undoubtedly will take special interest in the engagement beginning Monday next at the Opera House of Jane Cowl in "Lilac Time," a play which was writen by the star, in collaboration with Jane Murfin. Miss Cowl brings with her to Cleveland the same distinguished company which was seen when the play had its premier in New York last January, where it ran for the remainder of the season. The characters of "Lilac Time" include a group of English officers living in billets at a small farmhouse somewhere in Northern France, and the peasant family of the household. Miss Cowl appears as Jeannine Berthelot(a young French peasant girl whose love for Philip Blythe, a young officer, furnishes the romantic theme of the story.

The engagement includes a special priced Wednesday matinee, when the best seats are $1.50.

THE RESOURCES BACK OF THE STANDARD "8"

Wise motorists prefer a car with a sound history and a proud pedigree.

The Standard "8" has made good for its makers. The Standard Steel Car Company of Pittsburgh have built into it their automobile ideals plus their long experience as designers and builders of railroad equipment, so that the practical and the ideal are solidly united in its manufacture. Its makers, long before they decided to build the Standard "8", owned wonderful facilities for making automobiles.

Mr. L. W. Phillips, located at 2027 Euclid avenue, Cleveland, the dealer here for the Standard "8," holds that the Standard "8" owes its success chiefly to its rugged strength and endurance.

"This horse—power car eats up the miles like a prairie fire, no matter how hard the going, nor what hills have to be surmounted," he declares. His enthusiasm on the subject of the Standard "8" must certainly be contagious, judging from its constantly increasing sale here. And the contagion is evidently spreading to all parts of the United States.

The Standard "8" is the first car of eight-cylinder design to be magneto-equipped. This means a surer spark and a hotter spark, with less drain upon the starting and lighting batteries, more power, keener acceleration and less wire trouble.

Wahed Hanna, residence unknown, will take notice that Barbara Hanna filed a petition against him in the Court of Insolvency of Cuyahoga County, Ohio, praying for divorce, custody of children and relief on the ground of gross neglect of duty and adultery. Said petition is No. 7128 and will be for hearing on and after January 25th, 1918.

JUST THINK THIS OVER MR. DRINKING MA

The Christmas Gift She'd Most Appreciate Is You.

Not some trifling bauble nor costly gems, but a gift that will bespeak the same devotion to her who shares with you the bitter and sweet of life that was present in days that now are gone; that will assure her that you have not forgotten her; that you appreciate more truly than ever the golden wealth of her nature undimmed by the trials that she has borne.

Not as you are today. Not the man who staggers home, an object of derision and disgust to all who see him, who opens, as with a knife, every aching wound in the heart of the woman who waits your coming, dry eyed, but racked by a thousand burning regrets.

Is this the Christmas gift you expect to bring to her, the woman who stood so radiant at your side that happy day, who looked up to you so confidently and swore to honor you for all time? Are you going to further sear her soul or are you going to make this Christmas different?

There's a gift you can give her that will make her the happiest woman in the world. It will smoothe from her face the lines and furrows of misery and shame, it will bring back to her cheeks the bloom and freshness of youth, it will rekindle in her eyes old light of faith and trust, and her heart it will sing a new song love.

Mr. Drinking Man, your image holds the highest place in her h of hearts. She still believes in She still hopes for you. What a prise to go back to her arms Christmas morning your old time —physically clean, mentally alert, morally strong—freed from the ful debasing appetite for drink.

Three short days—a mere week-e will do it. Thousands have tried Neal Way at the old homestead John D. Rockefeller, and this Chr mas thousands of wives bustle their preparations for Christmas tivities with a song on their lips happiness in their hearts.

We want to tell you all about treatment—to help you make this happiest Christmas ever for her for you. Come in, talk it over and can make arrangements for tr ments to be taken whenever you ready. Open day and night.

Consider the Reputation of Bond's Clothes

The Biggest Assortment of Overcoats

Small wonder that we are doing the biggest overcoat business in Cleveland.

We have every good style, including the "Ulsterette" and Coats with Astrachan collars,

$17 1-2

This reputation has been carefully built up and protected; this reputation is your assurance of satisfaction. We are making Bond's Clothes BETTER today than ever before—and that is saying something, in the face of the situation of the woolen market.

But you can always depend upon getting MORE than your money's worth at Bond's—if you compare what Bonds sells for $17 1-2, with the merchandise for which retailers ask $25 to $30.

Suits Overcoats Evening Clothes

Just One Price **$17½** Worth $5 to $10 More

How Bond's System Works

When we say Bond's Clothes save you $5 to $10, we are fully convinced that they DO save you that amount.

We are manufacturers. We sell through our own outlet stores, thus eliminating roadsalesmen's costs.

We sell direct to the wearer, thus eliminating the retailer. We sell for one price the year around—and because we have no "sales," we need not mark our merchandise higher now to take care of the "reduction" later.

Come in; See Bond's Clothes; Try Some on. Then ask yourself if it's Good Business to Pay $5 to $10 More elsewhere.

How Far Is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

The Willoughby Republican

Not Merely a newspaper BUT a NEWS-paper.

TWENTY-FIFTH YEAR—NO 46. WILLOUGHBY, O., DECEMBER 21, 1917. ONE DOLLAR A YEAR IN ADVANCE

Leona Van Gorder will be home from Wellesly this week. She will spend the holidays at home remaining until the 8th of January.

To All, The Republican Wishes a Merry Christmas

Miss Margaret Walsh arrived home from Trinity college, Washington, on Thursday last. She will remain at home over the holidays.

To Our Soldiers: A Christmas Greeting:

"We Miss Them,
But We're Proud of Them,
God Bless Them!"

"LIGHT IN THE DARKNESS"

A Christmas Poem Written for The Republican By Miss Alice Hanscom.

Though the lights of the city burn dim and low
Where the hurrying wheels and footsteps go,
And even the windows of homelike show
The hearthfire sinking in saddened glow,
  The faithful skies keep their tryst of light
  When darkness is deepest and longest the night.
  Lift up your eyes! Clear, steadfastly bright,
  The dear Star of Christmas now blesses our sight.

Though the world is sore stricken with anguish and fears
And many the eyes grown accustomed to tears,
To those who look upward a Great Brightness appears,
Star-pledge of a Gladness that grows with the years.
  The Star of His coming who spoke much of peace,
  Who offered all captives the key of release.
  Lift up your hearts! Let rejoicings increase!
  Though absent from sight, His work must not cease.

The Great Lover of men, He could not forbear
Their nature, their burdens, their heart-break to share,
Then tenderly said He would go to prepare
A place for His Friends and would meet with them there.
  So His absence a while we cannot regret,
  And the Star of our Hope has not faded or set.
  Lift up your souls! Though the time is not yet,
  He said He would come and He does not forget.

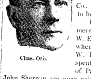
What Would Cleveland Do For Club Presidents If It Wasn't For Willoughby?



Chas. Otis

DR. JOHN H. QUAYLE

What do they do when they need a club president in Cleveland? Why they come out to Willoughby. Witnesseth the present array. First comes Charles Otis, Waite Hill auctioneer, par excellence, and so highly regarded that members of the Cleveland Chamber of Commerce and at Otis & Co., they just say, "Well, there isn't anything too nice to be said about him. He's the finest man we know."

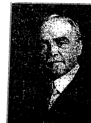
He is the president of the Cleveland Chamber of Commerce. He was also president of the Athletic Club, when W. E. Wall, of Mentor avenue, was first vice president, and when Dr. Quayle was second vice president. He succeeded W. P. Murray of Mentor as president at the time. He spent some time on a Colorado ranch with Dan Casement of Painesville, a college chum, in 1890. F. E. Drury and John Sherwin are near neighbors on Waite Hill.

When the automobile club needed a president they took a look in the Willoughby direction and selected Dr. John Quayle, good roads expert, marsh reclamation plan originator and firm admirer of Lake county.

And then, just so as not to allow the men to have all the credit, along comes Mrs. Cora Gaines Carrel, and is re-elected this fall to the presidency of the Woman's Press Club. It won't be so very long, 'tis said, until Mrs. Carrel will be elected to the office of Worthy Grand Matron of Ohio, in the Order of the Eastern Star. Just now the members of the Press Club are engaged in getting out the January number of the magazine, "Cleveland Women."

It could not be supposed that the Cleveland Advertising Club, which has a membership of 800, composed of Cleveland's representative business men, could watch the success of these named organizations without noting the cause; so when they required a new president, they, too, decided there must be something worth while in the Willoughby product, and elected Sidney S. Wilson, then serving as vice president of the club. Since his election the club has had some notable speakers; and three or four affairs of national importance have been held publicly under their auspices. Speaking at the Home[illegible] Tuesday Mr. Wilson said that in addition to the studying by the club, of commercial affairs, they also wished to hear and learn from the noted men of the day and this privilege they share with the public as much as circumstances will allow.

Cora Gaines Carrel

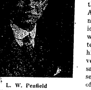


Sidney S. Wilson

Of course Willoughby merely lends this various talent to the big city. But it's rather a compliment to Willoughby to be able to send so many club presidents to organizations so large as these mentioned.

Then there is Belle Sherwin, and numbers of other Willoughby folks who claim Willoughby as their home, and who are doing big things in Cleveland and elsewhere. Later we hope to give them all a more general individual write-up.

LAST BUT NOT LEAST



L. W. Penfield

Just to balance this assemblage of business and literary talent, appears L. W. Penfield upon the scene. His club is the one that furnishes relaxation to that myth, the tired business man. As a matter of fact there is no one so happy as a successful business man. But the Willowick Club, of which Mr. Penfield is president, furnishes the gayety and change that all men and all women need. Mr. Penfield has that happy trinity of character, made up of a belief in love, laughter and work that makes him an ideal president for a social club. Summing it all up it is very likely that Cleveland folks wonder, as the Republican has said of Mr. Penfield before, if they are all merely choice samples sent out by the Willoughby boosting committee, or "regular run of stock."

GREETING:

The golden thought of Christmas is firmly fixed in the heart of the race. All nations have celebrated the rebirth of the year, when the shortest day and the longest night have passed.

It is the birthday of the world, and the lengthened day symbols the coming of spring. It is glorious to live and love. The season of sunshine, flowers and fruits is at the door, bearing the gifts of God!

But of all gifts, none is so precious as friendship. We are bound to the race by the ties of Brotherhood.

My heart goes out to you in greeting—You are my friends. Elbert Hubbard.

LOCAL MEN APPOINTED TO WORK ON WAR SAVINGS MOVEMENT

Douglass, C. A. Streator, G. S. Meek, E. D. Heartwell and Edward J. Lynch, Painesville; S. S. Wilson, Willoughby; T. F. Honeywell, Wickliffe; T. P. Cadle, Mentor; V. H. Salkeld, Perry; Carl R.

CAR SERVICE ON THE C. P. & E.

Numerous suggestions have been made in regard to the C. P. E. car service. Half hour service until at least 10:30 a. m. or alternate running of the cars on the main line and the shore line, so that half hour service betwen Cleveland and Willoughby might be secured, is one of the most frequent requests.

Read the record of The Citizens Loan & Building Company of Painesville, O., in this issue.

LAKE COUNTY COAL DEALERS MEET

A meeting of the Lake county coal dealers was held at the court house in Painesville, Monday. T. F. Honeywell represented Wickliffe. George Rockafellow represented the Community Coal Co., while N. C. Smith represented J. H. Smith. N. C. Smith was appointed coal supervisor for the Willoughby district. The appointments were made by Homer Johnson and included Carl Kimball of Madison, C. J. Scott of Painesville, Davett of Painesville and Lawrence of Fairport. The plan formulated is to equalize the distribution of coal, so that no family receives more than one ton at a time, and have the dealers signify what the requirements of their locality are. Thirty cars of coal have been requested for a month's supply for Willoughby.

The men appointed are to see that there is no over charging and no unfair distribution of the coal shipped into a community.

The C. P. & E. now have sufficient coal to last a week, according to report made by Mr. Douglas.

It is reported that the Standard Tire coal supply is very low, owing to unexpected transportation conditions.

HIGH SCHOOL TO REOPEN

The high school, which closed last week owing to lack of coal, and to give families the benefit of what coal is received, will open January 2nd. The Andrews school will open after the holiday vacation, January 3rd.

FUN AND MONEY. WHERE? AT WICKLIFFE WHEN THE MOTHERS' CLUB PLAY THE W. H. S. BASKET BALL GIRLS.

The Mothers' Club of Wickliffe will play the W. H. S. Girls' Basket Ball team Friday night at Wickliffe for the benefit of the Red Cross. Fun and money and a good game are the objects.

ACCIDENT AT STANDARD TIRE PLANT

Howard Van Deuzen and Willet Chinery met with an accident at the Standard Tire plant Saturday last. A bottle of bromine such as is used in the German warfare to spread the deadly gas fumes was upset, spreading over Don's arm and burning it badly. There was no antidote that could be applied to relieve the burning. He was unable to engage in the basketball game that night and will probably not be able to play for three or four weeks. Willet Chinery inhaled the fumes and was obliged to remain at home for a couple of days. Dr. Tanner attended the cases.

CHORAL SERVICE TO BE BIG XMAS EVENT

Willoughby is fortunate in having a Christmas event such as the choral service that is now being arranged for the Methodist church. The rehearsals are progressing splendidly. Thirty members of the church chorus will participate. The Calvary Presbyterian church choir, consisting of Mrs. Edna Strong Hatch, soprano, Miss Frances Sanderson, contralto, Warren Whitney, tenor, and James McMahon, bass, will render the old carols in a manner that will [illegible] "Holy Night," will be given. Twenty carols, in all, old French, old English and miscellaneous, will comprise the program.

It is a delightful service that is new in Willoughby, and will undoubtedly call forth an audience that will tax the capacity of the church.

S. S. WILSON PRESIDES AT HIPPODROME MASS MEETING

S. S. Wilson presided at the Red Cross mass meeting at the Hippodrome Tuesday noon. The main floor was filled with an earnest, representative audience, composed largely of Cleveland business men. Mr. Wilson introduced C. E. Adams, president of the Cleveland Hardware Co., as a general of finance, when it came to raising funds for notable causes. Mr. Adams, in his own happy, sympathetic and heart to heart way gave a few minutes' talk on the present Red Cross drive. Mr. Wilson then introduced Dwight Newell Hillis, pastor of the Brooklyn Plymouth church, who dwelt at length upon the system of unbelievable terrorism inaugurated by the German policy under the name of warfare. There are two places, he said, where he hoped never to go. One was Germany and the other its counterpart below. Later he spoke of the need of organization and the necessity of men learned in their line, to be at the head of various affairs. Berths, he said, that would ordinarily require 25 or 30 years of study on the part of a man, cannot be filled on a moment's notice, by appointment. This is Mr. Hillis' second appearance in Cleveland recently. He addressed an overflow audience at the Ad club, a short time ago, and they arranged for his return engagement at the Hippodrome as the ad club's contribution to the Red Cross drive.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

RED CROSS
Willoughby Branch

SILK FLAGS TO BE GIVEN HONOR RED CROSS CHAPTERS

All chapters doubling their Christmas membership drive quotas will be presented with engrossed certificates designating them as honor chapters. The ten chapters having the largest membership in proportion to their quota at the conclusion of the drive will be given Red Cross flags of silk. Indications point that, according to previous performances, the chapters in the smaller communities have the best chance to win these awards. This —because in a campaign for people, such as the approaching drive, the smaller community has better opportunity to conduct a personal campaign.

NEWS OF THE RED CROSS DRIVE: 180 SWEATERS SENT TO CHILLICOTHE CAMP

The Red Cross spirit of service has shown itself in numerous ways during the past week of the planning of the Christmas drive. The deep snow is a minor handicap to a Red Cross worker.

A Leroy team captain drove thru two wide fields of snow to reach the road leading to Painesville, and attended the Friday meeting of the team workers. Others came from Unionville and Madison, thru almost impassable roads.

The delay of express packages of supplies did not stop the completing of the last steps of preparation. Two Red Cross workers went to Cleveland and brought back about 50 pounds of service flags, posters, subscription blanks, etc. Slides were furnished to the motion picture shows in Painesville and Willoughby.

In the country districts snow has blocked many roads, making the soliciting of new members difficult, but the team captains have prepared headquarters in stores, and have secured posters and window cards, leaving no stone unturned in their efforts to make good records for their people.

Men making trips to the towns, carry Red Cross supplies back to the team captains in the country. The telephone wires are carrying instructions back and forth, and so we repeat, "if enthusiasm can do it, Lake County will "go over the top."

The national board of fire underwriters have asked that the candle ceremony be modified, to lessen risk of fire. On Christmas eve, the transparent service flags will be shown to advantage by simply raising the shade and letting the light of the room shine through them. Or an electric light may be used. The Christmas candles are dangerous because of hanging curtains.

The Red Cross knitting and other service is not suffering neglect. One hundred and eighty sweaters were sent to Chillicothe last Saturday.

L. B. RICKERSON DIES FROM INJURIES.

L. B. Rickerson, who was injured in a fire ta his home on Elm street last week, died at the Painesville hospital Saturday. The remains were taken to Corry, Pa., for interment. His son, Nelson, has been appointed administrator.

Midshipman Paul H. Talbot of Annapolis, will spend Christmas with Mr. and Mrs. E. J. Becker in Baltimore.

Your Neighbor Owns His Home—You Can Also Own Yours

Like the great majority of happy, contented home-owners, he began by buying a lot, a little down, a little a month. Then he and his family made it their aim to pay it off as quickly as possible. They saved money that otherwise would have been spent.

With his lot paid for, it was easy to get a building loan and put up his house. Now he pays on the loan what he otherwise would pay out in rent—but lives in his own home. He, and not his landlord, is getting the benefit of its increase in value. He will have it clear of debt in a little while, and in the meantime, has paid nothing but rent.

ENTHUSIASM MARKS OPENING OF TOWN TEAM BASKETBALL

Reported for the Republican by "Bif Bang."

(Note: The Republican has secured a sporting editor who will report all the Willow basket ball games. We feel fortunate in securing these excellent writeups of the games. The reporter has concealed his identity under the pen name of his own choosing, "Bif Bang," but his picture will appear in a group of the players, which we hope to publish later.)

The opening basket ball game Saturday night between the Willows of Willoughby and the Potts All Stars of Cleveland, was attended by a large crowd. Mayor Carmichael gave the opening address and was very much enthused over the boys getting such a splendid team of players from Willoughby.

Manager Dickey was very much disappointed over the injury received by one of his star players in the laboratory of the Standard Tire & Rubber Mfg. Company.

The shining stars of our boys were H. Van Duesen and Roy Kirby. We have a breta pair of youngsters in Voth and Crowther.

The Potts All-Stars is one of the fastest teams in Cleveland, all of them being old college stars from Yale, Bucknell, Ohio State, Ohio Wesleyan and Reserve.

Mr. Dickey should receive support from the people in Willoughby for representing our little city with a first class basket ball team. During an interview with Mr. Dickey he assured me he would not stop until he had the best basket ball team in this part of the state, so let us all turn out Saturday night to see our boys play the East End Congregational church of Cleveland.

Line up as follows:

Name. Pos.	F G
Potts, L F	4
Briggs, R F	3
Lucey, C	2
Stanton, L G	0
Kapp, R G	1
Kirby, R F	2
Van Duesen, L F	5
Kaiser, C	0
Crowther, L G	2
McGroder and Voth, R G	0

Score—Willows, 18; Potts All Stars 20.

FARMERS TO HAVE MEETING IN WILLOUGHBY

The summary of the "Farm Management Survey" of Lake County made thru the "Farm Improvement Association" is ready to be returned to the farmers. It brings out very forcibly the fundamental principles necessary for successful farming in this section.

A meeting in Willoughby township has been arranged to be held Friday, Dec. 21 at 1:30 p. m. in the city library.

Every farmer in the county will profit by attending this meeting and going over the results of this survey with County Agent Long. It is something worth your while to look into. It means dollars and cents in your pockets.

WICKLIFFE MAN WINS DOLL

The school house was lit up early last Saturday night and something held there that was never held there before. It was a bazaar for the benefit of the Red Cross. Despite the cold and bad roads a fair sized crowd turned out. One corner of the school room was set apart for the articles taken in to be sold and Miss Claribel White and Miss Ella Eller were in charge of it. They made very good clerks, and sold aprons, caps, towels, handkerchiefs, fancy bags, etc. Tickets were sold for a doll which was given by Mrs. W. F. Weiland and Mr. Shreve of Wickliffe, won it, but as his son is twenty-one, he had no use for it and sold it again to Mr. Hine for his little daughter. Oranges, candy, etc., was sold by the young ladies of the society. Lunches were also sold consisting of beans, weiners, doughnuts and coffee. A little over $48 was realized from the bazarr and a pleasant time enjoyed by all. Eleven new members have recently been added to the society. They are: Mr. and Mrs. Shreve, Mr. and Mrs. L. J. Lingafelter, Mrs. A. A. Champlin, John Langshaw, Jos. Dodd, Will Heinz, Arthur Smith, Daniel Heimerdinger and Pearl Heinz.

Hippodrome

Christmas week at B. F. Keith's Hippodrome will be celebrated in a most appropriate manner when a huge holiday festival program of eleven acts will be presented.

One of the features of the big program will be the appearance of the real star of reel life, Molly King, who has been starring in a number of big film productions and is admired by countless thousands of movie lovers. This will be the first time Miss King has appeared on the speaking stage since her davent in the movies but previous to taking up the animated work she was a big favorite with vaudeville and musical comedy audiences. Molly and Nellie King was one of the best known teams in vaudeville just a few years ago and the present star of the pictures was also a featured attraction with several of the "Passing Show" productions of the famous winter garden. Her last appearance on the speaking stage was in the leading role of "The Belle of Bond Street," with Sam Bernard.

Among the features of the big festival program will be Wartenburg Brothers, Fritz and Lucy Bruch, Claire Vincent and company; Medlin, Watts and Townes, Mr. and Mrs. Gordon Wilde, Provost and Brown and a host of others.

The Hippodrome announces a special midnight performance at the big play house on New Year's eve.

Opera House

Otis Skinner comes to the Euclid Avenue Opera House next week with matinees Christmas, Wednesday and Saturday, in the Booth Tarkington comedy "Mister Antonio." This play was written especially for Mr. Skinner, and in it he is scoring one of the greatest successes of his career.

In "Mister Antonio," the principal character is that of Tony Camaradono, an itinerant organ-grinder. Tony is a poet by nature, an optimist, a philosopher and a lover of all mankind. He keeps a flower stand on the New York east side in the winter, and tours the country with his hurdy-gurdy when spring comes.

When the mayor of a small Pennsylvania town hits the downward trail in New York, and is found in a barroom minus his coat, hat and watch, Tony plays the Good Samaritan, and takes compassion on the stranger. Later, when Tony visits the town where the mayor holds autocratic sway, he is disappointed to find the man is by no means taking compassion on others, but has just ordered from the town a girl whose greatest fault is that she loves a bit of pleasure and has been to a dance the night before.

Tony sides in with the girl, and it is very evident that the mayor does not send her from the town.

Mr. Skinner is under the Charles Frohman management and comes here with the original New York cast and scenic prodution. In the cast are Eleanor Woodruff, Joseph Brennan, Robert Harrison, Walter F. Scott, John McCabe, Ernest Elton, Frances Landy, Agnes Marc and many others.

Colonial Theater

"Good Gracious Annabelle," comedy, by Claire Kummer, is presented by the original cast at the Colonial next week. A pretty play and a lively one, by a woman who has scored two big Broadway successes in her first year as a recognized playwright. "Good Gracious Annabelle" has a charming heroine, and a capable cast, which includes among its members Isabelle Lowe, Clare Spencer and Lydia Dickson. There are very few playmakers who write more clever dialog than Claire Kummer. Her comedy should be very entertaining.

SYMPATHETIC

"I once knew a man who went hungry in order to buy food for his horse."

"I can understand his sentiments. Many's the time I have cut down on meat and potatoes in order to buy gasoline."—Washington Star.

You Can Help to Improve Your Telephone Service

Two people talking by telephone at ordinary speed exchanged twelve questions and answers, 197 words in all in ONE MINUTE!

Almost anything that need be talked about on the telephone can be satisfactorily finished in one or two minutes, leaving the wires clear for the next call.

The "BUSY" signal sounds once on every four calls, mostly because the wires are being used for unnecessarily long talks.

Every day this week and Monday, the 24th, will be very busy days in the exchanges because of the Christmas rush.

THE TELEPHONE SERVICE WILL BE BETTER IF WE CAN HAVE YOUR HELP IN TWO THINGS:

PLEASE OMIT CALLS THAT ARE REALLY NOT WORTH WHILE

Rubber Hose Connections Dangerous

Would you risk your life to save a few cents?

That's exactly what you do if you use rubber hose instead of steel or iron pipe connections for your gas heating and cooking appliances.

Rubber hose soon stretches and becomes porous.

It cannot be fastened as securely as steel or iron pipe connections—hence, is easily pulled off by children or others.

If gas escapes into the room, because of leaky rubber hose or loose connections, asphyxiation may result or there may be an EXPLOSION AND FIRE.

Moreover, it's AGAINST THE LAW to use rubber hose for this purpose. A city ordinance prohibits its use.

Don't take chances. Be on the safe side. See that all connections to gas appliances are well made with steel or iron pipe.

Our experts will advise free of charge in this imporant matter.

WILLOUGHBY'S CHRISTMAS CAROL SERVICE

JAMES McMAHON

Surprise and pleasure and unalloyed enjoyment were experienced by the large audience that attended the Willoughby carol service at the Methodist church Sunday night. Surprise, because many did not realize that so splendid a chorus could be made up in Willoughby. A really delightful pleasure was afforded to think that they did so splendidly, everything occurring without a flaw. The spirit of joy in the occasion and harmony among the singers extended to the audience, and the affair was one of the most delightful that has been given in Willoughby. The Calvary quartette from Cleveland, who sang so spendidly, were most generous in their praise of the chorus. The audience could scarcely wait until the closing number to render their congratulations on the manner in which the carols, or religious folk songs were rendered. To make it an annual event is the universal request.

Comment upon the evening's pleasure would not be complete without some special reference to James McMahon. When Ex-Mayor Baker spoke in Willoughby some years ago, he said: "James McMahon lives in Willoughby, but we claim him as Cleveland's best baritone singer." But Willoughby does not intend to relinquish her hold upon her gifted residents. Like her club presidents, she merely lends them to the nearby city.

The enthusiasm that plans, works out and perfects a service such as that given Sunday night, is something that is not found in every individual.

A splendid voice requires feeling behind it. Mr. McMahon has both. And he uses his interest, his enthusiasm, his voice and his ability, gladly and freely in the interest of his town. The carol service affords an opportunity for many to express their appreciation of this interest and co-operative spirit.

LUCKY BOY REPRESENTS WILLOUGHBY AT ADVERTISING CLUB PARTY

Every year the Advertising club gives a Christmas party for boys. They sit in the Ad. club with the grown ups and its a question who enjoys it most, the grown ups or the little fellows.

The annual affair occurred at the Statler Thursday of this week. A turkey dinner was served and every boy received a present. The entertainers included Molly King from the Hippodrome, who is featured in the "Seven Pearls" screen; A. J. Jack of Halle Bros., sleight of hand performer; Walter Hilborn, impersonator from Texas; E. E. De Lier, accordian expert, and others. Dr. Meldrum of the Old Stone church, gave the boys a fine talk.

Then to close, Manager Kuhn of the Stillman, invited the boys in to see "The Seven Swans."

About 300 boys and as many members enjoyed the occasion. Mr. Wilson has been in the habit of taking a boy from Willoughby each year, and this time Wesley Sheffield was the lucky representative from Willoughby at the Ad. club Christmas party.

ENGLISH SOLDIER MEETS CLEVELAND DOCTOR

Capt. Maurice Barnes, writing home to his parents, Mr. and Mrs. J. M. Barnes, tells of becoming acquainted with Dr. A. B. He spoke of having more than eighty letters to read and censor, after he finished his own letter to his folks.

ORGAN RECITAL AT PRESBYTERIAN CHURCH GIVES GREAT PLEASURE

RED CROSS
Willoughby Branch

WILLOUGHBY RED CROSS HAS A NEW SLOGAN: ONE THOUSAND MEMBERS IS NOW THE GOAL

The membership Red Cross drive in Willoughby has brought a noticeable increase in the membership. Three hundred and forty-five new members were recorded and fourteen renewed their memberships, making 359 in all. This is an excellent showing. It includes the record in Willoughby, the Plains, Waite Hill, etc.

Harry Haggert Makes Splendid Red Cross Sign

A very attractive piece of work has been displayed at the post office during the week. It is a Red Cross sign of a dollar and a Red Cross. This very efficient design was worked out and finished by Harry Haggert, without solicitation and it has been most favorably commented upon.

The Willoughby Branch wishes to extend special thanks to all who participated in the work of the drive; to the new members and to all who lent their services or time in any way.

Mrs. H. F. Kennedy was the general chairman for the drive in this part of the county.

William Ganson Rose, who had the Lake division in charge, stated that this division was ahead. It includes Ohio, Indiana and Kentucky. Lake county's quota was 5100, and it was expected it would be reached and possibly passed.

With the record which has been made, Willoughby has forged ahead and has a new slogan: One Thousand Members.

Meetings will be held Thursday of this week and next. After the holiday season the regular Tuesday meetings will be resumed.

Ninety-One New Members at Kirtland Red Cross.

The Red Cross membership campaign resulted in 91 new members, making a total now of 196 members. Twenty families have won the white star to place in the center of their Red Cross service flag. The Red Cross will meet every week now on Thursday afternoon at Mrs. N. P. Crawford's. Pillow cases are needed and a large supply has been received to be made.

RESULTS OF SHARAM RED CROSS DRIVE

As a result of the Red Cross drive, membership at Sharam was increased from 52 to 88 during the past week.

WICKLIFFE RED CROSS DRIVE

One hundred and fifty new Red Cross members had been lined up Wednesday in the Wickliffe drive. They expect this number to be increased by later reports.

FORMER WILLOUGHBY RESIDENT DIES IN PASADENA, CAL.

George C. Loy, former Willoughby resident, died in Pasadena, Cal., on Wednesday, December 18. The funeral services were held at the home in Pasadena Saturday last. Mr. Loy was about 63 years of age and left Willoughby about 3 years ago. He married Eva White, daughter of Oscar W. White. Mrs. S. H. Dare and C. C. Cottrell are family connections. The remains have been placed in a vault at Pasadena and decision will be made later as to whether or not the body will be brought to Willoughby for interment. Two brothers, Charles and Joseph, and the mother, Mrs. Lydia M. Loy, are buried here.

SCHOOLS ARE IN 100 POINT CLASS IN PATRIOTISM.

The record made by the Willoughby schools in the recent "Y" fund campaign is such as to deserve special mention. The amount raised was $465.40. Many of the pupils earned the money they contributed, some giving as high as four or five dollars earned that way.

The 8th and 9th grade vied with each other in seeing which could go over the top. They came in about even. The spirit of the pupils and the enthusiasm shown by all of the pupils places the school in the 100 point class for patriotism and public spirit.

CLEVELAND WEEKLY AND REPUBLICAN CARRY SIMILAR STORY

Shortly after the Cleveland Advertising Club held its election, and again after the Woman's Press Club held its election, the Republican decided to feature an article on the club presidents that were being furnished by Willoughby and vicinity. It was finally decided that the article would make a nice Christmas or New Year's feature. However, from a newspaper point of view, the delay was not advantageous, as in the Cleveland Topics issue of the 15th an article on the same subject was brought out. The Republican's article was in type at the time. In these days of ideas, it is very unwise to hold an idea in the expectation that it will not be used by some one else. The next time The Republican has an idea or an article it will certainly use it the same week!

WILLOUGHBY CONTRIBUUTES TO CAMP SHERMAN LIBRARY

One hundred and fifty books are now ready to go forward to the soldiers at Chillicothe from Willoughby. The books are all pocketed, with cards made out, in just the form that they will be given out. This work has been done by Margaret Cottrell, who, in co-operation with Miss Crobaugh at the library, has arranged the books in a splendid manner. It is not likely that books from any other vicinity will be received in as acceptable and ready-to-use-form, as those from Willoughby.

CHILDREN AT ELGERCON FARM ENJOY TREE

The farm and neighborhood children at the S. W. Tucker home enjoyed a Christmas tree and party Saturday evening last. The children to the number of twelve or fifteen enjoyed the festivities provided to the fullest extent.

BASKET BALL TEAM IS PRAISED BY PENN. COLLEGE FAN

A. J. Lytle of Penn college, Pa., is visiting at the home of his daughter, Mrs. M. J. Rentschler. Mr. Lytle is a great foot ball fan, and Philadelphia papers refer to him as the "grand old man" of State College. It is said that he has traveled more than 30,000 miles to attend a foot ball game at which State College eleven has played. So being fond of all sports, he attended the basket ball game between the Willows and the Cleveland Congregational team here last Saturday night, accompanied by Mahlon Rentschler, representing the Willoughby Republican, and this is what he has to say about the way the town team, the Willows, play basket ball.

"The Willoughby team played rings all around the visitors. They are wonderful shooters; floor gainers; good players. Their team work is great; great work in passing and defending their own goal; the other team hadn't a thing on them. The score was 34 to 4 in favor of the Willows."

FATHER OF WILLOUGHBY MAN DIES IN ENGLAND

Levi C. Cattell, passed away at his home in Oxford, England, November 26th. Mr. Cattell was the father of Chas. L. Cattell of 175 Euclid avenue, Willoughby, and of Mrs. Chas. A. Goss of Cleveland. Mr. Cattell is associated with A. L. Flyer and has lived in Willoughby for the past 3½ years. The family were all born in the United States. The father came over in 1854 and returned to England in 1904. He was 87 years old at the time of his death.

LOCAL CASH FUND FOR SOLDIERS' BOOKS REACHES LARGE TOTAL

The cash fund drive for soldiers' books, in Willoughby, reached a large amount. The sum of $650.00 has been forwarded to Washington. This represents the contribution from Willoughby and Wickliffe, the villages and township.

SANTA CLAUS VISITS AUSTIN HOME AND GALA HOUSE PARTY IS ENTERTAINED

A gala house and holiday party is being entertained at the home of Mr. and Mrs. Samuel Austin this week. The house guests include Dr. and Mrs. Manchester of Alliance, Rev. and Mrs. H. L. Whiting of Kent, Mr. and Mrs. W. J. Austin and family of Cleveland, Mr. and Mrs. H. K. Ferguson and family of Cleveland, Dr. and Mrs. Shimmin and daughter Betty Jane of Cleveland, and Mrs. Allen of Cleveland.

On Christmas afternoon, in the music room at five o'clock, two christenings occurred: Dr. Whiting baptized his own little girl, Ethel Jean, and Betty Jane Shimmin. A Christmas tree and all that could be added to make the family gathering one of pleasure has been provided for the holiday occasion at the Austin home.

SLIGHT FIRE AT STILLINGS HOME

Timely action on the part of Mayor Carmichael prevented what might have been a serious fire at the John Stillings home Sunday noon. Mr. Carmichael, walking along Wilson, noticed that the Stillings roof was on fire. He made a hurried alarm and the fire was put out by the use of pails, without great damage.

ACCIDENT AT J. H. R. PRODUCTS PLANT

While moving a heavy steel barrel about Wednesday afternoon, Edwin W. Spaller sustained a painful accident to his leg, which will keep him at home for a few days.

WILSON'S ANNUAL FAIRY TALE MOVIE.

Do you remember Snow White of last year? Well, they say this is even better—longer anyhow, as it has five reels of fairy story, "The Fairy and the Waif"—its great and isn't going to cost one cent to see this holiday movie.

The Wilson company has planned to give every school kid for miles around a ticket before school closed, but the express company delayed matters, so you can step in and get the tickets at the store. Mothers can take their own kids or any other kids they want. It doesn't matter if some men want to see the old fairy tale. They will be as welcome as mothers and children.

There will be four matinees, two on Friday and two on Saturday of this week, 2 o'clock and 3:30 o'clock.

Go to the store and select the hour most convenient. Telephone the "movie" clerk at the store and he will save you as many as you want.

The notice is short so tell all the other kids and their mothers and telephone the boys and girls out in the country.

SEVEN THOUSAND MEMBERS IN LAKE CO. MAY BE RESULT OF RED CROSS DRIVE

Lake county went "over the top" nicely in the Red Cross Christmas drive for new members. With a quota of 5100 members assigned, Lake county on Christmas eve had an enrollment of 5700 adults and 560 children. The children were enrolled in the Junior Red Cross. In Cleveland and many other places, children had to pay a dollar, as there had been no Junior organization started. Adding our Junior and Senior memberships, it is believed that when all returns are in, Lake county will have about 7000 members. Not all branches are organized, and there are many persons who want to join the Red Cross in January, so that 7000 members is probably a low estimate.

Lake county women showed a splendid spirit of sacrifice in the campaign. They had a difficult task both because of the season, and because of supplies not reaching them in time.

But every [illegible] made the best of things. The Red Cross seems to naturally [illegible] workers, who put aside the "business as usual" slogan and [illegible] to "winning the war."

[illegible] received at the [illegible] in Painesville, 332 Main [illegible] committee decided to [illegible] new members for the remainder of the week. All [illegible] from January 1.

The Christmas carol groups in Painesville were greeted everywhere by lighted [illegible] and a considerable collection was received wherever they marched. This money, designated as "gifts" will go into the general Lake county fund.

S. D. Chapman of Painesville donated several Christmas memberships to worthy persons who could not have afforded them.

WICKLIFFE FIRM REWARDS FAITHFUL SERVICES WITH BONUS CHECKS

As has been the custom for the past eight years, employes of the Cleveland Crane & Engineering Company of Wickliffe, Ohio, received checks form the company representing a share of the profits of the year distributed as a Christmas bonus for faithful service.

This system is figured on the percentage basis. 2000 hours have been taken as a year's work and to each employe who has not been absent from work more than one day each month during the year, 2 per cent of his yearly wages has been paid for each full year he has been in the employ of the company.

A man who has been with the company for the past eight years receives 16 per cent. of his yearly wages.

Fifty per cent. of all the employes received checks this year.

A great number of the old employes checks represent 20 per cent of their wages for this year.

The mutual benefits of the system for both employer and employe are inestimable.

This Company [illegible] chartered in 1889 from [illegible] beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

CHRISTMAS AT THE HIAWATHA

Numbers of people in town and nearby took advantage of the opportunity to see the delightful play "Rebecca of Sunnybrook Farm," as played by Mary Pickford at the Hiawatha Christmas day. The theatre was filled at each performance. The film as provided by Mr. McMahon is one that any picture house would have been glad to show for a Christmas offering. Local folks fully appreciated the privilege of seeing the play in Willoughby upon a holiday.

FORD MAY QUIT MAKING PLEASURE CARS

The gradual turning over of the Ford Motor Co. plant to the government will soon reduce its output of passenger cars to but a fraction of what it has been. The necessity of ordering a Ford car at once, if a purchase is contemplated, is most apparent. One of the large government contracts known to be placed at the Ford plant, is that of an order for 7,000,000 metal helmets.

Ford chassis are to be used for ambulance work, and 100 airplane cylinders per day are being turned out at the plant, also, in addition to parts for Liberty motors, government trucks, etc.

OLD RESIDENT REMEMBERS HOME TOWN WITH POEM

Mrs. Annie E. Rock, former Willoughby resident, sends the Republican the following patriotic poem, from Vermont:

To Our Soldiers

Hurrah for the old soldiers,
With hearts so brave and true,
Who fought so well for the colors,
The red and white and blue.
Hurrah for the brave young soldiers,
Who are far away in France.
They have gone to fight the Germans,
With rifle, sword and lance.
Hurrah for the young soldiers,
Who left their homes and kindred
Without a moan or sigh.
And yet and yet we must not forget
That many brave boys must die.

—Mrs. Annie E. Rock, Felchville, Vt., Nov. 30, 1917.

DEATH OF MRS. ELIZA MARTIN

Mrs Eliza Martin of Kirtland, passed away at the home of her son, Sunday morning. Mrs. Martin was 73 years of age and had passed most of her life in this part of the country. She was born in Concord in 1841. She married Henry Martin in 1869, Hiram Harmon officiating. The wedding took place near the Holly farm. Henry Martin died in 1909. Rev. Randall conducted the funeral service at the South church Monday, interment being made in South Kirtland cemetery.

In his district, the [illegible], the dry majority was 3,697, of which 1,288 were given in Cuyahoga county, 1,575 in Lake county, and 784 in Geauga county. The two other Cleveland districts gave wet majorities.

"OUR ANCESTORS"

The following poem was composed by the late Mrs. Sarah Hadden Sanborn, sister of Mrs. Etta Hobart. At the time of her death Mrs. Sanborn was engaged in writing a history of the Carrel family.

Cousin Moses G. Carrel is the name,
It's myself that's descended from one of the same.
Although very busy, 'tis true,
Since receiving your letter, I've oft thought of you.

I'm sure I never saw you or know how you look,
Yet I'm writing up history to put in your book.
If the numerous families to which we belong,
With their virtues not sung in prose or in song.
It has ever been my delight,
To know there are some of them not out of sight.

From Scotland and far northern Ireland,
Londonderry, I'm told,
Come Margaret so bonnie
And Daniel so bold.

They joined the friends,
United their fortunes and came over the sea,
To make them a home in the land of the free.
The oatmeal and porridge was quite to their mind,
But the "pig in the parlor" they left far behind.

And so my dear cousin,
If you're one wanting a crest,
Twine shamrock and thistle, 'round the eagle's nest.

—Mrs. Sarah Hadden Sanborn, March, 1917.

THE OLD YEAR HAS GONE

A New Year's Poem Written for The Republican By Mrs. Martha E. Bales

The old year has gone,
With its smile and its tear,
Fear, gladness and sadness
Will come every year.
Each season has passed
With its sunshine and rain,
And into our lives
Brought losses and gain.

The old year has gone,
And o'er in God's fold
The angels are so busy
Sifting the dross from the gold.

The smiles from the frown,
The bad and good deeds,
Well sifted and parted
Like we pull garden weeds.

The old year is gone;
But repinings are in vain.
Let us gird on our armor
And forth to battle again.
Let us seek the dear Father
In praises and in prayer,
And ask him to keep us
All this year in His care.

SOMETHING ABOUT THE PRACTICAL MANUAL TRAINING WORK AT WILLOUGHBY HIGH

BY PROF. E. M. OTIS

The Industrial Dept. (Boys)

This department was organized in 1913 while the school was housed in the old building. Mr. Allen carried on the work after regular school hours and was paid extra for this service. At first the orthodox manual training articles were made but the needs occasioned by a dilapidated old building soon diverted the boys from coat hangers, calendars and pen trays to benches, desk refinishing and general building repairs and additions.

For several years classes in the seventh and eighth grades only were maintained. When the new building was finished two new classes were organized, one in manual training for freshmen and one in mechanical drawing for upper classmen. The latter was probably the first of its kind to be organized in the county. At its beginning it enrolled sixteen juniors and seniors. Boys not only receive college credits for this work but have also been able to put it to practical use in work which they have later undertaken.

The classes make no attempt to create articles for exhibit purposes only. Most of the articles made or repaired are used at once. Whenever feasible the best articles are of course set away and shown at the annual exhibit. So far as possible the work of the manual training and mechanical drawing is correlated. Drawings and designs are made by the perspective "draftsmen" and from these the different articles are made by the "carpenters." As an illustration, two boys are at present making a sand table from a drawing made by another. Arithmetic also correlates in the estimating of cost of labor and materials by the advanced classes.

In addition to making a great many articles for themselves, the boys have made the following furniture and equipment for the school: Benches for the gym, score board for basket ball, hat and coat rack for extra grade, locker for domestic science room, locker for manual training room, commercial papers file, several cupboards, three book cases, extension for stage, basket ball equipment for playground and numerous smaller articles chiefly for the laboratory. Besides this work many pieces of furniture removed from the old building have been repaired and refinished. Fully fifty desks have been scraped, stained and varnished by the pupils of the last three years.

In the present classes an attempt has been made to introduce some electrical and shop work. In addition student foremen assist and every effort is made to familiarize the workers with industrial organization and management. The class work in connection with the manual exercises consists of recitations on occupations, demonstrations of tools and processes, and notebook keeping. Later trips will be taken to industrial plants.

Had the teacher not been forced to give up the regular room built for this purpose much more could have been accomplished. Many plans have already been given up and its possible that the work may be discontinued in February for lack of facilities.

"OBERLIN REVIEW" FEELS LACK OF GAS

In the issue of "The Oberlin Review" of November 27th, we find this:

"Owing to the lack of any gas supply typographical errors of punctuation, spelling, and capitalization could not be corrected in the Review. The galleys were set up in page form just as they came uncorrected from the linotype machine."

Even at that no errors were noticeable, and reading matter, style of makeup and appearance generally are excellent. We are indebted to Mrs. Wilkinson for our copy of the paper.

A LETTER FROM PRIVATE F. LOGAR

Camp Sherman, Oct. 16th.

Dear Friend: I thank you very much for writing me a letter and also for the cheer it has brought to me. I don't think that I am sacrificing any more than the thousands I see on the drill grounds daily. The first few days I was awful lonesome but since I see all the men around me I know they had to sacrifice as much as I did. I watched the parade today. It was a practice for the older men that are here. I sure did see discipline. Every man knew his place and moved as soon as the command was given. I haven't done much drilling yet. I haven't got my hat or shoes so they won't let me drill. The rest of the company will be far ahead of me when I start in.

I was at a lecture on Liberty bonds the other day. I bought $300.00 worth cash and $200.00 on payment out of my wages. My company of 200 men bought $7,800.00 worth all told.

With best wishes to all, I am,
Yours truly,
PRIVATE F. LOGAR.

Your Neighbor Owns His Home—You Can Also Own Yours

Like the great majority of happy, contented home-owners, he began by buying a lot, a little down, a little a month. Then he and his family made it their aim to pay it off as quickly as possible. They saved money that otherwise would have been spent.

With his lot paid for, it was easy to get a building loan and put up his house. Now he pays on the loan what he otherwise would pay out in rent—but lives in his own home. He, and not his landlord, is getting the benefit of its increase in value. He will have it clear of debt in a little while, and in the meantime, has paid nothing but rent.

To Women's Organizations of Ohio:

The United States government has always been able to rely upon the women of the ntaion. In the conservation of food, the help of the women is going to be the most important factor.

In order to save the amount of wheat and meat necessary for immediate exportation, it is imperative that food be saved in the homes. Will you use all your influence to see that the families of Ohio observe the following program:

1. Make Tuesday a meatless day.
2. Use less pork products at all times.
3. Make every evening meal wheatless.
4. Use less white flour at all times.

ROOSEVELT ON THE THRIFT CAMPAIGN

Theodore Roosevelt says: "Help the thrift campaign by buying the war savings stamps This is the people's war, and the war of the whole people of the United States, and we wish to put the whole people back of it.

"We have provided a way to make the people and the bondholders interchangeable terms.

"It falsifies the old proverb, 'You can't eat the cake and have it.' In this case, you can eat the cake and have it.

"I wish to see every wage earner in a strong economic condition after the war. The wage earners can achieve that position and at the same time back the government by buying war-savings stamps."

NEW RED CROSS ACTIVITY—CLOTHES FOR BABIES

A new Red Cross activity, which is likely to appeal to women of the rural communities is the making of outfits for new-born babies in France and Belgium. A committee of the Women's Bureau of the American Red Cross, which went to Europe to investigate civilian relief needs, made a report in which the supplying of such outfits was strongly urged. Leaflets explaining just what is needed in the way of garments and material may be obtained from Red Cross chapters.

Owing to the rough methods that must be followed in washing clothes in the war countries it is essential that the most durable material be used in making garments for these baby outfits. While the making of the outfits will be carried on extensively in Red Cross chapter work rooms, the work is of a character which permits much of it to be done in homes; only it is necessary to follow the sample directions. The directions, moreover, will be of great help to women who desire practical suggestions for baby outfits which are intended for home use or for relief work in this country.

"Saw the heavens filled with commerce, argosies of magic sails."

A motto for the New Year and a prayer for the New Year are these words from the pen of Tennyson, seemingly impossible of fulfillment when he wrote them but now tremendously possible of an immediate fulfillment.

We have our great war flotillas of the azure, and we are getting ready to have many more. And each of these ships of the air demands a pilot. And these pilots must be chosen from the perfect flower of our sons, for there is no office of war that demands more skilful training, more quick thinking, more inexhaustible nerve-force than does that of an aviator. He must have perfect poise. He must be ready for any emergency, for any danger; and for the sake of his country he must be invincible in any emergency or danger.

His role is the only romantic one left in modern warfare, for he goes to meet his foe single-handed, as did the knights in olden tourneys, and like them he must win or lose alone.

All our hopes and our prayers are that this year will see the end of the war whose clouds now hang so low over our own homes. And the experts tells us that one of the chief hopes of winning the war is the army of young aviators—these boys who in their defense of democracy are willing even to yield up their young lives so that it may live.

But we who hope the war is near its end can see another future work for these men.

After destruction comes always reconstruction. And so may it be with this marvelous force of flying. When the days of death are over, the days of living will begin again, of intercourse with our neighbors, of commerce that will again unite the earth from end to end. It will be the true "federation of the world" that Tennyson also sang of so many years ago and that President Wilson reminds us of constantly.

And then will come the wonderful chance for our aviators, trained now to bring death to the world, and whose training will equally well fit them to carry life, sustenance and messages of good will to many nations.

There will be no more marvelous link for the nations than this—a link we hope can never be broken, so strong will it grow.

This is our hope for the New Year—the pursuit of happiness for all nations—a hope that all will hereafter be content "to live and let live."

UNCLE SAM WILL PUT YOU IN JAIL IF YOU SEND BOOZE THROUGH THE MAILS

Don't attempt to send whisky through the mails, for if you should succeed and then found out it's almost a sure shot that the jail house for two years will be your abiding place.

And the same law holds good and provides the self same penalty if you should send a rattle snake by parcel post.

When the parcel post system went into effect on March 1, 1909, this law, enacted by the United States Congress, became operative:

"All matter harmful, in its nature, such as poisons, explosives, or other inflammable articles, matches, live animals, fowls, insects and reptiles, guano or any other article exhaling a bad odor, and vinous, spirituous or malt liquors."

The postal laws provide a severe penalty for the mailing of any of the above articles, it being a fine of $1,000 or two years in a penitentiary or both.

Opera House

Miss Fay Bainter, who has been called "the new Maude Adams," is the scintillating star in "The Willow Tree," which comes to the Opera House New Year's week, and her performance contributes immeasurably to the pronounced success of the fantastical love story. Scarcely less brilliant is the work of Malcomb Fassett, who meets the exacting demands of the difficult role in a manner that leaves nothing to be desired.

Miss Bainter's portrayal of the Willow Princess will long remain in the memory of those who see it. The rest of the company is exceptionally well chosen. The entire original New York production and complete Metropolitan cast will be seen at the Opera House.

Prospect Theater

It will be a pleasurable announcement to patrons of the Prospect to know that Miss Ann Pittwood will be seen here for one week, commencing Monday, Dec. 31, with a special holiday matinee Tuesday, and bargain matinees on Thursday and Saturday, in "Peg O' My Heart," for the last time at popular prices. 'Peg' has undoubtedly been one of the most successful comedies of recent years. Miss Ann Pittwood, whose delightful personality so naturally fits the part of 'Peg,' heads the company. The story, it will be remembered, tells of the attempts of the Chichesters to teach Peg the elements of worldly behavior during the time she is an inmate of their household. Their efforts are in vain, for polite instructions roll off her like water from a duck's back, but her natural qualities of frankness and good nature, and her irresistible charm finally carry off his feet the English nobleman, who is a friend of the family, and despite the contemptuous treatment she has received, Peg saves her young cousin from the mistake of eloping with her married lover.

Miles Theater

The Miles will have next week another all star bill of high class vaudeville and photo plays. General Manager Charles H. Miles has engaged "The Minute World," a big company of high class musical comedy artists with many pretty girls, funny comedians and a world of special scenery and electrical effects. Sam Mack and company present the "Road to Happiness," a problem love story of today. Cablon and Freed in "Look Out." Thomas Jennings in monologue; Clayton and Benison, acrobats. The photo play part of the program will be taken by J. Barney Sherry in Fanaticks.

Colonial Theater

"A Successful Calamity," comedy by Mrs Clare Kummer, is the Colonial attraction for the first week of the New Year. William Gillette stars and his vehicle is one of the cleverest little plays that Broadway has seen in years. "Good Gracious Annabelle," which is now playing the Colonial, has shown Cleveland how clever Mrs. Kummer's dialog is. William Gillette is not the man to waste an opportunity such as this. It should be a good week at the Colonial. Arthur Hopkins, former Clevelander, produced a "A Successful Calamity."

Empire Theater

Lew Talbot's Lidlifters are at the Empire for next week with an all star cast, and a very lively book for the stars to interpret. Johnny Weber is first of the comedians and Dolly Meadon plays opposite him. The two act farce with music is called "Delivering the Goods," and it has splendid notices. Among the promised features is a big posing act. There'll be a new Year's Eve show, starting late.

Star Theater

The Bowery Burlesquers are at the Star next week, with a big and lively burlesque show. Frank Harcourt and Billy Foster head the cast, and they have a lot of competent supporters. There are two burlettas on the program, with plots none need worry about, and no less than twenty big musical numbers. The Burlesquers is well staged, and well costumed. It should be good burlesque. There will be a New Year's midnight show.

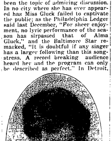
ONE TRIUMPH AFTER ANOTHER FOR ALMA GLUCK

"No one can resist the charm which radiates from Alma Gluck's singularly vital beauty and the appeal of her voice," according to the Minneapolis Tribune, and of the thousands who have been thrilled by her singing, no one can deny the words. Of all sopranos now before the public, one looks in vain for one to quite rival this wonderful American prima donna whose meteroic rise has frequently been the topic of admiring discussion. In no city where she has ever appeared has Miss Gluck failed to captivate the public; as the Philadelphia Ledger said last December, "For sheer enjoyment, no lyric performance of the season has sirpassed that of Alma Gluck," and the Baltimore Star remarked, "It is doubtful if any singer has a larger following than this songstress. A record breaking audience heard her and the program can only be described as perfect." In Detroit,



Morrison, Miss Gluck attracted "probably the largest audience that has ever listened to a concert in this city," to quote the Detroit News Tribune, and a similar account comes from Boston where as the Boston Record said, "Alma Gluck sang to an audience that packed every part of the great auditorium, and again displayed the wonderful soft warm quality of voice that has thrilled thousands."

A few words from the Chicago Inter Ocean seem to completely fix the status of this most glorious singer, says the paper. "Miss Gluck must now be esteemed as the foremost of American lyric sopranos."

For her Cleveland recital last year Grays' Armory was taxed to its utmost. The only opportunity to see and hear Alma Gluck in Cleveland this season is next week on Thursday night, Jan. 3, the first big concert of the new year under the direction of Adella Prentiss Hughes. Setas will go on sale at Dreher's, 1028 Euclid avenue. Monday morning.

Hippodrome

B. F. Keith's Hippodrome will open the season of 1918 with the most wonderful vaudeville show ever presented in this theatre, judging from the number of headline acts that have been booked. Thirty-five people will be seen in the miniature musical comedy, "A Reckless Eve." There will be a large chorus of beautiful girls, clever comedians, amusing situations and tuneful melodies of the easy to whistle kind. It was written and produced by William B. Friedlander of Cleveland. Emmet Corrigan, the eminent actor will be a joint headliner with this big act. Mr. Corrigan will present one of the best playlets offered in the two-a-day for several seasons. For many years Mr. Corrigan has been a representative American star. Jack Wilson needs no intorduction to vaudeville audiences. He is coming next week with a new Impromptu Revue. His style of comedy is of the refreshing wholesome kind that keeps an audience in an uproar. Lydia Barry, another popular headliner will offer a new act for the first time on any stage. There are few on the stage like Miss Barry. She comes from a family of stars and whenever she comes to Cleveland she always has something very good to offer. The program will look like one big succession of stars.

Brendel and Burt, the comedy sensation of the year, will make their first local appearance, while Bert Levy, the artist entertainer, who draws timely pictures in a most novel manner, is always welcome at the Hippodrome especially to the kiddies. He always keeps his act up to the minute. Warren and Templeton will be seen in a new act called Sharps and Flats of Life's Scale. Fink's Mules will provide fifteen minutes of laughs; while the Casting Campbells will amuse with their daring and comedy.

DO YOU FEEL THIS WAY? LIFE IN THE COUNTRY AS DEPICTED BY D. GRAYSON

Of all places in the world where life can be lived to its fullest and freest, where it can be met in its greatest variety and beauty, I am convinced that there is none to equal the open country, or the country town. For all country people in these days may have the city, some city or town not too far away; but there are millions of men and women in America who have no country and no sense of the country. What do they not lose out of life!

I know well the disadvantages charged against country life at its worst. At its worst there are long hours and much lonely labor and an income pitifully small. Drudgrey, yes, especially for the women, and loneliness. Where is there not drudgery when men are poor, where life is at its worst? But I have never seen drudgery in the country comparable for a moment to the dreary and lonely drudgery of city tenements, city mills, factories and sweat shops. And in recent years both the drudgery and loneliness of country life have been disappearing before the motor and trolley car, the telephone, the rural post, the gasoline engine. I have seen a machine plant as many potatoes in one day as a man, at hand work, could have planted in a week.

There are indeed a thousand nuisances and annoyances that men must meet who come face to face with nature herself. You have set out your upper acres to peach trees; and the deer come down from the hills at night and strip the young foliage; or the field mice in winter, working under the snow girdle and kill them. The season brings too much rain, and the potatoes rot in the ground; the crows steal the corn, the bees swarm when no one is watching, the cow smothers her calf, the hens' eggs prove infertile, and a storm in a day ravages a crop that has been growing all summer. A constant warfare with insects and blights and fungi, a real, bitter warfare, which can cease neither summer nor winter.

It is something to meet, year after year, the quiet inplacability of the land. While it is patient, it never waits long for you. There is a chosen time for planting, a time for cultivating, a time for harvesting. You accept the gage thrown down, well and good—you shall have a chance to fight. You do not accept it? There is no complaint. The land cheerfully springs up to wild yellow mustard and dandelion and pigweed, and will be productive and beautiful in spite of you.

Nor can you enter upon the full satisfaction of cultivating even a small piece of land at second hand. To be accepted as One Who Belongs, there must be sweat and weariness.

If one has drained his land, and plowed it, and fertilized it and planted it and harvested it—even though it be only a few acres—how he comes to know and to love every rod of it. He knows the wet spots and the stony spots, and the warmest and most fertile spots, until his acres have all the qualities of a personality, whose every characteristics he knows. It is so also that he comes to know his horses and cattle and pigs and hens. It is a fine thing, on a warm day in early spring to bring out the beehives and let the bees have their first flight in the sunshine. What cleanly folk there are! And later to see them coming in yellow all over with pollen from the willow.

It is a fine thing to watch the cherries and plum trees come into blossom, with us about the first of May, while all the remainder of the orchard seems still sleeping. It is a fine thing to see the cattle turned for the first time in spring into the green meadows. It is a fine thing, one of the finest of all, to see and smell the rain in a corn field after weeks of drought. How it comes softly out of gray skies, the first drops throwing up spatters of dust and losing themselves in the dry soil. Then the clouds sweep forward up the valley, darkening the meadows and blotting out the hills, and there is the whispering of the rain as it first sweeps across the corn field. At once what a stir of life! What rustling of the long green leaves. What joyful shaking and swaying of the tassels! And have you watched how eagerly the grooved leaves catch each early drop and, lest there be too little rain after all, conduct it jealousy down the stalk where it will soonest reach the thirsty roots? What a fine thing is this to see.

—David Grayson.

AN INTERVIEW BETWEEN JOE MITCHELL CHAPPLE AND EDGAR H. COTTRELL

AMERICAN INVENTIONS

It wasn't scheduled, just happened to drop in to see Mr. Edgar H. Cottrell—not to buy not to sell, just to visit. Cottrells make the Rotary Presses that made popular-priced magazines possible.

"A pouplar hallucination — that's what it is. It should be stopped"—greeted me as I reached the door. It hit me like a bursting bomb.

My friend E. H. is a soft-spoken gentleman, gentle-mannered, calm and pleasant of disposition. I was no little surprised, even amazed, to hear him speak so excitedly. With my hand on the door, I hesitated not wishing to intrude. Herbert Baker, sales manager, beckoned me in. Mr. Cottrell had been reading an article comparing German efficiency with "easy-going" American methods. That was what caused the explosion. Instead of interrupting him, my advent rather spurred him on. Baker was called to the 'phone. I remained to listen, realizing that Mr. Cottrell had something to say worth hearing. A profound thinker and observer of world-affairs, his remarks had a direct and pertinent bearing on the present situation.

"Efficiency"—and he paused, all traces of choler gone—"what does the word really mean? The way it's turned and twisted, it's difficult sometimes to know just what idea it is meant to convey. One thing is certain: Americans are tired of the constant dinning of 'German efficiency.' They've begun to investigate—and find 'Apples of Sodom.' For years it's been a case of 'they copied all they could follow,' for Germany looks upon achievements of foreign genius as TRIBAL BOOTY TO BE CARRIED OFF TO THE TRIBAL HOME."

I'd never thought of it in just that light before, but I conceded his point, and told him so.

"This country, especially, has been victimized," he went on earnestly, "has been systematically robbed—robbed of its genius and its capital used in perfecting inventions. Strong terms? Yes, I realize they are—but wait. Uncle Sam has been a genial, good-natured, foolish old soul, while the world power has looked on and laughed at him."

"A case of over-trustfulness," I remarked.

"Trustfulness, yes, and more," he concurred. "Why Uncle Sam INVITED imitation. He didn't believe in the closed doors—wanted to give everybody a chance. Made it easy for young Germans to come over here and work in our foundries and machine shops. Result? Drawings, plans taken to Germany, where with low labor cost and no expense for completing and perfecting patents, machines were made that undersold those in the home market."

Mr. Cottrell evidently remembered our "open door" international exposition days at Chicago and St. Louis.

"Americans who threw open their shops to the thousands of young Germans in America, ostensibly 'to complete their education,' pandered to EXPORT trade at the expense of DOMESTIC, now under and that industrial pride goes before a fall. Much of the 'preparedness' of Germany was purloined through the complimentary 'Wunderlich' — from this supposedly super-efficient empire of 'kultur.'"

"Such practices have been far too common," I interpolated, hoping he would go farther into the subject.

"I know of a case"—musingly—"where a German concern made an agreement with an American manufacturer to handle his machine in Germany. Under German patent law a machine must be 'worked' in that country within a certain time to prevent cancellation of the patent. Accordingly, the American supplied the German concern with drawings, patterns, etc., so that a few presses might be built in Germany to comply with their patent law. The presses completed, the German revoked his agreement—another 'scrap of paper' episode—attacked the German patents of the American, beat him in the German courts, and shut him out of German markets. American patents expiring, tariff reduction allowed the American machine built in Germany to be sold freely in the United States. Wise old Horace must have had the Huns in mind when he wrote: 'Oh, imitators, a servile race, how often have your attacks roused my bile and often my laughter.'"

We named some American inventions utilized in Germany and other countries. Ever try it? The list reads like a mail-order catalogue.

"Steamboat, cotton gin, telegraph, telephone, sewing machine—did a German invent these?" he argued. "Submarine, torpedo, airplane, machine gun—America gave Germany some mighty weapons to use against her. Harvesting machinery, binders"—enumerating on his fingers—"disc plows, threshers, washing machines, transparent photograph film, motion picture machine, carborundum, airbrake—American genius and brains first conceived these things that have created modern standards of living."

It looked like a clear case for the plaintiff, even to an unprejudiced mind.

"We have been deluding ourselves," he added. "We have been thinking that education was not complete without a degree at Heidelburg or other German universities—brooding places all of them, however cleverly disguised, of that doctrine of Nietzsche which embraces German inability to conceive of the rights of any other nation or individual. There is no doubt as to German thoroughness, neatness and utilization of all waste, but to close observers these qualities are not a MEANS TO AN END, as in this country, but the END ITSELF. The distinction may be finely drawn, but it is there.

"In their widely proclaimed super-psychology"— this with a positive air—"their conclusions are based on erroneous premises. They made the fatal mistake of judging other people by themselves."

"It will take time to combat this legend of German efficiency," I supplemented.

"Such parrot-phrases are not founded on conviction, only on hearsay, and may be easily corrected," declared American reasonableness. "In the Mr. Cottrell, with inspiring belief in case of all industrial innovations, Germany came to America to learn how. What she carried home largely constitutes German efficiency. Think of our great business life today without the typewriter, adding machine, cash register, phonograph, dictaphone! Why, in the past fifty years"—and he paused impressively—"America has produced thirty-six epoch-making inventions, against three in the same period by Germans.

"Who built the first skyscraper, using structural steel and brick or stone, and then put in elevators so that the upper floors would be as useful as the lower ones? Was it Germany? In our manufacturing world must we bend the knee to German efficiency? Hardly! America operated the first electric railroad, invented the first air-brake. The art of vulcanizing rubber was discovered in America. We were the first to think of pneumatic tires and tubes. I know this sounds like propaganda, but it's all true. Germany with the rest of the world, laughed at us as we worked over spoiled cabbage and garbage to make alcohol—yet today this very practice is hailed as a manifestation of Germany's super-efficiency."

Such a summing-up of evidence doesn't need italics.

Take American inventive genius from the world (to myself thought I) and German efficiency wouldn't be quite so efficient.

"The reason is simple," resumed Mr. Cottrell, "why the United States leads the world in efficiency. Yes, efficiency. I use the word advisedly. We were the first nation to grant to an individual the right to profit by his own idea, and to protect it. We gave him a patent. It may be hinted that American inventors were of foreign ancestry. Obviously, they must have been, as they weren't Indian. But American environment and opportunities made inventions possible. American genius is the manifestation of individual enterprise.

"Germany doesn't look upon this systematic pilfering from Uncle Sam as larceny. She never questioned her right to take what she required. If approached on the subject, she doubtless would have said all these things were 'evolved from the inner consciousness.' Your true Teuton, you know, makes a fetich of his 'inner consciousness.'"

Does this contain a hint for Americans? I think so, and a mighty timely one.

"Another important department of our national government that has been copied by Germany"—this with finality—"is our weather bureau, organized in 1873. She sent over her scientists to sit at our feet and study weather conditions and air currents. The Zeppelin is a direct result. Depend upon it, Germany knows where real efficiency lies, even if we don't. American efficiency has too long been taken for granted; passed by; given scant consideration. The next man you meet who talks of German efficiency just reel off to him a few of America's inventions.

Ask him to match his information with yours.

Ten to one he'll not argue. He can't. He'll just sit back in amazement and gasp: "I never stopped to think of it before.""

When I looked at my watch, I found that Mr. Cottrell had recited more facts in twenty minutes than are usually presented in a sixday talking match in Congress.

Your sincerely,
JOE MITCHELL CHAPPLE.

SUITABLE BOOKS FOR SOLDIERS

Many will be glad to send reading matter to the soldiers in France—our boys especially—if it were known what to select. The query is answered in the New York Times by the National War Work Council of the Y. M. C. A. Cabelgrams have already been received from officers of General Pershing's army asking that books and late issues of the leading magazines be sent without delay. The appeal is made to New York, but the whole country will later be asked to contribute. Later it would not be unreasonable to expect that a series of cheap reprints of the classics, such as the London Times issued for use of the English troops, will be brought out by some American publishing houses. Already the various public libraries of New York have offered to receive books intended for overseas troops at their various branches and to forward them to the receiving room of the New York public library, 40th street entrance. For more explicit direction we read:

"Good books of all kinds, so long as they are in fair condition and of good type, are acceptable. They should be put up in packages and marked 'American Overseas Forces.' It will be appreciated if the donors write their names in the books so as to add a personal element to the gift. Young Men's Christian Association workers have been unable to obtain in France reading material for the troops. All suitable books received in this way will be turned over to the National War Work Council of the Young Men's Christian Association to be forwarded to France."

In a statement issued by J. I. Wyer, Jr., librarian of the state of New York and General Chairman of the War Service Committee of the American Library Association, information is given based on the experiences along the border, and the results of preferences exprest by the British soldiers in France. Thus:

"Books of fiction and drama will be wanted most, books of adventure, sea stories, detective stories, historical novels and collections of short stores, especially humorous ones. Such authors as Kipling, Doyle, McCutcheon, O. Henry, Stockton, Bacloss, Tarkington, Hopkinson Smith, Oppenheim, have been found popular authors with men.

"Foreign language study books, especially French grammars and dictionaries, are much needed—possibly more than any other non-fiction books, also books of travel, biography and history, especially lives of heroes and travels in the countries at war; technical books on aviation, wireless telegraphy, submarines, automobiles, signaling, first aid and hygiene, drawing and lettering, and ethical books on patriotism, courage, good citizenship, with simple non-sectarian devotional books.

"Books for the uneducated are need. ed. Some of the men have not reading habits. All grades of men must be helped by these libraries. Some books must be included which are not over their heads. Don't be too fastidious, but help the humblest reader by sending some titles which would not find a place in your library.

"Fresh, attractive magazines are greatly desired, especially magazines of the character of Century, Harper's, Everybody's, Outlook, The Literary Digest, Popular Mechanics Monthly, Popular Science Monthly, Scientific American, Saturday Evening Post. Probably no magazines more than two years old should be included."

The address of the War Council of the Y. M. C. A. is 124 East 28th St., New York City. Further information may be had by inquiry at that office.

Jane C. Kingsley, and the unknown heirs and devisees of Jane C. Kingsley, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees being unknown, will take notice that G. W. Selig, as plaintiff, has filed a petition against them as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner and in possession of the following described premises:

Situated in the Village of Independence, County of Cuyahoga, State of Ohio, and known as being sublot No. 52, being a part of tract No. 2, Independence Township, west of the Cuyahoga River, of the Strong Tract, so called, and bounded and described as follows:

Beginning in the center of Brecksville Road at the southeast corner of sublot No. 49 and northwest corner of sublot No. 51, thence south 88 west 11-53-100 chains along the line of said sublot No. 49, to the southwest corner thereof; thence south 3-3 40 east 5-13-100 chains to a stake; thence north 88 west 11-51-100 chains to a stake, or the southwest corner of said sublot No. 51; thence north 3 [illegible] west along the center line of Brecksville Road, 5, 10 100 chains to the place of beginning, containing 5-89-100 acres of land, be the same more or less, but subject to all legal highways.

The above named defendants claim some interest in said premises by reason of the fact that the defendant, Jane C. Kingsley, then the owner of a portion of said premises, conveyed said premises away on or about September 1st, 1856, to one Christina Sevdrin, by deed recorded in Vol. 85 of Deeds, page 291 of Cuyahoga County Records, but that the said Jane C. Kingsley did not sign said deed, altho named therein, whereby a cloud is cast on plaintiff's title to said premises.

The prayer of said petition is that the plaintiff's title in said premises may be quieted and for relief.

Said petition is No. 160335 and the above named defendants are required to answer the same on or before the 19th day of January, 1918.

POET COOKE HITS THE KAISER TO THE DELIGHT OF THE WOMEN'S CIVIC CLUB OF CLEVELAND HEIGHTS

By request we reproduce the following poem from the pen of Edmund Vance Cooke, published in last week's issue of that most entertaining weekly, the Saturday Evening Post. The story of "Lick the Plate and Lick the Kaiser" has a line or two that just about fills the bill:

"Lick the Plate and Lick the Kaiser!"

Tom Hendricks is my laughing friend,
who dwells in Cleveland-O.
He has six children and one wife,
which proves he's not so slow.
His Hendricks Six is—no, that's
wrong; his Six require the "are,"
For, with so many runabouts, he does
not need a car.
The slogan of the Hendricks Six is
wise—yea, even wiser;
To win the war, we'll lick the plate,
and thus we'll lick the Kaiser!

Now Father Tom's like Uncle Sam,
and just like you and me;
In wartime he must Hooverize to beat
the very D.!
Yes, yes; the devil he must beat is
not alone the German;
Another demon dwells at home and
needs his little sermon.
This demon is Indulgence, who, in
spite of all the sages,
Is always on the watch to waste the
margin of our wages.

"My folks has been a-tellin' me," says
good old Uncle Sam,
"I'm with two fifty billions; and I
reckon that I am.
And they was also tellin' me, and
seemed to make it clear,
I take in forty billions—or about that
—every year.
And yet I'm such a reckless cuss I'm
headed for Distress
Unless I make my income more, and
make my outgo less."

Now Sam and Tom are talking
straight; for every tax and loan
Cannot be bled from turnips or extorted from a stone.
These billions are not stored and
stacked, nor are they running loose;
They come by saving billions from
the billions we produce.
So my friend Tom becomes your
friend and Uncle Sam's adviser;
To win the war, let's lick the plate,
and then we'll lick the Kaiser!

Suppose I owned a gold mine and
could scoop the stuff in tons;
I couldn't find one soldier or give one
charge for the guns.
But if I save a loaf of bread, or
Hooverize the [illegible]
[illegible] somebody else a better [illegible]
they'll grow there, all unheeded,
Till Uncle Samuel asks for them the
next time that they're needed.

I may not own a factory and run it
night and day,
But I can have the old shoes patched
I used to throw away;
I may not own a dairy herd, or yet a
single head,
But I can eat a little less of butter on
my bread.
And, though I once was weak on
styles, I'm now a little stronger;
The new coats may be long or short
—I'm wearing old coats longer.

Your doctor thinks you smoke too
much. Don't ask him his advice,
But save his fee and also save your
smokes—a pretty price.
Your car drinks too much gas; so let
it rest in its garage
And ride the "civic chariots"—a pleasing camouflage.
For each must have his margin by
the use of some divisor
We've got to learn to lick the plate,
and also lick the Kaiser!

So, comrade, you're conscripted for
the Old Guard of the Home;
You're helping all the Allied Cause
from Washington to Rome.
You're the Maker-of-the-Margin; and
each simple thing you do
Makes it less or makes it larger; so
it's plainly up to you.
So here's the job; it's personal, and
you're its Supervisor—
You learn to lick the platter and you
also lick the Kaiser!

COULD DO HIS BIT

The sergeant-major had trouble in finding an accountant for his captain, but at last brought in a private for trial.

"Are you a clerk?" demanded the captain.

"No, sir," replied the man.

"Do you know anything about figures?" asked the captain.

"I can do a bit," replied the man.

"Is the best man you can find?" asked the officer.

"Yes, sir."

"Well," growled the captain, "I suppose I'll have to put up with him!"

Turning to the private, he snapped: "What were you in civilian life?"

"Professor of mathematics at the State college, sir," was the unexpected reply.—The Tatler.

IS FARMING A BUSINESS?

Article by Clayton L. Long Lake County Agricultural Agent.

By Clayton L. Long, Lake County Agricultural Agent.

Is farming a business? Today the farmers are answering this question emphatically, for the successful financial operation of a farm presents more complex problems and calls for more business and managing ability than ever before. While agriculture is one of the oldest of industries it is one of the last to become established on a business basis. In the past the farm has been practically a self sufficing unit. That is, nearly everything grown was used directly by the family or traded at the store for necessities that could not be raised. Today only about one-fifth of the products of the farm is used directly by the family. The facts then face us that the farmer in buying and selling his products in the world's markets has come into competition not only with other farmers in all parts of the country but also has become dependent upon the manufacturer, the merchant, the railroad and many other industries. At the present time he is competing with the cities for his labor and feels this competition keenly. To meet these changing economic conditions it is necessary that fearmers both individually and as a community view their farms as a business enterprise.

BEFORE THE WAR

Lord Northcliffe at a Washington luncheon was talking about the British premier.

"Mr. Lloyd George is the idol of the nation now," he said. "It is hard to believe how unpopular he was, at least among the Unionists, once.

"Among the many stories circulated about Mr. Lloyd George's unpopularity at that time there was one which concerned a rescue from drowning.

"The heroic rescuer, when a gold medal was presented to him for his brave deed, modestly declared:

"'I don't deserve this medal. I did nothing but my duty. [illegible] friend here struggling in the [illegible] I knew he must [illegible] and saved him [illegible]

WORK OF RED CROSS IN FRANCE IS IMMENSE

Washington, Nov. 5—In response to a request from H. P. Davison, chairman of the Red Cross War Council, a complete report on the work the American Red Cross is doing in France has been received by cable from the Paris headquarters, and was made public today in part as follows:

"We have just completed a gift of 5,000,000 francs ($1,000,000) to needy sick and wounded French soldiers and needy families of soldiers. We have established twenty dispensaries in the American Army zone for the resident civilian and to improve health conditions in that section before the coming of our troops. We are providing a dental ambulance at a port in France for the use of our soldiers and sailors, and have organized a nurses' service for American army use.

"Our hospital distributing service sends supplies to 3,423 French military hospitals; and is laying in a large stock for future needs; our surgical dressings service supplies 2,000 French hospitals, and is preparing immense supplies for our own army.

"We are operating at the front line, in co-operation with the French Red Cross, ten canteens, and are preparing to establish twenty more. We are operating six canteens for use of French soldiers at important railway centers, where we serve about 30,000 soldiers a day, and are planning many more. In Paris canteens, operated by us with the French, we are serving enormous numbers of soldiers as they come and go. We soon expect to have ready twelve rest stations for our own troops at important railway centers, also recuperation camps at suitable places for many of our soldiers.

"We are providing an artificial limb factory near Paris, and special plants for the manufacture of splints and nitrus oxide gas. We have contracted for a movable hospital in four units, accommodating 1,000 men.

"We have opened a children's refuge and hospital at a point in the war zone where several hundred children have been gathered to keep them away from danger of gas and shell fire. At another point among the wrecked villages we have established a medical center and a traveling dispensary to accommodate 1,200 children.

"We have undertaken extensive medical work for the repatrie children at Evian, about 500 of whom are daily returned from points within the German lines. We have also opened a hospital and convalescent home for these children at Evian, where we are also operating an ambulance service for the returning repatries, who are now coming in at a rate of 1,000 a day. We are about to establish infant welfare stations in connection with each dispensary in the nation-wide system planned by the Rockefeller foundation.

"We have taken over and are carrying on and developing an extensive tuberculosis work formerly in charge of Mrs. Edith Wharton and other Americans. We are completing for the French, an unfinished sanitorium near Paris, and are adding to the barracks erected by the city of Paris. This means adding 1,000 beds to those now available for tuberculosis patients. We are organizing a comprehensive health center in one of the departments of France.

"We are making arrangements on a large scale to help refugee families through the winter with clothing, beds, and shelter, and for this work the entire devastated district of France has been divided into six districts, with a resident Red Cross delegate in each, and warehouses have been established at four points, to which are shipped food, clothing, bedding, beds, household utensils, and agricultural implements.

"We are carrying on repair work in four villages in the devastated region, to enable returned families to stay throughout the winter. We are co-operating with French agencies in various kinds of relief work in the principal agricultural centers in the devastated region, and are supplying portable houses for the use of the families which have returned to this region. We are providing barracks to assist in the work of training disabled soldiers, and we expect to establish for them experimental agricultural stations.

"We are organizing extensive work for relief of Belgians, both children and grown people, and in this connection we are establishing warehouses near the Belgian front in order that we may be liberated by a change in the fighting line. We are aiding the queen of Belgium in her work for the children, and we are assisting in the support of hospitals and other work for relief of Belgian soldiers. In addition, we are bringing a certain number of children from occupied Belgium into France, where they may be cared for.

"To enable us to carry on our work we have established large central warehouses at important points from the sea to the Swiss border. In these warehouses will be stored hospital supplies, food, soldiers' comforts, tobacco, blankets and household goods, kitchen utensils, clothing, beds and other articles for relief.

"Two hundred tons of supplies are arriving in Paris daily, and 125 tons are being reshipped to various branch warehouses. Our total warehouse capacity is 100,000 tons and the warehouse personnel at present numbers 325 men, many of whom are volunteers—American men of education and business training not eligible for military service.

"Our transportation department with a personnel of about 400 handles our supplies and furnishes automobiles for use in our work. It has an organized force at every port in France and is able to handle about 350 tons of supplies daily.

"We use 400 motor car vehicles, 250 of which are trucks of various sizes. In addition we are preparing to operate a motor bus line through Switzerland from Germany to the French border to aid in transportation of repatries and exchanged prisoners."

"I'm surprised to find you working over a gun," commented the gentle stranger at Crimson Gulch.

"Well," replied Broncho Bob, "Three-finger Sam is on a rampage and he has dropped something that [illegible] is particularly uneasy."

"But you ought to be an optimist."

Not Merely a newspaper BUT a NEWS-paper.

TWENTY-FIFTH YEAR—NO. 48. WILLOUGHBY, O., JANUARY 4, 1918. ONE DOLLAR A YEAR IN ADVANCE.

THE WILLOUGHBY REPUBLICAN RECEIVES A CAR OF COAL FOR DISTRIBUTION

The Willoughby Republican has had shipped to Willoughby a car load of coal.

This car of coal was secured through a friendship of long standing between Bert Bryant, publisher of The Republican, and an East Cleveland coal man.

Believing that this shipment would be most opportune at this time, the Republican is very glad to offer it to Willoughby users, who are in need of coal, as long as it lasts.

The Republican will make no profit whatever upon this coal.

The car number was turned over upon shipment to J. H. Smith, local coal dealer, who will handle the matter and make all deliveries.

Orders should be placed at once with Mr. Smith, asking for The Willoughby Republican coal.

We are very glad to take advantage of an opportunity that will supply any Willoughby user with needed coal at this time.

TIRE COMPANY CONSIDERS WILLOUGHBY LOCATION

Rumors have been afloat the last few days in regard to the locating of another tire company in Willoughby, locating in the Ben Hur plant.

The plant contemplating the purchase of the Ben Hur plant is the Kendall Tire & Rubber Co. of Massillon. A talk with the general sales manager of the company, Mr. Gibson, elicited the information Thursday that a $2000.00 option had been taken upon the plant. He stated that there was practically no question but that the sale would be consummated.

The company was originally incorporated for $500,000.00, and a vote was taken making the re-incorporated company's capital a million and a half.

In the event that the plant is taken over work of installing the machinery would begin at once. Mr. Gibson stated that about 200 men would be employed.

John D. Fackler, attorney for the Ben Hur receivership stated that the option taken did not expire until January 17th, and until that time he did not care to make a statement.

It would appear from all present indications, however, that the plant will undoubtedly be purchased and that the Kendall Co. will locate here.

GOODHOLD FARM TO BE SCENE OF NATIONAL TRACTOR SHOW

An event of interest and importance to local farm owners will occur next August when the national exhibit of tractors takes place. The Cleveland Chamber of Commerce secured the exhibit for that city, but the headquarters and main exhibition will be at the Goodhold farm on Mentor avenue. The largest and most important tractors will be sent to Cleveland. Farmers in the vicinity of the Goodhold farm have been invited to have their lands plowed by the tractors at the time of the exhibit. About two hundred and fifty acres have been offered so far.

MADAME HUARD SPEAKS IN BOSTON — COAL IN FRANCE $78.00 PER TON—SUGAR ALLOWANCE ONE POUND PER MONTH!

(A Letter From Our "Boston Contributor")

Dear Editor: You heard Mme. Huard in Willoughby—isn't she charming? The Women's City Club had such an enormous turnout last night that [illegible] hall was overflowed and on quick notice was adjourned to Ford hall, and even that, and it seats a thousand, was full. Mme. Huard has just arrived in the U. S. and is collecting funds for her hospital in Paris. It has accommodations for 100 men and costs [illegible] coal at $78 a ton in France. I hardly see how they do it for that sum. [illegible] in Paris (and not for the [illegible]) [illegible] person to one pound a month! [illegible] Asked whether she needed [illegible] for her hospital, Mme. Huard [illegible] pharcally, [illegible] sheets, [illegible] bandages [illegible] the staff of the hospital [illegible] penny of pay. Madame's chateau is now used as a barracks. It was abandoned for use as a hospital when part of it was destroyed by German shells, and she now [illegible] the maintenance of this hospital in Paris. She told of meeting [illegible] American soldiers in Bordeaux. There were 20,00 there on October [illegible] and asking if there was anything she could do for them. It had been raining for two weeks then, some of the rainy weather of France, and one replied, "Ask God to turn off the water."

Mme. Huard most strongly urged those who entertain the hope of a revolution in Germany to end the war to abandon such ridiculous ideas and get down to work and help to end the war sooner, but she made no mention whatever of a speedy end, and is quite in accord with John R. Mott, who has been speaking here this week in Y. M. C. A. interests, that the end is far off.

MANY ECLIPSES OCCUR THIS YEAR

Many people missed the total eclipse of the moon last week, owing to the fact that it occurred about 2 a. m., and the night was cloudy. 1917 was a year of seven eclipses. The 8th of next June there will be a total eclipse of the sun. The number of eclipses that occurred this year will not happen again until 1956.

PAINESVILLE MAYOR ENDORSES WAR STAMPS

City of Painesville
Office of
E. G. Huntington, Mayor
Painesville, O., Jan. 2, 1918.

War savings stamps offer an unusual opportunity to the loyal and patriotic citizen to loan his money and savings to his country, at a rate of interest that as a business proposition makes it attractive, and at the same time offering absolute guaranty that money and interest will be promptly paid.

This guaranty is the faith, honor, credit and promise of the richest nation on earth, backed by every bank, railroad and asset of this, the wealthiest country in the world.

Very respectfully,
EDWARD G. HUNTINGTON,
Mayor City of Painesville, Ohio.

PRESBYTERIAN CHURCH HAS NEW FURNACE; ALL THEY NEED IS COAL

Among the furnace installations recently completed by R. D. Quinn was one for the Presbyterian church, where the ordinary system of pipes used in private dwellings had to be decidedly modified. The new system is guaranteed to keep the building warm regardless of outside temperatures, and after last Sunday's test there seems to be good reason for believing that it will live up to the guarantee, provided there be coal to feed it.

RED CROSS BENEFIT BASKET BALL GAME

The Royals of Cleveland and the Willows of Willoughby, will play for the benefit of the local Red Cross chapter Saturday night. Every one should turn out and see the game, cheer the boys and help the Red Cross. Season tickets will be passed at the door, but all other admission money received will be turned over to the Red Cross.

The Willows are anxious to have the fund as large as possible and a crowded gymnasium is what they are hoping for.

MANY SCHOOL BOARD MEMBERS CONCLUDE TERM WEDNESDAY

Nine members of the school board concluded their terms Wednesday. Those in Willoughby were S. D. Shankland, Dr. Urania Chesbro and A. Fickes. In Willoughby township, N. A. White, John Langshaw and J. W. Fuller. In Kirtland, the members whose terms expired included F. P. Freshley, N. P. Crawford and J. A. Becker. The retiring members on the township board have been in service about 25 years.

Roy Webster was installed as chancellor commander at the K. of P. lodge Wednesday night, succeeding Mayor Carmichael in that office. A detailed account of the installation of the officers will appear in our next week's issue.

WELL! WELL! CLEVELAND ADMITS IT: THEY HAVE TO HAVE THE BEST

In the Plain Dealer's issue of December 28th, W. R. Rose writes as follows:

The Pride of Willoughby.

Cleveland's little neighbor, Willoughby, is a trifle too far to the east to be considered a suburb of Ohio's metropolis, and yet is connected by many close ties to its big municipal brother.

For instance, the Willoughby Republican asks in its latest issue, "What would Cleveland do do for club presidents if it wasn't for Willoughby?" and then goes ahead to show why the question is a perintent one.

For instance, there is that Willoughby resident, Charles A. Otis, who has been president of the Cleveland Athletic club and is now president of the Cleveland Chamber of Commerce. Then there is Dr. John H. Quayle, president of the Cleveland Automobile club. The president of the Cleveland Woman's Press club is Mrs. Cora Gaines Carrel of Willoughby, and the president of the Willowick club, which is very largely a Cleveland organization, is L. W. Penfield.

The fifth president claimed by the Republicen is Sidney S. Wilson, former mayor of Willoughby, and now president of the Cleveland Advertising Club, which is widely considered the country's leading organization of its character.

This is a good showing, and Willoughby is justified in taking pride in it. Cleveland has grown so big and cosmopolitan that it is quick to utilize the best material it can secure from Willoughby or elsewhere.

WILLOUGHBY BOOSTING COMMITTEE

Willoughby business men have had a good year according to all reports. The Republican will feature a business men's edition in the near future. Boosting the home town and asking and shetting its advantages will be the features of this issue. Watch for the Willoughby boosting edition.

TOTAL RED CROSS MEMBERSHIP IN LAKE COUNTY; WILLOUGHBY MAKES FINE SHOWING

Lake county now has a Red Cross membership of 6,099 not including the Junior Red Cross, which is still being organized. New names added to the Red Cross by the Christmas drive total 3153. The county secretary's report by towns, December 31, was as follows:

Painesville	1785
(Including [illegible] Fairport)	
Willoughby	280
Wickliffe	147
Leroy	70
Concord	26
Mentor	191
Kirtland	105
Schram District	26
Perry	281
Madison	395
Unionville	81

Gifts to the Red Cross during the [illegible] amounted to $11.85, donated in amounts from 2 cents to $5.

During December the Schram District made two donations of $25 each to the Lake county chapter.

A shining example of what determination will do is evidenced by the Perry report. A Perry woman said before the drive: "I just know we can get one more member in Perry." Other Perry women did not agree with her. Perry got 281 new members.

Can Willoughby get 1000? Of course!

LETTERS FROM THE SOLDIERS—WARD SMITH WRITES FROM PANAMA

The Republican has been fortunate in having letters from the soldier boys sent in, but unfortunately, has lacked space to publish. Here is an interesting one from Ward Smith:

Corozal, C. Z., Oct. 31, 1917.

My Dear Uncle:

I received your very welcome letter today and was sure glad to hear from you. Army life is going on about the same and is keeping us all busy. Last Saturday we had stripped saddle inspection with all arms out on the drill ground. We all had to turn out in our best clothes, all our equipment shining and the horses in the same manner. The four troops of cavalry all passed in review of the squadron commander.

WAITE HILL RESERVES 40 SEATS FOR WILSON'S FAIRY PLAY. SPLENDID SHOW IS GIVEN.

"The Fairy and the Waif," given as the S. S. Wilson Co.'s annual play and Christmas treat to local folks, proved to be a delightful attraction. Waite Hill folks telephoned for reservations for forty Saturday.

The play is a splendid one, enjoyable for all the little folks and big folks; and if there is anyone who has become so grown up that they don't enjoy a fairy tale, they were certainly not in evidence at the matinees Friday or Saturday. This play establishes a delightful standard, and it is pleasant to know that these fairy tales are to be annual contributions by the Wilson Co. to the pleasure of the holiday season in Willoughby.

A LETTER FROM MAYOR HUNTINGTON

We are in receipt of the following letter from Mayor Huntington of Painesville:

The Willoughby Republican,
Willoughby, O.

Gentlemen:—Permit me to take this opportunity to compliment you upon the strong interview between Joe Mitchell Chapple and E. H. Cottrell on American inventions contained in your publication under date of Dec. 28th, 1917.

This interesting and patriotic comparison of American and German efficiency is one that I wish could be read by every patriotic and loyal person in this country and by all school children that a better understanding might be had of the real merits of the so-called German efficiency and kulture.

With the compliments of the season and very best wishes I remain,

Respectfully,
EDWIN G. HUNTINGTON.

We still have some of the issues of the Republican containing this article on "German Efficiency" and American inventions, should any one who overlooked it, desire a copy, or wish to pass the article on to others.

CHURCHES CONSERVE COAL BY HOLDING UNION SERVICES

Beginning next Sunday evening the churches around the Park will hold services at the regular hour for evening worship. With the scarcity of coal so keenly felt as it is this winter, any saving of fuel is a work of patriotism and humanity. While the union plan was adopted to conserve coal there are good reasons for hoping that the change may prove of decided benefit to the churches and the community. In every sphere the demand for harmonious co-operation is imperative and the various religious denominations and organizations while maintaining their individuality are learning how to work in utmost harmony wherever patriotic service is needed. If the churches can co-operate at the front, why not at the home base? Anyhow, it's being done in Willoughby and we invite you to come and enjoy the services with us. Come and lend your encouragement.

Next Sunday evening at 7:00 in the Presbyterian church. Sermon by Rev. F. H. Randall of the Christian church. Special music by the choir, and a pleasing introduction on the organ, including Beethoven's "Minuet in G" and "Evensong" by Johnston.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

LETTERS FROM THE SOLDIERS

Continued From Page One

First we all lined up, drew sabers and went through the saber drill, then we walked past the officer in columns of platoons at a walk, then at a trot, ending up at a gallop with drawn sabers, and it was sure a pretty sight to see over five hundred horses in a line moving like one without a break.

Today being the last of the month, we stood muster and of course it had to be full pack, so it was up to us to go down yesterday afternoon and shine up everything again, also pack our saddles, which is some job, as you may know.

We went out to the drill grounds and went through the same performance that we did Saturday, and the weather was so hot that two horses gave out and one had to be killed.

I would surely like to get home for a couple of days and see every one but I think the war will be over soon, then we can all get a long furlough.

It is very nice of you to ask me what I would like you to send me, but I really don't know of a thing as we don't get a chance to need anything, but I want to thank you just the same for your kind offer.

We have been busy down here buying Liberty bonds and I have taken three of them, which is half of my pay and will be taken out each month for ten months, then we will get the bonds.

I thought it about the best way to save some money as I knew I would need it more when I got back in civilian life.

The soldiers on the canal gave over a million dollars, which I think is pretty good for this small place.

There isn't much news, as I have not been around very much, but have stayed in quarters most of the time.

I suppose Dan will be in France before long, and I would like to go myself but it looks doubtful if they will take us away from the zone.

Well, I will have to close as it is nearly time for lights to be out.

WARD SMITH.

JOSEPH McCARTHY APPOINTED TO TAKE CARE OF WAR CAMP FUND FOR KNIGHTS OF COLUMBUS.

[illegible] Council of the Knights of Columbus has made all plans for a campaign, beginning January 6th and continuing one week, to aid the War Camp fund of the society. Soon after the beginning of the war the Knights of Columbus was given the same official recognition by the government [illegible] Y. M. C. A. [illegible] the Y. M. C. A. Several buildings have been erected by the K. of C. at each training camp, secretaries are in charge of these centers and the work is in full swing.

The newspapers throughout the country have not been slow to recognize the value of this work. "The War Department has paid the Knights of Columbus a splendid testimonial for its efficient service on the Mexican border during the trouble last year," says the Detroit Times, "by having called upon the organization to join with the Y. M. C. A. in the present war, in the establishment of social, recreational and religious centers for the soldiers. The country already owes the Knights of Columbus a deep debt of gratitude." The Dayton News says, editorially, "The attendance at these buildings, the entertainment and recreation that are provided, the approval which is expressed by the cantonment commanders and others and the appreciation of the men for whose benefit this work was undertaken, afford unmistakable proof of the excellence of the service the Knights of Columbus are rendering."

To carry on this work money is, of course, necessary. To do their bit in helping the work Painesville Council of the Knights of Columbus will put on the campaign next week. Pledge cards similar to those used by the Y. M. C. A. will be employed. This really meritorious work ought to have the support of every loyal man and woman who has the interest of our soldiers at heart.

For the convenience of Willoughby people the committee in charge has designated Mr. Joe McCarthy of Willoughby to accept contributions to the fund.

"Owning a home," says Albert W. Atwood, [illegible] authority in "How to Get Ahead," "is by no means solely a financial proposition. WHAT THE THRIFT STAMP PLAN MEANS FOR A COMMUNITY

Thrifty and saving communities are invariably liberal supporters of trade and commerce. Persons with deposits in banks prefer paying cash to asking for credit. Extravagance in the time buyer usually leads to penury. The average merchant would rather have the cautious customer who pays cash. Hoarders are actually enemies of society. They help no one. It follows then that the education of people to become systematic savers of their surplus income [illegible] cial.

Immense [illegible] tificate and thrift stamp [illegible] government [illegible] flict. It is designed [illegible] States. The well-to-do people do not have to be taught thrift. It is because they understand [illegible] But the system will reach [illegible] who have never known a savings account and do not understand banking. Interest is a mystery to them. When urged in England, from whom it is copied, the thrift stamp plan was opposed by the bankers, merchants and small tradesmen, who thought that the appeal to give up comforts and luxuries would spell loss to them. They were genuinely alarmed. After sixteen [illegible] in that war torn, sorely taxed and highly assessed country, it was found that $500,000,000 had been deposited in the form of war certificates.

Marvelous to relate, every postal bank, the other savings banks, the building and loan associations and other co-operative societies almost without exception showed record increases in their deposits. Those responsible for their management are now hearty workers for the war savings movement. Bankers see in the plan the steady educating of a mighty new army of future clients of savings institutions. On the other hand these vast amounts of money promptly found their way back into circulation through the great operations of the war, thus stimulating business and causing trade to thrive. Tradesmen generally report larger cash sales and firmer buying, the sureness flowing from the ability to pay based upon a savings account. There are experts who predict that the system eventually will transform the English working people from spendthrifts into a class of careful saving folk like the French. The effect thus far has been magical. Of the 110,000,000 certificates deposited in 16 months only 1,500,000 have been cashed and more than 500,000 of these were presented for redemption in January and February last for the purpose of taking up the five per cent war loan.

There are five million members of the [illegible] war savings societies in England and Scotland. It is no exaggeration to say that the present United States system will produce six times that number [illegible] which [illegible] count.

Hippodrome

[illegible] Keepers." Mr. Kelly has met with universal success in this well written playlet. Kate Elinor who had her own show last season will appear with Sam Williams in a new eccentric comedy offering. Miss Elinore has a style distinctly her own as all vaudeville patrons will remember. Marie Fitzgibbens is a plump story teller and singer of funny songs. Lavier, the flying monologist, will present a thrilling routine and there will be numerous other all star features on the program to be announced later.

Standard Theater

Week of Jan. 6th the Standard theater will present the screen version of the great stage success, "Today," starring Florence Reed. It is a stirring story of a woman's struggle to force her husband to obey her despite a financial failure which crippled his whole career. This production is noted for its wonderful scenes such as the mammoth New York cabaret, the hula hula dance by good artists, the wonderful acting of Miss Reed, as a wife leading a double life, and thousands of other scenes too numerous to mention, and a climax and ending that will never be forgotten.

Prospect Theater

"The Story of the Rosary," coming to the Prospect theater next week is a play which brought to America direct from the Prince's theater, London, where it ran for one solid year, elicited enthusiastic metropolitan comment as the finest, best written and best acted melodrama seen in America in ten years.

The scene of "The Story of The Rosary" is the continent of Europe. The country is nameless, but it might be any one of the nations now embroiled in war. Two soldier-sweethearts, Philip Romain, a crafty, wealthy captain of infantry; and Paul Rosaan, a captain of infantry, but frank [illegible]

Colonial Theater

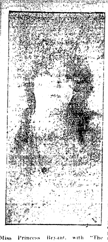
"So Long, Letty," musical farce, is at the Colonial, and it's a laughing show all the way. The lyrics are draped gracefully about Elmer Harris' farce, "Your Neighbor's Wife," and it happens to be one of the few musical shows with a real plot and a good one. "So Long, Letty" has a notable record, which includes twenty weeks in New York, eleven in Philadelphia, twenty-six in Chicago and one forgets how many on the coast, where Oliver Morosco made the original production two years ago. It is new to Cleveland. Charlotte Greenwood, who is a real comedienne and who can dance, heads the cast.

Empire Theater

"The Aviators," hold the Empire stage next week with two lively burlettas, and a lot of vaudeville specialties for good measure. The program promises well. "Aloha," a whirlwind dancer has a number which has the best of notices and Scranton, Bell and Scranton, a high wire act full of thrills and action. There's a big chorus, too, lots of comedy and dance and song, and a big production.

Star Theater

"The Sporting Widows," big burlesque, is at the Star next week. Harry Cooper, comedian, heads the troupe, and he has a lot of good company. Savo, "nut juggler," is along and Brena Mack, Irene Meara and Ruth Denice, Jack Strouse and Frank K. Cook are in the troupe. There is a chorus of twenty-four, singing and dancing all the way, and pretentious stage equipment. If you like burlesque "The Sporting Widows" should score.



Miss Princess Bryant, with "The Story of The Rosary," at the Prospect Theatre, Cleveland, Next Week.

Opera House

"Miss Springtime," musical comedy, with score by Emmerich Kalman, book by Guy Bolton and lyrics by P. G. Wodehouse is the Opera House attraction next week. It's a Klaw and Erlanger production, and a very pretty one. George MacFarlane, operatic baritone; Elsie Alder, prima donna and John Hazzard, comedian, head the cast. The lyrics and the action are hung on an old home week celebration in an old world village, which is staged in very American style. "Miss Springtime" spent last winter in New York and will be new to Cleveland [illegible]

Miles Theater

Singer's "Midgets" [illegible] people [illegible] acrobatic tricks and [illegible] comedy [illegible]

[illegible] Carlton's Monkey Circus is [illegible] with an act especially entertaining to please the children, and Marco [illegible] brothers have a strong [illegible] act. A Fatty Arbuckle comedy is featured in the photo play part of the program.

Priscilla Theater

"On the Atlantic," musical comedy with a lot of unusual scenic features, has headline honors on the Priscilla's vaudeville bill next week. It's a big tab, with fifteen in the cast, and an excellent record. Other acts are those of Joseph Remington, "The Millinery Salesman;" Baker, Tripp and Allen, "aviation hatters;" Bandy and Fields, singing comedians; Haley and Haley, Italian comedians; Martin and Courtney, "rubes." The photo play feature is the eigth episode of the "Mystery Ship."

RETIRED MERCHANT DIES

Was Member of Dry Goods Firm for Many Years.

Henry C. Miller, who died Saturday at his home in Painesville, was for many years a member of the dry goods firm of Strauss Bros. & Miller on Euclid avenue and a director of the Sttae Banking & Trust Co. in Cleveland.

He was born in Cleveland and lived there until he retired from business about fifteen years ago and went to live in Painesville. He was identified with a number of important real estate deals in Cleveland.

Mr. Miller, who was 70 [illegible] a widow and one daughter, Mrs. Daniel Sullivan of Pasadena, Cal. Funeral services [illegible] Monday in Painesville.

BEAUTIFUL LAMPS FOR THE HOME CUT 50% IN PRICE

The Geo. H. Bowman Co., 224-26-28 Euclid avenue, Cleveland, is now conducting an after Christmas sale on lamps that will save the lucky purchaser all the way from 25 to 50 per cent.

The array is so extensive and wonderful to choose from that every desire may be gratified both as to design, beauty and price. But the really outstanding fact is the matter of cost with every household commodity soaring, it is a distinct relief to find that there is one home essential that can be bought at far less than the original sale price. That is just what this remarkable after holiday reduction sale means, and every woman should avail the opportunity to "light up the home" with these artistic lamps—lamps for every known use or purpose. Many of them are floor samples and sold regularly at $65, now as low as $35.00; others at $60, reduced to $37.50; some at $30, now $25.50.

These figures are merely cited to give an idea how "deep" the cutting has been done.

Buyers may select their own combination of silk shade and mahogany base for the lamps.

This enterprising firm is also offering Haviland Fancy China at half price, the beautiful assortment including Chocolate Sets, Fancy Teapots, Cups and Saucers, Plates, Sugar and Creams and Relish Dishes.

Prices have also been slashed in odd pieces of Pyralin Ivory Sets, including Louis XVI and Nippon Japanese Patterns. There are Hair Brushes cut from $1.75 to $1.25, Mirrors from $2.25 to $1.50; Manicure Sets, $2.50 to $2.00. In fact, anything may be had in this line that will make the lady's dresser complete in every detail.

THE MAY CO. IS NOW SELLING SOCIETY BRAND CLOTHES AT NEAR 50 PER CENT REDUCTION

Every six months the May Co., Cleveland, makes an event of its cut sale of Society Brand Clothes without doubt the most up-to-the-second male garments on the market.

For instance, the regularly priced $35 to $50 single and double-breasted suits, of the very latest design, are now on the counter at $28.75 and $32.75 respectively.

And the overcoats are both single and double-breasted, in Chesterfields, Ulsters, Great coats, auto and storm coats. They are in plain fabrics, friezes, [illegible] meltons, [illegible] from the looms of England, Ireland, Scotland and France.

There is every color and all sizes, for young and old.

No man can enter the May Co. store in quest of a suit of clothes or an overcoat and make his exit other than being satisfied as to the quality [illegible]

Didja Ever?

Didja ever start out in the morning after news, and you'd made up your mind that you were going to get out the best paper of the whole week and everywhere you went they told you there was absolutely nothing doing, that there weren't even anybody taking the cars for Cleveland, and even the court house failed to furnish any matter for a story, and you had the blues something awful, and you were just ready to go back to the office and get out the punkest paper ever and the fire bell rang, and the fire engine smashed into an automobile in turning a corner, and a policeman came running up the street yelling "Stop, Thief!" and a runaway horse stepped on a fat woman down on another corner and the Cleveland car failed to take the curve and came down through the park and someone yelled "Murder!" right behind you and you got 'em all and came back to the office with your pocket crammed full of copy. "Oh, boy! Ain't it a g-r-rand an' glorious feelin'?"—The Painesville Telegraph.

Necessities

Nothing is more necessary today than a satisfactory banking connection.

These unusual times have caused some heavy financial burdens. Such burdens we are helping our customers to carry, whether these necessities be large or small.

What may seem a luxury to you today may be a necessity tomorrow. These times are uncertain. The foresighted are, therefore, opening banking accounts against a possible day of need.

Come in and let us both get acquainted. Ask for our booklet on "Banking by Mail."

WHEN YOU QUIT DRINKING—QUIT FOR GOOD

Don't take a chance on falling off the wagon this year. Quit for good. You can do it without the least discomfort, without any danger or any terrific struggle against the gnawing pangs of the poison of the hell that makes you "crave" more liquor. Thousands in Ohio can have made good on their resolves to quit drinking by taking the Neal Treatment. Three days of medical treatment (no hypodermics of any kind) and they hated the very sight or odor of alcohol. It made them stronger and more virile men, quicker thinkers, better all-around men. You'll be surprised to find how easy it is to quit drink the Neal Way. Come in any time day or night and we'll gladly talk it over with you.

Wishing and Regretting

Never Made A Dollar

A great many people "wsihed" they had invested in a certain Company after it had reached the stage of large earnings and always "regret" the fact that they did not invest that $100.00 at the time they had the chance.

THIS IS A COMMON FAULT

with a lot of people who remain poor all their lives. The reason is a very simple one. It is not so much the lack of brains, but the lack of use of them. These same people want money, enjoy its use, envy others who have it.

BUT

when an opportunity is presented to make it

THEY LOOK THE OTHER WAY

There is nothing mysterious or slight of hand about it when you invest in stock. You simply use ordinary horse sense. Follow this plan:

First—Is the product in demand?
Second—Is there a profit in the manufacture?
Third—Is the company well financed?
Fourth—Is the management capable?

SUCCESSFUL PEOPLE WITH MONEY

Never let an opportunity pass by without looking into it. They may not invest in them all but—They investigate thoroughly. Others "wish" and "regret." This company will make

DON'T WASTE HEAT

War times present abnormal conditions which call for the strictest economy all along the line.

Wastefulness in any form has no place in American life today. If our food supply is to be adequately conserved, it means that former luxuries must be discarded and that every one must give up something even to the point of sacrifice.

This Winter there will be an unprecedented demand for fuels of all sorts and with coal scarce we ask all users of Gas Service to cooperate with us by observing the greatest possible economy in the heating of your homes.

We ask that you use no more Gas Service than is actually needed to keep [illegible] healthful temperature, and during [illegible] extremely cold weather we suggest that the heat be confined to two or three rooms.

Bruggeman, if living, and the unknown heirs, devisees and personal representatives of John B. Bruggeman, if deceased, Defendants.

The above defendants, whose residences are unknown, will take notice that on the 24th day of December, A. D. 1917, the above named plaintiff filed a petition against them in the Court of Common Pleas of Cuyahoga County, Ohio, to quiet title and for equitable relief in regard to the following described property, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublot No. [illegible] in Gill, Brainard, Hower and Higbee's Allotment of a part of Original One Hundred Acre Lots No. 420, 421, 431 and 432 in said city.

Said sublot No. [illegible] has a frontage of 40 feet on the westerly side of East [illegible] street, and extends back of equal width 80 feet deep as per plat of said allotment recorded in Volume [illegible] of Maps, Page [illegible] of Cuyahoga County Records.

The petition further alleges that the plaintiff is the owner of [illegible] and in actual possession and occupancy of said premises, and that he and his grantor have had continuous, [illegible] for more than [illegible] years [illegible] John Gallagher [illegible] and personal representatives of John Gallagher [illegible] interest in the premises above described adverse to plaintiff by reason of a certain deed [illegible] by John Gallagher on June 19th, 1871, conveying the premises above described, to John [illegible] Brainard, and recorded in Vol. 200 page 356 of the Cuyahoga County Records; that in the execution of said deed there is no statement showing whether the said grantor is married or unmarried; the defendants, Mary A. Higbee, and cancelled of record by one J. K. Brainard, Attorney in Fact, whose authority as such, does not appear of record and which said mortgage was duly paid.

The defendants, John B. Bruggeman, if living, and the unknown heirs and devisees of John B. Bruggeman, if deceased, claim some title or interest by reason of the fact that when said John B. Bruggeman deeded the above premises, by inadvertence, he signed and acknowledged the deed conveying said premises, as J. B. The prayer of said petition is that the plaintiff's title in and to the above premises may be quieted as to all the above defendants and that they be forever barred from having or claiming to have any interest whatsoever in said premises.

Society Brand Clothes

The Suits are in smart single-and double-breasted models, some with detachable all-around belts. They fairly sparkle with every tailoring newness and refinement. Distinctive and original styles.

The fabrics include fuzzy vicunas, hardy tweeds, fancy serges, finished and unfinished worsteds and novelty herringbone effects—from the best foreign and domestic mills. The finest that looms make.

The colors are beautiful, whether striking or subdued—soft mellow browns, greens, blues, greys, and mottled reds. Wool never before showed such charming tones.

Many are quarter, half or full-lined with crackly silks specially spun, woven and dyed to yield the longest possible wear. Better silk linings cannot be had.

Sizes 33 to 42—for Young Men.

The Overcoats are single- and double-breasted Chesterfields—ideal for dress—Ulsters, Great Coats, Motor Coats, Storm Coats—every model that Fashion has given the pat of approval.

Patent beavers, kerseys, friezes, fleeces, Shetlands, Montagnacs, meltons—weaves from England, Scotland, Ireland, France and from the leading mills of our own country.

Colors run the whole gamut and every one has *staying* power—the quality that neither wear nor weather can change or fade. This is an important point for you to know.

These Overcoats are as perfect as Overcoats ever get to be. They invite the judgment of the severest critic. Not a flaw in the styles—not the fraction of a fault anywhere.

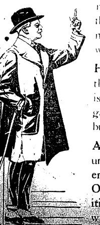
Sizes 33 to 42 for young men.

A Sale of 2350 Suits & Overcoats

Society Brand Clothes

Regularly Sold at—$35.00 to $50.00

Prices for This Sale—$28.75 and $32.75



If we were speculators instead of merchants we would quietly put these Suits and Overcoats away until next Autumn at which time they would fetch $40.00 and $60.00.

However, such action would defeat the purpose of this business, which is to permit the public to share in the gains secured through our power as buyers and sellers of merchandise.

Any other policy would be selfish, unfair—because all the power we enjoy is given to us by the public. Our store, our knowledge, our facilities, our capital would be useless without your patronage.

Since the real value of this business is derived from the public, it would be a mistake, or worse, for us to withhold any advantage from the public that we can divide with the public.

And so it is with unmixed pleasure that we begin the New Year by inviting men to come to our College Room and buy famous Society Brand Suits and Overcoats at $28.75 and $32.75 that are worth $35.00 to $50.00.

The foregoing is the plain straightforward, virgin gold truth of the spirit in control of The May Company. We can only hope to grow and prosper as we serve you better and better. That's what we are here for.

Mrs. Coulby spoke of the harmony that she thought should exist between the chapters, and the visit will probably result in more of a get together spirit and an interchange of ideas between all of the branches.

MAYOR CARMICHAEL SEES UNIVERSAL BENEFIT IN THRIFT STAMP HABIT

Willoughby, O., Jan. 7, 1918.

[illegible] government of which we all are a part, has outlined an excellent plan for the financial support of the war forces of the country.

In its wisdom and democratic spirit, it has developed a plan whereby we can all, regardless of wealth or poverty, become active in the present upholding of the armed forces of the nation.

It has simplified the details of the war savings stamp investment so that a little child may understand and become a subscriber to the fund, while the men of wealth can and should subscribe liberally to the loan, as a loyal, patriotic citizen.

There can be no greater, more responsible security than that given by the United States of America, which guarantees the payment of principal and interest, on its war savings stamps.

Aside from all patriotic motive, the money loaned will return an interest rate such as to make the investment especially attractive and absolutely secure.

The wise parent will take advantage of such a plan as offered, and start his children in laying a foundation for patriotism, thrift and methodical business habits.

Sincerely,
W. J. CARMICHAEL.

Mr. and Mrs. Jackman motored to Mentor Monday to visit their daughter, Mrs. Ralph Thompson, and to see the new baby, grand daughter, Ruth Marie.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened, we have taught school children thrift, we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day," we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the least possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

A THOUGHT FOR THE WEEK

"A LITTLE NEW YEARS' SERMON"

SELECTED FROM R. F. OUTCAULT

A life is not figured by the length of it. It isn't how long have you lived; it is how MUCH have you lived? Have you loved very much; laughed very much? Have you been so very happy, you had to burst into song? Have you made a lot of others happy? Well, then, you have lived. But if you crawled into your shell like a turtle, you may live a thousand years, and never have one day of joy. Let's start a Happy New Year. Let's enjoy every minute. Don't miss any laughs. Don't let any smile escape. The Lord loveth a cheerful giver. Let go of a few dollars with the smiles.

THROW AWAY OR GIVE AWAY YOUR LAST YEAR'S THINGS AND IDEAS AND GROUCHES.

Begin The New Year Right
Start A Home of Your Own
"Owing a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead, "is by no means solely a financial proposition. It is a business affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'pyschic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

IN MEMORY OF CARRIE BARSTOW

The following poem was written by George Barstow, for his wife, Carrie, who passed away recently. Mrs. Barstow was a sister of Mrs. Lucy Goodenough of the Kirtland Road:

He Bade Her Enter Home

Her trials of life are over,
Her work on earth is done,
For Jesus opened wide the door,
And bade her enter home.
She leaves to mourn her a mother,
A husband, kind and dear,
Three loving little children,
To do without her here.

Tonight the lights are burning low;
Tonight the hearts are sad
For it is true, she had to go
Where all the hearts are glad
Our brother mourns her sadly,
Our brother's heart is sore,
He'd give yes all most gladly
For her return once more.

O brother do not worry,
Her trials thro' life are done,
For Jesus loves her dearly,
And said "for her to come."
The time will fly so quickly,
The days thro' life go fast.
Then Jesus he will call you home,
To dwell with her at last.

Opera House

Starting next Monday night George Arliss and his supporting company will begin an engagement of one week at the Opera House in the new play, "Hamilton," which has won great favor this season in New York and Chicago. The drama is by Mrs. Mary P. Hamlin and Mr. Arliss himself, and it is declared by the majority of critics to be superior, in dramatic interest and in the opportunity that it affords Mr. Arliss for the display of his genius as a character actor, to, "Disraeli," which has stood up to the present time as Mr. Arliss' most successful vehicle.

Mr. Arliss' supporting company includes Miss Jeanne Eagels, Mrs. Arliss, Marion Barney, Hardee Kirkland, Carl Anthony, George Woodward, John Ravold, James O. Barrows, Guy Favieres and Dudley Digges.

The engagement includes a special priced Wednesday matinee in addition to the regular Saturday matinee.

Prospect Theater

Marion Fairley, a young and beautiful girl with wealth sufficient to gratify every whim, is, like Portia, beset with suitors. Unlike Portia, she is not bound by her father's will to accept the suitor who happens to choose the casket containing her photograph, whether she wants him or not. And so she exercises the prerogative of an independent American girl and keeps them on the string. One day something very strange happens. From the depths of a giant vase of ancient Babylonian manufacture appears suddenly, in the most unexpected and startling fashion, a mysterious personage, who compels her to undergo a strange and wonderful adventure. It is all so vivid and real, however, that one quite forgets that the "man of mystery" has anything to do with it. The story is told in "Turn Back the Hours," a thrilling and spectacular drama by Edward E. Rose, which is to be the attraction at the Prospect theater next week. Usual bargain matinees on Tuesday, Thursday and Saturday, with the popular New York dramatic star, Miss Mabelle Estelle in the leading role.

Miles Theater

Charles H. M[illegible] from his monthly trip to New York to book the vaudeville [illegible] for the month. Starting Monday [illegible] Jan. 14th, he [illegible] a wonderful bill to [illegible] the Miles. Murphy and La[illegible] who come with a great [illegible] offering with all new and up to date material and [illegible]. The next big feature on the bill will be "The Girl from Broadway," a company of twenty-five musical comedy artists, mostly girls with plenty of good comedians and a car load of special scenery and some wonderful electrical effects. The company is noted for carrying a car load of special costumes so that they do not appear on the stage twice with the same costume. To close this big midwinter show will be Margaret Wilson in "Without Honor," a Triangle photo play.

Empire Theater

"The Speedway Girls," playing The Empire next week, promises as fast and lively a burlesque show as there is on the circuit. Featured performers are Ed Rogers, John Black, Arthur Mayer and Charles Levine, Dolly Bunch, Sue Mitford and Marion Chase. There is the best of scenery and lighting effects, a big and pretty chorus, and a lot of riotous fun in the book. It should be a good week.

Colonial Theater

"Love o' Mike," intimate musical comedy which is comedy as well as musical, is the Colonial's attraction next week. Thomas Sydney wrote the book, Harry B. Smith, most prolific of music show writers, the lyrics, and the music is Jerome Kern's. The Shuberts and Miss Elisabeth Marbury are the producer. "Love o' Mike" has an excellent Broadway run to its credit and a successful Chicago engagement. It is fast and lively and [illegible] and the cast is an excellent one. George Hassell has the principal comedy role, and Clifton Webb, Quentin Tod and Gloria Goodwin [illegible] "Love o' Mike" should be a lot of fun.

Standard Theater

Mae Marsh in "Fields of Honor," will be the feature attraction at the Standard theater week of Jan. 13. The story is the version of the popular Saturday Evening Post story by the [illegible], by the celebrated American author, Irvin S. Cobb, and is a great situation created by the present war, here in America and in the [illegible]. The action on the screen shows the assassination of Archduke Francis Ferdinand of Bosnia that started the present war in Europe. The rest of the story is neatly [illegible] all the way through. Miss Marsh plays her best and [illegible] other great success. Marguerite Marsh, her sister, [illegible] as well as a cast of other noted artists.

Hippodrome

Patrons of B. F. Keith's Hippodrome will be offered one of the most remarkable programs ever seen in Cleveland, starting next Monday matinee.

The management has arranged to present the greatest aggregation of sensational headliners during the next few months and the opening bill next week will be the first of a series. By special permission of the War Department the prize band from Camp Sherman will appear with fifty pieces. This will be their last appearance in this city before leaving for France. The band will be in command of Captain P. H. Schaff and with Fred L. Weiler as director. The band will arrive Sunday. All the members of the band are residents of Cleveland.

Another sensational headliner will be Theodore Kosloff and his Imperial Russian Ballet. This is a spectacular production with special scenery and Mr. Kosloff's own orchestra. It has been a sensation in every city and was held over for two and three weeks in Washington, Philadelphia and Boston. Another sensational act will be "Married by Wireless." This is a nautical comedy featuring Queenie Williams and presenting a thrilling reproduction of a naval battle with submarines, transports and battleships.

Among the other acts will be Billy McDermott, the last surviving member of Coxey's army; Helen Trix and her sister Josephine. These girls have just the sort of act the patrons of the Hippodrome like so much. Johnny Johnstown, the champion long distance singer of the world, with a company of carefully selected entertainers, will be seen in a new comedy, "On the Shrewsburg." Olive Briscoe and Al Rauh with exclusive songs and chatter will make their first appearance in Cleveland for several years. Miss Briscoe has some very attractive songs. Among the other acts will be Alexander, O'Neil and Sexton with a blackface musical act and the wonderful Fantine troupe of acrobats. Robert Edeson will be the headliner for the week following.

WHY HE WAS NOT PROMOTED

He grumbled.
He watched the clock.
He was stung by a bad book.
He was always behindhand.
He had no iron in his blood.
He was willing, but unfitted.
He didn't believe in himself.
He asked too many questions.
His stock excuse was "I forgot."
He wasn't ready for the next step.
He didn't put his heart in his work.
He learned nothing from his mistakes.
He felt that he was above his position.
He was content to be a second rate man.
He chose his friends from among [illegible]
He never dared to act on his own judgment.
He did not think it worth while to learn how.

He tried to make "bluff" take the place of hard work.
He thought it was clever to use coarse and profane language.
He thought more of amusements than of getting on in the world.
He didn't learn that the best of his salary was not in his pay.—Chesapeake & Ohio Employes' Magazine.

KEEP YOUR LIBERTY BOND

The man who subscribes for a government bond, and is advertised as a patriot for doing so, is not a patriot if he immediately sells that bond on the market when he does not imperatively need the money. It is not mere subscription to a bond that helps the government; it is by actually lending money to the government and not by merely promising it and shifting the load to some one else that the citizen really helps in this great time.

There is no desire, however, on the part of the government to prevent or to interfere with the freedom of legitimate trading in government bonds—that is, trading in good faith.

THE ELEMENT OF HARMONY IN THE STANDARD "8"

A man looks for harmony in a pipe organ and expects to find it. He does not look for harmony in a motor car, yet it is the one most essential thing that he should look for.

Mr. L. W. Phillips, the Cleveland dealer for the Standard "8," located at 2027 Euclid avenue, gives this advice to those about to buy a car. "Do not buy a motor car merely because the price is low, nor because the price is so high that you consider it in itself a guarantee of quality. Look for what I call the element of harmony and quality from your motor car, the [illegible] important [illegible] of the [illegible] price.

CARING FOR SICK CHILDREN

The American Red Cross has just opened a children's dispensary in the garage in the Old Hotel Chatelet, at Evian, France, which is now the American children's hospital. The Evian hospital has seventy beds and although but recently established is already overcrowded with diphtheria, measles, scarlet fever and whooping cough cases.

The American doctors examine daily an average of five hundred children arriving at Evian from behind the German lines. They send the contagious diseases to the American hospital. An American dentist has opened a dental dispensary in the kitchen of the old hotel with a dental chair improvised from a wine barrel. In the first week of the American dispensary at Evian more than 2,400 children were examined. Of this number at least 1,900 were between the ages of three and thirteen years.

A THREE-PART SONG

I'm just in love with all these three,
The Weald and the Marsh and the Down countrie;
Nor I don't known which I love the most,
The Weald or the Marsh or the white chalk coast.
I've buried my heart in a ferny hill,
Twix' a liddle low shaw an' a great high gill,
Oh, hop vine yaller and woodsmoke blue,
I reckon you'll keep her middling true.
I've loosed my mind for to go out and fun,
On a Marsh that was old when Kings begun;
Oh, Romney level and Brenzett reeds,
I reckon you know what my mind needs!

—Rudyard Kiping.

OUR CREDIT AND OUR ARMY

We must realize that the government's credit is vital to the success of the war; that it underlies every activity. It is a sacred duty of every citizen, and it should be regarded as a glorious privilege by every patriot to uphold the government's credit with the same kind of self-sacrifice and nobility of soul that our gallant sons exhibit when they die for us on the battle fields of Europe. It is an impertaive duty to sustain the government's credit as it is to sustain our armies, because our armies can not be sustained unless the government's credit is always above reproach.

This under the Rose,
But it's true to the letter;
The Man thinks he knows,
But the Woman knows better.

PATRIOTISM

Patriotism doesn't necessarily mean to enlist in the army or navy and to go to the battle front where the fighting is hottest. That is patriotism in every sense of the word, but there is another form of patriotism for those who remain at home to care for the many commonplace duties.

To love our duty and to know that in the performance thereof, we are serving our country—that is also patriotism.—Nickel Plate Service News.

Everybody, at one time or another, feels run down, tired—physically and mentally. When you know your body and mind need refreshing, building up, get a few bottles of
BEVERA
Try it first—then get it by the box and have it at home at all times.
It is well known that the best Pearl Barley is strengthening. It is also a fact that Hops are a good tonic. Distilled water we all know is pure.
With these ingredients we make a drink, in a modern, sanitary manner, that is healthful and absolutely free from all impurities. Bevera is a non-intoxicating, pasteurized drink, in sterilized bottles, each one sealed airtight. Order from your grocer or druggist

CORN MEAL
The Reason Why
Our allies in Europe are argely dependent on us for food. We aim to send as much wheat and wheat flour as possible in preference to corn, because it can be more easily ground, distributed, and baked on the other side. The people there are not familiar with corn foods and are not properly equipped to prepare them. Corn is an American grain which we can easily substitute in part for wheat.

Necessities
Nothing is more necessary today than a satisfactory banking connection.
These unusual times have caused some heavy financial burdens. Such burdens we are helping our customers to carry, whether their accounts be large or small.
What may seem a luxury to you today may be a necessity tomorrow. These times are uncertain. The foresighted are, therefore, opening banking accounts against a possible day of need.
Come in and let us both get acquainted. Ask for our booklet on "Banking by Mail."

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the easterly ½ of sublot No. 198 in Jno. G. Jenning's University Heights Allotment of part of original Brooklyn Township lots No. 87 and 71, as shown by the recorded plat in Volume 1 of Maps page 15 of Cuyahoga County Records and being 33 feet front on the northerly side of Auburn Street and extending back of equal width 150 feet deep, as appears by said plat.

The petition alleges that the defendants, Melchior Zweifel, the unknown heirs and devisees of Melchior Zweifel, deceased, Henry Zweifel, the unknown heirs and devisees of Henry Zweifel, deceased, and the unknown heirs and devisees of George Zweifel, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on September 12th, 1869, by Charles Steinecke and Catherine Steinecke, his wife, then the owners of said premises, in favor of George Zweifel, which mortgage is recorded in Vol. 111, page 122 of the Mortgage Records of Cuyahoga County, Ohio, which mortgage is improperly cancelled on the Records of Cuyahoga County, Ohio, by "Jacob Holzwarth, authorized agent for Melchior Zweifel, heir of George Zweifel, deceased, and assignee of Henry Zweifel, his brother," but the petition alleges that no authority to act as such agent appears of record in Cuyahoga County, Ohio, that no assignment appears of record in Cuyahoga County, Ohio, from the said Henry Zweifel; that the records do not disclose who were the heirs of the said George Zweifel, deceased, and thereby a cloud is cast upon the plaintiff's title.

The petition alleges that the defendants, Philipp Mueller and the unknown heirs and devisees of Philipp Mueller, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on [illegible] 1876, by William Hartland and Frederike Hartland, his wife, then the owners of said premises, in favor of Philipp Mueller, which mortgage is recorded in Vol. [illegible] of Mortgage Records of Cuyahoga County, Ohio, which mortgage is improperly cancelled on the Records of Cuyahoga County, Ohio, by [illegible] to whom said mortgage [illegible] by Philipp Mueller [illegible] Mueller and [illegible] a cloud is cast upon plaintiff's title.

State of Ohio, Cuyahoga County, ss. In the Court of Common Pleas. Jacob Engel, Plaintiff, vs. John Gallagher, if living, and the unknown heirs, devisees and personal representatives of John Gallagher, if deceased; Mary A. Gill, if living, and the unknown heirs, devisees and personal representatives of Mary A. Gill, if deceased; J. K. Brainard, if living, and the unknown heirs, devisees and personal representatives of J. K. Brainard, if deceased; J. G. Higbee, if living, and the unknown heirs, devisees and personal representatives of Edwin C. Higbee, if deceased; John B. Bruggeman, if living, and the unknown heirs, devisees and personal representatives of John B. Bruggeman, if deceased, Defendants.

The above defendants, whose residences are unknown, will take notice that on the 21th day of December, A. D. 1917, the above named plaintiff filed a petition against them in the Court of Common Pleas of Cuyahoga County, Ohio, to quiet title and for equitable relief in regard to the following described property, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sub-lot No. 301 in Gill, Brainard, Hower and Higbee's Allotment of a part of Original One Hundred Acre Lots No. 423, 424, 431 and 432 in said city.

Said sub-lot No. 301 has a frontage of 40 feet on the westerly side of East 82nd street, and extends back of equal width 86 feet deep, as per plat of said allotment recorded in Volume 5 of Maps, Page 27 of Cuyahoga County Records.

The petition further alleges that the plaintiff is the owner in fee simple and in actual possession and occupancy of said premises and that he and his grantors have had continuous, open, actual, notorious and adverse possession thereof for more than thirty-five years next preceding the filing of his petition; and that the defendants, John Gallagher, if living, and the unknown heirs, devisees and personal representatives of John Gallagher, if deceased, claim some interest in the premises above described, adverse to plaintiff's rights, by reason of a certain deed executed personally, by John Gallagher, on June 16th, 1874, conveying the premises above described, to John B. Bruggeman, and recorded in Vol. 230, page 353 of the Cuyahoga County Records; that in the execution of said deed there is no statement showing whether the said grantor is married or unmarried; the defendants Mary A. Gill, if living, and the unknown heirs, devisees and personal representatives of Mary A. Gill, if deceased; J. K. Brainard, and the unknown heirs, devisees and personal representatives of J. K. Brainard, if deceased; J. G. Hower, if living, and the unknown heirs, devisees and personal representatives of J. G. Hower, if deceased; Edwin C. Higbee, if living, and the unknown heirs, devisees and personal representatives of Edwin C. Higbee, if deceased, claim some interest [illegible] title by reason of an improperly cancelled mortgage given in favor of Mary A. Gill, J. K. Brainard, J. G. Hower and Edwin C. Higbee, and cancelled of record by one J. K. Brainard, Attorney in Fact, whose authority as such, does not appear of record and which said mortgage was duly paid.

The defendants, John B. Bruggeman, if living, and the unknown heirs and devisees of John B. Bruggeman, if deceased, claim some title or interest by reason of the fact that when said John B. Bruggeman deeded the above premises, by inadvertence, he signed and acknowledged the deed conveying said premises, as J. B. Brueggemann and that none of the above said defendants have any interest whatsoever in the said above described property.

The prayer of said petition is that the plaintiff's title in and to the above premises may be quieted as to all the above defendants and that they be forever barred from having or claiming to have any interest whatsoever in said premises.

Said petition is No. 160820 and the above defendants or any of them are required to answer in said action on or before the 16th day of February, 1918, or in default thereof, the prayer of plaintiff's petition will be granted.

Eliza J. Tillotson, the unknown heirs and devisees of Eliza J. Tillotson, all of whose places of residence are unknown, and the names of the unknown heirs and devisees being unknown, will take notice that Peter Schneider, as plaintiff, filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and actual possession of the following described real estate, towit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Nos. 4 and 5 in Alphonso Holly's subdivision of part of original one hundred acre lot No. 269, as shown by the recorded plat in Volume 1 of Maps, page 30, of Cuyahoga County Records.

Said sublot No. 4 being 30 feet front on the southerly side of Pittsburgh Street (now known as Broadway S. E.) and extending back of equal width, 132 feet deep to an alley in the rear, as appears by said plat, be the same more or less, but subject to all legal highways.

Said sublot No. 5 is bounded and described as follows:

Beginning on the southerly line of Broadway S. E. (formerly Pittsburgh Street) at the northeasterly corner of said sublot No. 4; thence easterly along the southerly line of Broadway S. E., about 27 feet 1 inch to the westerly line of East 26th Street (formerly Holly Street); thence southerly along the westerly line of East 26th Street 97 feet 5½ inches to the northerly line of an alley; thence westerly along the northerly line of said alley about 91 feet 8 inches to the southeasterly corner of said sublot No. 4; thence northerly along the easterly line of said sublot No. 4, 132 feet to the place of beginning, be the same more or less, but subject to all legal highways.

The petition alleges that the defendants above named claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on the 7th day of January, 1857, by Charles Dwyer, then the owner of said premises, in favor of the defendant, Eliza J. Tillotson, which mortgage is recorded in Vol. 111, page [illegible] of Cuyahoga County Records of Mortgages, and which mortgage, the said, is uncancelled upon the records.

The petition further alleges that the said defendants have no interest whatever in said premises, but the alleged claim they make constitute a cloud upon plaintiff's title; that none of said defendants has ever sought to convey or attempt to enforce any interest in said premises, and that as against said defendants, the plaintiff and his predecessors in title have had and held actual, open, continuous, notorious, uninterrupted, exclusive and adverse possession of said premises for more than twenty-one years last past, and that any right or title that the defendants or anyone of them ever had in said premises, has been since been barred by the lapse of time and the statute of limitations.

The prayer of said petition is that the mortgage above referred to may be cancelled on the records and that plaintiff's title may be quieted in and to said premises as against defendants and the claims of said defendants and for relief.

Said petition is No. 160[illegible] and the above named defendants are required to answer the same on or before the 26th day of January, A. D. 1918.

S. Stone's subdivision of College Tract in Volume 2 of Maps, pages 31, 32, Cuyahoga County Records, above named Jefferson Street being there laid down as Franklin Street.

LEGAL NOTICE

Jacob Husten, Anna Mary Husten, the unknown heirs and devisees of Jacob Husten, deceased, and the unknown heirs and devisees of Anna Mary Husten, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Jacob Husten and Anna Mary Husten, deceased, being unknown, will take notice that William Schady as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and is in actual possession of the following described premises:

Situated in the Township of Olmsted, County of Cuyahoga and State of Ohio, and known as being part of original tract No. 3, known as the Howard and Williams tract, bounded and described as follows:

Beginning in the center of the Schady Road at the northeast corner of land conveyed to Frederick Yust by deed recorded in Volume 149, page 100 of Cuyahoga County Records; and thence south along said Yust's east line to the south line of said Howard and Williams Tract; thence east far enough to include with in the parallelogram 25 acres of land; thence north and parallel with the first described line to the center of Schady Road; thence west along the center of Schady Road to the place of beginning, containing 25 acres of land.

The petition alleges that the defendants claim some interest in the above described premises hostile and adverse to plaintiff's rights, for the reason that on or about the 24th day of December, 1867, the defendants Jacob Husten and Anna Mary Husten, husband and wife, became the owners of said premises by deed recorded in Vol. 152 at page 512 of Cuyahoga County Ohio Records, and on or about the 2nd day of April, 1868, the said Jacob Husten and Anna Mary Husten, sold and conveyed said premises to one Henry Shaw by deed recorded in Vol. 161, at page 212, of Cuyahoga County, Ohio, Records, but through inadvertence and mistake, the said Jacob Husten and Anna Mary Husten signed and acknowledged said deed respectively, as Jacob Justen and Anna Maria Justen, although the granting clause of said deed they were properly designated as Jacob Husten and Anna Mary Husten.

The petition alleges that the plaintiff believes and therefore, alleges the fact to be that the Jacob Justen and Anna Maria Justen who signed said deed are one and the same parties as the Jacob Husten and Anna Mary Husten named in the granting clause of said deed.

The petition further alleges that immediately upon the execution of the above described deed last referred to, the said grantee therein, Henry Shaw, went into possession of said premises; that the mistake in the signature to said deed, constitutes a cloud on plaintiff's title; that none of said defendants or any one of them have any interest in said premises or any claim thereto or any of them might have, has long since been barred by [illegible] and the statute of limitations; that none of said defendants or any one of them have ever sought to convey or attempted to enforce any interest in said premises or exercise any dominion over, and ever [illegible] the date of the deed last above referred to, and that the plaintiff and his predecessors in title have had and held the actual, open, notorious, continuous and adverse possession of said premises for more than twenty-one years last past.

The prayer of said petition is that the plaintiff's title to said premises may be quieted as to said defendants and the claim of said defendants and for relief. Said petition is No. 160627 and the defendants first above named are further notified that they are required to answer the same on or before the 2nd day of February, 1918.

A. T. HILL'S STORE ENTERED; SAFE IS BLOWN OPEN

Burglars entered the store of A. T. Hill Co., last Friday night and pulled off the first safe blowing job Willoughby has experienced in many years. The thieves tried to open the front door first. Following that they tried to effect another first floor entrance. Not succeeding they secured a ladder and entered a second story window and by tampering with the hinges on a door leading to the first floor, succeeded in getting down to the office. They drilled a hole in the safe and hammered off the dial, using a nitro-glycerin charge. The contents of the pigeon holes and the drawers were gathered up and taken. On their way out the burglars picked up a box of cigars. Mr. Walsh does not make a practice of keeping cash in the safe.

"I'VE SEEN HUNDREDS AND HUNDREDS OF WINTERS," HE SAID, "BUT I'VE NEVER SEEN ONE LIKE THIS"

He had made his way along the [illegible] district of Erie street, Saturday morning. Blown along by the 40-mile gale, he managed, like many others, to get 'round the Cleveland Trust block corner by clutching the wall of the building. He was one of Willoughby's older residents. "It's always slippery on the postoffice steps, even in the summer time," he said. "I've seen hundreds and hundreds of winters," he continued, "but I've never seen one like this."

It may have been said before, in times past, but he couldn't have been far away at that. Friday night it rained. By Saturday morning the temperature dropped to seven below, and then to [illegible] converting the streets into glare of ice.

Accompanied by the gale, walking was rendered almost impossible.

About 500 guests enjoyed the K. of P. banquet Friday last. Mayor Carmichael gave a brief talk. Other speakers included [illegible] J. A. Becker, T. C. Bain, C. D. Hern and Harry Simon. Mr. Simon talked of his life on the Russian border before he left there some years ago. Mr. Hern dwelt upon the privilege of the many new members in extending the K. of P. principles. He spoke particularly of the K. of P. children's home at Springfield.

S. S. PUPILS GIVE LIBERALLY TO ARMENIAN RELIEF

At Christmas time the plan was adopted at the Methodist church in stead of having a treat for the children of the Sunday school of taking up a collection for the Armenian and Syrian relief fund. A. H. Van Gorden had the contributions ready to send to New York Wednesday. It amounted to $92.36. This is considered excellent.

"THE JANUARY THAW"

Last week, when the wind blew fiercer, and the ice grew firmer, and smoother, and all the elements combined to push pedestrians either down or off the sidewalk, one of our readers, and one whose productions are always hailed with much interest in Willoughby, thought about the much heralded and anticipated "January Thaw." And so, while the storm raged she wrote these reflections for the Republican.

Many pleasing features made the fifth W. H. S. athletic association [illegible] [illegible] H. S. rings, as [illegible] sweaters in previous years. Arthur Briggs was elected captain of next year's foot ball team. After the speeches and presentation those who desired adjourned to the Andrews gym where dancing was indulged in until 11:30.

A special dispensation that the school greatly appreciated was one made by Prof. Otis. It was that they need not report at school the morning after the banquet until 9 a. m.

MUCH GOOD FELLOWSHIP EVIDENCED AT CHURCH OF CHRIST ANNUAL MEETING

Written for The Republican by Mrs. Mary Crozer

[illegible] reports from the several organizations of the church, showed efficient work and a marked increase in all departments.

At the close of the program all were invited down stairs to the parlor where the ladies of the church served refreshments. While seated Pastor Randall was asked to come to the front and Mr. [illegible] in a very happy manner, in behalf of the members, presented the pastor with a money gift as a little token of their admiration and appreciation of his work in the church here. Pastor Randall, altho surprised, was equal to the occasion and expressed his grateful [illegible] to his "flock" in his own [illegible]

Prospect Theater

The greatest of the season's productions, "The Trail of the Lonesome Pine," comes to the Prospect next week with matinees Tuesday, Thursday and Saturday. The dramatization of this widely read novel, which as thousands of readers know, is from the pen of John Fox, Jr., the author of "The Little Shephard of Kingdom Come," is by Eugene Walter, the clever dramatist, who has written such successful plays as "Paid in Full" and "The Easiest Way."

The production has a beautiful scenic mounting and it met with capacity greetings in long runs in Boston, New York and Chicago. From all accounts the play is as delightful as the book, for the beauty of the book has been redoubled on the stage.

The capable company portrays the stirring scenes of the book in a delightful manner.

Miles Theater

Another big record breaking vaudeville and picture will open at the Miles on Monday. Heading this big show will be Marie Templer and her dancing girls, a company of twenty dancing darlings with special scenic and electrical effects. It has been many moons since a dancing organization of this large number has graced the stages of any theater in Cleveland. Next on this bill will be Billy Macy and company in "This Way Out," a comedy dramatic playlet with one of those big plots that holds the interest of a Miles audience. Bell and Bell, two men in black who bring forth music from all kinds of musical instruments. May Trainey, the little girl with the big voice who comes to us as a stranger but will visit us often as she has just finished a two year contract with the Winter Garden in New York. She sings and dances. Griffin and Trear, acrobats of the first water, with a new line of novelty stunts on the wire. Larry Comber and company with his big musical company presents one of the most original musical comedy skits. Here is a company of the world's greatest musical comedy artists with plenty of new musical numbers. Special scenery and a new and up-to-date electrical display will make this act the talk of the town. To fill this big bill will be Roy Stewart in "The Learning of Jim Benton," a Triangle photoplay.

Hippodrome

Jack London's famous story, "The Sea Wolf" played by Hobart Bosworth and a company including Ethel Grey Terry, will be at B. F. Keith's theater next week. This vaudeville production of Mr. London's world famous story has been declared to be one of the dramatic sensations of the season. It was played at B. F. Keiths Palace theater for the first time two weeks ago and achieved a triumph for Mr. Bosworth. He recently offered the Sea Wolf with astonishing success for the picture screen but his vaudeville version with its living breathing atmosphere makes the playlet a masterpeice of vaudeville playlets. The production is an excellent one and the scene in the cabin of the ship is one long to be remembered. The entire bill will be one of headliners and the show should prove one of the most entertaining in this house for several seasons. George White assisted by Emma Hang will present his 1918 dance revue. Mr. White is one of the representative dancers of America. He was recently starred in the Follies and last season appeared at this theater with Lucille Cavanagh. A headliner of equal importance will be Cecil Cunningham, the comedienne extraordinary. Miss Cunningham is one of the most talked about stars of the past season. She sings clever songs and it is the way she sings these songs that makes her such a delight to her audiences. Another big feature act will be George Whiting and Sadie Burt. This couple will be remembered in the Winter Garden and other Broadway productions. "Over There," a timely ad clever comedy hit written by Samuel Shipman and Clara Lipman, will be presented by a good company. It should prove one of the hits of the bill. Among the other acts will be Ed Morton, the live wire singer of up to date songs; The Lunette Sisters, the whirling Geisha Girls and Sansone and Delila, with their original juggling.

Colonial Theater

"Oh Lady, Lady," intimate musical comedy, by Guy Bolton, P. G. Wodehouse and Jerome Kern, has its near-premere at the Colonial next week. The show is just two weeks old, and the authors will be on to see it; so will two members of the producing firm, F. Ray Comstock and Morris Gest. The play has the best of advance notices, and the cast is a first-rate one. Edward Abeles, Carl Randall, Carroll McComas, Florence Shirley, Vivienne Segal and Margaret Dale are among the members. "Oh, Lady, Lady," goes from the Colonial to the Princess, New York, where Elliott Comstock and Gest stage their most pretentious musical successes.

Opera House

"Cleopatra," the Fox film with Theda Bara starring, is the attraction at the Opera House next week. It is one of the most pretenticus of all screen productions, and special effort has been directed toward attaining a measure of historical accuracy. It's a big film and an exotic one. It should prove a good entertainment.

Standard Theater

Week of Jan. 20, the Standard Theatre presents Lois Weber's latest production, "The Price of a Good Time," featuring Mildred Harris, a young star who will find favor among picture playgoers as soon as one sees her. The play is not of off color as the name may imply, only the idle whim of a wealthy youth, who asks a young shop girl: "Did you ever have a good time," and innocently he complies to any wish she may desire for six nights. On the sixth night she is tired of cabarets, theaters, outings, etc., and desires to spend the last night in his beautiful home, pretending it to be hers. Being detected by her brother, she is misunderstood and shame brought upon her name. She therefore waits in front of the young man's club and throws herself in front of his auto and dies paying the price of her good time.

Josef Hofmann, at Gray's Armory, Tuesday Evening, January 22

Star Theater

Fred Irwin's "Big Show" is at the Star next week with a musical farce called "Bill." It should prove big burlesque, for the cast includes Leo Hayes, eccentric comedian; Sam Bachen, Billy Wainright, Harry Howe and George Wong, Virginia Irwin, Adele Anderson, Grace Estelle and Helen Andrews. Among the promised vaudeville features are the dancing dog number by Samaroff and Sona, and the acrobatic turn of Wong and Dell. Irwin shows have a knack of being top notchers.

Empire Theater

"The Darlings of Paris," combination of musical farce, acrobatics, pantomime, burlesque and vaudeville, is the Empire's attraction for next week. The show should be a fast and lively one. The cast is headed by Dolly Webb, Matt Kolb, To. Howard, Jimmy Parello, Peggy Dennis, Joe Lyons, Boomer and Doyle and Peggy Marney. A troupe of artists' models accentuates and poses for several attractive pictures. The advance notices are of the best.

Liberty Theater

Next week's offering at the Liberty is the annual revue, a big musical show, with a company of thirty-four, and a chorus of sixty girls who can sing and dance. There will be new scenery and a lot of new songs, and half a dozen pretentious dancing ensembles. As a novel feature runways will be built through the audience. A feature of special interest to women will be a fashion show. There will be two performances nightly, at 7 and 9.

JOSEF HOFMANN
World's Greatest Pianist

Adella Prentiss Hughes is presenting Josef Hofmann in his only recital of the season at Gray's Armory next Tuesday night.

A conservative New York critic says: "Josef Hofmann is today held in the minds of the majority of capable judges to be the master of them all."

This great pianist was born in Cracow, Poland, in 1876. His father, Casimar Hofmann, with whom he studied for several years, was a professor of piano playing, harmony and composition and conductor of opera in Warsaw.

Anton Rubenstein, that giant among the world's pianists, was Josef Hofmann's only other teacher. With him he studied two years, shortly before Rubenstein's death, and he has the noble distinction of being the only private pupil ever taken by the great master. The tender affection existing between the two was that of a father and son, and the deep impression and strong influence of close association with Rubenstein have often been remarked in Mr. Hofmann's character and playing.

Josef Hofmann made his first professional appearance in Warsaw, Poland, at the age of five; a few years later he astonished audiences throughout Denmark, Sweden, Holland, Germany, France and Great Britain. Soon afterwards he was brought to America where he created a tremendous sensation. At this point of his career he withdrew from the public eye and pursued his studies. In 1894 he made a new debut in Hamburg, Germany, Rubenstein conducting, and since that time he has been constantly on the concert platform, playing with overwhelming success.

Mr. Hofmann's success in America has reached proportions far greater than that of any present-day pianist. There is a greatness about the man that appeals to a circle extending beyond the purely musical. Of this, abundant proof was given at his last New York recital when every corner of Carnegie Hall was filled and five hundred people crowded the platform. In this connection, it will interest managers throughout the country to know that the receipts for this concert were $5,775.00

His program—and a beautiful one it is—closes with the colossal Liszt arrangement of the Tannhauser Overture, which Hofmann plays with stupendous effect.

Grand Theater

The Grand theater at East Ninth and Prospect will open its doors again Monday matinee, January 21, with a high class vaudeville and picture attraction. The new prices will be: Matinees, all seats, 10 cents, while the evening prices will be lower floor 20 cents and the balcony 10 cents. This idea of prices is to let the workingman with a large family have an amusement place to go where he can take the whole family at little cost. The opening attraction will be Singers Midgets, a company of 35 of the world's smallest men and women. They have a large stock of new scenery and many animals and will give an entire new show. These little people have entertained millions of people throughout the United States and have played many times in Cleveland. There will be five other big acts and many moving pictures which will go to make up a wonderful show and Cleveland will have once again a theater where a big show can be seen at small prices.

LEGAL NOTICE

Geo. H. Taylor, Benjamin L. Taylor, [illegible] Taylor, first name unknown, their heirs and the unknown heirs of Nealeigh Taylor, deceased [illegible], will take notice that Manuel Halle, on the 12th day of December, 1917, filed his Petition in the Court of Common Pleas, of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and has been in open, notorious, actual, exclusive and adverse possession and occupancy since February 15th, 1872, of the following described premises:

Situated in the Township of Brooklyn, County of Cuyahoga and State of Ohio, and known as being part of original Brooklyn Lot No. 25, and bounded and described as follows:

Beginning on the center line of Ridge Road, (Sixty (60) feet wide), at its point of intersection with the Northerly line of said original Lot No. 25, thence South 89¾° West along the said Northerly line of original Lot No. 25, 1111 44-100 feet to the North Easterly corner of land conveyed by Richard Redrup and wife, to Philip Huey by deed, dated April 15, 1865, and recorded in Volume 130, Page 546 of Cuyahoga County Records; thence southerly along the Easterly line of land so conveyed to Philip Huey, 241 65-1000 feet to the North Westerly corner of W. M. Gobeille's Allotment, as shown by the recorded plat in Volume 15 of Maps, Page 20 of Cuyahoga County Records; thence south 89¾ East along the Northerly line of W. M. Gobeille's Allotment, 1169 52-100 feet to the said center line of Ridge Road; thence North 6° West along said center line of Ridge Road, 242 55-100 feet to the place of beginning and containing 6 22-100 Acres of land, be the same more or less but subject to all legal highways, and that said defendants claim to have some interest in said premises but that they have no claim or interest therein and plaintiff prays that his title to said premises be quieted against them and they be forever barred from having or claiming any right in or to said premises.

Said cause is No. 160701, in said Court and said defendants are required to answer said Petition on or before the 9th day of February, 1918

LEGAL NOTICE

Melchior Zweifel, the unknown heirs and devisees of Melchior Zweifel, deceased, Henry Zweifel, the unknown heirs devises of Henry Zweifel deceased, and the unknown heirs and devisees of George Zweifel, deceased, Philipp Mueller and the unknown heirs and devisees of Philipp Mueller, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Melchior Zweifel, deceased, Henry Zweifel, deceased, George Zweifel, deceased and Philipp Mueller, deceased, being unknown, will take notice that Johan Gerbrand, sometimes written Johann Gerbrand, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and in actual possession of the following described real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the easterly ½ of sublot No. 198 in Jno. G. Jenning's University Heights Allotment of part of original Brooklyn Township lots No. 87 and 71, as shown by the recorded plat in Volume 1 of Maps page 15 of Cuyahoga County Records and being 33 feet front on the northerly side of Auburn Street and extending back of equal width 150 feet deep, as appears by said plat.

The petition alleges that the defendants, Melchior Zweifel, the unknown heirs and devisees of Melchior Zweifel, deceased, Henry Zweifel, the unknown heirs and devisees of Henry Zweifel, deceased, and the unknown heirs and devisees of George Zweifel, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on September 12th, 1860, by Charles Steinecke and Catherine Steinecke, his wife, then the owners of said premises, in favor of George Zweifel, which mortgage is recorded in Vol. 111, page 122 of the Mortgage Records of Cuyahoga County, Ohio, which mortgage is improperly cancelled on the Records of Cuyahoga County, Ohio, by "Jacob Holzwarth, authorized agent for Melchior Zweifel, heir of George Zweifel, deceased, and assignee of Henry Zweifel, his brother," but the petition alleges that no authority to act as such agent appears of record in Cuyahoga County, Ohio, that no assignment appears of record in Cuyahoga County, Ohio, from the said Henry Zweifel; that the records do not disclose who were the heirs of the said George Zweifel, deceased, and thereby a cloud is cast upon the plaintiff's title.

The petition alleges that the defendants, Philipp Mueller and the unknown heirs and devisees of Philipp Mueller, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on June 30th, 1876(by William Hauthand and Fredericke Hauthand, his wife, then the owners of said premises, in favor of Philipp Mueller, which mortgage is recorded in Vol. 265, page 364 of Mortgage Records of Cuyahoga County, Ohio, which mortgage is improperly cancelled on the Records of Cuyahoga County Ohio, by Karl Rehlaender, to whom said mortgage was assigned by Philipp Mueller, by Mueller and Schmidt, his attorneys, but no power of attorney appears of record in Cuyahoga County, Ohio, from the said Philipp Mueller to the said Mueller and Schmidt, authorizing them to assign said mortgage, and thereby a cloud is cast upon plaintiff's title.

The petition alleges that none of the said defendants, nor any one of them has any interest whatsoever in said premises; that any claim that they or any one of them may make, has long since been barred by the lapse of time and the statute of limitations; that none of said defendants nor any one of them, nor any one claiming through or under them, has ever sought to enforce, attempted to convey or exercise any ownership or dominion over said premises; that plaintiff believes, and therefore alleges the fact to be that both of said mortgages have been paid, each according to the tenor thereof; and that as against each and all of said defendants, this plaintiff and his predecessors in title have had and held actual, open, notorious, continuous and adverse possession of said premises for more than twenty-one years last preceding the filing of the petition in this action.

The prayer of said petition is that plaintiff's title be quieted in said premises against each and all of said defendants, and the claims of said defendants; that said mortgages recorded in Vol. 111, page 122 and Vol. 265, page 364 of Cuyahoga County Records, be ordered cancelled of record, and for relief.

Said petition is No. 160606 and the defendants first above named are required to answer the same on or before the 2nd day of February, 1918.

THE WORST DAY IN WINTER

Zero weather and a high wind — millions upon millions of cubic feet of gas pumped into Cleveland homes in 24 hours, and yet a demand for more.

Do you realize what it would take in raw material either to replace the heat units delivered by Gas Service on such a day?

Take even the most concentrated of fuels.

It would require [illegible],550,000 gallons of fuel oil — 225 carloads — to furnish the same heat value.

It would take [illegible],109,000 gallons of gasoline — [illegible] carloads — enough to run 5,000 motor cars for a year.

Can you imagine the freight congestion if even that much more material had to be brought into Cleveland any day this Winter, with railroads already overburdened?

Can you imagine the suffering here if coal, already short, had to be entirely depended upon under the worst possible weather conditions?

Cleveland, of all great cities, is the best prepared for keeping warm.

TWENTY-FIFTH YEAR NO. 52 [illegible] ONE DOLLAR A YEAR IN ADVANCE

WHY THINK OF COAL-LESS DAYS AND HEATLESS MONDAYS? HERE ARE WARM BREEZES, SUNSHINE, STRAWBERRY SHORTCAKE AND GREEN PEAS.

(A letter from Rev. Wm. M. Jeffers)

The following delightful letter from Rev. William M. Jeffers, who has many friends in Willoughby, takes us to the shores of California. It also shows that he still remembers Willoughby and his old friends here, so we take pleasure in publishing it:

BOYLE HEIGHTS M. E. CHURCH
202 North St. Louis St.
Los Angeles, Cal.
Jan. 18, 1918.

My Dear Friend Crowther:

We were delighted to receive your fine letter at the [illegible]. It almost made us feel homesick for a look at dear old Willoughby and our friends of former years, but [illegible] when we do make a trip back east it will not be in winter. I can feel yet the chill creeping up my backbone as I [illegible] crawl between cold sheets into somebody's [illegible] bed and [illegible] for hours at a time.

You speak of cold and snow; would you believe [illegible] that the weather here [illegible] as fine as any [illegible] There has not been a day when I could not [illegible] perfect comfort. We have had [illegible] it is badly needed.

I wish you could drop [illegible] might have strawberry shortcake, for the [illegible] ten cents a box. The [illegible] fresh lima beans [illegible] of them, and perhaps [illegible] so plentiful that they [illegible] from Ohio, we will have them on the table [illegible] midst of packing them [illegible] seconds at the packing house [illegible]

I wish you could have seen [illegible] Sunday. The poinsettias [illegible] size and brilliancy [illegible] as broad as a big saucer [illegible] roses are as soft and fragrant [illegible] these with hundreds of [illegible] with their beautiful [illegible] house.

Then, how I would love to take you [illegible] some of the scenic roads of California. [illegible] in the world are at our very doors and the state [illegible] mission has recognized [illegible] ing even the mountain drives. I could [illegible] week at a time over mountains, through [illegible] the valleys with their citrus groves and [illegible] streets lined on either side with English walnut [illegible] leave good paved streets.

Yes, we are becoming excited over the war. My church has sent 32 young men, some of whom are already in France, and more will be called in this next draft. California is very loyal to the president and will do her bit to make the world safe for democracy.

Now, I think I must close this letter, but if it does not tire you, I may write another when a spell of homesickness comes on.

Your friend as in olden days,
WILLIAM M. JEFFERS.

EUCLID AVENUE WATER PIPES FREEZE UNDER PAVEMENTS

Much inconvenience has been caused up Euclid avenue way in the vicinity of the new allotment, the Reynolds home, and down towards the Worralo home, by the freezing of water pipes under ground. The smaller pipes, leading into the houses, appear to be affected. Unusual deep freezing of the earth is stated as the cause. Electricity is being used to thaw the pipes, and the method has excited much interest along the avenue.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

[illegible] QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened, we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record! We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

Begin The New Year Right
Start A Home of Your Own

"Owning a home," says Albert W. Atwood, the [illegible] financial authority in "How to Get Ahead," "is by no means [illegible] financial proposition. It is a [illegible] affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its indirect return is more than the tangible yield in dollars and cents. It produces what the economists call 'psychic income,' that is, greater comfort, stronger family ties, [illegible] deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every [illegible] the [illegible] To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

ABOUT WAR SAVINGS STAMPS

The new war savings stamps have sprung into immediate favor with all classes of Clevelanders. They adapt themselves readily to a plan of small daily or weekly savings and to the person of large means, they furnish a good medium of investment coupled with ample security and large return of dividends. By compounding the interest quarterly, they yield exactly 4.27 per cent interest. One feature which is not generally known is that the stamps can be converted into cash at the post office, should the person holding them so desire, though some of the interest will be lost if they are redeemed before 1923.

At nearly all sales agencies in Cleveland, there has been an interesting demand for the stamps, and to meet the great demands, the Cuyahoga County Committee has issued a general call to all business places to supply themselves with the stamps in order to give them a wider distribution.

War Savings Societies are being formed in schools, churches and factories. Many of the large industries are distributing the stamps through their pay envelopes and encouraging their employes to begin systematic saving and the practice of thrift.

America has been a great nation of spenders. The practice of economy during the war will result in untold good through the coming years, for the lessons learned will be of value when continued even after the absolute necessity has passed.

The Cuyahoga County Committee, under the direction of J. Robert Crouse, has planned a campaign of education which will reach into every part of Cleveland's varied activities. Volunteer wokers have been enrolled who will urge the purchase of this new security to every nationality and every society, to all the religions through the various churches, to the workers in the large manufacturing plants and to every school child in the public and parochial schools.

CITY CLUB PUTS ON EXHIBIT

A college exhibit staged by the City Club of Cleveland closes this week.

College alumni included in the membership of the City Club were requested to prepare exhibits. The invitation was responded to so enthusiastically by twenty five of the institutions represented in the membership that the space originally allotted was doubled and the exhibit thrown open for the inspection of the public.

Special days were devoted for visits of groups from the Cleveland high schools. One day was designated as Case School of Applied Science day. On Western Reserve day, tea was served throughout the afternoon and evening by the Household Administration Department of the College for Women of Western Reserve University. Special details acting under orders of Capt. Henry Steere, commandant of Western Reserve Cadets, patrolled the exhibit.

Colleges represented at exhibit include: Amherst, Case, Chicago, Cornell, Dartmouth, Denison, Georgetown, Hamilton, Harvard, Hiram, Johns-Hopkins, Kenyon, Massachusetts Institute of Technology, Miami, Michigan, Mt. Union, Oberlin, Ohio State, Ohio Wesleyan, Pennsylvania, Princeton, Toronto, Tufts, Virginia, Western Reserve, Williams, Wisconsin and Yale.

• • •

Eric C. Hopwood, Western Reserve '01, managing editor of the Cleveland Plain Dealer, was the speaker at the monthly dinner of the Sigma Delta Chi journalistic fraternity held at the University Club Saturday evening.

• • •

Plans are being developed by Capt. Henry Steere, commandant of cadets, for the organization of a rifle club. A range will be built and rifles secured.

• • •

Insignia for the cadet officers has been received. Captains will wear two wide bands of gold braid on the shoulder straps. First lieutenants will wear one wide band and one narrow band. Second lieutenants will wear one wide band. All officers will wear leather puttees.

• • •

A Western Reserve University Military band is being organized by Fred Sup. '19, leader, Harry Hahn, '18, student council representative, Capt. Henry Steere and Dean W. G. Leutner.

Katherine Somerville, who resides at 16 E. Chippewa St., Buffalo, N. Y., will take notice that Harry Somerville filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty. Said petition is No. 160672 and will be for hearing on and after February 1st, 1918.

Opera House

When A. H. Woods' metropolitan production of "Potash and Perlmutter in Society," a noteworthy and more than ordinarily successful sequel to "Potash and Perlmutter," the hit of yesteryear, comes to the Opera House for a week's engagement, commencing Monday, Jan. 28, local theatregoers will see a new series of incidents and comedy situations concerning the adventures of Abe Potash and Mawruss Perlmutter, [illegible] devised by those [illegible] Montague Glass and Roi Cooper Megrue.

The [illegible] by the new comedy during its eight months at the [illegible] Theatre, New York, has again drawn attention to this duo of [illegible] characters of Abe and Mawruss on the modern stage and to their [illegible].

War time prices will prevail. Evenings, 50 cents to $1.50. The prices for the matinees on Monday, Wednesday and Saturday will range from [illegible].

Miles Theater

The management of the Miles will present an extraordinary show this week, starting Monday matinee at [illegible].

[illegible]

The feature attraction will be the Modesto family, a unique sensational diversity of rapid fire vaudeville. Moline and Field, light and heavy balancers, Teddy and Cohen in yodeling and patter. Somerville and Lawrence in a comedy playlet, "Get Them In." Charles Goodman, the man with the "Funny Grip" and Dow and Clotz, the billposter Daffydills, will make up the big comedy bill of vaudeville, which will be augmented with nine acts of photo plays full of wonderful characters and rapid fire action. Remember you get double value for one price at the Miles.

Grand Theater

On account of the tremendous success of Singer's Midgets at the Grand Theatre, East 9th and Bolivar road, General manager E. F. Miles has decided to hold this large aggregation of entertaining little people over for the second week at this popular people's house.

In connection with this big company there will be four other big companies which will consist of Marie Lamoant and Company, Bell and Framen, singers and dancers from the Gay White Way, Frank Baker and company presenting the "Dark Town Frolic," Mabel Bakter, the queen of prima donnas, also will present a high class singing production. Mr. Miles desires to have attention called to the policy of the Grand Theatre, which now consists of four performances, daily, running continually from 1 to 11 p. m.

The prices will always be 10 and 20 cents.

Prospect Theater

Salem Tutt Whitney and J. Homer Tutt, two well known colored comedians, assisted by a company of fifty entertainers will offer at the Prospect next week, "My People," a concoction of music, singing and dancing. Whitney and Tutt are the originators of "The Smart Set," one of the best colored organizations on the road, and "My People" is somewhat different and more elaborate than any of their previous undertakings. The scenery, stage settings and costumes are all new and there is a chorus of thirty dusky beauties who put over their numbers in a manner that would do credit to any of the larger and more pretentious organizations. All the old time melodies as well as the new and up to date Broadway successes will be offered. And it goes without saying there will be an abundance of good, clean comedy and dancing. The engagement is for one week starting Monday night with the usual matinees on Thursday and Saturday.

Hippodrome

Louise Dresser, one of Broadway's famous beauties and musical comedy stars, and the Four Mortons, will be two headline features at B. F. Keith's Hippodrome starting Monday matinee. The surrounding show will be made up of standard vaudeville successes. Miss Dresser has always been a popular favorite in Cleveland. Her blond beauty makes her worth while looking at even if she just walked across the stage. She will sing clever songs in a way distinctly her own. The Four Mortons were one of the best known "family" acts ever seen on the stage. Ma and Pa Morton were forced to go it alone after Paul and Kitty, their children, were married and started productions of their own. Now two younger children have grown up and have joined their parents in the second edition of The Four Mortons. Their new act will once more place them as popular headliners, through the circuit. The Ford Sisters of the famous Dancing Fords, will offer a spectacular 1918 Dancing Revue. This act is one of the most attractive features of the vaudeville season and will provide just the right flash of color and action to give the program plenty of action. Santos and Hayes, the odd girls with the odd figures will provide plenty of laughs, and the Schwartz Brothers with their original novelty, "The Broken Mirror," will have another entertaining number. Seymore Brown and Co. will present the comedy farce, "Pardon Me." Among the other acts will be "Sports in the Alps," a spectacular scenic novelty. Kitner, Hawksley and McClay, in a nautical comedy singing act, "The Stowaway," and Van and Belle, Australian wonder workers. The theatre will be open Monday as usual, but will close Tuesday in accordance with the fuel administration's ruling.

Colonial Theater

"Mary's Ankle," farce by May Tully, and produced by A. H. Woods, plays the Colonial next week. It's a laughing show, all the way, with a chain of complications. The story has to do with the efforts of three impecunious young men to raise money by sending out invitations to the wedding of one of the conspirators. A girl with the name of the imaginary bride [illegible] of well-to-do relatives, and very [illegible]. [illegible] "Mary's Ankle" [illegible].

Standard Theater

Week of Jan. 27 the Standard theater presents Mabel Normand's first picture entitled "Dodging Millions." This picture is described as a novel [illegible] play of love, thrills and laughter, and was written especially to fit the acting ability of Miss Normand. [illegible] a wealthy young man and the [illegible] from start to finish.

Star Theater

"Mollie Williams' Own Show" is the Star's burlesque offering next week. It's a big and lively production with a varied lot of vaudeville features. A novelty on the bill is a dramatic playlet written by Miss Williams. There'll be two acts in the entertainment and a dozen scenes, a big and attractive chorus and a number of especially pleasing song hits. Advance notices are good.

Empire Theater

"The Tempters," a Baker and Kahn production plays the Empire next week, and should furnish a lot of fun. The book is in two acts and six scenes, one of which affords occasion for the dancing of Zallah, for years a favored burlesque dancer. A Hawaiian jazz band Kanaka music done over into rag time is a feature of the music of the show, and there are various vaudeville numbers. The management is especially proud of the patriotic finale.

Liberty Theater

Next week the Liberty returns to its vaudeville policy with an attractive bill. The featured act is a musical sketch, offered by Jessie Bell and her company of five girls. They carry their own sets and provide everything from rag time to grand opera. Burt Lamont has a novelty number which has to do with tables and chairs mostly; Goldie and Mack are a dancing team; Jimmie Wall, who use to work with Dockstader, has a single. The Shea sisters, Bobbie and Irene, give a complete vaudeville show in twenty minutes. White brothers are acrobats, and comedians as well. A Fatty Arbuckle comedy completes the bill.

LETTERS FROM THE SOLDIERS.—HAROLD SHAW WRITES OF THE CHRISTMAS SERVICES AND LIFE AT THE CAMP.

Camp Sherman, O., Dec. 29, 1917.
Dear Folks:

Your letter received and as usual glad to hear from folks back home, being a resident of Willoughby for the past four years. I consider Willoughby as my home, and I assure you I wish I were back there and working at the N. Y. C., but am here and am going to do my bit, as well as the other boys. They are anxious to go across and do their bit, and do not think that it will be very long before we are moved; do not know where to, in fact, we are as ignorant of this as the people back home.

Christmas day we sure had some meal at the camp, roast turkey, gravy, mashed potatoes and sweet potatoes, dressing, celery, cranberries, apples, oranges, grapes, mixed nuts, fruit cake, bread, cocoa and coffee. Each week we have one meatless and one breadless day. So you see the folks back home are not alone in making sacrifices, for we are doing so as well as they and our meals as a general thing are common, good, substantial food and you get all you want to eat, if you cannot get enough the first time, you can go back and get seconds. There is very little waste, for a person takes no more than he thinks he can eat. Of course some of the fellows' eyes are "bigger than their stomachs."

I have been at the base hospital for the past week, getting what experience I could get. They taught us the art of making beds, giving patients baths, also had us take temperatures, respiration and pulses and it is very interesting to do the work. The ward I was assigned to was pneumonia cases, and the patients surely do receive fine treatment from the doctors, who we address as captains or majors, according to the insignia on their shoulder and not as doctor. Also the nurses who have signed up, in other words, enlisted for foreign service. The nurses in the ward I was assigned belong to the Cincinnati base hospital and they move when the Cincinnati base moves, and like the soldiers they are becoming impatient waiting for word to go across.

Yesterday, Friday, I was detailed to guard duty and it was some cold, the morning from [illegible] m. to [illegible] m. The wind right from the north and snow, but I had two pair socks, [illegible], gloves, a heavy overcoat, [illegible] sweaters, two helmets, besides my regular clothes, and my shoulders ached from carrying, but they were not uncomfortable, that is I did not sweat any. We work on our duty two hours and off four hours, so we are out four times during the night, there being three shifts.

We consider we are in luck if we have no detail duty and that is the first thing after mess in the morning we look for to see if we drew any duty for the day. The list is placed on the bulletin board and all names are paced thereon telling them what has been assigned them, and no questions are asked, but go and do your duty.

As to recreation halls or places for men to spend their evening, the Y. M. C. A. and K. of C. These two places are very popular with the boys and each evening you can find men up to the hundreds in each hall, for they are scattered all throughout the camp. Each has a library, Victrola and couches for men to do their letter writing on. Sunday morning the K. of C. is a very popular place for all Catholics, non-Catholics being invited to attend any or all masses. It sure is grand to see the boys coming cross lots down company streets and all the halls are crowded at every mass, there being four masses each Sunday. Another feature of the K. of C., the fellows who left camp without leave and were placed in jail, spending Christmas there, the K. of C. came to the rescue with a big feed for the boys, giving them all they could eat.

I went over to see John Ryan on Christmas day on my way from masses and found they were again placed in quarantine. They were let out of quarantine and the next day, a case of measles broke out and back in they went, the following day two more cases broke out and now they are in for two weeks longer. I got by the guard and not knowing they were in quarantine and I walked as big as life, but I did not stay long, for I was told about it and I needed no more warning, but I saw John, though. The others fellows are scattered all over the camp.

I am hoping to be able to get up to Willoughby before long and hope I have more time than on my last trip and this may be my farewell trip until we are back from "Over There." Wishing you all a very happy New Year and to hear from you soon,

HAROLD.

LEGAL NOTICE

The Cleveland Railroad Construction and Equipment company, a corporation, whose place of residence and place of business are unknown, will take notice that John Passalaqua, as plaintiff, has filed a petition against it, as defendant, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner and in actual possession of the following real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being part of sublots Nos. 59 and 60 in Gaius Burk's Subdivision of part of original One Hundred Acre Lots Nos. 315 and 455, as shown by the recorded plat in Volume 2 of Maps, page 57 of Cuyahoga County Records, and together forming a parcel of land, bounded and described as follows: Beginning in the northerly lin of Harvard Avenue, S. E. (formerly Harvard Street), at a point 20 feet easterly from its point of intersection with the westerly line of said sublot No. 59; thence westerly along the northerly line of Harvard Avenue, S. E., 10 feet; thence northerly parallel with the easterly line of said sublot No. 60 and distant 20 feet westerly therefrom, to the southeasterly line of land convey by W. S. Jones, Trustee, to The Cleveland Railroad Construction and Equipment Company by deed dated May 4, 1888, and recorded in Volume 357, page 480 of Cuyahoga County Records; thence northeasterly along said southwesterly line of land so conveyed to its point of intersection with a line drawn parallel with the westerly line of said sublot No. 59 and distant 20 feet easterly therefrom, said point of intersection being 188 feet northerly from the center line of Harvard Avenue S. E.; thence southerly on a direct line to the place of beginning, be the same more or less, but subject to all legal highways.

The petition alleges that the defendant claims an estate or interest in said premises adverse to the right of said plaintiff by reason of a certain defective deed executed by the above named, The Cleveland Railroad Construction and Equipment Company, a corporation, in favor of Isabella A. Fisher, which deed was dated May 4th, 1888, and is recorded in Volume 435, page 132 of Cuyahoga County, Ohio, Deed Records.

The amended petition further alleges that the defendant has no interest whatsoever in said premises; that any right or interest it ever had in said premises has long since been barred by lapse of time and the statute of limitations, but that the alleged claim it makes, constitutes a cloud on plaintiff's title: that said defendant has never sought to enforce, attempted to convey or exercise any interest in said premises since the date of May 4th, 1888, and that as against said defendant, this plaintiff and his predecessors in title has had continuous and adverse possession of said premises for more than twenty-one years last past.

The prayer of said petition is that the defendant may be compelled to show its said interest, if any it has in said premises; that the same may be adjudged to be null and void, and that plaintiff's title may be quieted against the claims of said defendant and said defendants.

The said petition is No. 161330 and the defendant above named is required to answer the same on or before the 16th day of March, 1918.

A SALE AT WHICH A PAIR OF SHOES MAY BE BOUGHT FOR $1.95

The Stone Shoe Co., 312-318 Euclid avenue, Cleveland, is selling a splendid pair of shoes for either men or women at the sensationally low price of $1.95.

Every pair is a bargain and there are all sizes in the assortment. The Stone Co. is in a position to make this offer for the reason that this particular high-grade footwear is on sale in the basement.

Here is a most opportune time for those who are frugal to lay in a stock of shoes for the future, for everybody well knows that prices for boots and shoes will steadily advance, leather is higher, wages are higher and every bit of material that enters into the construction of such shoes as the Stone Co. makes a specialty of is going up in price from day to day.

To buy a well made and fashionable shoe for less than $2 is a chance that does not present itself but seldom in these times of exorbitant prices.

As a matter of fact it costs about $1.95 to have an old pair of shoes soled and heeled.

A LETTER FROM SATAN

[illegible]

"[illegible] your [illegible] people. I [illegible] for the deformed arm [illegible] helpless on your left, for your crippled condition embitters your life and destroys all noble impulses that might otherwise cause me anxiety, but your strong sword arm is driven by your ambitions that squelch all sentiment and pity.

"I placed in your soul a deep hatred of all things English, for all nations on earth I hate England most; wherever England plants her flag she brings order out of chaos and the Mated Cross follows the Union Jack; under her rule wild tribes become tillers of the soil and in due time practical citizens; she is the great civilizer of the globe and I hate her.

"I planted in your soul a cruel hatred of your mother because she was English and left my good friend Bismarck to fan the flame I had kindled. Recent history proves how well our work was done. It broke your royal mother's heart, but I gained my purpose.

"The inherited disease of the Hohenzollerns killed your father, just as it will kill you, and you became the ruler of Germany and a tool of mine sooner than I expected.

"To assist you and further hasten my work I sent you three evil spirits, Nietzsche, [illegible] like and later Bernhardi, whose teaching inflamed the youths of Germany, who in good time would be willing to spill their blood and pull your chestnuts, yours and mine; the spell had been perfect—you cast your ambitious eyes toward the Mediterranean, Egypt, India and the Dardanelles and you began your great railway to Bagdad, but the ambitious [illegible] and his more ambitious wife stood in your way.

"It was then that I sowed the seed in your heart that blossomed into the assassination of the duke and his wife, and all hell smiles when it saw how cleverly you saddled the crime onto Servia. I saw you set sail for fjords of Norway and I knew you would prove an alibi. How cleverly done, so much like your noble grandfather, who also secured an assassin to remove old King Frederick of Denmark and later robbed that country of two provinces that gave Germany an opportunity to become a naval power. Murder is dirty work, but it takes a Hohenzollern to make a way and get by with it.

"Your opportunity was at hand; you set the world on fire and the bells of hell were ringing; your pillage of Belgium caused much joy; it was the beginning, the foundation of a perfect hell on earth, the destruction of noble cathedrals and other infinite works of art was hailed with joy in the infernal regions.

"You made war on friend and foe alike and the murder of civilians showed my teachings had borne fruit. Your treachery towards a neutral nation hastened a universal upheaval, the thing I most desired.

"Your undersea warfare is a master stroke from the smallest mackerel boat to the Lusitania. You show no favorites; as a war lord you stand supreme, for you have no mercy; you have no consideration for the baby clinging to its mother's breast as they both go down into the deep together only to be torn apart and leisurely devoured by the sharks down among the corals.

"I have strolled over the battlefields of Belgium and France. I have seen your hand of destruction, everywhere; it's all your work, superfiend that I made you. I have seen the fields of Poland; now a wilderness fit for the prowling beasts only; no merry children in Poland now, they all succumb to frost and starvation. I drifted down into Galicia, where formerly Jews and Gentiles lived happily together. I found but ruins and ashes; I felt a curious pride in my pupil, for it was above my expectation.

"You have taken millions of dollars from innocent victims and called it indemnity; you have lived fat on the land you usurped and sent the real owners away to starvation.

"You have strayed from all legalized war methods and introduced a code of your own. You have killed and robbed the people of friendly nations and destroyed their property. You are a liar; a hypocrite and a bluffer of the highest magnitude. You are a pupil of mine and yet you pose as a personal friend of God.

"Ah, Wilhelm, you are a wonder. You wantonly destroy all things in your path and leave nothing for coming generations.

"I was amazed when I saw you form partnership with the impossible Turk, the chronic killer of Christians, and you a devout worshipper in the Lutheran church. I confess, Wilhelm, you are a puzzle at times. A Mohammedan army commanded by Prussian officers assisting one another in massacring Christians is new line of warfare. When a Prussian officer can witness a poor woman, who disemboweled by a swarthy Turk committing a double murder with one cut of his sabre and calmly stand by and see a house full of innocent Armenians locked up, the house saturated with oil and fired, then my teachings did not stop with you, but have been extended to the whole German nation.

"I confess my satanic soul grew sick and then and there I knew the pupil had become master. I am a back number, and my dear Wilhelm, I abdicate in your favor. The great key of hell will be turned over to you. [illegible] that [illegible] the doom [illegible]

"I am satisfied that my abdication [illegible] for [illegible] in [illegible] the future I am at your service.

Affectionately and sincerely,
"LUCIFER H. SATAN."

"Schram's All Right," Says Wickliffe

Last Saturday night when the snow was [illegible] falling, a small crowd of our people gathered at the school house for the roast beef supper for the benefit of the Red Cross. Comparing the ample supply of provisions with the small crowd, the outlook looked serious, and they looked at each other, as if to say, "Nothing doing." Presently four loads of Wickliffe's good people and a large load of hungry ones from Mayfield drove in. The looks of our people were changed and the chef (Geo. Foss) and his numerous helpers got busy to satisfy the innerman, and the following was served: Roast beef, mashed potatoes, cabbage, rolls, beef and cucumber pickles, coffee and of course, pie. From the supper and fish pond over $52 was realized. Then tickets were sold for a combing jacket donated by Mrs. N. A. White, which brought over $10. Mrs. S. E. Smith got the lucky number and won the prize. Credit is given G. F. Foss for the decoration of the room which was very pretty. Altho the men are much praised for the good supper they gave, we feel that the ladies deserve a bit of it as they helped too. We all join in thanking the people of Wickliffe and Mayfield for making it a success. As the Wickliffe people departed they gave the yell, "Who's all right? What's all right? Schram's all right."

SOMETHING ABOUT GUN PITS AND TRENCHES

Extracts From a Letter Written by John Broderick, No. 1 Gunner, Battery A, 76, Field Artillery, Camp Shelby, Miss.

In a letter written to his parents, John tells of digging and living in trenches or pits that divided into three parts. In the center are the gun pits, about 12 by 16 by 6 feet, with a top of trees and covered over with grass and dirt, then there is a tunnel to another pit on the right of this. This is a pit about 8 by 12 feet and 8 feet deep. It has a bottom of young saplings and the roof is trees laid first one way and then the other way, covered by three feet of dirt and sod. On the other side is a 6 by 16 foot pit 12 feet deep, covered with 6 feet of dirt. This is for the communition. He goes on to state that 9, his gun squad, are living in these pits, and that it isn't half bad, only that it is a little crowded and that they only have candles for lights.

He explains that on a gun squad there are 9 men, a corporal and 8 privates. The corporal lays the gun on the aiming point, No. 1 elevates the gun to the right range and completes the angle of sight on which the gun [illegible] and shuts the breech, No. 2 moves the trail around, No. 3 sets the fuse setter so the shell will explode at the right time; No. 4 puts the shell in the breach of the gun; No. 5 brings the shells from the cases; No. 6 turns the shells in the fuse setter. No. 7 and 8 set around and look wise. They are there to take the place of any one hurt or killed. Then when everything is set No. 1 grasps the handle, gets a good grip on his seat, and cuts her loose, there is a bang and the gun's position is about a yard and a half farther back and No. 1 still on his seat. John writes that he likes his position as No. 1 gunner and that he wouldn't trade it for the top sergeant's job.

Miss Elizabeth Bernhardt was in Cleveland Saturday on business.

OHIO MAY HAVE ZERO WEATHER

(Continued from Page One)

ter front for miles gives one an idea of the size and beauty of the city. The street car system compares well with northern cities of the same population, and if one has no auto, can get about easily.

The semi-tropical foliage is always charming. The poinsettas were masses of vivid green and red before our recent cold wave. Roses and climbing vines are luxurious and all sorts of palms seem as vigorous as in California. I don't understand how it happens. The soil is a fine white sand, white as snow, and people do not irrigate and I have asked if they use large amounts of fertilizer and am told "No, it is the sun and air." I don't vouch for it, but things grow. Orange groves look as [illegible]

The churches, hotels and theatres are built for the tourist [illegible] and people are well [illegible] if they can pay the price. Different states have a state society, with Ohio the largest contingent and New York a close second.

We have attended the meetings of our native state and after the regular program where there is a good speaker and fine music. There is a sort of class meeting where anyone can give a short talk, and it is really funny to listen, for Ohio is the one emphatic word always. The audience clap and it is like the racket of a football game for "know ye" that Ohio spells home to the sitters, people sitting near Ohio [illegible] snow, zero weather, lack of coal, burst water pipes and frozen [illegible] Erie seem like the "dearest spot on earth to me" of the old song.

Begin The New Year Right Start A Home of Your Own
"Owing a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead," "is by no means solely a financial proposition. It is a business affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'psychic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

KING COAL

Dedicated to Heatless Monday
Old King Coal
Was a merry old soul,
And a merry old soul was he.
He turned on the snow
And he caused it to blow,
And he stepped on the mercury.

Most kings are fakes,
But the shivers and shakes
Convince us of this one thing:
They are dead sure proof
That from cellar to roof
Coal is a bona-fide king!

MME. SARAH BERNHARDT

"There are five kinds of actresses," said Mark Twain; "bad actresses, fair actresses, good actresses, great actresses, and Sarah Bernhardt."

The supreme histrionic genius of whom this remark was made, perhaps the last of the artistic giants of the theater, did not begin her career spectacularly, nor with conspicuous promise. Unlike Shakespeare's grandiloquent, Glendower, at her birth "the frame and foundation of the earth" did not shake "like a coward."

Sarah Bernhardt, who comes to B. F. Keith's Hippodrome next Monday at popular prices, was born into a modest family in Paris, October 22nd, 1844, so that this remarkable woman, as much in her prime now as in the days of her first triumphs at the Theatre Francais, has reached the age of seventy-four. Her mother, a native of Holland, was sixteen when the child made her debut upon "this greater stage men call the world." The girl was sent to be educated in a convent at Versailles, arrived at young womanhood wanting to be a nun, and with difficulty was persuaded to enter that foremost of all schools of acting, the Paris Conservatoire.

The girl's doubts of her vocation seemed justified when, on September 1, 1862, she made her first appearance at the Theatre Francais at Iphigenie in the tragedy by Racine. Sarcey, the great French critic, called her "insignificant" and her resignation, a year or two later, created little stir. Mme. Bernhardt resolved to quit the stage then and went to Spain, but subsequently played at the Gymnase, the Porte St. Martin, and the Odeon, where her first success of importance was achieved in "Athalie." She returned to the Theatre Francais acknowledged a great actress, and this acknowledgment grew to be acclaim in 1879 when the "divine Sarah" became the rage in London.

The following year she came to America, making her bow to a New York audience November 8, 1880, in the role of Adrienne Lecouvreur. Her triumph was immediate. Twenty-seven performances were given in New York, to average receipts of 20,232 francs, something over four thousand dollars. Our critics unanimously concluded that here was the greatest tragedienne of her time, perhaps of all time. That conclusion has remained during thirty years, in the course of which period Mme. Bernhardt has made six tours of the United States, the forth coming tour in vaudeville being her eighth.

The "Divine Sarah" today is something more than the finest of tragediennes; she is a human monument to the art of acting, a connecting link with the heroic days of dramatic poetry, of Dumas and Sardou, and Victor Hugo. Her acting remains the standard of merit in fifty classic parts; she has illuminated the great work of the greatest Frenchmen from Racine to Rostand, from Sardou to Bisson. Not to have seen Sarah Bernhardt is to have missed the most important chapter in the histrionic history of our age.

You Will Be $10 Ahead If—
—You Buy Your Clothes at Bond's

We wouldn't make this statement if we were not sure we were right; we Know that Bond's clothes at 17½ are equal in quality and tailoring, to the clothes sold regularly by the ordinary retailer, for from $25 to $30. If you will give us the opportunity to show you we know you will be convinced.

Direct From Our Factory

Bond's Clothes are made in our own New York Factory. They are skillfully tailored, of dependable fabrics and represent more value for their price, than any retailer can possibly offer.

Suits Overcoats 17½

No "Sales"

One of the advantages of Bond's system of merchandizing is the fact that 'sales' are never necessary to reduce stocks or clean up 'odds and ends.'

In the first place, Bond's price is lower the year around. We can well afford to make it so because our price is practically a wholesale price, inasmuch as we sell directly from our factory to you through our own chain of outlet stores.

The Newest Styles Always

Just another advantage of our methods. Our factory makes daily shipments to our distributing stations, which means Bond's styles are the newest that it's possible to show.

Full Dress Tuxedos 17½

Quality

Bond's great business has been built on the fact that at Bond's price, the quality is extraordinary. If this were not true, this organization could never have grown to its present tremenduous proportions.

Just give us a minute of your time today and let us SHOW you. We'll not urge you to buy; that we leave to your own good judgment, but if you DO buy you'll save $10.

The Sterling & Welch Co.

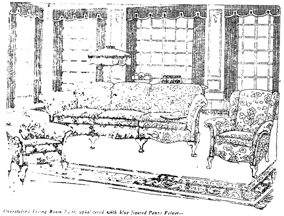
The First Great 1918 Furniture Sale
Discounts Average 1-10 to 1-2

The Semi-Annual Sale of Furniture of the Sterling & Welch Company which opens tomorrow will enable thousands of people to enjoy the dignity of a well furnished home at a reasonable cost.

To keep alive the fine ideal of the American home, where comfort and beauty exert a wholesome influence, is one of our war-time tasks.

Furniture for every room in your house may be most profitably purchased now because in volume, variety and quality we have never had a greater stock.

It has been difficult work to secure this furniture and it will be harder to acquire more. Lack of fuel, transportation, labor and materials will disrupt the furniture markets of the year-to-come. Some thousands of pieces of furniture, ranging from the little white enamel rose-decorated suite for the baby's bedroom to the Italian-Renaissance dining suite in walnut, are for sale at prices made with a determination to keep store activities "going as usual"



Overstuffed Living Room Suite, upholstered with blue figured Panne Velvet—
Sofa, usual price $212.00, now $159.00.
Fireside Chair, usual price $92.00, now $69.00.
Wing Chair, usual price $115.50, now $86.00.

"A veritable museum of furniture for every style of American home" is the phrase applied to the Sterling & Welch Store by a Boston publisher.

Our own stock has been augmented by some discontinued patterns from the foremost makers of good furniture. It has become a habit with certain manufacturers to give the Sterling & Welch Company first call on their choicest "close-out" pieces.

Attend this sale which runs thru February and enjoy Sterling & Welch opportunities for advantageous buying. Charge accounts will be opened for those whom such accommodation will benefit and furniture will be held in storage for a reasonable period.

The following lists are pieces taken at random from the various sections of our floors.

LEGAL NOTICE

The Cleveland Railroad Construction and Equipment company, a corporation, whose place of residence and place of business are unknown, will take notice that John Passalaqua, as plaintiff, has filed a petition against it, as defendant, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner and in actual possession of the following real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being part of sublots Nos. 59 and 60 in Gaius Burk's Subdivision of part of original One Hundred Acre Lots Nos. 315 and 455, as shown by the recorded plat in Volume 2 of Maps, page 57 of Cuyahoga County Records, and together forming a parcel of land, bounded and described as follows: Beginning in the northerly line of Harvard Avenue, S. E. (formerly Harvard Street), at a point 20 feet easterly from its point of intersection with the westerly line of said sublot No. 59; thence westerly along the northerly line of Harvard Avenue, S. E., 40 feet; thence northerly parallel with the easterly line of said sublot No. 60 and distant 20 feet westerly therefrom, to the southeasterly line of land conveyed by W. S. Jones, Trustee, to The Cleveland Railroad Construction and Equipment Company by deed dated May 4, 1888, and recorded in Volume 357, page 480 of Cuyahoga County Records; thence northeasterly along said southeasterly line of land so conveyed to its point of intersection with a line drawn parallel with the westerly line of said sublot No. 59 and distant 20 feet easterly therefrom said point of intersection being 188 feet northerly from the center line of Harvard Avenue S. E.; thence southerly on a direct line to the place of beginning, be the same more or less, but subject to all legal highways.

The petition alleges that the defendant claims an estate or interest in said premises adverse to the right of said plaintiff by reason of a certain defective deed executed by the above named, The Cleveland Railroad Construction and Equipment Company, a corporation, in favor of Isabella A. Fisher, which deed was dated May 4th, 1888, and is recorded in Volume 435, page 132 of Cuyahoga County, Ohio, Deed Records.

The petition further alleges that the defendant has no interest whatsoever in said premises; that any right or interest it ever had in said premises has long since been barred by lapse of time and the statute of limitations, but that the alleged claim it makes, constitutes a cloud on plaintiff's title; that said defendant has never sought to enforce, attempted to convey or exercise any interest in said premises since the date of May 4th, 1888, and that as against said defendant, this plaintiff and his predecessors in title has had and held actual, open, notorious and continuous and adverse possession of said premises for more than twenty-one years last past.

The prayer of said petition is that the defendant may be compelled to show its said interest, if any it has in said premises; that the same may be adjudged to be null and void, and that plaintiff's title may be quieted against the claims of said defendant and said defendants.

The said petition is No. 161330 and the defendant above named is required to answer the same on or before the 16th day of March, 1918.

Anglo Persian Wiltons About 1/4 Off

Whittall's ANGLO PERSIAN WILTONS are the richest Rugs made this side of Asia. The yarns, loom-work and dyes are equalled only by the Rugs of the Orient. Designs are the same. Every rare, every mystical, every symbolical, every emblematic, every traditional, every legendary, every strange, every cryptic figure, form, fragment, flower and fancy expressed by those far-away desert wandering weavers may be seen in these wonderful and beautiful ANGLO PERSIAN WILTONS.

None but trained eyes can tell them from the hand-woven trophies from the Orient. The loops are close and compact, the patterns are the same as those from sunrise lands and the colorings are soft, delicate, mellow or rich, strong and brilliant. Hundreds of each to choose from.

Anglo Indian Wiltons

The Indian touch in them is indelible — a sort of wild, barbaric beauty that glows through the thread and color-work. Picturesque, free, random effects and always [illegible] in the primitive ways of unrestrained imagination.

ON THE WATER WAGON FOR THE BALANCE OF MY DAYS

"I Thank God That I Went To the Neal Institute Before It Was Too Late."

"I am still on the water wagon and expect to remain there the balance of my days. I thank God that I went to the Neal Institute before it was too late."

Such was the substance of a letter sent by an Akron man, who was saved from the health-destroying bondage of drink at Cleveland's Neal Institute. Just a few words, but they were direct to the point and carried as much evidence of sincere appreciation as could be crowded into a score of pages.

This Akron man's letter reads almost like a prayer. Many others are doing thanks because through the [illegible] of the Neal Treatment they were saved from [illegible] every man who drinks—"dividends" in the shape of wrecked health, lost business, vanished happiness and misery of mind and body. Old John Barleycorn always collects and Death and Disease are the twins who trail behind. No matter how long that craving appetite has called you to take "just another drink" to quiet your nerves, you can break with the habit by taking the Neal Treatment. In three days this harmless vegetable remedy, taken wholly by mouth, changes desire for drink into intense dislike of everything alcoholic.

There is no publicity. Write for free booklet. The Neal Institute, 3920 Euclid Avenue, Cleveland, Ohio. Phone Rosedale [illegible]. Open day and night.

MEETING IN NEW YORK OF INTEREST TO ANDREWS SCHOOL

An allied meeting of interest to the Andrews school will occur in New York Feb. 7. It will include directors of the Institute Coal Co, The Independent Order of Foresters, the Burlington Construction Co, The New York Ice Co., and The New York Steam Co. Also A. H. Van Gorder, S. S. Wilson and H. F. Kennedy of the Andrews School. The meeting is called to provide for the future financing of the New York companies.

According to the attorney for the Institute there is a change for the better in the conditions of the companies in which the Andrews school has holdings. The companies who have been passing through the difficulties brought about by the unusual conditions of the country at this time, have arranged many matters and a lightening of the situation is seen.

The regular car was stalled the other side of the bridge and no car was sent out from the barn to take its place, according to the delayed workers.

There isn't [illegible] from the great Northwest that can cool [illegible] house below the comfort point!

The [illegible] Caloric owners would tell you [illegible] because hundreds have written [illegible] saying that the Caloric [illegible] furnace, boiler or stove they ever knew [illegible] fuel using it.

These letters and thousands of other pleased owners are direct and unquestionable evidence that the

CALORIC

The Original Patented Pipeless Furnace

is a wonderful and economic heater; but the best evidence you can get is to install one yourself and experience its comfort in your own home.

The Caloric can be installed in an old house as well as a new. It heats through one register direct up from the cellar into the house, where the warm air circulates to the farthest corner. This is the most natural and healthful way to heat a home—Science says so and experience proves it true.

The Caloric is guaranteed to reduce your fuel bill by at least one-third. It has a patented triple casing and dead air space (no pipeless furnace can succeed without this) which effectually prevents heat radiation into the cellar—hence fruits and vegetables keep well in a Caloric heated home.

Don't live another winter in a home too cool for health and comfort. Don't continue to burn costly fuel without an adequate return. Install a Caloric and be happy! Come in and see it.

NEWS FROM KIRTLAND

Kirtland, Jan. 29, 1918.

Received Too Late for Last Week

"Oh the long and dreary winter!
Oh, the cold and cruel winter!"

The furious wind Monday morning effectually blockaded the roads. A venturesome young woman driving a horse and cutter started out bravely on High street Monday afternoon, but after floundering a few rods the horse went down. Nothing more serious than a broken shaft resulted and the plucky driver unhitched her horse and led him home.

Most people are staying quietly at home these days spending most of their time stoking the furnace.

Mr. W. Chilson came out to his old home last Thursday and was delayed by the storm until Monday morning, but by that time the roads were so badly drifted he had to leave his load at Peck's corners. Even with an empty sled he must have had considerable difficulty in reaching Bainbridge.

There was no service at the South church Sunday on account of the drifts.

Mail carriers were turned back on Monday by the deep snow. Tuesday morning the men with shovels went to work and cleared the roads.

Mr. and Mrs. W. Martin and daughter attended the funeral services of Mrs. McGuerrer at East Hill last Saturday.

* * *

Mrs. Perrine leaves for Cleveland this week and expects to keep house for her son until his family come from Toronto early in the summer. Her grandson and granddaughter, Harvey and Bianca Morse will also be with her.

Mrs. Martha Brooks is getting much better after her recent illness and is now able to sit up part of the time.

Miss Anna Sked is in Chardon with Mrs. Steven Johnson, who has been ill several weeks, but is now recovering.

All interested in the work of the parent - teachers' association should not fail to be present at the next meeting, Friday afternoon, Feb. 8, at the chapel to hear the addresses of Mrs. Meredith of Painesville and Miss Holmes, our county agent.

It is with great sorrow the many friends of Miss Louise Upham learn of her death from acute Brights disease last Saturday at her home in Mentor. The greater part of her life was spent in Kirtland, where she was well known and very highly esteemed. She will be greatly missed. Mrs. E. F. Upham spent several days in Mentor helping care for Miss Upham during her last illness.

Mrs. Barton went to the city Friday and returned Tuesday.

Last Thursday eleven men had a wood cutting bee for Mr. John Brooks and cut about seven cord of wood.

Friday evening Mr. Frank Page gave the grammar room pupils a sleigh ride and on their return Mrs. Page had a fine lunch ready for them.

Miss Alice Presley who has been helping Mrs. Dobbs in Chardon is now at home.

* * *

Miss Pearl Churchill has given up her work in the city and returned home.

* * *

The stork brought a little baby girl to the home of Mr. and Mrs. Swan last Tuesday.

Mr. and Mrs. D. Covert of Geneva, visited their daughter, Mrs. Oliver Cox, last week.

The finished work sent to the Red Cross headquarters this week consisted of the following articles: 12 comfort pollows, 19 sweaters, 14 pair socks, 1 pair bed socks, 55 wash cloths 2 dozen towels, 7 abdominal bandages.

MENTOR-SALIDA

The Sugar Problem as a Farmer's Wife Must Face It

We were urged to can fruit and vegetables and as far as possible supply our own needs. We did. We made gardens, raised vegetables for our winter use, raised a pig for meat and lard and this winter finds us with well stocked cellars. With our milk and butter, vegetables, canned fruit, meat, lard and chickens, there are very few groceries needed, especially in a small family. But after all we worked last summer, we cannot get sugar unless buying groceries we do not need. Grocerymen in Painesville and Mentor have very little sugar, except for customers and do not hesitate to tell you so. If one insists they are at last sold a pound of sugar, but a regular customer gets two. And I rather go without sugar almost than go in a store and buy a few groceries, ask for sugar and be made to feel like thirty cents, because I do not buy things I do not need.

The sugar should be handled in such a way that the people who worked hard last summer when town people were joy riding, should have as much sugar according to size of family, as the town women who are good customers at grocery stores, buying things our soldiers need. And many of them could have been canned or dried last summer. What is the use of working all summer and then because we saved food for winter, be insulted because we ask the privilege of buying a little sugar?

It leaves us at the mercy of the groceryman.

People that run book accounts at grocery stores have sugar saved for them, but we farmers pay cash, deliver our own goods and can get no favors like sugar. I have bought a five dollar bill of groceries and paid cash without a thank you, and have seen people come in and pay a small grocery bill, get a sugar, some candy for the kids and generally treated like a good fellow. Why is it? With a car shortage why do the railroads ship ice into Mentor when there is much better ice in the Mentor marsh? Several car loads have been shipped in on the Lake Shore R. R., but no cars for coal or sugar. Why?

* * *

There have been many fish captured in Mentor marsh where they are taking out ice, and some of the fish have been so large that one man was pulled right into the water. This is supposed to be a true fish story.

The Mentor Plains Red Cross meets at Mrs. Jane Brooks Feb. 7.

* * *

Ed Carroll and Charlie Scott are both on the sick list. Dr. Ingersoll is attending them.

Mrs. Emma Hayes expects to go to Cleveland to be treated by Doctor Hammond. We sincerely hope Mrs. Hayes will return entirely cured.

* * *

Miss Lucy Ward was visiting on the Plains a few days last week.

There is not much news around Salida. We are so busy fixing with wood that we don't have time to hunt up news.

NEWS FROM WAITE HILL

Waite Hill, Feb. 5, 1918.

Mr. and Mrs. Parkhurst and Dr. Neabauer motored out to the farm Sunday. The Parkhursts have just returned from several weeks stay at Atlantic City.

Complain of Gas Shortage

Several families around in this vicinity are complaining about their gas being so low, one family can hardly get enough to heat their kitchen. That is the way it goes when we get zero weather, we can't depend on the gas, so really I think a few good stoves that burn wood or coal are the most satisfactory.

* * *

* * *

* * *

We note by the paper that lovely warm Montana weather has taken a fearful cold and the mercury registered 32 below zero. We're afraid those farmers had to quit plowing and the birds quit singing for a time at least.

Well, according to groundhog theory, we're to have plenty more cold weather yet and probably will get 6 weeks sleighing in March.

The rural mail carriers are more to be pitied than any other class of people during such awful cold and blustering winter as we are having, with blizzards and snow drifts mountain high, or at least 9 feet high, as they say they have over in Mentor.

The school in the Parks district has been closed for over a week on account of the teacher being ill.

Miss Florence Yaxley from the Normal school, is substituting as teacher for Miss Mandla Brewster in our school while Miss Brewster is entertaining Mr. Grippe.

* * *

We hope the report is true that yesterday was the last heatless Monday, as it seems to play havoc with everything and everybody. Am afraid the office force had to wear more than one heavy coat yesterday.

We hear so much about the lovely warm weather and eating fresh garden "sas," in Los Angeles, Cal., that it makes us homesick for the Golden state, while here it is cold, colder, coldest.

* * *

Mrs. F[illegible] received a letter from her brother who is on his way to California and had arrived at Miles City, Montana and found it fearfully cold there, the thermometer registering 24 below zero, water pipes all frozen and bursted and thousands of cattle out and unprotected, as this cold snap was so sudden that they were not prepared for it.

WHY WILLOUGHBY SHOULD GROW

Continued from Page 1.

and ever-growing plant of The American Clay Machinery Co. and The Standard Tire and Rubber Co. And how proud we are of the little institution known as the J. H. R. Products Co. that came unheralded, unannounced. There is the Economy Engineering Co., too. And do you, citizens of Willoughby, know why no sale and use has been made of the Ben Hur plant? Executives of at least a dozen different and progressive industries have said that they would be only too glad to take over the building and to occupy it, if only there were houses in Willoughby in which their employes could live. Willoughby industrially and commercially is outgrowing Willoughby "residentially." Let us take our money out of the banks and out of other idle places and put some of it first into Liberty bonds and the rest of it into moderately priced homes. Let us build homes of moderate cost and build them in Willoughby.

We pass on on our commercial trip, but it is only a few minutes until we are brought up short in front of the splendid plant of the Cleveland Crane & Engineering Co. Across the road from that are the yards, factory and kilns of the John Kline Brick Company. But we must hasten on. As we pass thru the open country between Wickliffe and Euclid we hear something more than rumor saying that before a very long these fields will be occupied by an airplane factory with its great aviation field. But what is that new factory just ahead of us? It is the newly established works of the Cleveland Brass & Copper Mills Company. And beyond that, way over in Cuyahoga county, we come across Willoughby again when we see the yards and factory of our own the Austin Company. Next is the plant of the Cleveland Steel Car Company. Knowing the ability, both intellectual and financial, of the White family as manufacturers in Cleveland, one can reliably predict a great future for all the territory surrounding the Cleveland Tractor Company's immense plant. And beyond that yet is the Cleveland Milling Machine Company. But why all this? Prophecy says that in a very few years all that territory lying along the railroads between Willoughby and Cleveland will be a beehive of industry. Why not have Willoughby grow, and grow to meet these opportunities by erecting hundreds of homes in West Willoughby?

Looking now at Willoughby from a residential point of view, we are already familiar with the McCall McNutt allotment proposition. Beyond that towards Cleveland is the prospective Belle-Vernon allotment. Within a very few years all that part of the country along the highway between Willoughby and Cleveland will be covered with residences, completely supplied with water, sewer, gas, electric lights and telephones.

Then, too, prophecy says that the Van Sweringen interests that took over the Nickel Plate railroad already are awake to the opportunities of rapid transit eastwardly from Cleveland. Thirty minutes from Willoughby and vicinity, with frequent service to the public square is coming and coming fast. Once the war will be ended, things will move with accelerated speed along all these lines.

Of course, there is more or less of romance of being a city. A village of four thousand five hundred people or of four thousand one hundred people might serve fully as well. But it is the progressive spirit back of wanting to outgrow the CHILDHOOD OF A VILLAGE AND OF WANTING TO GROW INTO THE STRONG YOUTH AND STURDY MANHOOD OF A CITY.

If the writer may make a suggestion here, gathered from experience, may the good citizenship of Willoughby village, in looking forward to becoming a city, guided by its wonderful Chamber of Commerce, steadily and persistently plan to introduce at the very beginning of her new career a commission or CITY MANAGER FORM OF GOVERNMENT. This can be accomplished by its citizens adopting at the very outset a charter.

WHY NOT Willoughby REACH OUT and grasp her many opportunities? Why not Willoughby, studious and zealous to realize what it means, become a city in 1920? George C. Von Beseler, Solicitor for the Village of Willoughby.

Begin The New Year Right
Start A Home of Your Own

"Owing a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead," "is by no means solely a financial proposition. It is a business affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'psychic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

Compare The Costs

Adequate tests show that twenty thousand cubic feet of natural gas produce as much heat as a ton of bituminous coal.

This means that at thirty cents per thousand cubic feet our customers get the equivalent of a ton of coal at the rate of six dollars per ton a considerable saving over the present market price of coal.

But that isn't all. This comparison shows only the relative prices of coal and gas with respect to the actual heat units produced by each.

It does not take into consideration the convenience and comfort which go exclusively with Gas Service.

Gas Service is delivered direct to the appliance ready for use. It can be turned off in an instant so that there can be no waste.

Taking Winter as a whole, Gas Service saves you a good deal of money and endless trouble. The inconveniences during the zero weather when the demand for Gas Service at times exceeds the available supply are many times offset by the economies which Gas Service gives at all other times.

Compare the costs of Gas Service with coal or any other fuel and see if you aren't saving money every day.

Prospect Theater

In "The Lure of the City" patrons of the Prospect theater next week, beginning Monday matinee, will see a new play. It is by Whitney Collins. The melodrama is said to contain humor and sentiment. Sherman, Gazzolo & Clifford promise a well-balanced cast.

A judge of the morals court, a patrolman, a man from Dakota, a missionary, a purple woman, and a blind mother are the principal characters. The story purports to show the seamy side of life in Chicago. The first act is in the court room of a judge, who holds that his duty is not to condemn, but to assist and uplift. He does this in a way that wins the good will of the derelicts brought before him. The second and third acts are in the home of the blind mother. Around her centers the sympathy of the play. She goes to Chicago in search of her long-lost daughter and finds her in the morals court. She is accompanied by Abner Pinkham, who believes that he is as clever as the Chicagoans. He is arrested and liberated the following day and goes to the morals court, where he finds the unfortunate girl. A romance develops and the play has a happy ending.

Miles Theater

Program for week commencing February 11 offers many new and novel attractions. Fleishmann, Kaufmann & Co. present an elaborate musical extravaganza with special scenery and a large bevy of pretty girls. Bangor and Williams, sensational aerial novelty artists; Porter and Blanchet, who dance in a language all can understand; Willie Spun spins yarns extemporaneously; Conger and Auld present a dramtic playlet dealing with life in Montana and the western claims; they introduce several cowboy and girl characters and carry a beautiful special set of scenery depicting a mountain scene in Yellowstone park. Jenks and Allen in a rural comedy act, and Circus Days, a modern ten-people musical comedy will furnish a large program of vaudeville augmented with several feature motion pictures and a special concert organ recital on the new $25,000.00 pipe organ, installation of which has just been completed.

The Public Service Commission—State of Oregon says in decision of Jan. 3, 1918, in Portland R. L. and P. Co. case:

"A unity of interest exists between the public and the investors in a public utility. * * * The investors should be fairly, but not excessively, rewarded; and the public should be served at the lowest rate possible, consistent with other conditions. At the same time the incentive of personal reward must be retained or economical operation is impossible."

"Rate regulation under Commision control is elastic, responding readily to changes of conditions."

"It is time, also, to realize that good service can be obtained only by just and equitable treatment. No starved horse ever pulled a heavy load. * * * If a utility is driven into a position where its credit is impaired and it can obtain money for operations and extensions only at unreasonable cost, the public must share the loss."

CLEVELAND TELEPHONE COMPANY

Grand Theater

Charles H. Miles has booked for the Grand another great big show. He has disregarded the motto of cheap shows, but comes back again with the greatest show that has ever played in Cleveland at such small prices. The feature attraction for the week will be the Ahearn Comedy Company, a large company of fun makers. Special scenery, many comedy effects make this act one of the greatest laugh makers in vaudeville. In connection with this big one, there will be many other acts, such as Mary Maver & Co., in "Broadway Lights," a big dramatic sensation; Bell Wayne & Co., in the musical comedy success, "The Girl from Frisco," a twenty people musical comedy company. Pretty girls, funny comedians, special scenery, and many wonderful electrical effects. Frank Whistler with his sidewalk clatter; Fong Tong, the man from China, with his big mystery acts.

There will be many other acts and plenty of moving pictures which will go a long way to make this the greatest continuous show in the city of Cleveland at 10 and 20 cents. There will be an entire new show every Sunday.

Standard Theater

Madge Kennedy in "Our Little Wife," will be shown at the Standard theater week of Feb. 10. Miss Kennedy in the space of a few months has become one of the greatest screen favorites in America, in fact, has captivated everyone with her smile, eyes and pleasing manner. She will be remembered having played "Baby Mine" and "Nearly Married" and promises even more for us in this production. She plays the part of a bride of just a few moments who proves over the disappointment of several men who wanted to marry her. To relieve their sufferings she decides to take all three of them on her honeymoon much to the disappointment of her husband, and thereby starts one of the greatest comedies yet shown, until finally she promises to be good and live happily with the one she married.

UNCLE SAM WANTS ACCOUNTANTS AT $2400 to $6000 A YEAR

The United States government is in need of several hundred expert cost accountants to fill vacancies in the accounts section of the finance department of the equipment division of the Signal Corps, War Department, and in other branches, for duty in Washington, or in the field, according to an announcement just issued by the United States civil service commission. The salaries offered range from $2400 to $6000 a year. Men only are desired.

The duties of appointees to the Signal Corps will consist of the determination of production costs of airplanes and airplane motors, either as supervisors in charge at one or more of the several plants, or as assistants; or appointees may be assigned to duty in Washington, D. C.

Applicants will not be assembled for a written examination, but will be rated upon the subjects of education and experience, as shown by their applications and corroborative evidence.

The commission states that on account of the urgent needs of the service applications for these positions will be received until further notice and that papers will be rated promptly and certifications made as the needs of the service require.

Complete information and application blanks may be obtained by communicating with the secretary of the local board of civil service examiners at the post office in any of the larger cities or with the United States Civil Service Commission, Washington, D. C.

Opera House

Klaw and Erlanger are sending to the Opera house next week the company of fascinating Spanish dancers, singers and comedians who have been giving a new sensation of pleasure to the tired theatregoer in New York. It is "The Land of Joy," an operetta with music by Quinito Valverde, the waltz king of Spain, and song and dance by a Spanish company.

There are many charms to this novel entertainment—the skill and sinuosity in interpreting gypsy and other characteristic dances of their native land, the personal magnetism of the players, and their unflagging energy from rise to drop of curtain will make the tired business man and the war-harassed public forget the outside world. The score is in every way expressive of Spanish character. It is rhythmic, spirited and highly suggestive of the folk-music of Spain.

Matinees Monday, Wednesday. Best seats, $1.50.

Colonial Theater

"Katinka," musical comedy by Rudolph Friml and Otto Harbach plays the Colonial next week for the second time. It will be welcome, for "Katinka" is one of the prettiest latter day music shows. The scene shifts from Russia to Constantinople, and thence, via Vienna, to Paris, affording opportunity for colorful and picturesque costuming. Half a score of last year's most popular songs came out of it, and all are eminently whistleable. "Katinka" is excellent entertainment.

Hippodrome

"Bonfire of Old Empires," a war play written by Marion Craig Wentworth, author of War Brides, will be the headline attraction at B. F. Keith's Hippodrome starting Monday matinee. This remarkable playlet which really is a dramatization of President Wilson's policy to make the world safe for democracy, is very timely and fitting. Irma Lerna, a new star and George Webb, who is also well known will be starred in this excellent feature. This act should attract even more attention than War Brides as it lacks the horrible features of that act and contains an even greater punch. Lew Brice and the beautiful Barr Twins will be an another important headliner. This trio will present an act of great quality in talent and artistic production. Lew Brice is a brother of Fanny Brice and inherits the ability had by all members of the family. He has won success in the Winter Garden and Follies. The Barr Twins have never been seen in Cleveland before but it is safe to predict that Cleveland theatregoers will want to see them here often. There will be so many big acts that it is hard to put them in any order of importance. Ed Lee Wrothe, who is a popular favorite from coast to coast, will make his first vaudeville appearance. Mr. Rothe has a style all his own. With a company he will offer "Janitor Higgins." Another popular hit will be Mr. and Mrs. Jimmy Barry in their hit, "The Burglar." Mr. Barry's rube character is one of the institutions of vaudeville. Rockwell and Woods, the two nuts on the ocean of fun, will return by popular request as their hit in this house last season was tremendous. Other acts will be Billy Burke's popular Motor Boating with Tom McRae, Juliette Dika, the Parisian comedienne; Chinko & Co. in versatile stunts and Jack Alfred & Co. in a comedy entitled "Smiles."

Liberty Theater

John Stuart, known for his skill as a female impersonator, is the featured performer on the Liberty's vaudeville bill next week. He not only wears astonishing feminine apparel, but he sings, as well. Other acts include the Columbia City Four, male quartet; Al Ricardo, ventriloquist; Jack Brown and sister, dancers; Hart and West, singing comedians; the Cantons, Belgian athletes. There will be photo plays also.

Empire Theater

"The Girls from the Follies" is the title of the troupe which plays the Empire next week, and the show itself is "In the Air," a farce with music which concerns the adventures of a would-be aviator. Fred Binder is the featured funmaker. The management is particularly proud of the dancing number staged by Athena Hananie and her troupe of nymphs. It's what might be called near-classic. "The Girls From the Follies" should have a fast show and a very entertaining one.

Star Theater

"The Liberty Girls," Drew and Campbell's own show, plays the home house next week. Jack Conway is the featured comedian, as always in this Cleveland organization, and he has a capable supporting cast which numbers among its more prominent members Brad Sutton, Jack Collins, Michael Puglia, Barry Melton, Hilda Giles, Charlotte Worth and the acrobatic team of Paynton and Green. "The Liberty Girls" show is one of those burlesque attractions which leans toward musical comedy. It has an excellent name on the first burlesque wheel.

THE KINNEY & LEVAN COMPANY ARE SHOWING DIRECT ACTION GAS RANGE AT FOOD SHOW.

One of the most interesting exhibits at the Cleveland Economy Food Show is the Direct Action Gas Range by the Kinney & Levan Company, Cleveland. This most convenient and durable stove has an oven heat regulator which eliminates all guesswork in baking, which means that there is positively no waste at all from overdone or burned food.

A demonstration of this remarkable household utensil is the baking of Liberty Bread made of recipes tried and approved by the Board of Food Administration.

The stove is so constructed that an entire meal for a good big family can be cooked at one time. In its simple operation loss of time, labor, gas and food is done away. Anything that a fireless cooker, with its many disadvantages, will do can be much more quickly and better accomplished on the Direct Action Gas Range. Every woman who has one in her kitchen would not think of exchanging for any other make—it has stood every test, no matter how severe.

The regulator is so contrived that the heat in the oven can be measured to precision—the device is so simple that it is not possible for the "queen of the kitchen" to make any mistake when the oven is filled with the day's dinner.

If the food show is not visited the stove may also be seen at the Kinney & Levan Company, Euclid Square and East 14th street.

PEANUTS AND CORN

William Atkinson, a colored tenant on the Selma plantation of W. H. McGhee, is out of debt for the first time in thirty-five years. This condition was brought about by the old negro farming directly under instructions from Mr. McGhee, who saw to it that he planted but little cotton, enough to pay his rent and have a surplus left over. He made one bale of cotton, which brought him $175, including the seed, which paid the rent, leaving Atkinson sixty-odd dollars. Besides this he has a quantity of peanuts, peas, potatoes and corn enough to furnish him next year. Mr. McGhee, who has made a great success of farming, says that he has made more money the last few years under boll weevil conditions than he did when he depended upon cotton. He has not planted a bale of cotton in his individual crop in two years. The money crops, as he sees it, are peanuts and corn.—Birmingham (Ala.) News.

ADVERTISING IN THE COUNTRY NEWSPAPER

National advertisers could double their profits by systematic, extensive persistent use of country newspapers.

And in doubling their own profits they would build up those country newspapers, each of which is a national policeman, a fighter for good government, along sound conservative lines and the representative of farmers, upon whom the nation must rely for food in peace and war.

The local editor is personally known to his readers. An advertisement in the local paper attracts attention because it is published by a FRIEND.

The reader of the country newspaper is the purchasers of goods of all kinds from the paint on the roof to the cement in the cellar floor. Furniture, clothes, books, automobiles—EVERYTHING from a can of sardines to a seven passenger automobile can be sold through the country newspaper more economically, more certainly, than in any other way.

Every country editor is a salesman, controlling from 500 to 5000 first class American customers.

And that country editor is THE ONLY SALESMAN that can reach that tremendous buying public. Big business men, alert advertising agents, should remember this. The country newspaper's advertising columns represent for the able advertiser an undeveloped gold mine.—American Press.

The plan of the United States Food Administration for the conservation of wheat will induce the public to use many substitutes which have not been appreciated, although they contain excellent food values. The more generous use of oatmeal in the home would tend to produce an improvement and strength in every American family, and we have but to turn to the hardy Scotch and the Irish and Norwegian races to see its values. Oatmeal is rich in gluten and contains large quantities of fat and sugar. Serve a generous quantity of oatmeal bread, cookies and porridge in your home.

FALSE STATEMENTS ARE HARMFUL—LIBERTY LOAN REPORTS UNFOUNDED

The finances of the whole country, public as well as private, by force of the national needs at this crisis are subordinated and adjusted to the great Liberty Loan. Financing by railroads or other industries and all lesser private financing must be considered primarily in relation to the Government loans.

The needs of private interests, the money necessities of the business of the country as well as that of the Government itself are all considered by the Secretary of the Treasury in fixing the amount and date of each issue of Liberty Loan bonds, and the effect of the issue of bonds on all other securities and all other loans is given due consideration.

The dissemination, therefore, of untrue information, even when made in honest belief and with good intention, is harmful, and Secretary McAdoo on December 20 issued the following strong statement:

"The report that the next issue of Liberty Bonds will be $8,000,000,000 at 4¼ per cent and on March 15, 1918, is wholly unfounded. I wish I could make the patriotic newspaper men of America realize how mischievous and hurtful to the interests of the country such spellative statements are. When a decision has been reached about the next Liberty Loan, it will be officially announced. Meanwhile, all other statements and rumors may be disregarded."

Addie M. Gifford, the unknown heirs, devisees, administrators and executors of Addie M. Gifford, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, administrators and executors of Addie M. Gifford, deceased, being unknown, will take notice that on the 3rd day of January, 1918, Frank Payer and Anna Payer, as plaintiffs, filed their petition against them as defendants, in the Court of Common Pleas of Cuyahoga County, alleging that they are the owners in fee simple and in actual possession of the following described real estate, to-wit:

Situated in the Township of Orange, County of Cuyahoga and State of Ohio, and known as being part of original Orange Township Lot No. [illegible] and [illegible] in tract [illegible] and bounded and described as follows:

[illegible]

Situated in the Township of Orange, County of Cuyahoga and State of Ohio and known as part of Lot No. [illegible], Tract 1, of said Township and bounded as follows:

On the north, east and west by the original boundary lines of said lot No. [illegible] and on the south by a line parallel to said north line and so far south therefrom as to include 16.60 acres. The petition alleges that said Reubin T. Gifford died intestate in the year [illegible] and left surviving him, Elizabeth Gifford, his widow, and the following named children, his heirs at law: Addie M. Gifford, defendant herein; Carrie B. Gifford; Minnie E. Gifford; Pearl L. Gifford and Herman G. Gifford: That said children and said widow, with the exception of Addie M. Gifford, have quit-claimed to plaintiffs all their right, title and interest in and to said premises; that by mistake in said deed from William Lander and wife to Reubin T. Gifford, the premises were described as bounded on the north, east and west of the original boundary lines of said lot No. [illegible] and on the south by a line parallel to said north line, and so far south as to include 16.60 acres, when in fact said premises should have been described as bounded on the south, east and west of the original boundary lines of said lot No. 12, and on the north by line parallel to said south line, and so far north as to include 16.60 acres of land; that the said Reubin T. Gifford was the owner during his life time of said southerly 16.60 acres of lot No. 42, and that neither he nor any of his heirs has ever claimed any interest in the northerly 16.60 acres of lot No. 12; that the defendants herein have no interest or claim whatever in the premises herein described, and that the claim they make is unfounded, and is a cloud upon plaintiff's title.

The prayer of said petition is that the title to said premises may be quieted, and that the defendants may be forever barred from having or claiming any right to said premises and for relief.

Said petition is No. 160939 and the defendants first above named are required to answer the same on or before March 2nd, 1918.

TWENTY-SIXTH YEAR—NO. 2 WILLOUGHBY, O., FEBRUARY 15, 1918. ONE DOLLAR A YEAR IN ADVANCE

"NO LONGER HANDICAP TO BE BORN A GIRL" SAYS PROMINENT EDUCATOR AT ANDREWS VESPER SERVICE.

Progress of Andrews School Watched By Educators of Note.

Dr. W. H. McMasters of the Mt. Union college, addressed the Andrews graduating class, and a capacity audience at the Methodist church, Sunday afternoon. The occasion was the annual vesper service for the graduates; "Progress" was the subject chosen. "From its infancy," Dr. McMasters said, "the progress of the Andrews school had been watched by prominent educators everywhere." He congratulated the teachers and faculty on the progress that had been made and stated that he required no better evidence than the splendid class of 1918, as they marched in, in the processional. The Andrews school, he said, was one of the greatest educational innovations in the state or nation, something new in the world where girls are trained for life and service. "No longer is it a handicap to be born a girl," he continued, as he enlarged upon the many new things under the sun, setting at naught many old sayings that have been abroad in the world.

"The test of a government, a democracy or a religion, is by the importance that it places upon the individual," he said.

ANDREWS CLASS OF 1918 GRADUATES WITH SIMPLE AND IMPRESSIVE CEREMONIES

The Andrews colors, green and red, were effectively blended in the electric 1918, that shone down upon the platform for the 1918 graduating class at the Andrews Gymnasium Monday night. Festoons of pine gave the gymnasium an added appearance of festivity and color. Founders day occuring on Sunday, the graduation exercises were held the 11th, instead of the 10th, as is customary. This was the seventh annual commencement. Simplicity marked the proceedings. S. D. Shankland, superintendent of the school, in an able and most interesting address, dwelt upon the sacrifice of the graduating class in giving up that which was dear to all graduating classes, in order to do their bit toward the welfare of their country.

Mrs. Kraft nee Miss Jones, directed the Andrews Glee club, was rendered the music for the occasion. Many

MENTOR FOLKS TO LEAVE FOR PALESTINE UNDER RED CROSS AUSPICES

Study Arabic as Preparatory Measure.

A long and interesting trip is in store for two sisters of Mentor, who are now preparing to leave for Palestine. They are the Mosley sisters, Miss Bertha Mosley and Mrs. Marden, wife of Dr. Marden, who were Mentor visitors last summer. Dr. Marden and [illegible] and Miss Bertha were acting as missionaries to Turkey and were obliged to flee when the war broke out in 1916. They are now planning to leave for Palestine, with a party consisting of fifty persons, missionaries and others. The route followed will be by way of South Africa, Ceylon, to the Red Sea, South Egypt, and then by the railway which has been built by the British back to Southern Palestine. Dr. Marden was born in Turkey, coming of a missionary family, and it was in Turkey, while acting as missionary, that Miss Lucy Mosley met him. Later Dr. Marden came to the United States and they were married.

The Syrian and Armenian Relief, rehabilitation and Red Cross will cover their field of activity. The work is backed by the Red Cross and the [illegible] Palestine Relief fund.

Since [illegible] from Turkey Dr. and Mrs. Marden have been in Boston, where Dr. Marden has been engaged [illegible]. Miss Bertha Mosley has also been in Boston, taking up the study of Arabic, enabling her to speak in the native language of Palestine.

ROOM SIZE ICE CAKES FLOAT ON LOST NATION ROAD

Many people went down to the bridge at the American Clay works Wednesday to see the masses of ice that were accumulated along the Lost Nation road bank. The river began to rise Tuesday p. m., and the enormous cakes of ice were carried up and deposited in the road and adjacent yards and farms. The high wind assisted in the carrying of the ice. Some of the cakes of ice measured by the American Clay office men, were 36 inches thick. Some were from 11 to 15 feet square, or larger in size than the floor space in some rooms, and weighing from two to three tons. The ice dashed with considerable violence against the John and Pelton homes. They were obliged to rescue their chickens from the flood.

Barnes and his teams were engaged in cleaning up the Lost Nation road Wednesday. It was of course closed to traffic, being banked with ice cakes up to Breezy hill.

The Clay works suffered no damage but a company of colored employees, about 20 in number, who were housed on the [illegible], were badly frightened by the water and ice. The water has never been known to rise so high and never has there been such a quantity of ice. Photos were taken of the scene by Rose for the American Clay.

A. H. VAN GORDER BELIEVES THAT EACH MEMBER OF FAMILY SHOULD ACQUIRE THRIFT STAMP HABIT.

We are all ready to go to the very last [illegible] saving war tax. [illegible] however, a bit, but the government must have still more money to win the war. Then why not lend the government some and let it pay us interest, making at the same time an [illegible]

We say we cannot spare a hundred dollars or even five dollars but we can spare twenty-five cents every few days [illegible] expense. That is exactly why the thrift stamp was adopted, to give us all a chance to do our part.

The matter of the high level bridge was taken up in the second communication. The county commissioners believe that state and federal aid could now be secured. Mr. Carmichael's communication stated that he concurred in this belief and considered it a patriotic duty to push the building of the high level bridge. L. B. Stockwell moved that a committee of three be appointed to consider the matter.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The great real purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift, we have offered a safe and convenient place for wage earners to make payday deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds, our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

BUNKER HILL THE SECOND

We shot [illegible] they shot one more [illegible] Score 15-14, favor of [illegible] But this does not tell the [illegible] if you can, a gymnasium [illegible] our Willoughby girls [illegible] so proud, is swallowed completely out of sight; an enormous crowd in the balcony yelling itself hoarse for Berea and an orchestra syncopating (known in common English as ragging it) for fair. Then our girls come out on the floor and play as they never have before, under rules which they had practiced under just once. Berea plays with five on a team, which means with a roving center who has the right to shoot for goal. The Willoughby girls played "Berea" way the first half and they compromised by playing Willoughby way with a three-division field but only five instead of six players. The score at the end of the first half was 7-10, favor of Berea. The second half the scoreboard announced Willoughby 13, Berea 14. The ball was near Willoughby's goal in capable [illegible] ready to make the score 15-14, when [illegible] somewhere in the audience [illegible] announcing the death of Willoughby's hopes and incidentally the end of the game, Berea fashion.

Pedro Club Has a Good Time Even If They Were Dumped in a Snow Drift

The Pedro Club got up a sleighing party Friday evening last and went to Chesterland and spent the evening at George Brichford's, he and his wife being members. It will be remembered it rained that night and the sleighing was going fast, but they'd planned to go and go they did, only one load being dumped in a snow drift, nobody hurt and everything went as merry as a marriage bell and they returned early next morning, at 3 or 4 o'clock, but never mind. They had a good time.

ANDREWS CLASS OF 1918

(Continued from Page 1)

pleasing comments were made as to the excellent manner in which the glee club render their offerings. The glee club and an advance guard of the younger pupils preceded the graduates as they filed in. The individuality aimed at by modern and American education, referred to by Mr. Shankland in his speech, was in evidence as a tangible result of the Andrews school training. As the graduates passed down the aisle confidence and assured bearing and a wholesome and happy outlook was expressed by every one. The girls looked very pretty in their caps and gowns with bouquets of maidenhair ferns and primroses. The class colors were carried out in the green and red cords used on the robes.

L. P. McCulloch rendered a very fine prayer. He also offered the benediction at the close.

In leading up to the presentation of the diplomas to the graduating class, Mr. Shankland, in his address, defined education as a gradual growth from within. Schooling was at an end but growth and study would continue. That the graduates had measured up to a fixed standard; that they had tried and achieved he said, was an indication that they would continue to strive and to achieve. Presentation of the diplomas closed the exercises for the 1918 class, which was witnessed by close friends and relatives of the pupils, filling the gymnasium.

Testing a Will
The real test of a will comes at a time when the author of it is not present to express or restate his wishes.
If the will has been properly drawn, there is nothing to fear. But if it is a "home made" document, the chances are that it will cause more trouble and expense than if it didn't exist.
You can determine now whether your will can stand the final test as you want it carried out. Submit it to a good lawyer who has had experience and on whose judgment you can depend.

Begin The New Year Right Start A Home of Your Own
"Owing a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead, "is by no means solely a financial proposition. It is a busness affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'pyschic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

THE WAR IGNITION OF THE STANDARD EIGHT

Heatless Mondays and other modern war measures all emphasize the importance of magneto-ignition.

Such is the dictum of Mr. S. N. Sutter, located at 2027 Euclid avenue, Cleveland, dealer here for the Standard Eight. He reasons thus: Magneto-ignition insures quicker spark, hotter spark, surer spark, hence full efficiency on gasoline, and longer mileage on gasoline. This overcomes the matter of wasted gasoline through failure to explode.

"The Standard Eight," declares the dealer, "is not only a war car in this fuel thrift, but in its rugged build, which enables it to see you through no matter what the driving conditions. Its frame and springs of special Standard steel, made by its manufacturers in their own $30,000,000 steel plant at Butler, Pennsylvania, impart strength that insures long, continuous, uninterrupted service at a time when every car in America must be looked to to deliver its utmost. The makers of the Standard Eight are builders of rolling stock for railroads throughout the world. The first Standard Eights were built for officials of the company. After several years of rigorous tests and terrific driving, the car was placed on the market generally, and swiftly took its place as a leader in its class."

Prospect Theater

The Prospect will offer next week a new edition of "Mutt and Jeff Divorced," a musical comedy a little different from the usual run. Gus Hill the producer, has left nothing undone to make this the greatest success in which these two popular characters have appeared. Mutt and Jeff, through the newspapers and moving picture screen, have no doubt created more laughs than any similar characters and the situations created in their new play give them greater opportunity for much new and original comedy. The story revolves around a pretty young miss who has been adopted by a maiden aunt of these two worthy characters. Their respective wives do not take kindly to the interest shown by Mutt and Jeff in the young lady and there the trouble begins. There is a riot of comedy and laughter throughout the action of the piece. A chorus of bewitching young beauties add a wealth of music and song, while the costumes and settings are equal to those of the higher priced variety.

Grand Theater

General Manager Charles H. Miles has just returned from an extended tour looking for acts for his Grand Theatre. He finally found one of the greatest novelties before the public so he brought it to the Grand for the entire week starting Monday. This act is the Famous Rhoda Royals Circus act and is made up of fourteen acts in one tremenduous act. This act carries elephants, horses, ponies, monkeys, Indians, cowboys, cowgirls, wire walkers, acrobats, singers, dancers and every conceivable thing to bring to memory the scene of the summer circus ring. There will be many more big acts that will go to make another banner attraction with a full line of new photo plays. The same popular prices will prevail; all seats ten and twenty cents, with a continuous show from 1 to 11 p. m. daily. There is always a new show on Monday and Sundays.

Miles Theater

A sensational war drama called "The Spirit of '76" will be the stellar attraction at the Miles the coming week. This patriotic playlet carries a powerfully appealing and morally uplifting story that will unlock every emotion in a true American heart. The drama is presented by Brenda Fowler and a company of ten artists with a startling array of scenic effects, depicting war days of the past and present.

The added feature will be a special treat for the little folks. It is a spectacular canine act called "Merian's Dogs." The offering is said to have dogs that dance, sing, wink, snore and do other seemingly impossible feats for a dumb animal to perform. George M. Rosener, eminent character impersonator, Julia Curtis in a song review, Three Bartos in acrobatic oddities and the Bertillion Family of invincible troupers will furnish a vaudeville program of unusual merit which will be augmented with a fascinating group of interesting photo plays, embellished with invigorating melody furnished by Professor Signor Vogas on the Miles $25,000 pipe organ.

Standard Theater

Week of February 17th, the Standard Theatre will show one of the greatest military pictures ever produced, and it is for the benefit of not only those who have friends or relatives in the service but for every American, either male or female. "The Remaking of a Nation," an official picture of Camp Sherman, one of the finest camps in the United States, and a credit to Ohio, illustrating how the training method under General Glenn not only benefits the nation in a military sense, but in health and citizenship. Besides this you can see your own boys and sweethearts in their daily life and habits, and see them training into one of the finest physical examples of American manhood the world has ever known, and it is with pride that the management of this theatre announces the showing of this wonderful production.

Star Theater

Barney Georard's "Follies of the Day" plays the Star next week. The burlesque book is called "Oh, You Shakespeare" and concerns the efforts of the lamented playwright to make certain popular plays more popular. It will be real burlesque, most of the way, but vaudeville and musical comedy, melodrama and perhaps, grand opera, will edge in before the show is done. Featured players are Gertrude Hayes, Chester Nelson and Frank Mackey.

Empire Theater

"The Gay Morning Glories" play the Empire next week, and advance notices indicate a fast and lively burlesque attraction of the old style. Mark Lea wrote the book, which is packed with laughs, and he is also the featured comedian. Scenically and in the matter of costuming "The Gay Morning Glories" is big burlesque, and the string of comedians is a good one. It should prove fast and amusing.

Opera House

"The Riviera Girl," musical comedy by Emmerich Kalman, with book and lyrics by Guy Bolton and P. G. Wodehouse, is the Opera House attraction for next week. Klaw and Erlanger produced it, and New York has liked it well, as have the cities where it has played on tour. The story is a pretty one with a genuine surprise in it, and the setting, in the Riviera, has given Josef Urban, who painted the scenes, opportunity to show his mastery of color. "The Riviera Girl" will prove very pleasing entertainment.

Hippodrome

A titled lady is coming to B. F. Keith's Hippodrome next week. Lady Duff Gordon, who is recognized as one of the world famous fashion creators will present her own pantomimic, musical fashion revue in aid of Secour's American Pour La France Devastee entitled "Fleurette's Dream at Peronne." Lady Duff Gordon should make a very popular attraction in this city as Fashion Week will be on and her style suggestions will be timely. Another big headline feature will be Conroy and Man Lamaire, the stars of a hundred Broadway successes. These blackface comedians will be seen in their laugh making hit, "The Doctor." They have a style of comedy distinctly their own and will no doubt prove one of the big hits of the program. Lyons and Asco, who have united again with their same old instruments and the same old manner of entertaining their audience, will be a welcome feature, as these Italians have always been popular to Hippodrome audiences. Frank Milton and the DeLong Sisters will offer an entertaining comedy with a rural atmosphere entitled "The Diamond Palace." It is a story of a rube picture show. McMahon & Chappell in their own success, "How Hubby Missed the Train," will provide more laughs. In fact the entire bill is filled with comedy. Other popular hits will be Janet Adair in song recitations assisted by Miss Adelphi Hermann and Sirley, presenting the Mysterious Masquerader, a comedy novelty, and Garcinetti Brothers, European novelty hat throwers.

Alanda Aschoff, who resides at 321 South Central St., Canonsburg, Pa., will take notice that Edward H. Aschoff filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty. Colonial Theater

"The Gay Lord Quex," twenty-year-old comedy, by Arthur Wing Pinero, comes to the Colonial next week with John Drew and Margaret Illington as its co-stars. It is perhaps the most powerful of Pinero's comedies, and Pinero is the cleverest craftsman of latter day England. Recently he revised "The Gay Lord Quex," thoroughly and this version, produced by John D. Williams, should be well worth while. If you differentiate between entertainment and amusement, you will find the Colonial's attraction very interesting.

GEO. C. VON BESELER TO EXPLAIN THE LEVY OF TAXES BY SCHOOL BOARD

The boards of education of Lake county district will hold their third annual meeting in the court house, Friday, February 15, at 10 o'clock.

The day's program includes two addresses by Vernon M. Riegel, assistant state superintendent of schools. Attorney Geo. C. von Beseler will explain the powers of a board to levy taxes for schools, and County Agricultural Agent C. L. Lone will present boys' and girls' club work. A report of the year's work will be presented by the County Superintendent of schools, and Miss Alice Minor, the county nurse, will report on medical inspection in the county schools.

JOE MITCHELL CHAPPLE MAKES TWENTY-ONE SPEECHES PER DAY SINCE WAR BEGUN

Joe Mitchell Chapple, known the country over as a magazine editor and publisher, has developed into a public speaker, a patriotic pusher and promoter.

More than a thousand speeches since the war was declared, 21 addresses in a single day—that is a part of the record he has made. He is proud of it, and proud of the results that have come from it. That there are more than 40,000 junior Red Cross members in Boston is due largely to the work he has done in the schools.

During the summer, as one of the Redpath speakers, he traveled all over the country, speaking on important occasions, to large audiences, and on a variety of subjects, and his favoirite talk was on "Flash Lights of Patriotism," a series of sketches of men who have bulked large in the important parts of the country's history.

How He Makes His Appeal

When the Red Cross drive in Boston seemed to slacken, to lack "pep," Chapple was drafted, and he went at the task in the whole-hearted manner characteristic of the man, leaving his business and giving his time to the work.

A banker said to him: "Chapple, you are neglecting your business to do this; you ought to stay in your office."

"No," was the reply, "I'm helping to protect your business."

Chapple looks on this work not as a means of self exploitation but as a matter of duty. He does not attempt a beautiful speech but tries to touch the heart to convince people that they ought to do something.

And he usually succeeds.

In more than one industrial plant, where the machinery has been stopped while the employes listened to a brief speech from him, there hangs a placard announcing that the establishment is pledged 100 per cent to the Red Cross.

He has spoken in more than 150 high schools in the country and in his Boston work has not neglected the lower grades.

There he says it sometimes seem as if the children are more quick to grasp the idea than those in the higher grades. At any rate, he says, "This experience is making me a more confirmed optimist than ever."

His speeches show an effective simplicity. "Suppose," he says to a hundred young boys and girls, "you should see little Lizzie out there in the street, run over, with her arm broken! Wouldn't you run out and help her? Well, that's the Red Cross. Your brothers and her brothers are over in France, or will be over there, fighting for you, getting hurt for you. Won't you help them over there? You've all got the Red Cross in your hearts. We want you to put the Red Cross into your actions."

Has Faith in Children

There are no dry statistics in Joe Chapple's talks. Newspaper reports of his Redpath speeches tell of the "thrill" in them. The thrill is there because he makes a direct appeal to the human sympathy in every heart. But he wants that sympathy converted into action. So he said at one meeting: "How many of you are willing to go out, now—not tomorrow, or some time, but now, within the next hour—and ring door bells up and down the street, make those bells a peal of music that will add to the message of the Christmas chimes?

Two-thirds of those present raised their hands—and kept their promise. They are held to the promise. "Remember," he says, "that when you raise your hand in this manner you are taking a vow as sacred as an oath, that you will do your part to help in this cause."

And he ejoys it. "Why," he says, "when you see the little ones lean forward with the light of understanding sympathy in their eyes, listening to every word, weeping perhaps at some of the stories of suffering to be relieved that must be told them, you feel a sense of satisfaction and an assurance that the future of the nation is secure.'

Neither does he disdain the arts of the politician. He is not a politician, never will be, but the methods that have been tried in campaign after campaign and have proved effective in getting votes are not to be ignored in a different campaign in getting members for the Red Cross.

So, last week, he might have been seen almost anywhere about Boston, standing in an automobile at a street corner, talking to whatever crowd he might get to listen, hammering home the needs of the Red Cross in simple and effective manner, putting it before men and women as a matter of simple duty, a voluntary tax, to aid the movement that means so much of aid for the men who are doing their country's work

So, from Atlanta to San Francisco, from Chicago to New York, and now in Boston, before audiences of 20,000 or 200, of a street crowd of a handful, in formal assemblages, in manufacturing establishments, in schools and churches, Chapple has been preaching the message of patriotism, and there are few if any men in the country who have given more addresses or spoken to a greater number of people since last spring than he.

Not all the success of the Boston drive is due to him, but L. K. Liggett, who had it in charge, has always had a faculty of picking the right men for the work he wanted done. He picked Chapple for this job, and Chapple has made good because he believed in the work and had faith in humanity.—Boston [illegible]

LIBERTY LOAN PRIMERS

Much has been said about making the world safe for humanity. Some people are inclined to regard this as merely platitude. But it isn't.

Recent occurrences at sea are intensely illuminating on this point.

On one occasion a German submarine permitted a lot of English sailors to clamber aboard after their ship had been sunk and their small boats were swamped. And after an hour or so the U-boat submerged and drowned them all but one.

Dozens of instances have been reported where the Germans shelled open boats after having sunk a ship. Frequently their occupants were killed or wounded.

Humanity was decidedly in danger there.

But on November 24 when the American destroyer Fanning sunk a U-boat, Mate Harwell and Coxswain Connor jumped overboard to rescue a drowning German of the submarine's crew. And they saved him.

Humanity there was safe.

There's a big difference in the American and German idea of humanity.

Few of us care for the German brand.

That's why we buy Liberty bonds. They're insurance against it.

Warning to the Public!

Some salesmen working for wiring contractors have been representing themselves as Illuminating Company employes in soliciting old house wiring contracts.

The Illuminating Company has not for several years done wiring of any kind. Wiring contractors, however, use a uniform contract for old house wiring, which has been approved by us and which insures proper handling of the work, but which does not justify their claiming to act as our representatives.

Any salesman soliciting wiring contracts who claims to be an Illuminating Company employe, or who offers a refund in the form of free electricity on the cost of house wiring, is an imposter and should be treated as such. We would appreciate the reporting of any such cases to us.

Watch the Snap and Vim in every bottle of Bevera as you pour it into a glass.

Then get ready for a real exhilarating drink, for you will get it—every time you open a bottle of this wonderful beverage.

Bevera is the suitable drink for any occasion; meal time, between meals, or at any social gathering. It is good for young folks and elderly people.

While Bevera has many prominent distinguishing qualities, the first is of greatest importance—It is absolutely pure.

This is because of the wholesome ingredients and the sanitary methods used.

Every glass of Bevera you drink will assist materially in keeping you strong and well, because of the barley, hops and distilled water it contains.

Look for the Bevera signs in the stores of your city. They are to be found in thousands of drug stores, soda fountains, grocery stores and confectioneries. When you see the sign you will know it is the sign of a good drink.

Get your bottle today—you will enjoy it—then buy by the box tomorrow.

Addie M. Gifford, the unknown heirs, devisees, administrators and executors of Addie M. Gifford, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, administrators and executors of Addie M. Gifford, deceased, being unknown, will take notice that on the 3rd day of January, 1918, Frank Payer and Anna Payer, as plaintiffs, filed their petition against them as defendants in the Court of Common Pleas of Cuyahoga County, alleging that they are the owners in fee simple and in actual possession of the following described real estate, to wit:

Situated in the Township of Orange, County of Cuyahoga and State of Ohio, and known as being part of original Orange Township Lots No. [illegible] [illegible] as follows: [illegible]

[illegible]

On the north, east and west by the original boundary lines of said lot No. [illegible], and on the south by a line parallel [illegible] so far north therefrom as to include 16.60 acres. The petition alleges that said Reubin T. Gifford died intestate in the year 1910 and left surviving him, Elizabeth Gifford, his widow, and the following named children, his heirs at law: Addie M. Gifford, defendant herein; Carrie B. Gifford; Minnie [illegible] Gifford; Pearl L. Gifford and Herman G. Gifford; That said children and said widow, with the exception of Addie M. Gifford, have quit-claimed to plaintiffs all their right, title and interest in and to said premises; that by mistake in said deed from William Hanner and wife to Reubin T. Gifford, the premises were described as bounded on the north, east and west of the original boundary lines of said lot No. 42, and on the south by a line parallel to said north line, and so far south as to include 16.60 acres, when in fact said premises should have been described as bounded on the south, east and west of the original boundary lines of said lot No. 42, and on the north by a line parallel to said south line, and so far north as to include 16.60 acres of land; that the said Reubin T. Gifford was the owner during his lifetime of said southerly 16.60 acres of lot No. 42, and that neither he nor any of his heirs has ever claimed any interest in the northerly 16.60 acres of lot No. 42; that the defendants herein have no interest or claim whatever in the premises herein described, and that the claim they make is unfounded, and is a cloud upon plaintiff's title.

The prayer of said petition is that the title to said premises may be quieted, and that the defendants may be forever barred from having or claiming any right to said premises and for relief.

Said petition is No. 160539 and the defendants first above named are required to answer the same on or before March 2nd, 1918.

Dodge and Mary Ann Dodge, wife of Henry H. Dodge, who on November 22nd, 1847 conveyed said premises to Benjamin R. Hutchins by deed filed November 26th, 1847.
The petition further says that the plaintiff and his mediate and immediate predecessors in title have held said property for more than twenty-one years last past, in open, exclusive, continuous, notorious and adverse possession; that the Statute of Limitations has run against any interest or claim of interest that any or either of the defendants herein mentioned have, or may have had in said property, and that said defendants have no interest in said property.
The prayer of said petition is that the defendants may be compelled to show their interest in said premises, if any they have; that the same may be adjudged null and void, and that plaintiff's title may be quieted against the same, and for relief.

NEWS FROM WILLOUGHBY SOLDIERS; CHOCOLATES FIND FAVOR WITH THE BOYS.

[illegible], Feb. [illegible], 1918.

Dear Mr. [illegible] S. Wilson:

I received the lovely box of chocolates [illegible] and I thank you many times for your kindness. They [illegible] of course the boys [illegible] shared them with me, saying the same.

We are having fair weather but [illegible] a good deal of the [illegible] I can say it [illegible] more comfortable than the [illegible] especially this winter.

[illegible] the winter has been [illegible]

It won't be long before spring now, anyway, for which we will all be thankful.

All the Willoughby boys are well and patiently waiting for the trip "over there."

We have a nice camp, it being in a very desirable location, about three miles from the city. We are well provided for and have all we want to eat and the best. That is the most essential thing in the army. Ha!

Mrs. Daniels is here visiting Willard and I. We have had a lovely time. Mrs. Carl Roberts came down with her. They are also rooming together, which makes its very pleasant.

I have had two promotions since being in the service; first a first class private, $33 per month, and am now a "wagoner," $36 per month. I like it fine.

I will close for this time, hoping you are well and happy and thanking you again for my box of chocolates.

Yours respectfully,
WM. HENRY HUBBELL,
Co. C, 112th Engineers,

WICKLIFFE MERCHANTS ADOPT UNIFORM CREDIT SYSTEM

The merchants and the Wickliffe Supply Co. of Wickliffe have adopted a uniform cash basis credit system. The high cost of materials and the [illegible] that commission men and distributors are enforcing has made the move advisable. In a readable [illegible] issued by the Wickliffe Supply Co., they state that credit is the most valuable asset that one may possess. Profits are based on thirty day terms, and an extension of longer time means unnecessary hardship to all concerned.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened, we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

Not a Shiver Can Get In!

There isn't an icy blast from the great Northwest that can cool down a Caloric heated house below the comfort point!

Thousands of contented Caloric owners would tell you this if you could ask them. We know because hundreds have written unsolicited letters, saying that the Caloric outheats any furnace, boiler or stove they ever knew of, and uses less fuel doing it.

These letters and thousands of other pleased owners are direct and unquestionable evidence that the

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

is a wonderful and economic heater; but the best evidence you can get is to install one yourself and experience its comfort in your own home.

The Caloric can be installed in an old house as well as a new. It heats through one register directly up from the cellar into the house, where the warm air circulates to the farthest corner. This is the most natural and healthful way to heat a home—Science says so and Experience proves it true.

The Caloric is guaranteed to reduce your fuel bill by at least one-third. It has a patented triple casing and dead air space (no pipeless furnace can succeed without this) which effectually prevents heat radiation into the cellar—hence fruits and vegetables keep well in a Caloric heated home.

Don't live another winter in a home too cool for health and comfort. Don't continue to burn costly fuel without an adequate return. Install a Caloric and be happy! Come in and see it.

Directors Elect Other Officers

Following the general gathering, the directors met and elected the following:

First vice president—L. R. Adams.

Second vice president—James McMahon.

Secretary, E. F. Birkholz (re-elected).

Treasurer—E. S. Fairley (re-elected).

General consensus of opinion seemed to be that the officers and directors as shown were most happy selections, and that much may be expected of the new organization for the coming year. George Rockafellow, retiring president, made a few remarks, thanking the officers for the sincere co-operation he had been given, and referring to the unprecedented happenings of the year, which had made the carrying out of many plans impossible.

C. P. & E. Service Discussed by Mr. Jordan

The complaints of the C. P. & E. service were taken up by Mr. Jordan. The severe weather had caused all roads to suffer much in damage to equipment, he stated. Some roads were obliged to discontinue service for days, he added. Given good weather, Mr. Jordan assured the assembly that there would soon be no cause for any complaint, as the management and boys were working hard to restore the usual grade of accommodations.

Lake County Chamber of Commerce Broached

Mr. Carmichael stated that Mayor Huntington had called at Willoughby, accompanied by Mr. Foster, considering the interests of "The American City." A Lake county Chamber of Commerce was the subject they broached. A committee was appointed to learn just what was contemplated or offered. While willing to work in harmony with any movement to the betterment of Lake county, that Willoughby should retain its identity with its local chamber, was the opinion of Mr. Carmichael. "Business is traveling westward," he said. "Let it start at Willoughby."

Some Enjoyable Talks Given

Prof. Otis dwelt upon the problems of heating the school this winter, and the necessity of offering more in the way of salary compensation for teachers if the best talent was to be obtained and retained here. Rev. McCalloch, called upon to talk upon the thrift stamps, included much of interest on the bearing of the present war upon civilization and ideals of economy and patriotism in leading up to the purchase of war saving stamps, in an interesting manner.

L. B. Stockwell expressed his appreciation for the honor of the presidency conferred; and asked the co-operation of each and every individual in sustaining and aiding to the reputation of the Willoughby organization as a live chamber of commerce.

Bouquet for Mr. Rentschler

Rev. Bright suggested the sending a bouquet and a message of cheer to M. J. Rentschler, who is rapidly recovering from his recent operation at Charity hospital. Mr. Rockafellow responded to the effect that the bouquet had been sent the day before. Mr. Rentschler had been scheduled as the speaker of the evening, and his services had been looked forward to with much anticipation by the members.

Patriotic Meeting and Ladies' Night Planned

It is planned to hold four open meetings of the Chamber during the year. The next meeting will be a patriotic occasion and the ladies will be invited to attend.

Rev. Schaffner of Mentor, was in attendance as the guest of E. F. Birkholz, and offered the prayer.

CHAMBER WANTS PERMANENT HOME

At the directors' meeting James McMahon offered the suggestion that the Chamber of Commerce should have a permanent home or meeting place. A committee was appointed to endeavor to make arrangements to use the council chamber of the town hall. It is desired to have the windows show the sign "The Willoughby Chamber of Commerce." A chamber of commerce such as Willoughby's it is believed should be thus accommodated.

ARTISTIC DECORATIONS AT EPISCOPAL CHURCH

The decorating just finished by J. B. Chesbro at the Episcopal church has added greatlyl to the attractiveness of the pleasant and homelike interior of that edifice. The selection of the colors and the new carpet for the church was left to the ladies; the improvements all really being the Christmas gift of the ladies to the church.

Begin The New Year Right
Start A Home of Your Own

"Owing a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead," "is by no means solely a financial proposition. It is a business affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'pyschic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

WIN WAR WITH WAR GARDENS

"Win the war with a war garden."

That's going to be the slogan this spring of everybody who has a foot or two of good earth and a spark of patriotism.

War gardening has become more than a pretty and quaint fad—or an experiment.

It's a deadly serious thing—as serious this year as it is in France.

That country, next door to starving Germany, has been saved by the war-gardens made by its women.

In southern France, until December, 1917, the women raised crop after crop of "chou," the cabbage that has practically taken the place of potatoes there since 1915.

Our food problem is getting more and more acute as more and more soldiers go "over there" to back Gen. Pershing. For the soldiers MUST be fed if America is to do her part in throttling the German beast.

Let your weapons be a spade and rake home folks! Let your ammunition be packets of seeds. And let your battlefield be the only pleasant battlefield in the world—the warm brown plot of earth for garden beds.

The least we who stay comfortably home can do is to help send all the food we can to our Sammies in the faraway trenches.

And the muscle training you'll get in your war garden will do you as much good as Sammies' drilling in the cantonment is doing him!

ALL AMERICANS CAN SERVE

Every man, woman and child in this country who wants to serve the country, can serve it and serve it in a very simple and effective way, Secretary McAdoo says. That service is to lend your money to the government. Every 25 cents loaned to the Government is a help at this time and practically every man, woman and child by making some trifling sacrifice, some denial of a pleasure, or giving up some indulgence, can render the Government that support.

Every 25 cents will do something to help a wounded American soldier, wounded fighting for the American people and American liberty. Every cent loaned the Government contributes something for the safety and strength and success of our soldiers and sailors, equipping them, maintaining them, clothing them, feeding them, and giving them artillery and ammunition and all things needed for their efficiency and triumph.

The Secretary of the Treasury says the question is before every American "Are you willing to help the fighting men of our nation, and in helping them to help themselves? Are you willing in helping them and helping ourselves to make liberty supreme throughout the world and to make the atrocities, the infamous and unspeakable crimes against civilization, committed by Germany impossible forever in the future?"

LAKE DIVISION RECEIVES RED CROSS STATEMENT

All appropriations for the American Red Cross War Fund up to Jan. 9 amounted to $77,8[illegible], according to a statement just received at Lake Division headquarters, Cleveland, from the Washington office.

The appropriations show a total of $44,657,795.99 for foreign relief, $[illegible]612,532.60 for relief work in the United States, and a total of $21,[illegible]181.12 for supplies, either for foreign shipment or for distribution at home to chapters in this country. This latter item includes $7,063,619.12, which is also included in the $30,519,259.60 for work in France as well as $11,288,417 for material for resale to chapters. It may thus be considered a revolving fund and as a liquid asset rather than an expenditure.

The total appropriations for administration, national and division, [illegible] amount to $1,289,792 for the eight months' period. This [illegible] national and [illegible] [illegible] telegraph service [illegible] Western Union Telegraph Co. [illegible] over a [illegible] period of time. The [illegible] not come out of the War Fund but are more than covered from the portion of membership dues received at national headquarters. These membership dues, which more than pay for all administration expenses, were received before the recent Christmas Membership Drive took place.

In other words, no expenses of administration in the United States were paid out of the Red Cross War Fund. All administration is more than met by membership dues. Thus every dollar contributed for relief goes for relief.

Detailed copies of the appropriations are being prepared for distribution to all Red Cross Chapters in Ohio, Indiana and Kentucky.

WESTERN RESERVE UNIVERSITY SHOWS INCREASE EVEN WITH MANY STUDENTS IN WAR SERVICE.

The new Western Reserve University catalog, soon to be issued, will show an increase of more than 1500 in the total number of students in spite of the decimation caused in certain departments by the call to national service. The departments most severely effected by the war are Adelbert college, where the number has dropped from [illegible] to [illegible]; the law school with a drop from 115 to 72 and the school of pharmacy with 72 students where last year there were 120.

On the other hand, the College for Women has a slight increase from 481 to 492. The school of medicine has grown from 161 to 181 and the dental school from 190 to 200.

The great increase comes from the establishment of the school of education, conducted jointly by Western Reserve University and the Cleveland Normal Training School with an enrollment of 1500 in place of a few courses for teachers given last year with 102 in attendance.

Another field of activity lies in the extension courses given by the School of Applied Sciences to meet war time emergencies. One hundred and thirty two students are registered in these courses in addition to the 29 who are taking regular work in this school.

THE KINNEY & LEVAN CO. IS OFFERING EXCEPTIONAL BARGAINS JUST NOW

Beautiful china, exquisitely carved [illegible] and [illegible], Japanese and Chinese ware, Sheffield ware, Rose [illegible] ware are but a few of the things that are being carried [illegible] the [illegible] corner of the [illegible] of Kinney & Levan Co. [illegible], and now shown in profusion at their big establishment at Euclid Square and East 14th streets.

Never was there a more wonderful [illegible] array of [illegible] [illegible] Cleveland. No woman of artistic taste [illegible].

In this big store is located the "Oriental [illegible]" [illegible].

In this [illegible] section the [illegible] of a most exceptional and varied character, the product of both foreign and domestic makers being on exhibition so that every detail of their [illegible] may be critically examined by patron.

A [illegible] this wonderful [illegible] and [illegible] any one who has an eye for the beautiful.

There are China and American Porcelain Dinner Sets, odd Pieces and Hable Glassware at prices that obtained before the beginning of the war. To take advantage of this opportunity is the bounden duty of all who would beautify the table at a modest expenditure.

In Haviland and Wm. Guerin Co.'s celebrated china table ware there is nothing else in the market to compare and these dinner sets are shown in the most artistic designs and in extensive lines.

The Butterfly pattern of American porcelain is sure to suit those of fastidious and discriminating taste. The breakfast and tea sets come in 63 pieces, while the dinner sets are of 50 pieces.

Again there is the Dolly Madison American semi-porcelain, in 100 pieces—a most beautiful pattern.

Table glassware in 18 piece sets is shown in many designs and at prices that are irresistable.

With the coming of the gladsome spring time, it behooves the "lady of the house" to take this opportunity to see just what a little money will do toward making her home more artistic by trading a bit at Kinney & Levan.

Colonial Theater

"The Passing Show of 1917," glorified burlesque, with DeWolf Hopper and Irene Franklin, Johnny Dooley, Charles (Chic) Sale and a score of other entertainers who have reputations and deserve them, plays the Colonial next week. This edition, sixth of the "Passing Show," and twenty-third Winter Garden production, has the best Broadway record of the lot. The fun will be fast, the music pleasing, the costuming daring and the scenery plumb gorgeous. There will be big spectacles and thrilling ones, vaudeville specialities with out number, and laughter all the way. Winter Garden shows generally sell out solid, in Cleveland.

Hippodrome

Adele Rowland, who will be remembered as a star in "The Soldier Boy" and "The Only Girl" and Adelaide and Hughes, America's representative dancers, will be joint headliners on a wonderful all star program of standard vaudeville successes at B. F. Keith's Hippodrome. Miss Rowland is appearing for a short stay in vaudeville. She has had a series of exclusive songs written for her and judging from the reports received from other cities Miss Rowland should prove a most entertaining headliner netx week. Her songs are all of the "story" type and after one hears Miss Rowland they feel that her songs all have a point to them.

Adelaide and Hughes do not need any introduction to Cleveland audiences. This couple, more than any act in vaudeville or musical comedy, strive to give something new every season. Last year their production was a striking one. This season their act, while confined to their own efforts, is even better than all others they have ever produced. Adelaide is dainty and charming and so good to look upon even when she is not presenting her [illegible] as no one can. Another act of importance will be the appearance of John B. Hymer and his own company in a wonderful playlet entitled "Tom Walker in Dixie." It might be stated that plans have already been made to make this act into a three act production. Mr. Hymer has written many of the most popular playlets ever seen in vaudeville and his new [illegible] should prove one of the most [illegible] seen at the Hippodrome in years. Good music is always welcome [illegible] and there will be plenty of it furnished by Rita Mario and her [illegible] of ten. The Six American Dancers, featuring the [illegible] Revue, will present an entertaining [illegible] of dance numbers. Among the other feature acts will be Bert and Harry Gordon in an act called "The Impressario and the Novice." Stevens and Denning with their "Back Again" and the Darras Bros., sensational equilibrists. The Hearst-Pathe news weekly will be shown.

Prospect Theater

Starting next Monday night the Prospect Theatre will present for a week's engagement Edward W. Rowland's big success, "A Dangerous Girl," by Allan Leiber, and presented by a cast that is said to be far above the average, including Dorothy La-Verne, Horace Noble, Bobbie Robbins, Beatrice Lewis, and other well-known player folks. There is nothing conventional about "A Dangerous Girl," nor does it run along on any old familiar lines. It is new, novel and strictly up to date with an immense punch and striking situations galore. There is a pretty innocent girl exposed to the designs of a fascinating but unscrupulous employer. There is this girl Peggy, "A Dangerous Girl," who takes the responsibility of everything and everybody on her shoulders. We like her, but she shocks us and when in the last act we find that she is "nice" after all, we are glad. There is a big startling scene in the last act when the employer of Marion Kingston, who has sought to ensnare her, turns out to be a spy in the employ of the enemy, and secret service agent, dictographs, etc., play an immensely important part in weaving the web of evidence which brings all his plans to ruin. Through it all the story is one of the most intense and gripping interest. Peggy, "A Dangerous Girl," shields her friend Marion Kingston, who is almost misguided, and almost to the finish Peggy is a woman of mystery until the big gripping scene when she stands revealed as a secret service operative. The interest is well kept up and the attention of the audience is held to the finish.

Star Theater

"The Great Star and Garter Show," produced by the W. & W. Amusement company, plays the Star next week. It is big burlesque. Two farces with music, "For Art's Sake" and "Hingle Dingle," make up the entertainment, with vaudeville specialties for good measure. The cast is headed by Don Clark, Bert Rose, James Coughlin, Flo Darley, Jess Weiss and Frankie Le Brae. There are no less than twenty-five ensemble musical numbers on the program.

Standard Theater

Week of February 24th the Standard Theatre offers Robert Warwick, the handsome movie hero, of thousands, and the beautiful Elaine Hammerstein, a wonderful emotional actress, in a screen version of the gripping love drama, "The Mad Lover." The story of the play is one that will hold interest from beginning to end. Mr. Warwick as a mad lover has excelled all of his previous screen efforts. The most beautiful decorative settings ever used in motion pictures have been employed in constructing The Mad Lover.

For the first time the expensive method of subtitle illustrating by means of pastoral scenes is introduced in the filming of this production, and altogether this feature was made at a tremendous expense and a supporting cast was engaged that was especially efficient.

Opera House

Henry Miller will present Ruth Chatterton at the Opera House, beginning next Monday evening, February 25, in "Come Out of the Kitchen," the three-act comedy by A E. Thomas, based on the popular story by Alice Duer Miller, which ran for thirty-two weeks last season at Cohan Theatre in New York. Here is a really worth while event in the local season and it should be noted that Miss Chatterton comes here with the original New York company and production. Bruce McRae appears as Burton Crane.

Miss Chatterton, who captivated her audiences in "Daddy Long Legs" and "The Rainbow," has achieved her finest success in "Come Out of the Kitchen."

The engagement includes special priced matinee, Wednesday, when the best seats will be $1.50.

Miles Theater

The management of the Miles feels elated over next week's bookings on account of the great array of high class talent they have secured. Raymond and Caverly will top the bill with a nautical travesty called "The Submariners." Three Moriarty Girls, vaudeville's daintiest girls, have a novel song and dance offering. Leonard and Browne & Co. present "Winning a Bride," one of the big standard comedies of 1918. Lee Foo & Co. have a Chinese novelty act of unusual merit. Zeno and Mandell offer an oddity in Black and White. The Orandos, Spanish premier whirlwind xylophonists. These six acts will be augmented with 9 acts of motion pictures, presented before and after the matinee and evening vaudeville.

Empire Theater

"The American Burlesquers," headed by Harry (Watch the Shiek) Welsh and Billy Carlton are at the Empire next week. It should prove a lively show. "Pawnbroking De Luxe" is the title of a two-act farce with music, which has been well liked on the wheel. Allie Mason, Vivian Somerville and Lulu McQuarry head the feminine contingent, and, of course there is a big attractive chorus, appropriately costumed.

Liberty Theater

Brandt and Aubrey, [illegible] Liberty's vaudeville bill next week, with a novelty [illegible]. [illegible] an athletic [illegible]. [illegible] a couple of [illegible] Harrison Smith and Gerald, a blackface comedy team, and [illegible].

THE MAN WHO HATES HIMSELF

There are men who in moments of remorse revile their own weaknesses. When a fellow wakes up with a "head;" when he has a taste in his mouth as refreshing as the thought of sewage; when he craves more of the stuff that has robbed him of brains and peace of mind—then that man cordially hates himself. He tells no one. He resolves to "break" with liquor. But he doesn't. He means well. He fully intends to quit, but there's that resistless "other self" which says "You need just one more. It will brace you up!" And he takes it.

If this shoe fits you, Mr. Drinker, rest assured you're in danger. Every red nosed, foul-breath Down and Out once went thru identically the same experience. That craving [illegible] means just one thing. You simply must break with liquor or old J. Barleycorn will break you as he has done millions of others. There's one safe way to get rid of all desire for alcoholic drink. The Neal Treatment will do it; has done it for thousands. Many splendid men and women once victims of the liquor habit won their way back to freedom and health by taking the simple all vegetable treatment.

For further information, write, phone or call the Neal Institute, 2906 Euclid Avenue, Cleveland, Ohio. Phone Rosedale 3490. Open day and night.

The Illuminating Company has not for several years done wiring of any kind. Wiring contractors, however, use a uniform contract for old house wiring, which has been approved by us and which insures proper handling of the work, but which does not justify their claiming to act as our representatives.

The Transportation of Gas Service

Day and night in winter and in summer through blizzards and calm the transportation of gas keeps going on just the same.

Gas Service has its own exclusive transportation system a direct line from the West Virginia wells to YOUR appliances.

Six immense mains carry the gas you use from the source of supply right to your own home. The largest pumping station in the world starts it on its way and keeps it moving.

Under the skilled guidance of over three thousand trained employes your gas transportation system is now working at full capacity. It is bringing to Cleveland every cubic foot of gas available.

Perhaps on the coldest days the gas supply cannot meet all the demands made upon it, but our customers may be assured that at all times the entire output of the wells is being delivered.

The transportation of gas never stops. Under all conditions of weather and temperature this gigantic delivery system keeps working to give Cleveland the best and Cheapest Gas Service in the world.

"SLUMP IN KINGS IMMINENT," SAYS IRISH NATIONALIST IN AD CLUB SPEECH.

[illegible] spoken, forceful, eloquent [illegible] Irishman spoke at the [illegible] Ad Club gathering at the [illegible] Wednesday. In the introduction [illegible] of the Western [illegible] said that the popular [illegible] might often be estimated [illegible] nickname. Everybody, [illegible] knows what T. R. stands for. [illegible] knows what Tay Pay [illegible] with a few other [illegible] statements was T. P. O'Connor, Irish statesman, introduced as a [illegible] of the world, to a capacity audience.

O'Connor was scheduled to speak on the Armenian relief. S. S. Wilson, president of the club, in a few preliminary remarks, spoke of Prof. [illegible] close connection with the Armenian relief, and the appropriateness of having Prof. Thwing, therefore, act as introductory chairman.

It does not mean much to many, any more to hear talk in regard to the Armenian relief. But it stands out in a different light when the realities are set forth by a speaker like Mr. O'Connor. "The world is in a crucible," he said upon one occasion, "and we cannot tell what will be brought forth, but it looks as if there would be a slump in kings."

"To doubt the love of an Irishman for the Stars and Stripes and their loyalty to the United States, would be an insult to every Irishman," he said [illegible]

MENTOR W. R. C. HAS PARTY

The W. R. C. of Mentor observed Feb. 22 in a very pleasant manner at the [illegible] hall Friday afternoon, by having a regular business meeting and taking in a new member. The business part of the meeting was closed and the exercises were opened by a song from a quartet of girls, Ruth Barnes, Doris [illegible], Marion Knott and Edith Toad. The members responded with generous applause and more music followed. For the social hour a Washington tea lunch was served.

WOMEN FOR RURAL CARRIERS

The absence of carriers on Rural Route No. 2, and delays on other routes, has occasioned considerable comment among the patrons. The suggestion has been made by some folks on the route that women be hired for the jobs. They believe that women could do the work satisfactorily, especially in these days, when many are successfully driving cars for many purposes.

WILLOUGHBY BOYS TAKE PART IN DELAWARE TOURNAMENT

AMERICAN CITY BUREAU OPENS CAMPAIGN FOR LAKE COUNTY CHAMBER OF COMMERCE.

Frank Shankland and W. C. Collister were upon a committee who conferred with the Painesville officials and representatives of the American City Bureau, who would establish a Lake County Chamber of Commerce in Painesville. The bureau requires a payment of $2,[illegible] for their work; annual dues to be $25.00 per year, and they will supply a secretary, whose salary is to be $2000.00 per year. They estimate that 300 members [illegible] $25.00 each would bring in $7500.00, and from this the secretary would receive [illegible] two thousand dollar salary. Willoughby's own able and progressive Chamber of Commerce, which has reached its present standing without any outside aid or payment of large sums of money, it is not likely that Willoughby will look upon the proposition with any great degree of interest.

Willoughby soldier boys, 85 of them, will each receive a "News from Home" scrap book. The Andrews Junior Red Cross have adopted the idea and eleven books were sent out Monday. The news need not be confined to Willoughby. Anything of interest to the boys in Ohio, or the U. S. could be included.

These are days of rapid changes and every woman should respond to this opportunity for up-to-date information. Mrs. C. S. THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

The Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person ever lost a penny. But our greatest satisfaction is in the good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened. We have taught school children thrift, we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day." We have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds, our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

RED CROSS SUPPER BAZAAR BOOSTS WICKLIFFE

The supper served by the men at Wickliffe at the Red Cross bazaar was voted a great success. W. A. C. boys acted as waiters and they looked like real waiters in their white coats. T. E. Rice was chairman of the supper committee. The Wickliffe ladies had charge of the bazaar, and donations were freely given from nearly every home in Wickliffe. Mrs. George Fairman was chairman of the bazaar committee. Four hundred dollars was cleared for the Red Cross. Wickliffe laurels are being added to every day.

There is a difference between LIVING in a town, and taking an active interest in it, and just staying there.

OFFICERS ELECTED AT BOYS' CONFERENCE.

The eighth annual boys' conference of Lake County was a great success [illegible]

[illegible]

[illegible] served a splendid banquet, well prepared and served by the Ladies of Mentor. During the banquet yells and songs were given by the various delegations. After the banquet the president asked all to stand and sing America. He then introduced Mr. C. A. Duff, secretary of the Painesville Y. M. C. A. as toast master. Mr. Duff met the occasion in his usual witty manner. He called on Edward Chapel of Mentor, who responded to a toast, "Greetings." To this Robert George of the Nursery replied.

The speaker of the evening was then introduced. Mr. Teachout of Cleveland gave one of his straight forward convincing talks to boys on "The Supreme Challenge to the boys of to-day." He dwelt on the various challenges which are coming to every boy to-day, but the supreme challenge that he accept Jesus Christ has his personal Savior.

A telegram was read from R. J. Dorman, who was formerly secretary of the Lake county Y. M. C. A.

This concluded perhaps the most intense and best Boys' Conference ever held in the County.

GLASSES FOR APPEARANCE AND SERVICE

Poor eyesight not only ruins the general health, but leaves marks of suffering upon the personal appearance, gloomy, irritable disposition, wrinkled foreheads, tired inflamed eyes, pallid complexions. All are generally the result of defective eyes and sight. Some would rather suffer this discomfort through an unfounded fear that glasses would mar their appearance.

The glasses of today will restore normal sight and add to personal appearance. Mountings and glasses of all kinds. Shell frame in all shades.

Begin The New Year Right
Start A Home of Your Own

"owning a home," says Albert W. Atwood, the eminent financial authority in "How to Get Ahead," "is by no means solely a financial proposition. It is a business affair, like being married, having children and getting an education. A home that you can call your own is a rock-bottom investment. Its interest return is more than the tangible yield in dollars and cents. It produces what the economists call 'pyschic income,' that is, greater comfort, stronger family ties, all-around deeper satisfaction and a fuller enjoyment of life. Don't always be paying rent to someone else. Receive interest instead of paying it. Become independent and own the roof over your head. Every man's house is his castle. To own the house one lives in gives a feeling of security, independence and permanence that is worth almost any amount of sacrifice."

WASTE AND THRIFT

One effect of the war has been that the people are beginning to understand the truth of the statement that whatever is spent for unnecessary things is a waste of labor.

All that is paid out for unnecessary and expensive food, clothing, and a thousand other needless things, involves a dissipation of labor that is serious and alarming at this particular time.

The scarcity of all sorts of necessary commodities drives home the need of stopping the waste of labor and of diverting it from the production of non-essentials to the making of those things that must be had to sustain the physical and mental efficiency of the people. The only possible way to accomplish this is for everyone to always think twice before buying the things that are not necessary. In other words, systematic thrift, not spasmodic saving—is the one method by which the production of necessities can be made to equal the essential demand. Otherwise the shortage of commodities is bound to become more and more acute, and the physical stamina of the people gradually undermined.

A double benefit will accrue if the savings that result from thrift are invested in Liberty Bonds, for the strain of war financing will then be just so much removed from capital which can to that extent continue to be used in the production of those things that are needed in the war and that are vital to the prosperity and progress of the country.

Prospect Theater

Among the outside or island possessions of the United States none are so wonderful as the Hawaiian group. An atmosphere of sunshine, a climate that is as perfect as any on earth, a native population that have made for themselves a place as possessing a syle of music that has had a most wonderful appeal, also as expert and daring boatmen and swimmers.

The new play, "A Daughter of the Sun," a tale of an Hawaiian butterfly, deals with these island people. The play is from the pen of Lorin J. Howard and Ralph T. Kettering and is one of mystery. The play is pretentious as to size, for the cast is large, besides a troupe of native Hawaiian musicians. The story of the play is one of love of most compelling proportions. The handling of the theme is done in a very clever manner. Of all the present season plays this one is surely a relief from sex plays galore.

"A Daughter of the Sun" will be seen at the Prospect all next week with the usual bargain matinees on Tuesday, Thursday and Saturday.

Star Theater

Sam Howe and his new show, "A Wife in Every Port," have the Star stage next week. It is a two-act farce with music, and of course, there will be a string of vaudeville acts for good measure. Ed Hanford furnished book and lyrics and the score is the work of Harry Von Tilzer and Jack Mahoney. Among the featured performers are Howe himself, Snitz Moore, Bo Nelly Hill, Helen Tarr and Sylvia Brook.

In time of fuel shortage, wooden heads are in danger. Camden State.

Opera House

"Hitchy Koo," produced, managed and starred in by Raymond Hitchcock, plays the Opera House next week. Unconventionality is its premier characteristic, and attempt at description would be futile. There is burlesque in it, and vaudeville, of every sort, not to mention Raymond Hitchcock, Leon Errol, Irene Bordoni, Sylvia Jason, Ignace Martinetti, Mabel Cedars and a couple of score more who have reputations and deserve them. This is Mr. Hitchcock's first production, and New York, where it stayed for seven months, is hoping there'll be many more. "Hitchy Koo" [illegible] a lot of box office records to [illegible].

Liberty Theater

[illegible] Gibson girls are featured on the Liberty's program next week in a [illegible] dance revue. Other bookings are "Girls of the Altitude," an aerial number; Anderson and Goines, song and comedy; the Francinoes, English [illegible], and Dawson and Dawson, singers and dancers. A dramatic sketch and a Fatty Arbuckle comedy [illegible] complete the bill.

Empire Theater

[illegible] "Girls from Joyland" is at the Empire next week. It is a Sam Williams show with Billy Gilbert as leading comedian and Jack Clifford as his chief support. There are two farces on the bill, "At Your Service" and "In Bandbox Land," with a lot of specialties. Among other things [illegible] Captain Kidd's own craft, a [illegible] and the bottom of the sea. "Tiny" Doe Doris, dancer, is featured.

Hippodrome

The B. F. Keith Hippodrome's share towards a big theatrical week will be a show of vaudeville's greatest acts and headliners. Robert Edeson, who long has been hailed as one of the most representative actors in the country, will present his latest playlet success entitled "Pearls." It is a little crookology comedy with the usual missing pearl necklace, but it is told in just a little different way and Mr. Edeson is given ample opportunity to display just the sort of good acting that is expected of him. Mr. Edeson needs no introduction to Cleveland audiences. His many successes in this city have won him many friends here. Headliner No. two will be Stella Mayhew, the cheeriest of comediennes with some new songs, a la Mayhew. Mr. Billy Taylor, who was formerly with Miss Mayhew, is now in the army. Whenever Miss Mayhew comes to Cleveland she is always sure to offer her friends just the sort of entertainment they enjoy. Brother St. Denis will present The Dancing Girl of Delhi, a very beautiful and artistic fantasy, featuring Miss Vanda Hoff. This act is a tale of Mohammed, and with its group of pretty dancing girls and the new light effects the act will no doubt prove one of the most attractive features of the program. Eddie Brosien, the eminent favorite supported by "Sir" James A. Dwyer, will offer a comedy hit entitled "The Law Breaker." Four boys from the trenches who have been "over the top," will be seen in a spectacular and timely offering called "Somewhere in France." The singing of songs popular in the trenches and the recitation of "St. Julien," a poem written in the trenches telling how a Canadian regiment held the "corner" even after their ranks had been reduced to seven. Among other interesting acts will be Yvette & Saranoff in a "ragtone concerto;" Gertrude Holmes and Robert Buchanan with songs of yesterday, the Five Nelsons, sensational hoop rollers, and Queenie Dunedin, the versatile entertainer.

STANDARD EIGHT BREAKS FLORIDA ROAD RECORD

If Ralph de Palma ever gets down to the Petrograd of America he'll discover at least one high class automobile record to cope with.

Claiming to have broken all records for a touring car between Jacksonville and St. Petersburgh, Florida, A. D. Thomas of St. Petersburgh, modestly disclaims any credit for unusual driving prowess, and credits the entire achievement to his Standard Eight.

The American Petrograd reports that he covered the 325 miles in exactly twelve hours.

Let Mr. Thomas make his own statement:

"I made the 325 miles in exactly 12 hours, but believe me, I was moving all the time. For the sands of Florida, the Standard "8" has no equal for pulling.

"Every place I go the Standard is admired. In Savannah and Jacksonville two garage men wanted to know if they could get the selling of the car. I also [illegible] a man here formerly of Butler, Pa., in the garage business who wants to sell the Standard Eight."

The Standard Eight is built by the Standard Steel Car Company of Pittsburgh. It develops 83 horsepower. It has the highest power per pound of weight of any car on the market. Its growing popularity with lovers of hard touring is [illegible].

Miles Theater

The honor spot next week at the Miles will be occupied by George Lovett & Co., in a peculiar novelty offering called "Concentration." The act is a spectacular demonstration of psychic power, but presented in a manner so vastly different from the usual mind reading acts that there is no comparison. In fact he offers a revelation in the most scientific manner. Lovett is assisted by the wonderful woman "Zenda," and the incomparable band of mystery which consists of a quintette of musical artists of unusual ability; many different styles of "mental telepathy" and mind reading have been seen in the past but this act is without exception the greatest and most mysterious ever presented. Murphy and Kline will present a roaring comedy intermingled with music. Cotter in a monolog on "Bottled Goods," Ryan and Finnigan with clever singing and dancing, Clara LeMoine, ventriloquist, Roller and DeBose have a unique novelty act.

The management has contracted for a special picture program to augment the big vaudeville [illegible].

Standard Theater

Beginning March 3rd, for one week the Standard theatre again offers the dainty little favorite Mae Marsh in her latest success "The Beloved Traitor." In her new photo play Miss Marsh becomes the guiding star of the man she loves, inspires him to do his utmost and saving him from the dangers which surround him. The story starts from a small fisherman town in Maine, to the studios of New York's art circles. Her fisherman lover being talented in the art of sculptor, is lured to the city, becomes famous, at the same time dissipation has not passed the country boy. But she, learning of this, goes to the city in time and saves him and he turns to the girl of his youth, his first inspiration.

Caroline Cotter, residence unknown, will take notice that Charles S. Cotter filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty. LEGAL NOTICE

Frederick Baldwin, Caroline A. Baldwin, the unknown heirs at law and devisees of Frederick Baldwin, the unknown heirs at law and devisees of Caroline A. Baldwin, [illegible] Baldwin, first name unknown, wife of Frederick Baldwin, and [illegible] Baldwin, first name unknown, husband of Caroline A. Baldwin, all of whose places of residence are unknown, are hereby notified that on the 19th day of January, 1918, Anna E. Gardey, Peter Albright and Amelia Albright, plaintiffs, filed their petition in the Court of Common Pleas of Cuyahoga County, Ohio, being case No. 1612[illegible] against them, alleging that they are the owners in fee simple and in actual possession and control of the following described premises:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being Sublots Nos. 800 and 801 in Block H of The Buffalo Company's Allotment, so called, as shown by the recorded plat in Volume 2 of Maps, Page 51 of Cuyahoga County Records.

Said sublots Nos. 800 and 801 each have a frontage of 20 feet on the southerly side of Mulberry street N. W., and extends back of equal width 100 feet deep, as appears by said plat.

Plaintiffs further state that they and their predecessors in title, through whom they claim title to said premises, have been in actual, open, notorious, continuous, adverse and uninterrupted possession and control of the whole of said premises, under claim of ownership since January, 1849; that title to said premises rested in the defendant, Frederick Baldwin, in the year 1842; that thereafter, in the year 1849, that said premises [illegible] for delinquent taxes by the Auditor of Cuyahoga County to one C. F. Camp [illegible] which said deed was recorded in Volume 11[illegible], page 5[illegible] of Cuyahoga County Records; that [illegible] on the 1[illegible] day of August, 18[illegible], the said deed and heirs at law of the said C. F. Camp duly conveyed their interest to [illegible] C. Baldwin, by deed, recorded in Volume [illegible], Page [illegible] of Cuyahoga County Records; that [illegible] plaintiffs, in successive chain of title, duly acquired title thereto.

Plaintiff further allege that no conveyance of said premises, by deed or otherwise, from the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, appears of record on the records of the Recorder of Cuyahoga County. That if the said defendant, his heirs, executors, administrators or assigns did execute a deed or conveyance of said premises, that by reason of the inadvertence and mistake, oversight or carelessness upon the part of the said grantee, that the same has been lost and has not been placed on record.

Plaintiffs further allege that the failure of the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, to execute a deed of conveyance of said premises or the failure of the said grantee or grantees of the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, to record said deed if the same was executed, constitute a cloud upon the title of plaintiffs herein, by reason of the fact that said defendant, Frederick Baldwin appears of record as the owner of record of the title to the said premises.

The said defendant, Caroline A. Baldwin, is an heir at law of the defendant, Frederick Baldwin, and in the event of the death of the said Frederick Baldwin, would [illegible] to the rights in said premises; that the names and addresses of the remaining heirs at law and the [illegible] of said Frederick Baldwin and the names and addresses of the husband, if she be living, and the widower, if she is dead and the remaining heirs at law of the said defendant, Caroline A. Baldwin, are unknown to plaintiffs. That all of said heirs at law of the said Frederick Baldwin and the said Caroline A. Baldwin, by reason of the premises, claim an interest in said property, all of which constitutes a cloud upon plaintiff's title.

The petition further alleges that none of said above named defendants have any interest whatever in said premises.

The prayer of said petition is that said defendants may be required to take notice of the filing and pendency of this action; that upon final hearing hereof the plaintiff may be found to be the owners in fee simple of said premises and [illegible] that the said defendants may be [illegible] and that the plaintiff's title be quieted [illegible] against the claims [illegible] thereof [illegible] and further relief [illegible] entitled.

Said defendants are required to answer said petition on or before the [illegible] day of April, 1918.

LEGAL NOTICE

Henry Eisenhorn, [illegible], [illegible] Isenhour, Elizabeth [illegible], Elizabeth [illegible], [illegible] Bauer, Louisa Bowers, Henry [illegible], [illegible] Eliza Bauer, their unknown heirs, executors, administrators and assigns, and each of the following persons: Henry Eisenhorn, Elizabeth Eisenhorn, Henry Lenhour, alias Henry Isenhauer, Elizabeth Isenhauer, alias Elizabeth Lenhour, alias Elizabeth Bauer, Louisa Bowers, Henry [illegible] and Eliza Bauer, will take notice that on the 16th day of February, 1918, Archie Horwitz filed his petition in the Court of Common Pleas of Cuyahoga County, Ohio, being Case No. 16[illegible] against the above named parties, praying that plaintiff's title be quieted as to the following described premises, to-wit:

Situated in the Village of Euclid, County of Cuyahoga and State of Ohio, and known as being a part of Lot No. 8 in Original Euclid Township Tract No. 17, bounded and described as follows:

Beginning at the South West corner of Lot No. 8; thence East 11 chains and 51 links to lands now or formerly owned by Henry Bowers; thence North 0° 35' East 2 chains 82 links to a post; thence West 11 chains and 51 links to a post; thence North 0° 35' East 2 chains 82 links to a post; thence West [illegible] chains to the West line of said lot; thence South 0° 35' West 5 chains 64 links to the place of beginning, containing 5½ acres of land; that the claims of the defendants and each and every of them be decreed to be null and void, that each and every of the defendants be barred from having or claiming to have any right or interest whatsoever in said premises and for such other and further relief as may be just and the Court can give.

Said petition alleges that the plaintiff is the owner of and in possession of said real estate, that the defendants, Henry and Elizabeth Eisenhorn were the owners of said premises on October 10, 1853, and no deed of conveyance from either of them appears of record; on information and belief that said Henry Eisenhorn conveyed said premises to said Elizabeth Eisenhorn and said Elizabeth Eisenhorn died seized thereof; that the estate of said Elizabeth Eisenhorn was administered under the name Elizabeth [illegible] by decree entered Nov. 19, 1862, in a suit for the partition, [illegible] the said [illegible] was set off to Elizabeth [illegible] Bauer, married to Martin Bauer; that no conveyance appears of record by Elizabeth [illegible] but said premises were conveyed to [illegible] by Louisa Bowers and Martin Bowers, her husband, to John Crotty, plaintiff's predecessor in title. It further alleges that the correct names of the first named owners were Henry and Elizabeth Eisenhour and that Elizabeth Isenhauer and Elizabeth Eisenhour were one and the same person, the true name being Eisenhour; that Eliza Bauer, Eliza [illegible], Louisa Bowers, Elizabeth Isenhauer and Eliza Bauer were one and the same person, her true name being Louisa Bowers.

That the defendant, Henry Isenhauer claims an interest in said premises as an heir of Henry Eisenhorn, but that said claim is unfounded for that said Henry Eisenhorn conveyed said premises during his lifetime; that the true name of said Henry Isenhauer was Eisenhaur and that his interest, if any, was conveyed by his heirs by deed Vol. 336, page 26; that plaintiff is unable, after diligent effort, to ascertain the residences of the above-named defendants.

It further says that plaintiff and his predecessors in title have been in open, notorious, continues and adverse possession of said premises for more than twenty-one years last past and that the claims of the defendants while constituting a cloud upon plaintiff's title, are unfounded and without ground.

Said parties are required to answer on or before the 13th day of April, 1918, or judgment will be taken against them as prayed for.

From the Annual Report of the United States Comptroller of Currency:

"The work of war has thrown upon many public utilities strains they are unable to endure without prompt help. Costs of labor and of all material for operation, betterment and upkeep have increased heavily and suddenly. They are required to increase quickly their service and facilities.

"The first and most direct relief to the utilities can be given by the State Commissions and municipal authorities with the co-operation of the people generally. It is essential that forbearance and consideration be exercised.

"These corporations should be permitted to make such additions to their charges for service as will keep in them the beath of solvency to protect their owners against unjust loss and give them a basis of credit on which they may obtain the funds with which to meet the strain put upon them by the Government's needs. The breaking down of these corporations would be a national calamity."

May Beardsley, [illegible] Ocean Avenue, Jersey City, New Jersey; Frank Beardsley and —— Beardsley (first name unknown), wife of Frank Beardsley, both residing at 161 Railroad Avenue, Jersey City, New Jersey; the unknown heirs and unknown devisees of Samuel Beardsley, deceased, and of Elam Beardslee, if deceased; the unknown wives and unknown husbands of such unknown heirs and devisees; Elam Beardslee, —— Beardslee (first name unknown), wife of Elam Beardslee, all of whose last known and present places of residence are unknown, are hereby notified that on the 13th day of February, 1918, Esther Bernsteen, plaintiff, filed her petition against them in case No. 161747 in the Court of Common Pleas of Cuyahoga Cuyahoga, Ohio, alleging that said plaintiff is in possession of and is the holder of the fee simple title to the following described real estate:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio; and known as being a part of Original One Hundred Lot 368, and bounded and described as follows:

Beginning in the Westerly line of said Original Lot 368, at a point 245 feet Southerly from the Southwest corner of land conveyed to Elizabeth Gordan Hanna, by deed recorded in Volume 952, Page 75 of Cuyahoga County Records; thence southerly along the westerly line of said Original Lot 368, and along the center line of East 88th Street (formerly Bratenahl Road) 55 feet; thence Easterly at right angles with the Westerly line of said Original Lot 368, 250 feet; thence northerly parallel with the Westerly line of said Original Lot 368, 55 feet; thence Westerly at right angles with the Westerly line of said Original Lot 368, 250 feet to the place of beginning.

That the said defendants, May Beardsley, Frank Beardsley, —— Beardsley (first name unknown), wife of Frank Beardsley, the unknown heirs and unknown devisees of Samuel S. Beardsley, deceased, and their unknown wives and unknown husbands, claim an estate or interest in part of said premises adverse to plaintiff by reason of a deed from Frederick W. Huidekoper, and wife to Eliza Beardsley, in her own right and for the use and benefit of the children of said Eliza Beardsley, from her marriage with J. L. Beardsley, dated February 18, 1871, and recorded in volume 228, page 552, of Cuyahoga County, Ohio, Records of Deeds; that the plaintiff alleges that the whole estate and interest conveyed thereby was conveyed to one of plaintiff's grantors by deed recorded in volume 246, page 321, of said record of deeds.

That said Elam Beardslee, and if he is deceased, his unknown heirs and unknown devisees and their unknown wives and unknown husbands, claim an estate or interest in a part of said premises by reason of a deed to said Elam Beardslee recorded in volume 246, page 321, of said records of deeds and said —— Beardslee (first name unknown), wife of said Elam Beardslee, claims an estate or interest in a part of said premises by way of dower; but plaintiff alleges that all the estate given by said deed passed to one of plaintiff's grantors by deed recorded in Volume 290, page 415, of said records of deeds.

That plaintiff and those under whom she claims have for more than thirty-seven years last past been in peaceable, continuous, actual, open and notorious possession of said premises adverse to the rights of each and all of the said defendants and that none of said defendants have any estate or interest therein.

Said plaintiff prays that her title to said premises be quieted; that the defendants and each of them be decreed to have no estate or interest therein; that they be forever barred and enjoined from setting up an estate or interest therein adverse to plaintiff's title; and for all other and further relief to which plaintiff may be in equity entitled.

Said defendants are required to answer said petition on or before the 6th day of April, 1918, or a decree will be taken against them as prayed for in said petition. F14M21

LEGAL NOTICE

Bently Williams, a minor, Dorothy Williams, a minor, and Paul Williams, a minor, all of whom reside with their father, John S. Williams, at Warren, Arizona, will take notice that Elizabeth Axtell Mayberry, administratrix of the estate of William J. Mayberry, deceased, as plaintiff, has filed a petition against them and others, as defendants, in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decendent is insufficient to pay the debts and charges of administering said estate, and that the said decedent died seized in fee simple of an undivided one-half interest in the following described premises, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublot No. 7 in The Park View Subdivision of part of original One Hundred Acre Lot No. 385, as shown by the recorded plat in Volume 31 of Maps, page 15 of Cuyahoga County Records, and being 35 feet front on the westerly side of East 94th Street N. E., and extending back of equal width 100 feet deep, as appears by said plat, be the same more or less, but subject to all legal highways, and being further known as Number 1346 East 94th Street, Cleveland, Ohio.

The petition further alleges that the defendants, The Cleveland Trust Company has, or claims to have some lien on or interest in said premises, and that Elizabeth Axtell Mayberry is entitled to dower in said premises.

The prayer of said petition is that the defendant lienholder be required to answer, setting up its claim and lien, if any it has on said premises; that the dower of the said Elizabeth Axtell Mayberry, as widow, may be set off and assigned to her in said premises, or the value thereof paid to her in money out of the proceeds of the sale, as she may elect, and for authority to sell the premises for the payment of debts and charges aforesaid.

Said petition is No. 91701, and the defendants above named are required to answer the same on or before the 16th day of March, 1918.

LEGAL NOTICE

The Cleveland Railroad Construction and Equipment company, a corporation, whose place of residence and place of business are unknown, will take notice that John Passalaqua, as plaintiff, has filed a petition against it, as defendant, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner and in actual possession of the following real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being part of sublots Nos. 59 and 60 in Gaius Burk's Subdivision of part of original One Hundred Acre Lots Nos. 315 and 155, as shown by the recorded plat in Volume 2 of Maps, page 57 of Cuyahoga County Records, and together forming a parcel of land, bounded and described as follows: Beginning in the northerly line of Harvard Avenue, S. E. (formerly Harvard Street), at a point 20 feet easterly from its point of intersection with the westerly line of said sublot No. 59; thence westerly along the northerly line of Harvard Avenue, S. E., 40 feet; thence northerly parallel with the easterly line of said sublot No. 60 and distant 20 feet westerly therefrom, to the southeasterly line of land conveyed by W. S. Jones, Trustee, to The Cleveland Railroad Construction and Equipment Company by deed dated May 1, 1888, and recorded in Volume 357, page 480 of Cuyahoga County Records; thence northeasterly along said southeasterly line of land so conveyed to its point of intersection with a line drawn parallel with the westerly line of said sublot No. 59 and distant 20 feet easterly therefrom said point of intersection being 188 feet northerly from the center line of Harvard Avenue S. E.; thence southerly on a direct line to the place of beginning, be the same more or less, but subject to all legal highways.

The petition alleges that the defendant claims an estate or interest in said premises adverse to the right of said plaintiff by reason of a certain defective deed executed by the above named, The Cleveland Railroad Construction and Equipment Company, a corporation, in favor of Isabella A. Fisher, which deed was dated May 4th, 1888, and is recorded in Volume 135, page 132 of Cuyahoga County, Ohio, Deed Records.

The petition further alleges that the defendant has no interest whatsoever in said premises; that any right or interest it ever had in said premises has long since been barred by lapse of time and the statute of limitations, but that the alleged claim it makes constitutes a cloud on plaintiff's title; that said defendant has never sought to enforce or attempted to convey or exercise any interest in said premises since the date of May 4th, 1888, and that as against said defendant, this plaintiff and his predecessors in title has had and held actual, open, notorious and continuous and adverse possession of said premises for more than twenty-one years last past.

The prayer of said petition is that the defendant may be compelled to show its said interest, if any it has in said premises; that the same may be adjudged to be null and void, and that plaintiff's title may be quieted against the claims of said defendant and said defendants.

The said petition is No. 161330 and the defendant above named is required to answer the same on or before the 16th day of March, 1918.

TWENTY-SIXTH YEAR—NO. 5. WILLOUGHBY, O., MARCH 8, 1918. ONE DOLLAR A YEAR IN ADVANCE

MEN CO-OPERATE IN THE RED CROSS KNITTING AT ST. PETERSBURG. OHIO LEADS IN NUMBER OF SOUTHERN DELEGATES, ACCORDING TO BOARD OF TRADE.

PARK HOUSE
St. Petersburg, Fla.
January 23, 1918.

To Our Willoughby Friends:

The weather in Florida has not been up to standard. We have had three killing frosts since our arrival which have called forth numerous explanations, showing that the North is responsible. The two daily papers of the city have nearly eliminated the overworked phrase, "The Sunshine City," with which they were accustomed to fill their columns. Even the cheery mocking birds have been silent till very recently so that it did not seem like the same climate as in recent years. We have sadly missed their wonderful songs till very recently. We have been filled with joy and worship while one of them has sung to us. But at its worst the weather here is incomparably preferable to the zero temperatures and blizzard and sunless skies and drifting snows we left behind. We would love to have our warm friends from the north drop in upon us now with temperature ranging from sixty-five to seventy-five degrees with some sunshine. As we have read the weather reports we have been profoundly grateful that there is such a haven for the aged, infirm and crippled ones when the rigors of the north chase us poor mortals so hard that to save life and health we seek refuge in its genial atmosphere and stimulating sunshine. We devoutly thank our heavenly Father for salubrious and genial climate from which the sting of winter has been extracted.

Personally I am finding real fun and stimulating exercise in the game of roquet provided by the Park House, which had I begun years ago would have prevented bursting arteries and hastening senility.

Patriotism fills the minds and hands of the people here as everywhere. The Red Cross workers even to groups of knitting men are co-operating in the splendid program.

St. Petersburg is furnishing us the pleasure of hearing two concerts a day by the Royal Highland band, whose music is excellent and calls thousands of people to the public park. Of course every concert closes with "The Star Spangled Banner." An incident shows the growth of public sentiment. One man sat unmoved with his hat on during the playing of the first stanza and resented any interference with his personal liberty. Whereupon a sudden storm broke upon his head and his lid went flying as the crowd broke into cheers. The owner of the hat did not attempt to replace it but meekly arose and stood till the end of the selection. The lesson in the etiquette of the flag was effective.

The newspapers give convincing proof that larger numbers of tourists than ever are here in St. Petersburg, while the board of trade state records show that Ohio leads the states in the number of "delegates" in attendance.

WARD BEECHER PICKARD.

K. OF P. DRAMATIC TALENT DRAWS LARGE CROWD

It only required a whisper around among a few, to the effect that members of the K. of P. lodge, would give a playlet last Friday evening, to draw a crowd that hardly left room enough for the stage manager and producers to have room for the improvised stage.

The first half of the evening was given over to a most enjoyable musical program, which was participated in by Mrs. Willet Chinery, J. G. Barber, Mrs. Osterhoudt, Dorris Hern, J. A. Becker, Cliff Rockafellow and E. H. Bernhardt, the latter named three, with J. G. Cooley, comprising the male quartette.

C. D. Hern outlined the 45-minute play, which was to follow, and set forth, in the terms of a real press agent, the unusual attractions of the actors whom the audience was about to see. These actors included Roy Webster, Elmer Leigh, Messrs. Rutland and Cutler, C. D. Hern, V. Hackett, Willis Cothrell, Cliff Rockafellow and John Urban. Made up in the feminine persuasion, the two last named rivaled Julian Eltinge for makeup and looks. The play was a farce entitled "The Depot Lunch Counter." Applause such as would gladden the hearts of any Hippodrome performers, showed how much the audience enjoyed the presentation.

DELIGHTFUL MUSICAL EVENT SCHEDULED FOR M. E. CHURCH IN APRIL.

April has something in store for Willoughby beside showers and spring flowers, according to the ladies of the April Circle of the Methodist church. Under their auspices, the quartette from the Calvary Presbyterian church will appear at the church at that time, when they will present the nonsense songs from "Alice in Wonderland," a song cycle for four voices, by Liza Lehmann.

LOCAL LUMBERMAN APPOINTED ON WAR SAVINGS COMMITTEE

Mr. Elmer Brott of the Brott Lumber Co., has been appointed chairman of the lumber division of the Lake County War Savings Committee. Mr. Brott will organize the lumber interests of Lake county for the benefit of the war savings and thrift stamp campaign.

HUSBANDS ARE ENTERTAINED AT GALA PARTY

The husbands were the center of attraction Wednesday night, when the Daughters Circle entertained the husbands at the home of Mr. and Mrs. L. P. McCulloch. A seven o'clock dinner was served, covers being laid for 54. Green and white decorations were used, the affair being in the nature of a St. Patrick's party. The entertainment following included selections by the male quartette, Messrs. Birkholz, Roneymus, Barber and Rockafellow. A most interesting reading was given by Mrs. Clifford Jordan pertaining to the interchange of work by husbands and wives. Mr. McCulloch talked about St. Patrick, explaining how the 17th of March came to be celebrated for him. The festivities were enjoyed until a late hour.

LOCAL BOY JOINS MARINES

Jack Girad, active in the "Y" and community play ground here, and book keeper at the Brott Lumber Co., has joined the marines. He left Wednesday last for the training camp at Paris Island, off the coast of South Carolina.

WOMAN'S CLUB ELECTS OFFICERS

The Woman's club enjoyed a most pleasant afternoon at the home of Mrs. Otis Friday last. "The Navy" was the subject for the afternoon and many excellent papers were presented. Mrs. Van Gorder was leader.

Election of officers was held, resulting in the following selections:

Mrs. A. H. Van Gorder, president; Mrs. S. D. Shankland, vice president; Miss May Brown, secretary; Mrs. J. D. Nelson treasurer; Mrs. J. B. Chesbro, parliamentary critic.

DEATH OF MRS. VIOLET WASSON

Mrs. Violet Jenkins Wasson, wife of Fred Wasson, died suddenly at her home on Euclid avenue, Sunday about noon, following a brief illness. A private funeral was held Tuesday afternoon, Mrs. Harriet Carrel, C. S. R., officiating. Interment was made in Willoughby cemetery.

Frank Jenkins of Mentor is a brother, also C. C. Jenkins, village clerk, who with the husband, Fred Wasson, and the children, Florence, Evaline, Jay Howard and Gertrude, make up the family left at home.

Mrs. Wasson was active in many forms of Willoughby's public life. She was treasurer of the local order Eastern Star at the time of her death, and has filled many different offices during the past years. She was always willing to lend a hand, always ready and glad to assist. She was a valuable assistant in the Red Cross work. She will be greatly missed in Willoughby, where her long association had won her hosts of friends.

DOUBLE HEADER BASKET BALL GAME SCHEDULED

All those who attended the game last Saturday evening between the Gaylords and Willows certainly saw a clean swift game and the Willoughby boys put up a good battle. However, the game this Saturday is going to be just as swift if not swifter when they tackle the Mars Tailors, recent victors over the Gaylords. And then just watch for the games on the 12th. A big double header, Willows vs. Denison boys and the Willows vs. Denison girls. These games have been scheduled and should be well patronized by the business men especially those who are not able to attend the Saturday evening games.

Both town teams are in excellent shape and two fine games are anticipated. Remember the date, Tuesday the 12th. The Willows' season tickets will NOT be honored at this game.

OLD WICKLIFFE RESIDENT DIES

Mrs. Eliza Henish, a long time and well known resident of Wickliffe, passed away suddenly at her home on the Eddy road Friday last. The family were old settlers in this part of the county. Burial occurred at North Solon Sunday, old home of the deceased. Two sons, Bert, who lived at home, and Roy of Bennington, Vt., and Mrs. Herbert Rose of Willoughby and Mrs. Anthony Flyer are the children surviving.

NORWALK FINDS THAT WILLOUGHBY HAS SOME BASKET BALL PLAYERS AT STATE TOURNAMENT.

March 1st and 2nd the boys' basket ball team went to Delaware to compete in the state tournament. When they arrived and the lots were drawn, it was found that W. H. S. was to play Norwalk, one of the best teams in the state.

Norwalk beat Oberlin and Oberlin beat East Tech so you can see what kind of team W. H. S. was up against. Norwalk won, but only by six point, the score being 16 to 10. W. H. S. beat Norwalk in the second half, 7 to 3, and if the halves had been 15 minutes instead of 12, W. H. S. would have surely won. Then, too, Norwalk had a center 4 inches taller than our old center, Lawrence Wells, so you may imagine what Bob Fox was up against. Norwalk had an idea that they would win the championship, so they saved their star forward, Kavanaugh, but in the second half when W. H. S. began to creep up, Norwalk began to get scared and put in this star man Kavanaugh, but even he could not stop W. H. S. from scoring 7 points to Norwalk's 3.

Then W. H. S. drew St. Mary's for a consolation game We thought we would have something pretty easy with them because of their previous record. But we found out they had a good team, the town being about the size of Painesville. St. Mary's had a sensational forward who found particular delight in caging long shots, but we won from them by a score of 37 to 32. This Saturday W. H. S. goes to Amherst and we intend to come home victorious.

WILLOUGHBY WOMAN PROMINENT IN CLEVELAND AND NATIONAL AFFAIRS

BELLE SHERWIN

One of the big, really splendid representatives that Lake county has out in the world, with headquarters at present in the city hall at Cleveland, is Miss Belle Sherwin.

Miss Sherwin is pretty much occupied in Cleveland just now, but her real home, she says, is out on the Winden farm at Willoughby.

Talking about it Monday, she said: "Father used to say it was just like having a big cold drink of water to get out there; and that's just the way it seems now." She continued, "When we first went out, we came in to the city maybe twice a summer. Now we come in every day. An automobile was hardly known in the neighborhood then, and we probably did not have two telephone calls a week. Now I would like to put in more telephones in order to take care of the calls."

Miss Sherwin is acting chairman of the Women's Council of National Defense; permanent chairman for the Women's Council National Defense for Cleveland and Cuyahoga county; director in the Woman's City Club; the Cleveland Foundation, and vice president of the Welfare Federation. She has an office in the state house at Columbus, spending three days each week there, and three days at her office in the Mayor's War Advisory committee board in the city hall at Cleveland.

She has enthusiasm and vision and is delightful to meet. She feels the necessity of interesting every woman, no matter how isolated her location, in the work in which they are engaged. Speaking of the small town newspaper, she said: "What LIFE interest there is everywhere, but how many of the small town newspapers do not live up to their opportunity."

Miss Sherwin serves conservation cakes at her luncheon, and one of the branches of the work at the city hall takes in the distribution of economical recipes.

WILLOUGHBY STILL SECOND IN COUNTY WAR STAMP SALES

Vaughn E. Wyman, chairman of the Lake County War Savings Committee, has issued an interesting tabulated statement showing war stamp sales by postoffices for the month of February.

Perry shows the greatest per cent of gain, 556%, and jumps form seventh to fifth place, passing both Wickliffe and Grand River. Unionville jumps from tail ender to ninth place. The total sales for the month throughout the county were $10,390.22, or a gain of 47 per cent over the total on February 1. This brings the total sales to March 1 up to $32,433.27. Willoughby is still second with sales amounting to $5857.27. Painesville has sold $17,472.47.

WAR BALLOON ARRIVES IN WILLOUGHBY

A war balloon sent out from Akron and manned by three men flew over Willoughby Monday and came down on the Alf Wood's place at the mouth of the river. This is the second war balloon that has landed here recently. The previous one carried four men.

Local men attended a banquet at the Hotel Winton Tuesday night given by the Delta Tau Delta fraternity. S. D. Shankland, Charles Shaw, Ralph Munger and Frank Shankland were among the number.

A SIMPLE CABBAGE SALAD

(Contributed by Mrs. Martha Bales).

Cut a third of cabbage very fine, sprinkle over it a little sugar, a little salt and pepper, brown a tablespoon of cornstarch with a little lard or butter, add a cup of vinegar and let boil until thick, stirring to keep from burning. Pour over the cabbage and mix it in.

S. D. Shankland was one of three judges in a debate at Warren Thursday when the matter of having international police to preserve peace after the war was discussed.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

GOD BLESS THE RED CROSS

Acrostic written for the Red Cross by J. G. Slusser, Plains Road.

Gird on the armor, enlist for the fight
Onward our motto, for freedom and right.
Dare to be ready, for the nationwide call.

Bring in tithes, from the storehouse of all.
Let it be said, "She hath done what she could."
E'en to the utmost, for the Red Cross she stood.
Strive with your might, fresh laurels to gain.
Surely Faith, Hope and Love, the goal will attain.

Toil on tho' dark clouds are hovering near,
Hold fast to your trust, they will soon disappear.
Each day will grow brighter, reflect the sun's rays.

Remember God's promise, "I will be with you always."
Earth has no sorrows that Heaven can't heal;
Doubt not his word, when his presence you feel.

Count not the cost, tho' great is the task,
Receiving His blessings, you need but to ask.
Over the deep blue ocean's expanse,
Somewhere our Sammies are fighting in France.
Someone lies bleeding, mid shot and mid shell,
Waiting for help, in the trench where he fell.
O, why should we falter or faint by the way;
Right is our might, in the forefront we'll stay.
Knitting and sewing for loved ones abroad.
Each loyal heart, your efforts will laud,
Red Cross toilers, passing out, one by one
Shall receive from the Master the welcome "Well Done."

PAINESVILLE HIGH SCHOOL ORGANIZES BETA TAU SIGMA FRATERNITY.

To the Senior class of the Painsville high school belongs the honor of organizing the first chapter of the Beta Tau Sigma sorority fraternity formed in Lake county. Every one of the fifty-one members of the class has signed the charter, thus making it a 100% membership.

"Beta Tau Sigma" is a Greek letter organization admitting both boys and girls to membership, and its purpose is to help Uncle Sam. The Greek letters B. T. S. stand for "Beta Tau Sigma" and also for "Bought Thrift Stamps" and the fact that every senior in the Painesville high school is a member of this organization, means that he is the possessor of one or more thrift stamps, and is entitled to wear the Beta Tau Sigma sorority-fraternity emblem.

The colors of the fraternity are red, white and blue; its pass-word is "Uncle Sam"; its hailing sign is the military salute; its recognition sign is a Thrift Stamp book; its grip is the open hand, and its knock is the Kaiser.

THE END OF A PERFECT ROW.

This Is the Wellesley College Girls' "Song of the Soldier's Sweater."

When you come to the end of a perfect row,
And you sit alone with your wool,
And your bosom heaves with a rhythm slow,
For the joy that you've followed the fale,
Do you think what the end of a perfect row
Can mean to a tired heart,
When you've dropped each stitch since you've learned to purl
And you lost three more at the start?
Well, this is the end of a perfect row,
And the end of a sweater, too.
Though it's for a man that is big and strong,
It will be pretty tight, 'tis true.
But toiling has rendered this perfect row
A nice piece of the knitter's art,
And 'twill stand at the end, still strong and firm,
When the whole thing comes apart.

Dear Sir:

Referring to the War Savings Stamps to be offered to the public by the United States Government, it is the duty of every citizen of this country to stand back of the Government in this fight for democracy. Those who are not able to subscribe for Liberty Bonds should be very glad of this opportunity to take advantage of the War Savings Stamps. This is a war for the people, and these War Savings Stamps give every man, woman and child an opportunity to do their bit financially to help win the war. The United States Government and all the resources of the country are collateral to this loan to the government.

Very truly yours.
H. COULBY.

Not a Shiver Can Get In!

There isn't an icy blast from the great Northwest that can cool down a Caloric heated house below the comfort point!

Thousands of contented Caloric owners would tell you this if you could ask them. We know because hundreds have written unsolicited letters, saying that the Caloric outheats any furnace, boiler or stove they ever knew of, and uses less fuel doing it.

These letters and thousands of other pleased owners are direct and unquestionable evidence that the

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

is a wonderful and economic heater; but the best evidence you can get is to install one yourself and experience its comfort in your own home.

The Caloric can be installed in an old house as well as a new. It heats through one register directly up from the cellar into the house, where the warm air circulates to the farthest corner. This is the most natural and healthful way to heat a home—Science says so and Experience proves it true.

The Caloric is guaranteed to reduce your fuel bill by at least one-third. It has a patented triple casing and dead air space (no pipeless furnace can succeed without this) which effectually prevents heat radiation into the cellar—hence fruits and vegetables keep well in a Caloric heated home.

Don't live another winter in a home too cool for health and comfort. Don't continue to burn costly fuel wastefully or [illegible]

ANNUAL REPORT OF WILLOUGHBY RED CROSS

The Willoughby Red Cross has had a birthday. A year old on February 23, 1918, and it seems proper that a report of the year's work be given. Therefore the following is respectfully submitted:

Feb. 23, 1917 to Feb. 23, 1918

PAID IN

Cash Collected from Feb. 23, 1917 to April, 1917	$ 113.00
Memberships	954.86
Donations and benefits	1028.42
Miscellaneous	46.63
Total	$2142.91

PAID OUT

Cash sent to Painesville from Feb. 23, 1917 to Apr., 1917	$ 113.00
Memberships	766.90
Materials	1021.02
Miscellaneous	52.57
Bank Balance	189.42
Total	2142.91

Feb. 23, 1918, Bank Balance $189.42

At the beginning when we were new in the work the above amount of $113 was collected and sent to Painesville without itemizing. The miscellaneous account in the paid in column consists of sale of magazines, carpet rags, rugs, Red Cross pins, etc. In the paid out column this account represents payment for Red Cross pins, cleaning, express, bookkeeping supplies, small repairs, etc. All money for memberships is sent to Painesville and we are given credit for a certain per cent. Lately our per cent is returned to us by check.

Twenty-five per cent of money raised last fall in the County Red Cross campaign has been returned to the county and all branches can draw on same as long as it lasts. From last November up to February 1st we have had $648.68 worth of material, mostly yarn, with some gauze and minor supplies.

Much praise is due all the women who have come, week after week, and given their time and labor, that has resulted in a quality of such high standard products. The compress workers have made an excellent showing, the knitters have used pounds and pounds of yarn, and the sewers have accomplished such an amount of work that is a credit to themselves and the organization. There has also been a department for using up odds and ends of material into carpet rags, eventually made into rugs, which are placed on sale. Throughout the year there has been a willing co-operation which speaks for loyalty and patriotism. It is a fact, however, that more women of Willoughby should be in attendance at the Tuesday meetings and we hope that, as long as there is such urgent need for Red Cross activities, that more women will get in line and do their bit and be thankful there is this opportunity for service. The ladies, residing on the Plains, also the Andrews teachers, have formed auxiliaries, and under the direction of our supervisor in sewing are doing good work, the former making pajamas and the latter are hemming napkins and making undershirts. A recent effort of the local branch is the organization of the Junior Red Cross in the township schools, village schools and Andrews. The members of Willoughby Red Cross surely appreciate the moral and financial encouragement which has been given from various sources, ever since the first meeting. May the heart interest continue and deepen, the energy be unfailing until that happy time when the war is over and with it the need of such active service. Altho we hope to always maintain a fund to be ready for any emergency.

Passing Tribute to Mrs. Eliza A. (Stannard) Henish

Eliza A. Stannard was born in Solon, Cuyahoga county, Feb. 23, 1848. She was the youngest of a family of nine children, four boys and five girls, born to Walter D. and Phoebe Stannard. Her girlhood was spent in Solon and Mayfield. On May 27, 1870, she was united in marriage to Chas. P. Henish. To this union were born five children, Burton D., Rose D. Rose, Roy L., Jessie M. Flyer and one dying in infancy. Her father was a well known minister of the gospel, taking an active leadership in the church music of that early day. In Youth she united with the M. E. church at Mayfield. Her entire married life was spent in Willoughby township, where scores of friends bear testimony to her life of active service and devotion to her family. To have been a "good mother" was her highest ambition and loyally and faithfully has she fulfilled this trust by sacrifice unequalled and absolute unselfishness, that her children's highest good might be secured. Her earthly life came to a close March 1, 1918.

"Rest for the toiling hand;
Rest for the anxious brow,
Rest for the weary way-sore feet,
Rest from all labor now."

The funeral was held at her home on Sunday last. Burial at Solon.

LAKE COUNTY HAS AMPLE SUPPLY OF SEED CORN

Incomplete returns from the county survey of the seed corn situation, being conducted by County Superintendent F. H. Kendall show that there are 3600 bushels of 1916 crop corn still in the hands of farmers in lots ranging from twenty to twelve hundred bushels. Several districts have not yet been heard from. This does not include farmers who report just enough for their own planting. There is one lot of 1200 bushels, one of 1,000, one 400, one 250 and a number below 100. Fully seventy-five per cent of the cards report no seed corn on hand. Nearly all answered the question, "Do you plan to test each ear you plant?" in the affirmative, although a small percentage reported "No." "Takes too much time." It certainly behooves every planter to take time to test his seed this year.

This is a gratifying report. It shows that good seed corn is available for every one in the county, though it should be carefully tested to insure good results.

The cards will be turned over to the County Agent, who will endeavor to direct those in need of seed where to purchase from the old crop of 1916, which has tested high.

A WORD FROM WILLIS SMITH

Thankfully yours.
WILLIS SMITH.

Miss Murray is well known both locally and abroad as one of the best horsewomen in the country, having two years ago established a world record with Cord Axworthy. A mile in 2:18 was the record made by Cord Axworthy, with Miss Murray driving. This was the fastest mile ever made by a two-year-old with a woman driver.—Telegraph.

Opera House

"Chin-Chin" has a name of magic—music that is sorcery—a tale that is taken from the glitteriest of all fairy stories—color that swims like running rainbow, hues of a soapbubble—little, nifty, dainty Chinese maids, mandarins, tiny children, dogs, bears and little furry things that open their mouths amazingly and wave their ears when you aren't expecting it, coolies and clowns and bareback riders (with the really, truly, big white circus horse ambling gently and flatly around the ring), toys that wigwag their little arms, a great stir of fun, a dainty little maid, a Japanese doll woman and Aladdin—the figure that looms high in all child's minds, be they three or thirty—the silken clad Celestial who enters the land of magic and plucks jewel-fruit from the fairy trees. And Chin Hop Lo, with his partnner in mischief, Chin Chop Hi, the slaves of the lamp.

All this and so much more that I could never tell you about it if I thought 'til I went 'round in a circle you can find in this clean, sweet, beautiful colored musically rich show.

"Chin Chin" comes to the Opera House for a week's engagement, starting next Monday night. Matinees will be given Wednesday and Satur-Saturday.

Prospect Theater

The season's sensational success, Roy Foster's daring and much talked about play, "After Office Hours," will be the attraction at the Prospect for the week beginning March 11th, with the usual bargain matinees on Tuesday, Thursday and Saturday.

It concerns the butterfly life of little Millie Sinclair, a $15 a week stenographer in the office of a Wall street broker, whose blind faith in her employer's integrity proves to be the cause of her undoing. In three exciting acts the play truthfully depicts conditions that are known to exist in what we are pleased to term "our best families," and the sad plight of the innocent victim of a rich man's perfidy, will be bound to tug at the heartstrings of every man, and particularly every woman who sees the play.

"After Office Hours," however, has a different ending than the average play of its kind, because instead of losing out with the man, the girl gets even—and compels the cause of her great suffering to assume his share of the burden.

Star Theater

Barney Gerard's Big Show is at the Star next week, with Edmond Hayes as its bright star. Hayes will present his familiar "Piano Mover" sketch by George M. Cohan, and will also appear in the accustomed role of "The Wise Guy." He is alone a major attraction. The company includes Marie Jansen and Hilda LeRoy, late of musical comedy; Juanita Suan, Walter Pearson, Charles Lewis, and of course a large and attractiv chorus.

By stopping all eating for a week, food conservation might become as effective as this conservation of coal by the Fuel Administrator.—New York World.

A Sale of Wall Paper

—Old Patterns and New

"When March winds blow, the painter's brush should be busy indoors," is the advice of the old wives by the sea to the painting sailors. This applies with particular emphasis to all interior decoration, including paper-hanging. The rush of moving months, April and May, is always a severe task on this department of our store.

To hasten such work, we offer during the first ten days of March, some extremely advantageous prices on discontinued patterns of stock on hand, together with a special sale of new wall-papers on which you can make liberal discounts.

Papers for every room in the home are represented in artistic patterns and plain surfaces. The printeries of America and England have sent us a glorious array of interesting effects—Damask and Fabric patterns, Stipple and Two-Tone Stripes for living rooms; Bird patterns and Tapestries for dining rooms; Colonial reproductions and Modern patterns for halls; Chinese, Plain Plaster and Japanese effects for sun rooms; Chintz, Colonial and Striped papers for bed rooms. And we repeat the prices are remarkably low.

Colonial Theater

The San Carlo Opera company comes to the Colonial next week with its big symphony orchestra and company of 100. There are big names in the list of singers and the bill is an especially attractive one. It is as follows: Monday, "La Giancoda;" Tuesday, "Faust;" Wednesday, "The Barber of Seville;" Thursday (matinee), "The Jewels of the Madonna;" Thursday (evening), "Rigoletto;" Friday, "Carmen;" Saturday (matinee), "Cavallieria Rusticana" and "I Pagliacci;" Saturday (evening), "Il Trovatore." The engagement is under the joint managment of Adella Prentiss Hughes and the Colonial.

Miles Theater

An unusual combination of vaudeville will be presented at the Miles the coming week. Every act will include enough comedy to induce Manager Gallagher to call it 'Miles Fun Week."

The Daffydills have a unique comedy act, introducing their trick donkey. Henepin and Aldrich offer musical comedy, Harriet and Tonka present past times at a summer resort. Como Comiques present fun at a circus. The Nicolett Quartet offer past and present vocal and musical selections. Riverside, Lake and Lyndale bill themselves as 600 pounds of fun, and the Laurel Troupe in a big comedy playlet, augmented with special scenery and big cast of comedians will furnish the vaudeville fun. A big funny program of photo plays will add to the value of the vaudeville, which makes a big double bill for one price, 15, 25 or 35 cents. Children under 12 years of age are admitted to the matinees any day for 10c.

Standard Theater

Week of March 10th the Standard theatre offers the sensational melodrama "Come Through," with Herbert Rawlinson and an all star cast. This is positively the greatest story of its kind ever written and is thrilling with realism in every foot of film. The story is of a girl forced to be engaged to a rich western ranch owner, tlthough in love with another, being caught exchanging notes in the hollow of an old tree, jealousy and suspicion is raised by the westerner, and as one night he catches a burglar in his hime, he mistakes him for the lover. The westerner immediately forces the burglar to marry the girl at the point of a revolver, and as neither have any choice they make the best of it, and as the burglar starts to lead a straight life a new love springs up and at last everything runs smooth.

Liberty Theater

Richard Brandt and Martin, strong men, have the feature act at the Liberty next week but they'll have competition in the matter of drawing power. Great Herman, a magician, is likewise on the bill, and Frank Ortez and company have a musical turn, including harp, violin and vocal numbers. Other acts include Maxime Miles, comedienne, and the Butler trio, trick bicyclists. Frank Terry, too, has a monolog. There will be pictures, also, including a "Fatty Arbuckle comedy.

Empire Theater

"Some Babies," a show new to the American Burlesque association wheel, plays the Empire next week. It promises well. Tom Coyne and Will H. Vedery furnished the book, which is called "The Love Cure," and Coyne is the featured comedian. Others in the cast whose names mean something are Grace Fletcher, the "Dublin Doll;" Harry LeVan, Eddie Fox, "the happy tramp;" Pergle Judah, McGarry and Revere, Russell Sisters and Deveer, a dancer.

So many are the strike and riot rumors, it is possible that the delightful German people, with whom we have no quarrel, are trying to get from under the Potsdam thumb; but our confidence in the weight of that thumb is such that the most startling headline fails to get a rise out of us.—Chicago Tribune.

Hippodrome

Good shows have been the rule this season at B. F. Keith's Hippodrome but starting next Monday the program should attract more than the ordinary amount of attention. If ever a bill was entitled to be called "all star" this program is the one. Hall Caine's new and sensational playlet, "The Iron Hand, will be a feature attraction well worth while. This playlet was founded on the Kaiser's speech to his troops at Potsdam when he said: Children of my guard, you are now my soldiers—mine, body and soul. You have sworn to obey all my commands. From this day on, you must know but one nemy, and that is my enemy. And if I command you some day to fire upon your own relatives—your fathers and mother, sisters and brothers perhaps—remember your oath and obey." This is the tone for the powerful playlet Mr. Caine has written. Mr. Derwent Hall Caine, son of the author, is starred in this sketch and supported by that famous actor, Mr. A. E. Anson. Mr. Caine is considered one of England's greatest actors. Mr. Anson is well known in America as he has won much success with his acting here. The play was produced by Dion Boucicault and Frank M. Cusack. Constructed around this act will be a group of vaudeville's best hits. David Superstein, the eminent American pianist is an attraction engaged especially for this program. Upon his last visit to Cleveland he made many friends and they have asked to have him play a return engagement. Lillian Shaw, who has not been seen in this city for several years, has returned to vaudeville. This young lady, who is the Vesta Victoria of America, is one of the most talented character singing comediennes on the stage. George McKay of Cleveland, and Ottie Ardine, who have been one of the biggest sits of the season in vaudeville, will offer their new act which is the best they have ever had. The running order will not by any means show the relative value of acts because every act is a star. Dainty Marie, the flying Venus of the air, is another headline feature. James Diamond and Sybil Brennan with their nifty nonsense and Ed Reynard and his ventriloquial production.

KAISER BILL

Adapted from the "Mariner's Dream."
By a Willoughby Plains Rresident.

Written for the Republican by a Willoughby Plains Resident.

"In slumbers of midnight" old Kaiser Bill lay.
Dreaming of conquest with a bag full of wind,
But watch-worn and weary, his thoughts flew away
"And visions" of greed kept filling his mind.

"He dreamed" of the ravages on Belgium's soil
And sanctioned the hellish and bloodcurdling deeds
Committed by demons of Hindenberg fame.
That protege of darkness led on by his steeds.

"Then fancy" his chuckling puffed up to the sky
With the voice of the dreamer that tickled his ears.
"Now far, far behind him" he hears the faint cry
Of the victims of lust with no thought for their tears.

"The heart of the sleeper was throbbing with joy.
And quickened his pulse as it ne'er did before
"It goaded him on to lay waste and destroy
Gott Mit Us, I'm happy, I ask for no more.

"He springs" from his bed to bring them good cheer
The butchers applaud him in fiendish acclaim.
Hoch der Kaiser, Gott Straffa und swei lager beer
They salute this monster unworthy the name.

Oh Kaiser Bill "woe to thy dream of delight."
"Unseen hands" of demons will ring thy "death knell.'
No longer your boasting that Might is your Right
For with God "right is might," your doom 'twill foretell.

Oh, Kaiser Bill, Kaiser Bill, "never again,"
Will U-Boats and Zeppelin's "your wishes repay,"
"Unblessed and unhorored down deep in the main,"
Your U-Boats and Zeppelins will be doomed to decay.

Your Pro-German tribe in this "land of the free,"
Are filled with the venom from the land of their birth.
Raus mit em. Our unfailing motto should be
There is still room in Hades, but none on this earth.

"Days, months, years and ages shall "circle away,"
Democracy will stand and Empires fall.
Truth against error then, will be in full sway,
With the blessings of peace for one and for all.

—J. G. Ess.

SPRING IN THE CITY

Yes, spring comes to the city street!
But in the woods the young leaves stir
In the soft wind and flowers grow sweet
With thoughts of her.

Spring gave to her to the waiting earth;
The birds sang gladly when she came;
Robin and redwing hailed her birth
And called her name.

What matter though the years be sped?
There is no age for those who keep
A heart of spring but youth instead,
Till the long sleep.

Yes, spring comes to the city street!
But oh, it wakes the un[illegible] tears
In those who pace with [illegible] feet
Down the long years!

WAR SAVINGS STAMP

Out of the world war, thrift is being born.

Spendthrift America has begun to save. Thrift certificates, the new government saving plan, present the last word in saving. People who never have had at any one time enough money for a Liberty Bond can now become investors, in the equivalent of giltedged, big profit-paying bonds.

As an investment, a thrift certificate is in a class by itself.

As an expression of patriotism, it is equally desirable, for the dollars that are thus turned over to the government will be sent forth to fight the battle of democracy against autocracy; of civiliaztion against militarism.

The people of the United States who are unable to fight, who are unable to work behind the fighting men and who lack the money with which to purchase Liberty Bonds, can do no more patriotic service than to buy Thrift Stamps.—By J. Ogden Armour, author of the "The Packers.

From the Annual Report of the United States Comptroller of Currency:

"The work of war has thrown upon many public utilities strains they are unable to endure without prompt help. Costs of their labor and of all material for operaion, betterment and upkeep have increased heavily and suddenly. They are required to increase quickly their service and facilities.

"The first and most direct relief to the utilities can be given by the State Commissions and municipal authorities with the co-operation of the people generally. It is essential that forbearance and consideration be exercised.

"These corporations should be permitted to make such additions to their charges for service as will keep in them the beath of solvency to protect their owners against unjust loss and give them a basis of credit on which they may obtain the funds with which to meet the strain put upon them by the Government's needs. The breaking down of these corporations would be a national calamity."

LEGAL NOTICE

Frederick Baldwin, Caroline A. Baldwin, the unknown heirs at law and devisees of Frederick Baldwin, the unknown heirs at law and devisees of Caroline A. Baldwin, —— Baldwin, first name unknown, wife of Frederick Baldwin, and —— Baldwin, first name unknown, husband of Caroline A. Baldwin, all of whose places of residence are unknown, are hereby notified that on the 19th day of January, 1918, Anna E. Gardey, Peter Albright and Amelia Albright, plaintiffs, filed their petition in the Court of Common Pleas of Cuyahoga County, Ohio, being case No. 161254 against them, alleging that they are the owners in fee simple and in actual possession and control of the following described premises:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being Sublots Nos. 800 and 801 in Block II of The Buffalo Company's Allotment, so-called, as shown by the recorded plat in Volume 3 of Maps, Page 51 of Cuyahoga County Records.

Said sublots Nos. 800 and 801 each have a frontage of 20 feet on the southerly side of Mulberry street N. W., and extends back of equal width 100 feet deep, as appears by said plat.

Plaintiffs further state that they and their predecessors in title, through whom they claim title to said premises, have been in actual, open, notorious, continuous, adverse and uncontested possession and control of the whole of said premises, under claim of ownership since January, 1849. That title to said premises rested in the defendant, Frederick Baldwin, in the year 1842. That thereafter, in the year 1849, that said premises were duly sold for delinquent taxes by the Auditor of Cuyahoga County to one C. L. Camp, claiming title and ownership thereto, which said deed was recorded in Volume 113, page 359 of Cuyahoga County Records. That thereafter to wit, on the 13th day of August, 1864, the widow and heirs at law of the said C. L. Camp duly conveyed the aforesaid tax title to Norman C. Baldwin, by deed recorded in Volume 131, Page 346 of Cuyahoga County Records, and that said plaintiffs, in successive chain of title, duly acquired title thereto.

Plaintiff further allege that no conveyance of said premises, by deed or otherwise, from the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, appears of record on the records of the Recorder of Cuyahoga County. That if the said defendant, his heirs, executors, administrators or assigns did execute a deed or conveyance of said premises, that by reason of the inadvertence and mistake, oversight or carelessness upon the part of the said grantee, that the same has been lost and has not been placed on record.

Plaintiffs further allege that the failure of the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, to execute a deed of conveyance of said premises or the failure of the said grantee or grantees of the said defendant Frederick Baldwin, his heirs, executors, administrators or assigns to record said deed if the same was executed, constitutes a cloud upon the title of plaintiffs herein, by reason of the fact that said defendant, Frederick Baldwin appears of record as the owner in fee of the title to the said premises.

The said defendant, Caroline A. Baldwin, is an heir at law of said defendant, Frederick Baldwin, and in the event of the death of the said Frederick Baldwin, would succeed to his rights in said premises; that the names and addresses of the remaining heirs at law and the widow of the said Frederick Baldwin, and the names and addresses of the husband, if she is living, and the widower if she is dead and the remaining heirs at law of the said defendant, Caroline A. Baldwin, are unknown to plaintiffs. That all of said heirs at law of the said Frederick Baldwin and the said Caroline A. Baldwin, by reason of the premises, claim an interest in said property, all of which constitutes a cloud upon plaintiff's title.

The petition further alleges that none of said above named defendants have any interest whatsoever in said premises.

The prayer of said petition is that said defendants may be duly notified of the filing and pendency of this action; that upon final hearing hereof the plaintiff may be found to be the owner in fee simple of the whole of said premises; that the interests of the defendants may be forever barred, and that the plaintiffs' title to the whole of said premises may be quieted as against the claims and interests of any thereof, and for such other and further relief to which they may be entitled.

Said defendants are required to answer said petition on or before the 13th day of April, 1918.

LEGAL NOTICE

Henry Eisenhorn, Elizabeth Eisenhorn, Henry Isenhaur, alias Henry Isenhaur, Elizabeth Isenhaur, alias Elizabeth Isenhaur, alias Elizabeth Bauer, Louisa Bowers, Henry Eisenhaur, Eliza Bauer, [illegible] executors, administrators, [illegible] legatees and assigns of each of the following persons respectively, viz.: Henry Eisenhorn, Elizabeth Eisenhorn, Henry Isenhour, alias Henry Isenhaur, Elizabeth Isenhaur, alias Elizabeth Isenhaur, alias Elizabeth Bauer, Louisa Bowers, Henry Eisenhaur and Eliza Bauer, will please take notice that on the 16th day of February, 1918, Archie Horwitz filed his petition in the Court of Common Pleas of Cuyahoga County, Ohio, being Case No. 161834 against the above named parties, praying that plaintiff's title be quieted as to the following described property, viz.:

Situated in the Village of Euclid, County of Cuyahoga and State of Ohio, and known as being a part of Lot No. 8 in Original Euclid Township Tract No. 17, bounded and described as follows:

Beginning at the South West corner of Lot No. 8; thence east 15 chains and 51 links to lands now or formerly owned by Henry Bowers; thence North 0° 35' East 2 chains 82 links to a post; thence West 11 chains and 51 links to a post; thence North 0° 35' East 2 chains 82 links to a post; thence West 4 chains to the West line of said lot; thence South 0° 35' West 5 chains 64 links to the place of beginning, containing 5½ acres of land; that the claims of the defendants and each and every of them be decreed to be null and void, that each and every of the defendants be barred from having or claiming to have any right or interest whatsoever in said premises and for such other and further relief as may be just and the Court can give.

Said petition alleges that the plaintiff is the owner of and in possession of said real estate, that the defendants, Henry and Elizabeth Eisenhorn were the owners of said premises on October 10, 1853, and no deed of conveyance from either of them appears of record; on information and belief that said Henry Eisenhorn conveyed said premises to said Elizabeth Eisenhorn and said Elizabeth Eisenhorn died seized thereof; that the estate of said Elizabeth Eisenhorn was administered under the name Elizabeth Isenhaur and by decree entered Nov. 10, 1862, in a suit for that purpose among her heirs the said premises were aparted to Elizabeth Isenhauer, married to Martin Bauer; that no conveyance appears of record by Elizabeth Isenhauer, but said premises were conveyed in 1865 by Louisa Bowers and Martin Bowers, her husband, to John Crotty, plaintiff's predecessor in title. It further alleges that the correct names of the first named owners were Henry and Elizabeth Eisenhaur and that Elizabeth Isenhaur and Elizabeth Eisenhowr were one and the same person, her true name being Eisenhaur; that Eliza Bauer, Elizabeth Eisenhauer, Louisa Bowers, Eyizabeth Eisenhowr and Louisa Bauer were one and the same person, her true name being Louisa Bowers.

That the defendant, Henry Isenhaur claims an interest in said premises as an heir of Henry Eisenhorn, but that said claim is unfounded for that said Henry Eisenhorn conveyed said premises during his lifetime; that the true name of said Henry Isenhaur was Eisenhaur and that his interest, if any, was conveyed by his heirs by deed Vol. 336, page 26; that plaintiff is unable, after diligent effort, to ascertain the residences of the abovenamed defendants.

It further says that plaintiff and his predecessors in title have been in open, notorious, continues and adverse possession of said premises for more than twenty-one years last past and that the claims of the defendants while constituting a cloud upon plaintiff's title, are unfounded and without ground.

Said parties are required to answer on or before the 13th day of April, 1918, or judgment will be taken against them as prayed for.

Warning to the Public!

Some salesmen working for wiring contractors have been representing themselves as Illuminating Company employes in soliciting old house wiring contracts.

The Illuminating Company has not for several years done wiring of any kind. Wiring contractors, however, use a uniform contract for old house wiring, which has been approved by us and which insures proper handling of the work, but which does not justify their claiming to act as our representatives.

Any salesman soliciting wiring contracts who claims to be an Illuminating Company employe, or who offers a refund in the form of free electricity on the cost of house wiring, is an imposter and should be treated as such. We would appreciate the reporting of any such cases to us.

COMBATING THE WINDS

This winter—the coldest in 48 years—has been made even more severe by the prevailing high winds.

On windy days, the cold air forces its way through cracks and windows a great deal more rapidly than it can be heated.

On such days your heating appliances must run full blast if your home is to be kept reasonably comfortable.

In January the average hourly wind velocity was 15.4 miles—with a maximum of 54 miles per hour recorded on January 12th.

On this day the thermometer dropped 42 degrees in 16 hours—so that you needed at least twice as much heat on the 12th of January as you did on the 11th.

Gas Service is your first line of defense against the extreme variations of wind and themperature.

Naturally it requires a tremendous volume of gas to fight these wintry gales—and sometimes Gas Service cannot fight them single-handed.

But our customers should knnw that every available cubic foot of gas is being delivered to them in this combat with the winds.

CLEVELAND'S GREAT EASTWARD GROWTH

Survey of Recent Events Indicates a Bright Future For Willoughby

The rapid expansion of Cleveland to the eastward along the railroad lines and Euclid avenue, its chief east and west arteries, is a thing which cannot fail to impress any thoughtful observer. This eastward movement should be of interest to our readers, especially those who have holdings in Willoughby and vicinity, for Willoughby is in the direct line of this advance of one of the country's greatest cities.

The causes which have made Cleveland the "Sixth City," its location near raw materials, transportation advantages, etc., are quite as operative today as at any time in the past. These forces have caused the city to double in population in the last fifteen years, and have brought the total for Greater Cleveland close to 1,000,000 people. Statistics indicate that this rate of growth will continue, and that within fifteen years the aggregate for the greater city will reach 1,500,000 people. That the wonderful growth of the city will continue, we believe, may be taken for granted. But what engages our attention especially is the effect this great movement will have on Willoughby. It is said that "coming events cast their shadows before," and it is a logical deduction that what has taken place points the way to what will follow. This is especially true when the factors which have produced a given result continue to be operative.

The "Euclid Observer," our neighbor to the westward, in a recent article commenting on the development of the section now termed the "East End Manufacturing District," credits the marvelous growth of this section to two primary causes, viz: First, the availability of the land along the railroads for manufacturing, and that which is adjacent for residential purposes. Second, the aggressiveness of the railroads, especially the Nickle Plate, in locating industries along its line, and the activity of realty operators in interesting manufacturers in the advantages offered by the district, and the development of residence property in the adjacent territory. In its article our contemporary gives much credit for the development of the district to the McNutt-McCall Co., who recently opened an allotment here on Euclid avenue.

Going more into detail and referring especially to the expansion of the district which has taken place in the last year and a half, the article continues:

"Starting at the East Cleveland "Y," which, geographically and commercially, is the western boundary of the district, the development has been tremendous. In this section there have been located during this period the McLaren Iron Works; M. Cohen & Sons Co., with a mammoth scrap yard and structural steel plant; the Cleveland Milling Machine Co., and The Cleveland Tractor Co., which are erecting immense additions to their plants; the Independent Door and Lumber Co. with very large sheds; The Dille Road Lumber Company which has outgrown its quarters and built a large addition; the Steel Car Company, now in operation, and which has plans for future development on a large scale; The Austin Co., which recently completed a new plant on Bliss road, the Euclid Crane & Hoist Co., which has erected a substantial addition; and the Cleveland Copper & Brass Mills, at Babbitt road and the Nickel Plate tracks which is completing a new plant costing close to $1,000,000, part of this plant being already in operation.

In addition to these factories, it has been announced that the Var Soap Co. will shortly build a $20,000 plant on the west side of London road, and that the G. F. Mitchell & Sons Co. will erect a $100,000 plant for the manufacture of automobile fenders on the Nickel Plate tracks between London and Wayside roads. One of the most recent announcements is that the Martin-Barriss Lumber Co. will shortly remove from the "flats" in Cleveland to Euclid Village. This is the largest hardwood lumber concern in Cleveland, and one of the largest in the country. Siding from the Neckel Plate tracks is being laid, and it is understood that the company will erect a very large plant on Chardon road north of the Nickel Plate railroad."

To the industries above mentioned there should be added several important concerns which have arranged to erect plants in the Euclid district in the last ninety days, viz: The Bishop-Babcock-Becker Co., and the Lenox Chemical Co., which will erect half-million dollar plants on Bliss road near the Austin Co.; the Anchor Post Iron Works, which will remove its factory from Newark, N. J. and the Heights Sash & Door Co., which will also build a mill on Bliss road. There should also be mentioned the new plant of the Clarke-Kessler Chemical Co., and the considerable expansion of the Cleveland Crane & Engineering Co., at Wickliffe; also, the establishment of the J. H. R. Products Co., and the enlargement on generous lines of the plant of the American Clay Machinery Co., here. The conversion into a large chemical plant of the old knitting mills at Mentor also should not be overlooked. Added to all of this is the practical certainty that the Ben Hur plant will be taken over by some progressive concern and put into active operation in the near future.

These developments appear to indicate beyond question that the causes responsible for the growth of Cleveland are actively in operation and that large lumber company, noted for its astuteness in establishing branches just ahead of the actual building up of a district, is to locate a branch at Wickliffe.

It is but a matter of little time until the development of the district will reach Willoughby. It is also a logical deduction that the better class of the people attracted to the district through its industrial development will make Willoughby its residential center. It has the improvements and advantages to make this a logical and natural result. The attractions offered by our village as a place in which to live are also being recognized by a constantly increasing number of desirable people who have their business in the city. This phase of growth, it appears certain, will be stimulated by the addition of a large new residential section, laid out and improved on modern lines, and by the activity of its developers in bringing to the attention of a large number of high class people Willoughby's beauty and exceptional advantages as a residential community of the first class. Greatly improved transportation facilities, giving Willoughby quick service to the city, is also a factor which is considered a certainty of the early future by those in a position to have advance information.

Consideration should also be given to the further fact that shrewd, farsighted realty operators have bought up practically all the land along the railroads and adjacent to Euclid avenue, from Willoughby westward to the city limits. The recent sale of the Belle-Vernon farm is a typical example. These men of trained vision, whose business it is to watch the trend of growth, and who reap huge profits through their foresight, have backed their belief in the continuance of the eastward expansion of the city with hundreds of thousands of dollars of their money. Their example means that those who are able to read the signs of the times will profit in exact proportion to the degree in which they take advantage of what the signs portend.

BIRTHDAY RECALLS MEMORIES OF VISIT FROM PRESIDENT HAYES AND GALA REUNION IN WILLOUGHBY.

Wednesday morning, September 18, 1878, the Cleveland Leader carried a column on its first page and all of the second page devoted to a reunion in Willoughby of the 23rd O. V. I.

Fifteen thousand people, the article said, gathered from the surrounding country for the memorable occasion. In opening, the article stated that "Willoughby was dressed in her most handsome attire, in anticipation of the great event. Naturally a beautiful place, and the seat of a thriving, industrious people, it took little in the way of artistic decorations to add to its attractive appearance."

Capt. John S. Ellen, the first man to enlist from Willoughby, was a member of this 23rd regiment, as was President Rutherford B. Hayes and William McKinley. Rose was mayor of Cleveland in 1878, while Capt. Ellen was mayor of Willoughby. President Hayes attended this reunion in Willoughby and when the presidential train reached Willoughby, the article in the Leader continues, it was met by Capt. Ellen and a cheering crowd of people. Arm in arm the captain and the president proceeded to College Hall. The speech of the president is given entire, and also many other interesting features relating to the reunion. The Willoughby Gazette printed the names of all the surviving members of the regiment. This troop of gentle memories came to light Wednesday, because Tuesday, March 12th, Mrs. Emma Carrel Ellen, wife of John S. Ellen, had a birthday. She was eighty years old on that day, and Willoughby folks just rendered one verbal splendid boquet and said, "She's just the grandest, loveliest woman any one could know." Mr. Ellen

RIVER DETOURS AT DAM AND CUTS A WIDE SWATH

The high water and rains and melting frosts have had their effect upon the Chagrin river. During the last few days the river has simply shot across lots, made a detour around the dam and has spread out possibly 500 feet on the adjoining land, belonging to the Everett estate. It is not expected that the water will undermine the dam, but little can be done in the way of correction until the high water subsides. At present the water has simply come into its own again on the old river bed

THE AMERICAN CITY BUREAU PROPOSITION.

There is probably no enterprising business man or individual in Lake county who is not a hearty believer in organization, co-operation and every possible action that stands for a better community, better business, more co-operation with the farmers, or any movement that means a better town or county to live in. But there certainly is much to be shown by any promoters from another state, as to why it should be necessary to pay out $2500 from the county in order to take advantage of the opportunities, the ability and the capacities of the men who are already here on the ground.

N. Y. CENTRAL CLOSES MENTOR GREENHOUSE

The New York Central Greenhouse at Mentor has been closed. The green house has been in operation under the ownership of the railroad for possibly 25 or 30 years, William and George Hagenburger having charge. Beds of flowers all along the the New York Central lines have had their supply of clippings and cuttings from the Mentor greenhouses for many years. An inventory was taken last week and the green house ordered closed, probably as a conservation move on the part of the railroad.

WINNERS IN THESPIAN AND SOLONIAN CONTESTS

Essays, recitations and debates entered into the Thespian and Solonia contest at the high school last Friday night, when the following were declared winners by a large vote:

Recitation—Esther Grether.
Essay—Hazel Miller.
Essay—Rose Martin.
Debate: Resolved that the U. S. should give the Philippines their independence. Negatives won. Julia Dayton, Mabel Roseum and Marion Randall, alternate.

COST OF GOING TO WILLOUGHBEACH GOING UP, IF C. P. & E. GETS FARE RAISE. COMMITTEE CONSIDERS ENTIRE PROPOSITION; REFERENDUM VOTE MAY BE MADE.

The Fare Raising Clause

The present franchise extends until 1934 and calls for the fare rate to Cleveland to be 25c over the Shore line and the main line.

The C. P. & E. would increase this to 30c. An amendment to the franchise would cover the matter now and allow the C. P. & E. to increase the fare as desired, during the present time of abnormal costs of production. This would allow the village to hold their franchise intact until 1934.

To remove the clause would allow the village no redress, no matter how high the railway company might desire to again raise the fare.

DAILY RIDERS' RATES

In the event of the fare being raised, provision should certainly be made for a reduced commuters' plan rate for the car riders whose work takes them back and forth daily, or three or four times per week to Cleveland.

At the present time, with the war tax, daily or frequent riders pay practically the same as the intermittent or occasional rider

This, with the taking off of the limiteds, has its effect upon the locating or remaining of residents in Willoughby.

HALF HOUR SERVICE

No doubt, too, the question of returning half hour service on the Shore line would be taken up previous to the signing of a present fare raising amendment.

The committee of the Chamber of Commerce and councilmen as previously named, met at the council rooms Friday last for a preliminary consideration of the petition of the C. P. and E. to raise the present rates of fare. Mr. Stockwell acted as chairman of the evening. It was brought out that the Public Utilities commission can do nothing towards raising the fares when a village holds a franchise, wherein the rates are expressly stipulated as is the case in Willoughby and Mentor. The only redress is by an amendment to the franchise. Mr. Douglas and Mr. Currie went over the increased operating costs; excessive cost of materials during war times, etc. The fare to Wickliffe would remain the same. Increase to Cleveland and Painesville would be 5c. Only the rides over 15c on the main line would be affected. On the Shore line, however, there would be a 5c advance on several of the rides. Among these would come a change to ten cents instead of 5c from Willoughby to Willoughbeach.

The county holds a franchise that calls for a 2c per mile rate, which will have to be taken up with the county commissioners after the villages have finished their conclusions.

The first C. P. & E. franchise was signed October 7, 1898. The road cov-

WILLOUGHBY CHAMBER OF COMMERCE TO MEET.

The Willoughby chamber of commerce will have a general meeting, Tuesday evening, March 19. The directors will hold a meeting at 7:15 and the general meeting of the members will occur at 8 p. m. The gathering will be held in the library. Representatives of the Coit-Alber Co. are expected to be present and discuss Chautauqua plans. Men from the American City Bureau of New York, who are in Painesville promoting a Lake county chamber of commerce will be present and present plans bearing upon the campaign they are conducting.

GOVERNMENT TAKES EXCAVATOR FROM WILLOUGHBY

The U. S. government has appropriated for its use on harbor activities the excavator which has been at work upon the Willoughby sub-division of the new Euclid avenue allotment. The excavator was in use by Freshwater & Heffy, and is valued at $8000. The contractors have arranged to have 50 men come on and continue the excavating by hand.

BOQUET FOR REST ROOM; SUGGESTIONS FOR HITCHING POSTS.

(Clipped from Waite Hill Correspondence.)

We would like to make a little suggestion in regard to the hitching grounds. Now that the frost is coming out of the ground it makes it rather muddy for us "wimmen" who drive our own "hoss" to hitch in there without carrying off a lot of earth that don't belong to us. Now a few loads of gravel strewn around would improve conditions wonderfully and I am sure we all would appreciate the improvement greatly. Now if we remember rightly, the council invited suggestions from anyone for improving those hitching grounds, hence our suggestions. But the ladies' rest room in Wilson's store is fine and all that the most exacting ones could desire, and is much appreciated.

WHY NOT HAVE FAST TRAINS PICK UP MAIL?

Many comments as to the mail service out of Willoughby are made. It has been necessary to reach either a very early morning delivery or the five o'clock in the evening, in order to get mail out the same day. It has been suggested that some arrangement might be made whereby any fast train might take up mail. The matter will probably be considered by the mayor and the chamber of commerce.

LOST NATION PAVING DEFERRED

Owing to war conditions, the Lost Nation road paving will in all probability be deferred another year. The north Ridge road paving it is stated, will probably go through as planned.

COUNTY COMMISSIONERS TAKE UP GLENN AVE. PROPOSITION.

At the committee meeting Friday night, Mayor Carmichael stated that the county commissioners had agreed to co-operate on the work of putting Glenn avenue into better shape. Mr. Harris was in town Friday and in going over the condition of the thoroughfare, said they were willing to share in the work of graveling it, and of keeping it in continued good condition.

GARFIELD'S WIDOW DIES IN CALIFORNIA

Mrs. Lucreia Rudolph Garfield, 85, widow of James A. Garfield, twentieth president of the United States, died at 4:30 a. m. Wednesday at her winter home in South Pasadena, Cal., after a short illness of pneumonia.

Since the assassination of her distinguished huband in Washington in 1881, Mrs. Garfield had lived quietly, spending her summers at Lawnfield, as her Mentor estate was called, and her winters in California.

MAHLON RENTSCHLER FALLS AT SCHOOL

Mahlon Rentschler, Jr., pupil at the grade school, fell over the bannister at the school Wednesday about noon. Dr. Moore was summoned and it was found that one of the smaller bones of the wrist was broken. The arm was placed in a sling and recovery will probably be rapid. The fall was one of about 15 feet and escape from more serious injury is extremely fortunate.

ATTRACTIVE HONOR LISTS DESIGNED BY PAINESVILLE MAN

Van Lee Shaw, advertising manager of the Gail Grant Co., Painesville, is designing some most attractive permanent honor lists for the use of clubs, churches, etc., who have boys in the service. Mr. Shaw has just completed a course taken under L. O. Butcher, Chicago, leading pastel artist. Mr. Shaw's designs for the honor lists are most attractive and will probably be adopted by many of the Lake county organizations where honor lists are in use.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

SECOND INSTALLMENT OF CHAPIN PICTURE SHOWS LINCOLN IN THE WHITE HOUSE

Last Friday at the Hiawatha Theatre, patrons had the pleasure of seeing the second installment of the Benjamin Chapin impersonations of Lincoln, showing him as president in the White House, at the opening of the Civil war. History and an intimate understanding of this wonderful character are given by Mr. Chapin in his remarkable studies of this American. The pictures are superb, and it is indeed a treat to have them shown here.

The month of February Mr. Douglas said, was the worst that had been experienced in the life of local street car or electrical companies. Armatures froze to the core, an unprecedented event in that part of the service.

The council has power to annul the fare clause, subject to the referendum.

The original franchise was granted by the council.

In the event of the citizens voting the raise of fare down, the matter would revert to the company, according to Mr. von Beseler, and they would then have to work out their own salvation, either through the aid of the public utilities or a receivership. Mr. Stockwell closed the meeting by requesting the officials of the C. P. & E. to present a sworn statement of their income and expenditures. This, Mr. Douglas said they would be glad to do, and yearly earnings from 1912 to this date will be given. The next committee meeting will occur Friday, March 15th.

BIRTHDAY RECALLS MEMORY

(Continued from Page 1.)

was on a furlough when the wedding of the couple occurred, and C. S. Haggert of Euclid avenue, drove the newly married couple from the home, on what is now the Belle Vernon farm, to Willoughby. Mrs. Ellen made three trips to her husband's camp at Chattanooga and was the best of friends with President and Mrs. Hayes, whom she visited at their home in Fremont. Once, when Mrs. Hayes visited Mrs. Ellen, she inquired why she had not brought "Rudd" Hayes, Rutherford, Jr., along, and Mrs. Hayes replied, she couldn't. "He was so covered with mosquito bites."

Mrs. Ellen knew McKinley very well, also.

Then, too, Mrs. Ellen recalled that when Sidney S. Wilson was born, they were living in the other part of the Wilson home on Erie street, and Mr. Ellen was sent post haste to Maple Grove to get Mrs. Brichford to come and look after the new baby, whom, Mrs. Ellen said, as he grew up, was quite as much in her part of the house as he was at home.

Reminiscence, too, went around the corner to Mrs. Clinton Waite's home where Mrs. Ellen first met her husband. It will be 55 years the 27th of this month that Mr. and Mrs. Ellen were married. They have lived at their present home on the avenue for 49 years. Tuesday there was a family birthday supper at the home, attended by Mr. and Mrs. Birkholz, Louise and George F. Law and Mrs. S. F. Fuller of Rio Janeiro. A telegram of congratulations was received from Mr. Fuller at Battle Creek. Mrs. Law is in the south.

FORDS SEVEN THOUSAND FRANCS IN FRANCE

Says Anne Morgan in Woman's City Club Speech.

An audience that filled the Statler ballroom, balconies and standing room listened to Anne Morgan at the Woman's City Club gathering Tuesday. Finally they sat down upon the steps of the speaker's platform, in company with Myron T. Herrick and Charles Otis. There was no place else for them to sit. Miss Morgan told of the devastation wrought in France by the Germans. Farming tools are deprived of such parts as to make them useless before the soldiers leave a country. 40,000 fruit trees have been cut down and untold damage other than that caused by bombardment done. Beds cost 75 to 100 francs A Ford for the commission cost 7000 francs.

Through the American Red Cross in Paris Miss Morgan stated they were enabled to secure 300 beds at a reduced price. Some of the French people left homeless are 75 to 80 years of age, yet all are ready to begin life and home making anew. Tractors and farming tools are what is needed from American and Miss Morgan made a plea for an army of agricultural workers, as well as soldiers to be sent to France. Miss Morgan commented upon the fact that she gave her lecture first to a body of men; and then repeated it to a body of women. Why not together? Was the suggestion her comment offered.

WHAT AMHERST DIDN'T DO TO WILLOUGHBY HIGH

Saturday at 2:30 the boys' basket ball team went to Amherst. They went from Willoughby to Cleveland by trolley and from Cleveland to Amherst by train. When they arrived it was raining and no one was there to meet them. Everyone they asked told them the gym was in a different direction so they were soaking wet when they finally did find it. The game was on a church gym, one of the best gyms the boys have played on away from home. W. H. S. won 33 to 23. Fox played an excellent offensive game for Willoughby, while Captain Phelps and Seitz starred in defensive work. Fairley and Brott both had hard luck with their shots or the score would have been larger. W. H. S. set the pace all the way; the score was tide but once; the rest of the time Willoughby leading. The boys returned home by street car as far as Cleveland, where Allen Crowther and Mr. Seitz met them in machines and brought them the rest of the way. The boys are very grateful for this kind act. This Friday night the boys play Wadsworth here. This will be the hardest game of the season to win because when W. H. S. went to Wadsworth W. H. S. won by one basket. This is also an expensive game so we want YOU there to help US.

BIG GAME SATURDAY

In order to give the people of Willoughby the best games we can we are bringing the best teams from Cleveland that we can get. Saturday night, March 16, we have some game. The Grace Congregationals of Cleveland, who hold the church championship and have not been beaten as yet in the league. With the strong support of the people which we seem to have, and are real thankful for, we think that we will give the Grace Congregationals a big battle. We are going good now and have a good lineup.

Tuesday night we beat the Denisons, a strong class A team, 21-15, and it was a fast and speedy game.

The girls (Willoettes) gave the Dennison girls a hard battle, but lost, 9-7. The game was a very good one and the local girls deserve lots of credit for their good showing to date.

Saturday night's game will be faster and perhaps the people will see our cripple Dow Van Deusen in the lineup again.

Everyone turn out and root for the Willows as our expenses are more for these class A teams.

Signed: "THE WILLOWS."

I just want to say to the people of Willoughby that I have now on hand a complete lot of assorted sizes of the famous Savage Tires and Tubes, and the price is right. The Tires and Tubes are right, and the adjustment which are very few, are right. And I will put them up against any tire made regardless of price.

The season is just coming when you will need a lot of repairs. Come in and bring your order. I can save you some money. Why? Because I do not ask for the earth with a fence around it. And still later, just watch this space, for I shall tell you something that will get you thinking. Always filling orders, because if I have not got it I can get it or it isn't made.

Hippodrome

Any production in vaudeville by Gus Edwards is always welcome at B. F. Keith's Hippodrome. Next Monday he will bring his annual song revue of 1918 and judging from the cast of new stars he has gathered and from reports in other cities, Mr. Edwards must have the best production he has ever presented to vaudeville audiences. This season Mr. Edwards will offer some of his songs including "I'm Looking For the Girl I Met Last Summer," "A Girl a Drink a Song," "Litsen to My Tra, La, Lar" "I'm After You," "Poor Little Butterflys," "When I Went to School With You," "A June Night in Naples," "I Can't Keep Away From Old Broadway," "The Red Cross Needs You," and several other hits. His productions would not be complete without some new faces. Miss Olga Cook, the beautiful prima donna of Baltimore, who has attracted wide attention, and Dan Healey, the versatile juvenile comedian, will be two of Mr. Edward's big stars. His beauty chorus has never been equaled in this city regardless of price paid. There will be a score of striking stage pictures with the usual artistic flash of Edwards gowns. This one act alone is sufficient to guarantee the quality of entertainment to be seen next week, but the management is also offering a group of recognized B. F. Keith stars. Nonetta, the singing violinist, should prove one of the most artistic hits of the season. She satisfies the eye as well as the ear. Mrs. Gene Hughes, who always presents some dainty morsel for her audiences, will offer a sartorial comedy entitled "Gowns." Cummings and Mitchell, who will make their first Cleveland appearance, will provide a heap of comedy with their hit entitled "One Afternoon," and Harry Copper in a farcical skit assisted by Jim Rosney, also prove entertaining. Other acts will be Joe Browning with a timely sermon; McMahon, Diamond and Chaples in The Rag Doll, and Rath Brothers, sensational athletes.

Standard Theater

Week of March 17, Mabel Normand makes her second appearance at the Standard theater as Particia O'Rourke in "The Floor Below." She appears in a dramatic offering mingling smiles with tears. She plays the part of a copy girl in a newspaper office, getting into a scrape, it causes her discharge, but is saved, and is assigned to another job. A number of daring robberies have been committed by crooks who seem to have insire information concerning the rich homes they plunder. She is put into one of these homes to steal a march on the police, and score a "beat" for the paper, and thereby starts the part of the story that shows Miss Normand's talent as a dramatist as well as a comedienne. Tom Moore and a company of good players are in the cast.

Miles Theater

The eminent musical comedy and motion picture star will be the stellar attraction at the Miles the coming week. Mr. Herz was the leading star in "Mme. Sherry," "A Pair of Sixes," "Soul Kiss," "Good Night Paul," and other standard attractions, and comes to the Miles with a budget of unusual fun that will uphold his past reputation as a clever character delineator.

"Beaus and Belles," a classy melange of vocal, musical and dancing specialties, Conroy and O'Donnel, The Parcel Postman, "The Four Roses," in artistic acrobatrics, Lillian Watson who bills herself "Little, But Oh My," and Pipifax and Paulo, the Humpty Bumpty boys will make up the vaudeville show, which will be augmented with a big program of popular photoplays, making a double show for one price, running continuous from 1 to 11 p. m. Children under 12 years of age admitted to any of the matinees for 10 centes.

Colonial Theater

"Over The Top," Shubert revue, with Justine Johnstone and Ed Wynn as its brightest stars, plays the Colonial next week. It is a big spectacular production, with a little running story which serves as a vehicle for a string of high grade vaudeville specialties. Among the featured performers are Craig Campbell, Scotch tenor; Laurie and Brenson, 'pint size' performers; Ted Lorraine, Vivian and Dagmar Oakland, Ma-Belle and Mary Eaton, and Relanda and her troupe, all dancers; Betty Pierce and Harry Llewellyn, singers. There's a big chorus, too

Opera House

Maude Adams, who has long been the most popular actress on the American stage, comes to the Euclid Avenue Opera House next Monday to present her new play, "A Kiss for Cinderella." That she will be welcomed goes without the saying for it is a certainty that all her admirers will want to see her in the first new role opportunity has given her in some seasons. The new play is the work of J. M. Barrie, who will be remembered for his "The Little Minister," "What Every Woman Knows," and "Peter Pan." Miss Adams made the play known at Christmas time a year ago in New York and there it remained for the balance of the season. So far during its present tour it has been given in Boston, Philadelphia, and Chicago and in these cities it was greatly appreciated. One of the salient features of this fanciful work is that it gives Miss Adams a role in which she is at all times an alluring and fascinating figure, whether in the "brave apparel of the very poor," or in the queenly robes of Cinderella. When first seen she is the maid in the studio of an artist.

Its humor is delightful. Last scene of all takes place in a hospital, where Cinderella, recovering from pneumonia, is wooed and won by the rugged policeman, who is her real prince. The closing scene is delightfully sentimental. The production is elaborate and the company supporting Miss Adams is made up of prominent players. Usual matinees.

Prospect Theater

"The Darktown Follies" will offer a musical revue entitled "Broadway Rastus" at the Prospect next week. The organization consists of forty entertainers. Irvin Miller, a colored comedian of note, assisted by Henry Jines and Esther Bigeou, soubrette, are the principals. There will be oceans of jazz music, clever dancing, Southern melodies as well as the latest song hits. A chorus of thirty will offer many novelties in song and dance numbers, while the comedy will be fast and furious. There is a laugh every minute throughout the entire three acts. The scenery and costumes are well above the standard and the entertainment is the best of any of the colored organizations now on the road. Matinees will be offered on Tuesday, Thursday and Saturday.

Liberty Theater

The Four Maximes, jugglers and clowns, late of Ringling Brothers circus, are featured performers on the Liberty's vaudeville bill for next week. Other bookings include: W. H. Hall, singing xylophonist; Murphy and Murphy, Irish troubadours; Edwards and Marshall, late of the New York Hippodrome aerial ballet. There will be other acts, two of them, announcement of which is withheld, and pictures.

Star Theater

Jack Singer's "Behman Show," with Lew Kelly as its star, is the Star's attraction for next week. Kelly is just back from a tour of London music halls, and will present "Professor Dope," which is a sure enough burlesque classic. George Douglas, Vic Casmore and Jack Honen are his chief aids in comedy situations. Ameta Pynes heads the feminine contingent and other well known players are Lucile Manion, Freda Florence, Blanchard and Chapman and Marie Sparrow. There's a chorus, of course.

Empire Theater

Jack Reid's "Record Breakers" are at the Empire next week. Reid heads the list of comedians, as always, and he has Bob Startzman, Jack Dempsey, Pete Griffin and A. Benham Bellet to help him. Others in the company are Mildred Howell, Ella Reid Gilbert, Mattie Kipp and Norma Jerome and Toots Kemp. There's a big chorus, too. It's a strong cast and one which guarantees a snappy show.

"Germany," says Hertling, "does not desire the annexation of Belgium by violence." This, no doubt, accounts for the fact that Germany has so carefully abstained from violence in Belgium.—New York Morning Telegraph.

STYLE SHOW WEEK AT THE MAY CO.

Style Show Week is an annual event in Cleveland that has been so firmly established in the minds of thousands upon thousands of women that they look forward to it with intense anticipation.

And maybe this splendid exhibition of all the fineries for the ladies is nowhere equaled by that shown this week by the May Co.

To obtain a thorough appreciation of all that the occasion means a visit to the big store is positively necessary. Style Show week means a veritable labryinth of everything that is dear to the women—the aged and the young.

It would be futile to attempt a description here of those hats, those gowns, those wraps, those furs, etc. To see them is to go into raptures and also to know what is the mode up to the last minute.

A look in the show windows will convince the sightseer that everything beautiful for femininity must have been garnered solely for them by the May Co.

COMMUTERS USE LAND LOCOMOTIVE

When the federal government took over the railroads it did not commandeer all rolling stock.

There remains in private hands one product of the Standard Steel Car Company, makers of world famous rolling stock. It is the Standard Eight, the 83-horsepower motor car, built by these specialists in rolling-stock.

"The wholesale slashing of suburban time-tables and the withdrawal of trains have made the Standard Eight figure prominently for commuting purposes,' declares Mr. S. N. Sutter, manager, located at 2027 Euclid avenue, Cleveland, dealer here for the Standard Eight.

"The power and flexibility of this car," he adds, "makes its performance equal the best express trains of former days. Its rugged frame of pressed Standard Steel, its powerful spring of Standard steel, and its stalwart build throughout, make it a safe, dependable car on all roads, especially desirable for commuting between city and suburbs.

"Many cities report its growing popularity for this purpose," asserts the dealer. The Standard Eight has long been known as the "land locomotive." Its unusual ability is partially explained by the highest horsepower per pound of car weight of any car in its class.

THE BOWLER & BURDICK CO. HAS POPULARIZED THE WONDERFUL GRUEN WATCH

When The Bowler & Burdick Co., 1126 Euclid avenue, announced three years ago that it would act as representative for the Gruen company in Cleveland the wonderful and beautiful timepieces made by this concern were comparatively unknown in northern Ohio.

That is not the case now, however, for hundreds of these splendid watches are now used by men who are most particular as to their watches and also as to their accuracy. They are as thin as is possible to make a most efficient and durable time keeper. They are made in regular and odd designs, are of artistic pattern and have become most popular.

We could not, in a limited space, describe our entire overcoat stock—and you wouldn't read it if we did. But you may be interested in a few of the new models, such as—

The Torpey

This model has extremely square shoulders, panelled back, moon-shaped welt pockets—and Waterloo covert is the fabric.

The Fenwick

This is a single-breasted Raglan, in an indistinct overplaid and an effective broken over-plaid. Comes also in Scotia cloth with iridescent back, olive plaid with military back—and there's one in The Fenwick that has two box-pleated pockets.

The Drencher

This is a throw-over—a loose box effect with deep set-in sleeves. There are five rows of stitching on the collar.

The Ben Hur

LEGAL NOTICE

Frederick Baldwin, Caroline A. Baldwin, the unknown heirs at law and devisees of Frederick Baldwin, the unknown heirs at law and devisees of Caroline A. Baldwin, —— Baldwin, first name unknown, wife of Frederick Baldwin, and —— Baldwin, first name unknown, husband of Caroline A. Baldwin, all of whose places of residence are unknown, are hereby notified that on the 19th day of January, 1918, Anna E. Gardey, Peter Albright and Amelia Albright, plaintiffs, filed their petition in the Court of Common Pleas of Cuyahoga County, Ohio, being case No. 161254 against them, alleging that they are the owners in fee simple and in actual possession and control of the following described premises:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being Sublots Nos. 800 and 801 in Block II of The Buffalo Company's Allotment, so-called, as shown by the recorded plat in Volume 3 of Maps, Page 51 of Cuyahoga County Records.

Said sublots Nos. 800 and 801 each have a frontage of 20 feet on the southerly side of Mulberry street N. W., and extends back of equal width 100 feet deep, as appears by said plat.

Plaintiffs further state that they and their predecessors in title, through whom they claim title to said premises, have been in actual, open, notorious, continuous, adverse and uncontested possession and control of the whole of said premises, under claim of ownership since January, 1849. That title to said premises rested in the defendant, Frederick Baldwin, in the year 1842. That thereafter, in the year 1849, that said premises were duly sold for delinquent taxes by the Auditor of Cuyahoga County to one C. L. Camp, claiming title and ownership thereto, which said deed was recorded in Volume 113, page 359 of Cuyahoga County Records. That thereafter to wit, on the 13th day of August, 1864, the widow and heirs at law of the said C. L. Camp duly conveyed the aforesaid tax title to Norman C. Baldwin, by deed recorded in Volume 131, Page 346 of Cuyahoga County Records, and that said plaintiffs, in successive chain of title, duly acquired title thereto.

Plaintiff further allege that no conveyance of said premises, by deed or otherwise, from the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, appears of record on the records of the Recorder of Cuyahoga County. That if the said defendant, his heirs, executors, administrators or assigns did execute a deed or conveyance of said premises, that by reason of the inadvertence and mistake, oversight or carelessness upon the part of the said grantee, that the same has been lost and has not been placed on record.

Plaintiffs further allege that the failure of the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, to execute a deed of conveyance of said premises or the failure of the said grantee or grantees of the said defendant Frederick Baldwin, his heirs, executors, administrators or assigns to record said deed if the same was executed, constitutes a cloud upon the title of plaintiffs herein, by reason of the fact that said defendant, Frederick Baldwin appears of record as the owner in fee of the title to the said premises.

The said defendant, Caroline A. Baldwin, is an heir at law of said defendant, Frederick Baldwin, and in the event of the death of the said Frederick Baldwin, would succeed to his rights in said premises; that the names and addresses of the remaining heirs at law and the widow of the said Frederick Baldwin, and the names and addresses of the husband, if she is living, and the widower if she is dead and the remaining heirs at law of the said defendant, Caroline A. Baldwin, are unknown to plaintiffs. That all of said heirs at law of the said Frederick Baldwin and the said Caroline A. Baldwin, by reason of the premises, claim an interest in said property, all of which constitutes a cloud upon plaintiff's title.

The petition further alleges that none of said above named defendants have any interest whatsoever in said premises.

The prayer of said petition is that said defendants may be duly notified of the filing and pendency of this action; that upon final hearing hereof the plaintiff may be found to be the owner in fee simple of the whole of said premises; that the interests of the defendants may be forever barred, and that the plaintiffs' title to the whole of said premises may be quieted as against the claims and interests of any thereof, and for such other and further relief to which they may be entitled.

Said defendants are required to answer said petition on or before the 13th day of April, 1918.

Henry Eisenhorn, Elizabeth Eisenhorn, Henry Isenhour, alias Henry Isenhaur, Elizabeth Isenhauer, alias Elizabeth Isenhaur, alias Elizabeth Bauer, Louisa Bowers, Henry Eisenhaur, Eliza Bauer, unknown heirs, executors, administrators, devisees, legatees and assigns of each of the following persons respectively, viz. Henry Eisenhorn, Elizabeth Eisenhorn, Henry Isenhour, alias Henry Isenhaur, Elizabeth Isenhauer, alias Elizabeth Isenhaur, alias Elizabeth Bauer, Louisa Bowers, Henry Eisenhaur and Eliza Bauer, will please take notice that on the 16th day of February, 1918, Archie Horwitz filed his petition in the Court of Common Pleas of Cuyahoga County, Ohio, being Case No. 161834 against the above named parties, praying that plaintiff's title be quieted as to the following described property, viz.:

Situated in the Village of Euclid, County of Cuyahoga and State of Ohio, and known as being a part of Lot No. 8 in Original Euclid Township, Tract No. 17, bounded and described as follows:

Beginning at the South West corner of Lot No. 8; thence east 15 chains and 51 links to lands now or formerly owned by [illegible] Bowers; thence North 0° 35' [illegible] 2 chains 82 links [illegible]; thence [illegible] chains and 51 links to a post; thence North 0° 35' East 2 chains 82 links to a post; thence West 4 chains to the West line of said lot; thence South 0° 35' West 5 chains 64 links to the place of beginning, containing 5½ acres of land; that the claims of the defendants and each and every of them be decreed to be null and void, that each and every of the defendants be barred from having or claiming to have any right or interest whatsoever in said premises and for such other and further relief as may be just and the Court can give.

Said petition alleges that the plaintiff is the owner of and in possession of said real estate, that the defendants, Henry and Elizabeth Eisenhorn were the owners of said premises on October 10, 1853, and no deed of conveyance from either of them appears of record; on information and belief that said Henry Eisenhorn conveyed said premises to said Elizabeth Eisenhorn and said Elizabeth Eisenhorn died seized thereof; that the estate of said Elizabeth Eisenhorn was administered under the name Elizabeth Isenhaur and by decree entered Nov. 10, 1862, in a suit for that purpose among her heirs the said premises were aparted to Elizabeth Isenhauer, married to Martin Bauer; that no conveyance appears of record by Elizabeth Isenhauer, but said premises were conveyed in 1865 by Louisa Bowers and Martin Bowers, her husband, to John Crotty, plaintiff's predecessor in title. It further alleges that the correct names of the first named owners were Henry and Elizabeth Eisenhaur and that Elizabeth Isenhaur and Elizabeth Eisenhowr were one and the same person, her true name being Eisenhaur; that Eliza Bauer, Elizabeth Eisenhauer, Louisa Bowers, Eyizabeth Eisenhowr and Louisa Bauer were one and the same person, her true name being Louisa Bowers.

That the defendant, Henry Isenhaur claims an interest in said premises as an heir of Henry Eisenhorn, but that said claim is unfounded for that said Henry Eisenhorn conveyed said premises during his lifetime; that the true name of said Henry Isenhaur was Eisenhaur and that his interest, if any, was conveyed by his heirs by deed Vol. 236, page 26; that plaintiff is unable, after diligent effort, to ascertain the residences of the above-named defendants.

It further says that plaintiff and his predecessors in title have been in open, notorious, continuous and adverse possession of said premises for more than twenty-one years last past and that the claims of the defendants while constituting a cloud upon plaintiff's title, are unfounded and without ground.

Said parties are required to answer on or before the 13th day of April, 1918, or judgment will be taken against them as prayed for.

About Your Gas Bill

In January, 1917, the average mean temperature was 27 degrees above zero.

In January of this year it was 15 degrees above zero—an average of 12 degrees lower for the month.

Consider that this has been the coldest winter Cleveland has endured for 48 years—and that for long stretches at a time our customers have been burning every cubic foot of gas which we could deliver.

Is it any wonder that your gas bills are a little bigger than they were last year?

Yet for this January they were less than 6 per cent higher than they were for January, 1917.

Cleveland still has the cheapest and best Gas Service in the world.

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio; and known as being a part of Original One Hundred Lot 368, and bounded and described as follows:

Beginning in the Westerly line of said Original Lot 368, at a point 245 feet Southerly from the Southwest corner of land conveyed to Elizabeth Gordan Hanna, by deed recorded in Volume 952, Page 75 of Cuyahoga County Records: thence southerly along the westerly line of said Original Lot 368, and along the center line of East 88th Street (formerly Bratenahl Road) 55 feet; thence Easterly at right angles with the Westerly line of said Original Lot 368, 250 feet; thence northerly parallel with the Westerly line of said Original Lot 368, 55 feet; thence Westerly at right angles with the Westerly line of said Original Lot 368, 250 feet to the place of beginning.

That the said defendants, May Beardsley, Frank Beardsley, —— Beardsley (first name unknown), wife of Frank Beardsley, the unknown heirs and unknown devisees of Samuel S. Beardsley, deceased, and their unknown wives and unknown husbands, claim an estate or interest in part of said premises adverse to plaintiff by reason of a deed from Frederick W. Huidekoper, and wife to Eliza Beardsley, in her own right and for the use and benefit of the children of said Eliza Beardsley, from her marriage with I. L. Beardsley, dated February 18, 1874, and recorded in volume 228, page 552, of Cuyahoga County, Ohio, Records of Deeds; that the plaintiff alleges that the whole estate and interest conveyed thereby was conveyed to one of plaintiff's grantors by deed recorded in volume 246, page 321, of said record of deeds.

That said Elam Beardslee, and if he is deceased, his unknown heirs and unknown devisees and their unknown wives and unknown husbands, claim an estate or interest in a part of said premises by reason of a deed to said Elam Beardslee recorded in volume 246, page 321, of said records of deeds and said —— Beardslee (first name unknown), wife of said Elam Beardslee, claims an estate or interest in a part of said premises by way of dower; but plaintiff alleges that all the estate given by said deed passed to one of plaintiff's grantors by deed recorded in Volume 290, page 415, of said records of deeds.

That plaintiff and those under whom she claims have for more than thirty-seven years last past been in peaceable, continuous, actual, open and notorious possession of said premises adverse to the rights of each and all of the said defendants and that none of said defendants have any estate or interest therein.

Said plaintiff prays that her title to said premises be quieted; that the defendants and each of them be decreed to have no estate or interest therein; that they be forever barred and enjoined from setting up an estate or interest therein adverse to plaintiff's title; and for all other and further relief to which plaintiff may be in equity entitled.

Said defendants are required to answer said petition on or before the 6th day of April, 1918, or a decree will be taken against them as prayed for in said petition. F14M21

Instead of a "Jag" He Carries Flowers to Wife

A Picture From Life Filmed At the Neal Institute

Every Sunday for a good many months a bright faced, happy man runs in at the old homestead of John D. Rockefeller on Euclid avenue, now the Neal Institute. There's just sentiment back of the call. He appreciates what the Neal Treatment did for him and emphasizes that appreciation by a personal "drop in." And he always carries a bunch of flowers on his homeward way. Dr. A. J. McNamara commented on this one recent Sabbath and the graduate came back with the remark: "Instead of taking home a jag and a breath poisonous with booze, I now take my wife some flowers."

What contrast in that home. Hundreds who have gone to the Neal Institute have experienced the same happy mastery over drink. It takes only three days of the harmless vegetable, taken wholly by mouth. Neal Treatment to change craving desire for liquor into intense dislike of everything alcoholic.

Investigate or ask your physician to do so for you. For free booklet, address the Neal Institute, 3920 Euclid Avenue, Cleveland, O. Telephone Rosedale 3490. Open day and night.

Sturtevant, deceased; Horatio G. C. Bartlett, the unknown heirs and the unknown devisees of Horatio G. C. Bartlett, deceased; and the State of Connecticut, Defendants. Petition to quiet title.

The defendants in the above entitled [illegible] notified as [illegible] same is known as No. 162148.

That the residence of each and all of the defendants in said action except The State of Connecticut is unknown to the plaintiff, and that such residence cannot with reasonable diligence be ascertained. That the residence of defendant, The State of Connecticut, is in the City of Hartford, in the State of Connecticut at the State House or Capitol Building in said city.

That plaintiff by himself and his predecessors is now and for more than twenty-one years, last past, has been in open, uninterrupted, notorious, continuous and adverse possession of the following described premises:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being part of Sub Lots Nos. 20 and 21 in the J. A. and M. B. Mead Re-Subdivision of part of Andrew Platt's Subdivision of part of original One Hundred Acre Lot, No. 410, as shown by the recorded plat of said Re-Subdivision in Volume 27 of Maps, Page 4 of Cuyahoga County Records, and together forming a parcel of land bounded and described as follows:

Beginning on the southerly line of Cedar Avenue, S. E., (formerly Cedar Avenue), at its point of intersection with the Easterly line of East 106th Street (formerly Elmside Street); thence Easterly along the Southerly line of Cedar Avenue, S. E. 109 81-100 feet to the North Easterly corner of said Sub Lot No. 21; thence Southerly along the Easterly line of said Sub Lot No. 21, about 69 92-100 feet to the North Easterly corner of land conveyed to Ona B. Jones by Deed dated September 7, 1906, and recorded in Volume 1025, Page 566, of Cuyahoga County Records; thence Westerly along the Northerly line of land so conveyed to Ona B. Jones about 108 feet to the Easterly line of East 106th Street; thence Northerly along the Easterly line of East 106th Street, 70 feet to the place of beginning, be the same more or less, but subject to all legal highways.

That the above named defendants and each of them are in plaintiff's chain of title and have had some right title and interest in said premises, which said right, title and interest by conveyance from them from time to time has become vested in plaintiff, but that in such conveyances and in the recording thereof, mistakes in description and otherwise have been made and imperfections exist which cast clouds upon plaintiff's title.

And plaintiff prays the Court to find, adjudge and decree that none of said defendants including said unknown heirs and said unknown devisees have any right, title or interest whatever in said premises. That all right, title and interest of each and every defendant in said action be quieted and that they, the said defendants, be forever barred from having or claiming any right, title or interest in said premises. That the mistakes, inaccuracies, discrepancies and inadvertences in the Record Title and in the conveyances made by defendants be corrected and plaintiff be found to be the owner and holder of the legal title to said premises, in fee simple, free and clear from any right, title or interest whatever of any of the defendants in the above entitled action; and for such other and further relief as plaintiff be found by the Court to be entitled to.

All defendants will take notice that said case will be ready for trial by the Court on Monday, the 6th day of May, A. D., 1918 at 10:00 A. M., and that each and all of said defendants are required to answer said petition by Saturday, the 4th day of May, A. D., 1918, and that all defendants who fail to make and file such answer in said Court to-wit: the Court of Common Pleas, in and for Cuyahoga County, Ohio, case No. 162148, will be forever barred from thereafter claiming any right, title or interest in said premises.

Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales
$875,000,000. ████████████████████

Profits
$34,650,000. █

This is equivalent to a $3,465. profit on a business of $87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

Swift & Company, U. S. A.

TWENTY-SIXTH YEAR—NO. 7. WILLOUGHBY, O., MARCH 22, 1918. ONE DOLLAR A YEAR IN ADVANCE

BIG CHAMBER OF COMMERCE GATHERING TO CONSIDER C. P. & E. SITUATION. MENTOR MAYOR AND COUNCIL INVITED.

> **The general concensus of opinion of all who have looked carefully into the C. P. & E. situation, seems to be that they should have the fare raise to 2½c per mile.**
>
> **A temporary concession in the form of an amendment is the plan most generally favored.**
>
> **Any agreement entered into should protect the riders whose work takes them daily to Cleveland.**
>
> **The whole matter will probably be put into concrete form; a plan laid out and then presented to the people for their vote.**

A general chamber of commerce gathering will occur at the Willoughby Inn, Friday, March 22, when the C. P. & E. situation will be discussed pro and con. Supper will be served, and the mayor of Mentor, Jas. Locker and council, have been invited to attend. This latter at the suggestion of Mayor Carmichael at the executive session following the committee meeting of the council and Chamber of Commerce last Friday night.

Mr. Douglas stated that all their books, income and expenditures were open to the public. He gave the number of car riders, short and long rides over each road, and complied with every request for information. Mr. Walsh stated at the executive session that no matter how much the company might have made in the past, that interest on its bonds, probably held in some cases by individuals not in opulent circumstances, must be met; that service must be maintained. Mr. Collister stated that the fact that the road had done much toward building up the territory along the Shore Line, lent weight to the consideration he thought should be given them. Mayor Carmichael stated that a receivership was in no case a pleasant thing to consider. The matter will be subject to open discussion at the chamber of commerce meeting Friday night. The council meeting scheduled for last Monday was postponed one week in order to receive the full suggestions and opinions as offered at the general chamber meeting.

MEN WANTED TO ENLIST IN U. S. LABOR DEPARTMENT

The government is asking for volunteers of both skilled and unskilled laborers who want to work to help win the war.

Our country needs men to build ships, airplanes, to make munitions and equipment for our soldiers and sailors, and every industry essential to war. There is a great need for such men now.

Men of draft age are not wanted if likely to be called soon. Enrollment in the labor reserve is no ground for exemption.

Enlistment office open daily all this week at the Lake County Court House Painesville, Ohio, from 11 a. m. to 8 p. m.

GEORGE C. VON BESELER ANNOUNCES CANDIDACY

George C. Von Beseler, village solicitor, has announced his candidacy for reelection as Prosecuting Attorney for Lake County, subject to the Republican Primaries, August 13th. "Public office," Mr. von Beseler says, to him, means "Public service," a fact which he has demonstrated in many ways by efficient work during his term as county prosecutor.

WILLOUGHBY GIRLS ENTERTAINED AT KIRTLAND EXCHANGE

The girls from the Willoughby telephone exchange had a most enjoyable party last Sunday night. An auto conveyed them to Kirtland, where they inspected the Kirtland board and were entertained by the Misses Alta and Elsie Worrallo to a most scrumptious chicken supper at the Kirtland hotel. The party then went over to Floyd Allen's place where they enjoyed a "sugarin-off" Miss Winifred Claire, Ruth Carrel, Gladys Culp and Marjorie Kennedy were the guests participating in the pleasant event.

CHAMBER CONSIDERS CHAUTAUQUA PROPOSITION; MAIL SERVICE, PATRIOTIC GATHERINGS AND OTHER SUBJECTS DISCUSSED AT TUESDAY'S MEETING.

Mayor Carmichael suggested that committees from the Chamber of Commerce be appointed to cover all streets and take up the question of suitable mail boxes for the residences, which will be required prior to the delivery of mail by carrier, at the Chamber of Commerce meeting held at the library Tuesday night. The committees will be appointed and every one will be called upon in reference to the matter of securing a suitable mail box. He also brought up the subject of suitable patriotic gatherings in town, and suggested particularly the observance of April 6, Liberty Loan day, by having a speaker here, and appropriate observance.

Mr. Foster, accompanied by Mayor Huntington and R. M. Ostrander, attended the gathering, and Mr. Foster of the American City Bureau, spoke of the organization of the Lake county chamber of commerce which their bureau is conducting. Mr. Carmichael suggested that the Willoughby Chamber be represented by one membership which was acceded to. The motion was seconded by Frank Shankland.

A representative of the Coit-Alber Bureau presented quite an attractive list of speakers and music offered for a Chautauqua here this summer.

An expression of opinion among those present showed nine in favor of the Chautauqua and eleven against it.

REDUCED COMMUTERS' RATES ADVOCATED BY CLEVELANDER WITH WILLOUGHBY INTERESTS

The following interesting communication has been received by The Republican for publication, in regard to the pending fare raise by the C. P. & E. As the officials of the C. P. & E. are quite as much interested in the welfare of their patrons as are the citizens of Willoughby, we believe this expression of interest will meet with consideration. It is the interested reader or patron who works for the advantage of all concerned. Indifference is the factor that retards progress or presents arguments without facts. Any form of live interest is to be welcomed.

Cleveland, O., March 18, 1918.
Editor Willoughby Republican,
Willoughby, O.

I have read with interest your article in the Republican of March 15th on the proposed increase in fares by the C. P. & E. railway. As a property owner and prospective resident of Willoughby I wish to enter through the columns of the Republican, my protest to the allowance of an increase in rates.

It has been my intention to begin early this spring, the building of a residence in Willoughby, but before doing so I will await the passing of your council on the petition presented by the C. P. & E.

There are four members of my family, including myself, and my place of business being in Cleveland would necessitate my making one round trip a day. Should the fare be increased as proposed, I estimate this would increase my expenses about four dollars per month allowing a fair number of trips for the other members of the family.

This and a discontinuance of a portion of the Shore Line service (I would be obliged to use the Shore line) would be sufficient cause for me to change my plans and remain in Cleveland.

I have endeavored to interest my friends in buying homes in Willoughby but find the greatest objection is the car fare. This must influence

SHOES of this type are the accepted style for Spring. They are made in a variety of models, brown calf, gun metal calf or white. Handsomely stitched and perforated. Very becoming with semi-military dress.

MADE in a wide range of styles, this type has an important place in Spring footwear. May be had in white cloth or canvas, black kid, patent leather or black calf. Many pumps like this are worn with spats or overgaiters.

SPRING and Summer boots of this type are made of white pro-buck, and other fabrics. Also in black kid, or two-toned combinations of kid or calf. Very stylish and dressy are these Queen Quality models.

Buy Wisely! Buy the Best!

Judicious buying of standard goods at fair prices is true economy. A shoe or any other article, bought for price alone, may be an extravagance because of its failure to fit, to wear and give service.

Reliable goods carry the makers stamp, which is your surety of value.

Every pair of Queen Quality Shoes honestly handled and properly fitted by a reliable store, carries a Double Guarantee, that of the dealer and that of Thomas G. Plant Company, Boston, Massachusetts, the manufacturer.

W. C. T. U. MAKES PLANS FOR LAKE COUNTY FAIR. INSTITUTE TO BE HELD AT MENTOR. MANY WOMEN ATTEND EXECUTIVE SESSION.

The county executive meeting of the W. C. T. U. was held at the home of Mrs. A. E. Hoose in Painesville, Wednesday, March 13, and was attended by twenty white ribbon women, representing every union in the county except South Kirtland.

Officers were present from Willoughby, Mentor, Grand River, North Ridge, Perry, Madison, Emma Shephard and Painesville unions.

Mrs. A. E. Hoose of Painesville and Mrs. Francis Fuller of Madison, who have recently attended the state midyear convention at Columbus, imparted much of their enthusiasm to those present, discussing state plans.

It was decided to hold a county institute at the Mentor Methodist church Tuesday, May 7, the evening being given over to a matrons' contest.

It was suggested that every union adopt a war orphan. Painesville adopted theirs last Tuesday.

Lake county fair work was discussed and it was decided to hold a food and fancy work sale at their booth, every member in the county contributing something for the sale.

Those present departed late in the afternoon, all having spent a most pleasant day.

DEATH OF MENTOR BORN MAN REMOVES FRIEND TO ALL

In the death of F. J. Harris, only son of Mr. and Mrs. C. J. Harris of Mentor, in Cleveland, March 11, friends far and near lost a loyal companion and loved friend. Mr. Harris was born in Mentor, October 27th, 1871. He graduated from the Ada Business College in 1891, and was married to Martha E. Babcock of New York, January 1, 1894, settling in Cleveland. He was in the employ of the Bradstreet company for eighteen years. The funeral services were conducted by the Babcock lodge of the Masons. Of this order he was the chairman of the welfare committee. Mr. Harris seemed to delight in doing kind things for people. Nothing was too much trouble for him to do. His machine was always at the service of the little folks on outing days, and it will be a long time before the cheer and pleasure he created will pass from the minds of his friends and associates.

REV. FLOYD RANDALL TALKS OF THE "MEN AND MILLION" MOVEMENT AT PLEASANT GATHERING.

The March meeting of the auxiliary to the C. W. B. M. was held at the pretty home of Mrs. Willett Chinery, who entertained the society for her mother, Mrs. Mary Randall, who has been living with her during the winter. The program in charge of Mrs. Boesch was exceptionally good.

Pastor Randall having just returned from Columbus where he and Mr. Hyde had spent a few days with the "Men and Millions" team, gave a public account of the "Men and Millions" movement and what was expected of the missionary force if the church does her part in the struggle for Christianity during the "world war."

At the close of the program a social time was indulged in and at this time the hostess served refreshments in a delightful way which was strictly up to date, and was very much enjoyed.

Mr. Chinery leaves this week for Springfield where he has secured an advanced position. Mrs. Chinery will go there in April. They expect to make a permanent home there.

REDUCED COMMUTTERS' RATES

(Continued from Page 1.)

others in the same manner and certainly has a tendency to retard the selling of real estate.

The cost of operating the C. P. & E. line has advanced; this goes without question; however, the ever increasing number of patrons would keep the cost per passenger mile down to about what it was during normal times.

In the event of their being allowed an advance provision should certainly be made for a REDUCED COMMUTERS' RATE.

I trust that the Willoughby council will give this matter very serious consideration before taking any action that would be detrimental to the interests of Willoughby.

Yours truly,
R. S. RICHARDS,
10522 Olivet Ave.

To this letter The Republican addressed the following reply:

March 20, 1918.

R. S. Richards,
10522 Olivet Ave.,
Cleveland, O.

Your favor of the 18th

Dear Sir: We are very glad to receive your favor of the 18th, and to note the expressions of interest in the C. P. & E. proposition, also as to the possible effect the raise in fare will have upon prospective Willoughby residents.

We will be very glad to publish this communication in our issue of the 22nd, as the matter is subject to discussion pro and con, and that is the only way by which a reasonable decision may be arrived at.

Friday evening of this week, March 22nd, there is to be a meeting of the Chamber of Commerce, the Council and other interested citizens at the Willoughby Inn. A supper will be served at 6:30 and later the proposition of the raise in fare will be thoroughly gone over. Officials of the C. P. & E. will be present, and it is the intention to ask the mayor of Wickliffe and Mentor to attend also.

The question of the Commuters' tickets, or reduced rates for daily riders is one that the Republican believes should have special attention. If it would be possible for you to do so, believe it would be a very good plan if you could attend the meeting Friday night and present in person this particular question. Now is the time when these matters will have to be taken up. After the amendment is made there would probably be few changes made.

The question of the financial affairs of the C. P. & E. seems to be a very serious one, and it is quite likely in view of all the facts that have been presented, that the raise in fare will be allowed. The taking up the question of the commuters' rates is therefore all the more important.

Thanking you for your letter, and hoping it may be possible for you to attend the public meeting Friday night, we are,

Very truly yours,
THE WILLOUGHBY REPUBLICAN

Reasons Why The C. P. & E. Ry. Co. Are Asking For Increased Revenue

The Franchise granted by the Village of Willoughby to The C. P. and E. Railway Company years ago, and during normal times, gives the rate of fare between Willoughby and Cleveland Public Square, Willoughby and Mentor and Painesville.

The Company at this time is not asking for a new franchise, but is asking to have the fares changed to make a uniform rate between all points on its Railway from its present rates, to 2½c per mile, and which would give to the Company additional revenue to help meet the abnormal costs of operation of its Railway, which costs have increased 100 to 300% in the past year, due to the war and beyond the control of man. IN ORDER TO CONTINUE DOING BUSINESS THESE PRICES MUST BE MET BUT THE FIXED REVENUE WHICH WAS SUFFICIENT TO COVER OPERATING COSTS FIVE YEARS AGO AND LESS, DOES NOT NOW LEAVE A BALANCE TO CARE FOR FIXED CHARGES, SUCH AS TAXES, DEPRECIATION AND INTEREST ON THE ACTUAL INVESTMENT. These last items must be paid; failure to do so, means bankruptcy and service curtailed, the public losing that which they want and must have and demand from Utilities Service. No man, company or corporation can sell service or food for less than cost. He must have a margin of reasonable profit.

CAR RIDERS AFFECTED

The increased fare asked for by The C. P. and E. Railway, however, does not affect all car riders. The price does not raise all fares to a new denomination as other commodities raise price on articles sold and all buyers pay the increased cost, but with the 2½c per mile rate all car riders paying 5c and 10c fares remain as at present. The actual increase in revenue would be on fares of 15c and over, so that the long rider and not the short rider, pays the increase.

AVERAGE OF FARES

On the Main Line and Shore Line combined, an average of 52% of the total car riders only pay a 5c fare; 13% pay 10c fare; 9% pay 15c fare; 10% pay 20c fare; 2% pay 25c; 1% pay 30c; 10% pay 35c and 3% pay 40c; 65% of the total car riders would not be obliged to pay any additional increase over the old rate of fare.

The increase would be 5c more to Cleveland Public Square on Main or Shore Line, making the fare 30c instead of 25c; and from Willoughby to Painesville 25c instead of 20c. The fare to Mentor remains the same, 10c, which is now 2½c per mile.

THE RAILWAY EARNINGS

The railway earnings for 1917 were $353,808.28 and operating expenses $332,386.10, leaving only $21,422.18 to pay taxes, insurance, interest on investment, to say nothing of depreciation. This amount is not sufficient to even pay the taxes. One item in the 1917 operating cost is the increased cost of coal at the powerhouse. The amount of fuel consumed being $93,684.80, an increase over 1916 of $54,000, or over 1915 of $61,305.75. Expenses in all other departments, such as wages, and materials showing heavy increases.

INCREASED COST OF MATERIALS

United States Government Statistics show materials increased as follows:

Copper wire	180%
Car Axles	272%
Bolts	146%
Brass	300%
Car Forgings	216%
Castings	198%
Car Wheels	95%
Steel, tool	400%
Motors and Car Equipment	65%
Air Brakes	60%

THE STATEMENTS AND FACTS SET FORTH HEREIN ARE OPEN FOR INSPECTION AS WELL AS THE BOOKS OF THE COMPANY.

Without an increased revenue the Company will be forced to curtail expenses by cutting service in order to prolong its existence as it is only a matter of time until the advancing costs of operation will be greater than the revenue.

Opera House

H. B. Warner, that most popular portrayer of gentleman crooks is now appearing in the new play, "Among Those Present," which instantly proved itself to Chicago playgoers a most worthy successor to "Alias Jimmy Valentine," "Under Cover" and other delightful plays in which he has appeared in past seasons, comes to the Opera House next week. The character of "Jimmy Burke," who is known to the police as "The Dancer," is one calculated to bring forward the very finest qualities of Mr. Warner's art. No other actor of the time has been so successful in representing the society thief as has Mr. Warner, and the very natural manner in which he impersonates "The Dancer" makes the adventures and misadventures of that delightful rogue very appealing to every auditor. There will be a popular $1.00 matinee on Wednesday. The best seats will be $1.50 for the Saturday matinee.

Standard Theater

Week of March 24th the Standard Theatre present Wm. S. Hart in one of his best productions, "The Bandit and the Preacher." No doubt that the comparison between the two gentlemen is great but as the story goes on it works out gradually, with that pleasing way with which Mr. Hart is gifted. The story tells of the good in every bad man, and that there is always a way to a man's heart, even though he has fallen. In fact, the story is an object lesson as well as entertaining and also amusing. And with a very funny Christie Comedy the program at the Standard Theatre promises to be a good one.

TO ADVERTISE OMAHA

The Bureau of Publicity of the Omaha Chamber of Commerce is raising a fund of $50,000 to be used in advertising Omaha through newspapers.

Miles Theater

The big musical comedy, "Temptation," will headline the Miles show the coming week. This offering comes direct from New York, after closing a run of 9 straight weeks in one of the Miles circuit largest theatres. They carry a company of fifteen people and have an odd diversity away from the stereotyped acts of this kind.

Fields & Wells, Klassical Komics are well known fun makers, Dan Casey, the Irish jester, the Misses Parker in classic songs, Middleton and Spelmeyer in a comic playlet called an "cean Wooing," and Hendricks and Russell, toyland Animal Tricksters, will make the big vaudeville show that will please grown ups as well as the little folks.

Send or let the children come to the Miles show during their Easter vacation. The price of admission for the daily matinees for children under 12 years of age is only 10 cents for any seat. Doors open at 12:30. Go early and get a good seat.

WAR FILM OF RUSSIA TO BE AT GRAND THEATRE MARCH 24 FOR 8 DAYS—GREATEST SENSATION

The importance of Pathe's big new war film "The German Curse in Russia," taken by Donald C. Thompson and to be the feature at the Grand Theatre, March 24th, is shown by events.

In New Haven Captain Thompson, the famous camera-correspondent, who filmed the pictures, stated in a front page interview that all alien enemies and suspects must be locked up at once to prevent the spread of German propaganda here as in Russia.

In New York Paul Kulikoff was sentenced by Magistrate Ten Eyck to six months for hissing scenes of the film which favored the Allies during its Strand Theatre premiere.

Captain Thompson, as official correspondent of Leslie's Weekly, was invited to New Haven by the Winchester Engineering Club and he spoke before a packed house to which he also exhibited "The German Curse in Russia."

The reception accorded him and the picture was splendid and he told more about his experiences in filming Russia in revolt than he has ever been induced to do before.

Thompson was arrested 14 times while snapping photographs in the battlefields of Europe. He took 125,000 feet of motion picture and made 15,000 still photographs, and, though a young man, is ranked in the foremost of war photographers of today.

"I arrived in Petrograd at the beginning of the food riots that preceded the revolution, and was there until after the Bolsheviki got control," he said. "The Bolsheviki are the result of the German intrigue. It is these enemies back of the lines who do more harm than ten times the number on the firing line. This country should make no mistake. All Germans or suspects should be locked up at once. It's better to arrest a thousand good Germans than miss one bad one, who's at large."

All seats will be 25 cents with a continuous show from 1 to 5 and 7 to 11 p. m.

Hippodrome

An Easter festival with twelve acts will be given at B. F. Keith's Hippodrome, starting next Monday matinee. There are several times throughout a season when this theatre gives real bargain programs. This Easter program will be one of the best festival shows ever presented at this theatre. There will be plenty of variety and novelty acts. The management will take advantage of the opportunity of bringing back acts requested by patrons. The Tennessee Ten, who won such a big success last season with their Jazz band will play a return engagement and Joe Jackson, also a sensational hit early this season, will also appear by popular request. Austin Webb & Co. will appear in a clever comedy playlet entitled "Hitting the Trail," written by John B. Hymer, who recently coined the expression "Come on Red," in his playet, "Tom Walker in Dixie." Maleta Bonconi, a celebrated violinist who has won great awards throughout Europe, will play a carefully selected program. George Marcks Jungle players, introducing a group of lions who play roles in a dramatic cast, will probably prove one of the most talked about acts in years. This act has been a headliner all over the vaudeville circuits.

This production is sure to prove interesting to young and old alike. Ed. Reynard and his ventriloquial offering will present something new in this line. This man always has a different way of presenting his acts. Other features will be Hallon and Fuller in "The Corridor of Time," Abbott and White, two singing chaps, and other numbers to be announced later.

The Family Orchestra

Musical enjoyment is multiplied by the number of musically accomplished persons in a family.
Many instruments are so easy to play that it is a relatively simple matter to have a little family band in every home where there are children.
McMillin's provides the choice of instruments—all kinds at all prices—everything from a solo instrument to the complete equipment for a full band or orchestra. Come in and see what we have.

Prospect Theater

"Ten Night in a Barroom" will be the attraction offered at the Prospect for the week beginning Monday night, with the usual matinees on Tuesday, Thursday and Saturday. The story has to do with th downfall of Joe Morgan and the tragic end of Simon Slade, and the action of the piece takes place in a little country village at the "Sickle and Sheaf" saloon. One of the most pathetic characters in stage history is that of little Mary Morgan who clings to her father to the very end. Her touching song, "Father, Dear Father, Come Home With Me Now," will be remembered by old theatergoers who saw the play in their younger days. During the progress of the play the little town goes to rack and ruin through the evil influence of drink. Billy Sunday said that it taught a wonderfully true lesson. The somber scenes are relieved with a vein of excellent comedy. A capable company is promised and some new features will be introduced through out the action of the piece.

Star Theater

"Step Lively Girls" play the Star next week with a two-act burlesque called "The Corset Shop" as the feature. Rich McAllister is the leading comedian, and he has Harry T. Shannon and Dotson, one of the best of burlesque dancers, in support. Others in the cast are Tiny Hemley, Raymond Paine, Rhea Hess and Nettie Hyde. A big number is "The Fashion Parade," which is staged by Catherine Crawford, who designed the costumes for the cast and the chorus.

Empire Theater

"The Social Follies," Max Spiegel production, plays the Empire next week. It is a two-act burlesque with twenty-odd big musical numbers and of course, a string of vaudeville specialties for good measure. Featured players include Mina Schall, Madlyn Worth, Flo Owen, Harry Seyton, Charles Cole, Harry Woods, Jack Fay and Dick Hahn. There's a big chorus, too which can sing and dance.

Liberty Theater

There is varied vaudeville on the Liberty's bill this week. Anderson and Coins are the featured performers with a brand new novelty number packed with comedy. Klein and Erlanger have a comedy sketch, Edward Hill a hat juggling turn, and James Willis and company an athletic turn. Fenner and Tolman have a dancing number. There will be pictures, also, and a Sunday vaudeville concert.

"GERMAN CURSE IN RUSSIA" OPENS GRAND THEATRE

The much talked of war picture that comes direct form blood-soaked Russia, showing all the tortures that the people of Russia have endured in the past few months. This picture was taken by one of the best photographers at the front. The picture shows the organization of the famous Women's Legion of Death, with its thousands of women soldiers, with their heads shaved clean of all hair, thousands of anarchists, socialists and Bolsheviki, rioting in the streets of Petrograd and Moscow. The revolt of soldiers and terrific street fighting showing the thousands left dying and dead in the public square at Petrogard, awe inspiring trench battles taken so close to the firing line that shells burst within 20 feet of the camera.

It also shows Lenine, the Bolsheviki leader and paid German agent, in command of Russia's destinies, scenes of the czar's overthrown government. This is one of the pictures that will never be forgot. It will run at the Grand 8 days, starting Sunday matinee, March 24th, with all seats 25 cents.

There will be a continuous show from 1 to 5 and 7 to 11.

THE NATIONAL CITY BANK TO MOVE TO EUCLID AVENUE

To keep in the van of progress the National City Bank, now located in the Leader-News building, Superior avenue, Cleveland, has bought the Garfield building, East 6th street and Euclid avenue, and will move there as soon as existing leases on the imposing structure expire. When the National City takes possession of its permanent new home it will be in a position to afford its patrons every accommodation that goes with the most advanced methods in the banking business.

Colonial Theater

"Upstairs and Down," comedy, by Frederic and Fanny Hatton, plays the Colonial next week. It is a story of Long Island country house life, with two clever plots running through it, and a lot of action. It stayed in New York a year, and has been well liked on the road. The featured performance is that of a "baby vampire," who sets out to win a polo playing Irishman, and employs astounding artifices. Most of the original cast comes to Cleveland.

Fifty men received Holy Communion last Sunday in the Immaculate Conception church. Among them were a few boys over ten years of age. It was one of the Eucharistic Days named by Rt. Rev. Bishop Farrelly for the reception of the Eucahrist and the offering of special prayer for our country in this terrible strife to beg the favor of our Eucharistic Lord on all who are making brave and generous sacrifices for us in every branch of the service. Sunday, March 24, the women and girls will do the same.

Announcement

The National City Bank takes pleasure in announcing its purchase of the Garfield Building, located at the corner of Euclid Avenue and East Sixth Street.

For a long time we have realized the need for enlarged quarters in order to meet the demands of our rapidly growing business.

We have also felt that the oldest bank in Cleveland should have a permanent home of its own—a home in keeping with the business character of its clientele.

It is too early to announce definitely just how soon we will move to our new quarters, but within a short time—at the expiration of existing leases—it is our intention to provide attractive banking rooms with adequate facilities for meeting every requirement of advanced commercial banking.

REO

A Seven-Passenger Six That You Can Afford

WE ARE NOT THINKING of the price—for that isn't the primary consideration in the selection of a car.
WHEN WE SAY, "Here is a seven-passenger Six that you can afford," we are thinking of the same item that you, an experienced motorist, are considering
NAMELY—UPKEEP. That is the first thing to consider in the selection of an automobile.
ASK ANY REO SIX OWNER to tell you of the upkeep cost of his Six—and the longer he has owned and the farther he has driven his Reo, the better will his answer sound.
HE WILL TELL YOU that, having compared notes with friends who own and drive other makes of cars—fours as well as sixes—of the same passenger capacity, he has never found one that compared with his Reo Six in low cost of upkeep.
AND HE'LL TELL YOU, too, that he has yet to find even a five passenger car—four or six—the operation, repairs, replacements and general upkeep cost of which proved as low as his Reo Six—except one—the five-passenger Reo.
NATURALLY a five passenger car ought to be cheaper to maintain than one of seven-passenger capacity but most are not, when you look up the figures.
REO DEALERS TELL US that their records for the past three years show that Reo Six owners on the average have paid less than eight dollars per car per year for replacement parts.
JUST READ THAT AGAIN—with thousands of Reo Sixes running in all parts of the county, over all kinds of roads and handled by all kinds of skilled and unskilled drivers, most of them owner driven and owner cared for (or neglected)—
THE AVERAGE COST per car, per year, for replacement parts was less than eight dollars!
FRANKLY WE DON'T believe that record can be equalled by any other seven-passenger car on earth.
AND WE MAY ADD that the records on the five-passenger Reo show less than seven dollars per car.
THE SAME QUALITY—the same sound engineering; the same ripe experience; the same attention to little details, and the same construction, inspection and testing of every car enter into the making of all Reo models.
COST OF UPKEEP is always uppermost in the minds of Reo engineers, when designing and when specifying materials—and since the same desire is uppermost in the minds of the most experienced buyers we meet on a common ground.
REO EFFICIENCY sets the price lower. Reo quality guarantees low upkeep.

Get the Advantage of An Early Selection Before Prices Advance

The coming of spring activity will bring out a large number of Cleveland buyers who will quickly take up the remainder of the most choice lots. In fact, many of them have already been sold. Prices will be advanced at an early date. Now is the time to choose your lot. Don't put it off; it will mean second choice, and a higher price.

Willoughby-Euclid Avenue Subdivision
60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices. Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

This period of high wages, the highest ever known, is the wise man's opportunity. The prodigal will not benefit. But the wise, prudent person will take advantage of the high wages of the present by making a start toward a home. Now is the time to act. A small down payment, and a few dollars a month will secure one of these exceptionally fine, big homesites.

We will be glad to co-operate in planning and financing your home. We have attractive designs and plans of modern homes which we will be pleased to have you look over. Let's talk it over.

LEGAL NOTICE

Frederick Baldwin, Caroline A. Baldwin, the unknown heirs at law and devisees of Frederick Baldwin, the unknown heirs at law and devisees of Caroline A. Baldwin, —— Baldwin, first name unknown, wife of Frederick Baldwin, and ——, Baldwin, first name unknown, husband of Caroline A. Baldwin, all of whose places of residence are unknown, are hereby notified that on the 19th day of January, 1918, Anna E. Gardey, Peter Albright and Amelia Albright, plaintiffs, filed their petition in the Court of Common Pleas of Cuyahoga County, Ohio, being case No. 161254 against them, alleging that they are the owners in fee simple and in actual possession and control of the following described premises:

"Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being Sublots Nos. 800 and 801 in Block II of The Buffalo Company's Allotment, so-called, as shown by the recorded plat in Volume 3 of Maps, Page 51 of Cuyahoga County Records.

Said sublots Nos. 800 and 801 each have a frontage of 20 feet on the southerly side of Mulberry street N. W., and extends back of equal width 100 feet deep, as appears by said plat.

Plaintiffs further state that they and their predecessors in title, through whom they claim title to said premises, have been in actual, open, notorious, continuous, adverse and uncontested possession and control of the whole of said premises, under claim of ownership since January, 1849. That title to said premises rested in the defendant, Frederick Baldwin, in the year 1842. That thereafter, in the year 1849, that said premises were duly sold for delinquent taxes by the Auditor of Cuyahoga County to one C. L. Camp, claiming title and ownership thereto, which said deed was recorded in Volume 118, page 359 of Cuyahoga County Records. That thereafter to wit, on the 18th day of August, 1864, the widow and heirs at law of the said C. L. Camp duly conveyed the aforesaid tax title to Norman C. Baldwin, by deed recorded in Volume 131, Page 346 of Cuyahoga County Records, and that said plaintiffs, in successive chain of title, duly acquired title thereto.

Plaintiffs further allege that no conveyance of said premises, by deed [illegible] from the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns did execute a deed or conveyance of said premises; that by reason of the inadvertence and mistake, oversight or carelessness upon the part of the said grantee, that the same has been lost and has not been placed on record.

Plaintiffs further allege that the failure of the said defendant, Frederick Baldwin, his heirs, executors, administrators or assigns, to execute a deed of conveyance of said premises or the failure of the said grantee or grantees of the said defendant Frederick Baldwin, his heirs, executors, administrators or assigns to record said deed if the same was executed, constitutes a cloud upon the title of plaintiffs herein, by reason of the fact that said defendant, Frederick Baldwin appears of record as the owner in fee of the title to the said premises.

The said defendant, Caroline A. Baldwin, is an heir at law of said defendant, Frederick Baldwin, and in the event of the death of the said Frederick Baldwin, would succeed to his rights in said premises; that the names and addresses of the remaining heirs at law and the widow of the said Frederick Baldwin, and the names and addresses of the husband, if she is living, and the widower if she is dead and the remaining heirs at law of the said defendant, Caroline A. Baldwin, are unknown to plaintiffs. That all of said heirs at law of the said Frederick Baldwin and the said Caroline A. Baldwin, by reason of the premises, claim an interest in said property, all of which constitutes a cloud upon plaintiff's title.

The petition further alleges that none of said above named defendants have any interest whatsoever in said premises.

The prayer of said petition is that said defendants may be duly notified of the filing and pendency of this action; that upon final hearing hereof the plaintiff may be found to be the owner in fee simple of the whole of said premises; that the interests of the defendants may be forever barred, and that the plaintiffs' title to the whole of said premises may be quieted as against the claims and interests of any thereof, and for such other and further relief to which they may be entitled.

Said defendants are required to answer said petition on or before the 13th day of April, 1918.

ANNA E. GARDEY, PETER ALBRIGHT AND AMELIA ALBRIGHT.

Kate Culovic, who resides at Cerje, Croatia, Hungary, will take notice that Anton Culovic filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of wilful absence for more than three years last past and adultery. Said petition is No. 161825 and will be for hearing on and after April 5th, 1918.

Each Red Cross Social Is Better Than The Last at Schram

The warm sugar eat at the school house last Saturday night was well attended, and a success. Eighty dollars and seventy-five cents was realized for the Red Cross. Fifty one dollars of this was taken for tickets sold on a quilt donated by Mrs. L. Willis and mother. Mr. Leist of Wickliffe won the prize by carrying off a $51 quilt. THE HOUSEKEEPERS GET TOGETHER

When the good housekeepers of Ohio get together to promote the sale of Thrift Stamps, it means that Uncle Sam's scheme of war savings has reached the very heart of the community—the home.

In Painesville there is a club of good housekeepers, champion knitters and Red Cross workers, and they have organized a "good housekeeping, champion knitters and Red Cross workers, and they have organized a "good housekeeping war savings society," pledged to thrift and economy, and the purchase of war stamps. Mrs. C. A. Duff is its president, and Mrs. J. M. Young is secretary. The charter members are Mrs. M. H. Bradley, Mrs. J. C. Ward, Mrs. B. J. Rice, Mrs. C. A. Duff, Mrs. J. M. Young, Mrs. C. E. Parker, Mrs. E. H. Barrett, Mrs. B. B. Park, Mrs. Lena Aldrich and Mrs. H. F. Byler.

IMPROVEMENTS AT NEW ALLOTMENT

Rapid progress is being made by the contractor in the installation of the sewers and water mains in the McNutt-McCall company's allotment. The sewers have been laid in Waldamere avenue from Euclid avenue through to Ridge road, and the water main passed way through the same street. With a steam shovel, trenching machines, and other modern equipment, it is a forgone conclusion that the installation of these improvements will be completed at an early date.

Monday Club Forms New Society

Members of the Monday club of Painesville, have formed a war-savings society with Miss Lucy B. Buell as president and Miss Elizabeth G. Boalt as secretary. The charter members are Mrs. Anna M.
